2021-01-01 JACK LONDON This carefully crafted ebook: "THE CALL OF THE WILD & WHITE FANG" is formatted for your eReader with a functional and detailed table of contents. The Call of the Wild - A dog named Buck gets stolen from his home in Santa Clara Valley, California, and sold into service as a sled dog in Alaska. He becomes progressively feral in the harsh environment, where he is forced to fight to survive and dominate other dogs. White Fang - A wolf-dog raised in an Indian camp runs away only to face the violent world of wild animals and the equally violent world of humans. White Fang grows to become a savage, callous, morose, solitary, and deadly fighter. The story takes place in Yukon Territory and the Northwest Territories, Canada, during the 1890s Klondike Gold Rush. Jack London

(1876-1916) was an American novelist, journalist, and social activist. His amazing life experience also includes being an oyster pirate, railroad hobo, gold prospector, sailor, war correspondent and much more. He wrote adventure novels & sea tales, stories of the Gold Rush, tales of the South Pacific and the San Francisco Bay area - most of which were based on or inspired by his own life experiences. "There is a patience of the wild—dogged, tireless, persistent as life itself—that holds motionless for endless hours the spider in its web, the snake in its coils, the panther in its ambush; this patience belongs peculiarly to life when it hunts its living food; and it belonged to Buck as he clung to the flank of the herd . . ." Stolen from his home in Santa Clara Valley, California, Buck—a powerful St. Bernard-Scotch Shepherd who is the pampered pet of Judge Miller—is kidnapped, sold, and shipped to Canada where he is trained as a sled dog. Ill-treated and subjected to extreme conditions under various cruel masters, Buck struggles and turns into a wild beast. Will Buck survive the harsh conditions and answer the call of the wild? Set against the backdrop of the Klondike Gold Rush, Jack London's The Call of the Wild is a classic work of animal fiction. An example of American pastoralism, the book was an immediate success after its first publication. One of his most well-received works, it has never gone out of print. The Call of the Wild is one of Jack London's most popular novels. The story follows a dog named Buck, a 140lb Saint

Bernard and Scotch Shepard mix. Buck is abducted from a comfortable life as a pet and tossed into the chaos of the Klondike Gold Rush and the brutal realities of frontier life. Buck changes hands a number of times before landing in the kindly hands of John Thornton. Thornton takes ownership of Buck from a trio of ignorant stampedes, intent upon making a dangerous river crossing. Buck refuses to cross, despite a vicious beating. Thornton recognizes the dog's intelligence and strength. He steps in to claim the dog and nurses Buck back to health. But Buck is forever changed by the treatment he has received at the hands of other men. Jack London spent a year living in the Yukon and drew heavily upon his experiences there while writing the book. He later said, "It was in the Klondike that I found myself." This enhanced edition of London's classic novel includes illustrations from the first edition as well as audio links to free unabridged audio recordings of Call of the Wild.

2019-07-18 Jack London The Call of the Wild is a novel by American writer Jack London. The plot concerns a previously domesticated and even somewhat pampered dog named Buck, whose primordial instincts return after a series of events finds him serving as a sled dog in the treacherous, frigid Yukon during the days of the 19th century Klondike Gold Rushes. Published in 1903, The Call of the Wild is one of London's most-read books, and it is generally considered one of his best. Because the protagonist is a dog, it is sometimes classified as a juvenile novel, suitable for children, but it is dark in tone and contains numerous scenes of cruelty and violence. London followed the book in 1906 with White Fang, a companion novel with many similar plot elements and themes as The Call of the Wild, although following a mirror image plot in which a wild wolf becomes civilized by a mining expert from San Francisco named Weedon Scott.

story is set in the Yukon during the 1890s Klondike Gold Rush—a period when strong sled dogs were in high demand. The novel's central character is a dog named Buck, a domesticated dog living at a ranch in California as the story opens. Stolen from his home and sold into the brutal existence of an Alaskan sled dog, he reverts to atavistic traits. Buck is forced to adjust to, and survive, cruel treatments and fight to dominate other dogs in a harsh climate. Eventually he sheds the veneer of civilization, relying on primordial instincts and lessons he learns, to emerge as a leader in the wild. London lived for most of a year in the Yukon collecting material for the book. The story was serialized in the Saturday Evening Post in the summer of 1903; a month later it was released in book form.
