

The Burning Bush

The Burning Bush-Sergius Bulgakov 2009-04-10 The first component in Bulgakov's minor theological trilogy. In this book Sergius Bulgakov refutes the Roman Catholic dogma of the Immaculate Conception and discusses the Orthodox veneration of the Mother of God. The Burning Bush is a consideration of the personal sinlessness of Mary, the truth of which Bulgakov finds grounded in both Gospel witness and the liturgical tradition of the church. Though his most controversial legacy to the theological community, Bulgakov's Sophiology nevertheless is critical to understanding his Mariology. This volume is more than mere sophiological speculation, however, as anthropology, eschatology, original sin, human sanctity, and sexuality all find their way into Bulgakov's exploration of the mystery of the woman chosen by God to give birth freely to the Christ. / In this book, unique in the Russian Orthodox literature, the great theologian Sergius Bulgakov illuminates various aspects of the Church's veneration of the Mother of God. Like all of Bulgakov's devotional books, this is not a work of abstract theologizing, but a work of prayer, opening up a vision of the mystical reality that forms the foundation of our relations to the Ever-Virgin and her relation to us. Thomas Allan Smith's translation is superb, and in his first-rate introduction he does an excellent job of elucidating Bulgakov's sophiological approach. Boris Jakim / Thomas Allan Smith and Eerdmans deserve an immense debt of gratitude for providing a long-awaited English translation of this pivotal work of the leading Russian Orthodox theologian of the twentieth century. Even more, Smith's translation is careful, nuanced, and yet preeminently readable. . . . Western Christians and non-Christians alike often see Orthodoxy as a fascinating, exotic, and mysterious form of Christianity. The Burning Bush, in Smith's translation, helps the reader recognize both Orthodoxy's inner coherence and

rationality and its rootedness in a profoundly sublime appreciation of creation's beauty and magnificence. . . . Smith's list of Bulgakov's sources is a simple yet indispensable tool for the scholarly reader. This translation will serve us all well for decades to come. Myroslaw Tataryn

The Burning Bush-Edward Reaugh Smith 1997 Even more significant for Christianity in the long run than the twentieth-century Dead Sea and Nag Hammadi discoveries is the growing North American awareness of Rudolf Steiner's works. Virtually unavailable until the end of the twentieth century, English translations from the German archives are gradually coming into print. Both Steiner and his works have thus far been virtually unknown in traditional theological circles. No Bible commentary has yet reflected the remarkable spiritual insights of Anthroposophy. Now, ten years after first encountering a written comment about Rudolf Steiner, Ed Smith combines his own extensive traditional biblical knowledge with his years of concentrated study and reflection on hundreds of assembled works by Steiner. The result is the first Bible commentary in the light of anthroposophic insight. This is the first volume of a series of Bible commentary by the author. It is based on the "anthroposophic" understanding given to humanity by Rudolf Steiner during the first quarter of the twentieth century. Bible commentaries have always reflected the general line of thinking of their authors. However, the dramatic newness of anthroposophic thought means that perhaps the usual method of using a Bible commentary is not appropriate here. A large part of The Burning Bush is necessarily devoted to laying an anthroposophic, or spiritual-scientific, groundwork. A major assumption indulged in most Bible commentaries--that one can go directly to portions dealing with given passages of scripture and understand what is being said about them--does not fit.

Lectio Matters-Mary Margaret Funk 2013 Lectio divina is a way of praying by sustained immersion into a revelatory text. While

Scripture is the classic place of encounter with God, the text could also be the book of life or the book of nature. In *Lectio Matters*, respected spiritual guide Meg Funk accompanies the reader in exploring the various levels of lectio divina as taught by the ancient church writers and by sharing her own long experience. By means of this wisdom both ancient and new, lectio divina can become our burning bush, a real encounter with the living God, in which we take off our sandals and bow our brow to the ground.

The Story of the Burning Bush-J. C. Carrick 2018-04-02 Excerpt

from *The Story of the Burning Bush: A Simple Narrative of the Church of Scotland* When your children shall ask their fathers in time to come, saying, What mean ye by these stones? Then ye shall let the children of Israel know. SO spake Joshua to the Hebrew children at Jordan. No matter how brilliant the event, or deed, or personage, the lapse of time will wear the remembrance out, as the rain wears the lettering off a tombstone. A generation will arise that knew not Joseph, and if the memory of Joseph is to be preserved, the facts of Joseph's character and life must be repeated and lived over again. Every few miles in Scotland you come to a little pile of gray, old, weather-beaten, rain-worn stones, from which springs a stone finger pointing heavenwards. It is the god's-place (the fine old Scottish word for a church) of the parish, and the green god's-acre spreads around it. It is the spiritual hearth-stone, where the earthly children meet the Great all-father it is there that you see the marks of where the heavenly ladder rests, by which man's stumbling soul can rise up on steeps of light to the Infinite. The Burning Bush-Daniel West 2016-07-08 "Danny is a true patriot, he believes in his country, he is too old to join the military after 9/11, so he joins Blackwater instead so he can help support the US troops. He deploys with the invasion forces and drives a fuel tanker truck while that force takes Baghdad. He becomes disillusioned when he learns the true reason that the US government invaded Iraq. After driving a supply truck and being continually ambushed and attacked for almost a year, he loses faith in his belief that the US is actually helping the people of Iraq. When Danny is taken hostage by one of the insurgent groups, no one tries to rescue him. The military doesn't want him because he works for Blackwater and is therefore considered to be a mercenary. Danny's salvation comes from an unlikely source, a group he previously considered his enemies. That group teaches Danny what it truly means to be an Iraqi and a Muslim.
