The Case for Christ-Lee Strobel 2010-11 The book consists primarily of interviews between Strobel (a former legal editor at the Chicago Tribune) and biblical scholars such as Bruce Metzger. Each interview is based on a simple question, concerning historical evidence (for example, "Can the Biographies of Jesus Be Trusted?"), scientific evidence, ("Does Archaeology Confirm or Contradict Jesus' Biographies?"), and "psychiatric evidence" ("Was Jesus Crazy When He Claimed to Be the Son of God?"). Together, these interviews compose a case brief defending Jesus' divinity, and urging readers to reach a verdict of their own.

The Case for Easter-Lee Strobel 2009-12-15 Did Jesus of Nazareth really rise from the dead? Of the many world religions, only one claims that its founder returned from the grave. The resurrection of Jesus Christ is the very cornerstone of Christianity. But a dead man coming back to life? In our sophisticated age, when myth has given way to science, who can take such a claim seriously? Some argue that Jesus never died on the cross. Conflicting accounts make the empty tomb seem suspect. How credible is the evidence for--and against--the resurrection? Focusing his award-winning skills as a legal journalist on history's most compelling enigma, Lee Strobel retraces the startling findings that led him from atheism to belief. He examines: The Medical Evidence: Was Jesus' death a sham and his resurrection a hoax? The Evidence of the Missing Body: Was Jesus' body really absent from his tomb? The Evidence of Appearances: Was Jesus seen alive after his death on the cross? Written in a hard-hitting journalistic style, The Case for Easter probes the core issues of the resurrection. Jesus Christ, risen from the dead: superstitious myth or life-changing reality? The evidence is in. The verdict is up to you.

The Case for Jesus-Brant Pitre 2016-02-02 "This book will prove to be a most effective weapon... against the debunking and skeptical attitudes toward the Gospels that are so prevalent, not only in academe, but also on the street, among young people who, sadly, are leaving the Churches in droves." - Robert Barron, author of Catholicism For well over a hundred years now, many scholars have questioned the historical truth of the Gospels, claiming that they were originally anonymous. Others have even argued that Jesus of Nazareth did not think he was God and never claimed to be divine. In The Case for Jesus, Dr. Brant Pitre, the bestselling author of Jesus and the Jewish Roots of the Eucharist, goes back to the sources--the biblical and historical evidence for Christ--in order to answer several key questions, including: • Were the four Gospels really anonymous? • Are the Gospels folklore? Or are they biographies? • Were the four Gospels written too late to be reliable? • What about the so-called "Lost Gospels," such as "Q" and the Gospel of Thomas? • Did Jesus claim to be God? • Is Jesus divine in all four Gospels? Or only in John? • Did Jesus fulfill the Jewish prophecies of the Messiah? • Why was Jesus crucified? • What is the evidence for the Resurrection? As The Case for Jesus will show, recent discoveries in New Testament scholarship, as well as neglected evidence from ancient manuscripts and the early church fathers, together have the potential to pull the rug out from under a century of skepticism toward the traditional Gospels. Above all, Pitre shows how the divine claims of Jesus of Nazareth can only be understood by putting them in their ancient Jewish context.

The Case for a Creator-Lee Strobel 2004 'My road to atheism was paved by science . . . But, ironically, so was my later journey to God.' ---Lee Strobel

During his academic years, Lee Strobel became convinced that God was outmoded, a belief that colored his ensuing career as an award-winning journalist at the Chicago Tribune. Science had made the idea of a Creator irrelevant---or so Strobel thought. But today science is pointing in a different direction. In recent years, a diverse and impressive body of research has increasingly supported the conclusion that the universe was intelligently designed. At the same time, Darwinism has faltered in the face of concrete facts and hard reason. Has science discovered God? At the very least, it's giving faith an immense boost as new findings emerge about the incredible complexity of our universe. Join Strobel as he reexamines the theories that once led him away from God. Through his compelling and highly readable account, you'll encounter the mind-stretching discoveries from cosmology, cellular biology, DNA research, astronomy, physics, and human consciousness that present astonishing evidence in *The Case for a Creator*. Also available in mass market and audio CD editions.

Challenging the Verdict-Earl Doherty 2001 In the face of modern critical scholarship, which is steadily eroding the historical reliability of the Gospels and their presentation of Jesus, conservative writers have been making valiant attempts to re-establish confidence in the Christian record and doctrine. The most prominent of these, in popular exposure and commercial success, has been Lee Strobel, in his 1998 book 'The Case for Christ'. In that book, Lee Strobel, an ex-court journalist, conducts a series of 14 interviews with well-known conservative and evangelical scholars of the New Testament, such as Craig Blomberg, William Lane Craig and Gary Habermas, in an attempt to establish the reliability of the Gospel account and the truth of the Resurrection. Within the context of a scholarly critique, Earl Doherty, author of 'The Jesus Puzzle' takes quotations from those interviews and sets up his own dialogue with them, as though cross-examining Strobel and his witnesses in a courtroom before judge and jury. This makes for gripping reading, a strong atmosphere and an effective way to present the case in favour of a more rational and coherent view of the Christian record and the origins of Christianity. This book exposes the deficiencies, the fallacies, the selective and misleading use of evidence inherent in 'The Case for Christ', and offers more reasonable alternatives.

The Case for Christmas-Lee Strobel 2009-07-27 Who was in the manger that first Christmas morning? Some say he would become a great moral leader. Others, a social critic. Still others view Jesus as a profound philosopher, a rabbi, a feminist, a prophet, and more. Many are convinced he was the divine Son of God. Who was he—really? And how can you know for sure? Consulting experts on the Bible, archaeology, and messianic prophecy, Lee Strobel searches out the true identity of the child in the manger. Join him as he asks the tough, pointed questions you'd expect from an award-winning legal journalist. If Jesus really was God in the flesh, then there ought to be credible evidence, including Eyewitness Evidence—Can the biographies of Jesus be trusted? Scientific Evidence—What does archaeology reveal? Profile Evidence—Did Jesus fulfill the attributes of God? Fingerprint Evidence—Did Jesus uniquely match the identity of the Messiah? *The Case for Christmas* invites you to consider why Christmas matters in the first place. Somewhere beyond the traditions of the holiday lies the truth. It may be more compelling than you've realized. Weigh the facts . . . and decide for yourself.
