2012-08-01 Richard G. Kyle
How will the world end? Domsday ideas in Western history have been both persistent and adaptable, peaking at various times, including in modern America. Public opinion polls indicate that a substantial number of Americans look for the return of Christ or some catastrophic event. The views expressed in these polls have been reinforced by the market process. Whether through purchasing paperbacks or watching television programs, millions of Americans have expressed an interest in end-time events. Americans have a tremendous appetite for prophecy, more than nearly any other people in the modern world. Why do Americans love doomsday? In *Apocalyptic Fever*, Richard Kyle attempts to answer this question, showing how dispensational premillennialism has been the driving force behind doomsday ideas. Yet while several chapters are devoted to this topic, this book covers much more. It surveys end-time views in modern America from a wide range of perspectives--dispensationalism, Catholicism, science, fringe religions, the occult, fiction, the year 2000, Islam, politics, the Mayan calendar, and more.

2009-05-01 C. Marvin Pate
Intriguing and endlessly contentious ideas and images of apocalyptic measure come together in the book of Revelation. It is a rich and hermeneutically complicated Scripture that, unsurprisingly,

has no universally accepted interpretation. Reading Revelation compares these four major approaches to Revelation by laying out the different interpretive translations provided by each school of thought in parallel columns.

2009 Peter T. Vogt In this latest addition to the *Handbooks for Old Testament Exegesis* series, Peter T. Vogt continues the tradition of excellence established by previous volumes. Divided into three parts, *Interpreting the Pentateuch* first provides an overview of the major themes of the Pentateuch. In the second part, Vogt offers resources and strategies for interpreting and understanding the first five books of the Bible by exploring its genres-law and narrative. Finally, Vogt shows that, although the Pentateuch is a collection of ancient texts, it still has contemporary significance. Vogt also includes two samples-one from law and one from narrative-of exegesis, giving students a start-to-finish example of the techniques he has illustrated for effective exegesis.

2004 John A. Alifano Since its inception in the early nineteenth century, the basic tenet of dispensationalism (a school of Protestant theology which holds that God deals with humankind in different ways in different periods of time called dispensations) has been that the church and Israel are two sharply distinct peoples of God. The distinction is theological in nature; specifically, anthropological

(pertaining to humanity), soteriological (pertaining to salvation), and eschatological (pertaining to last things). The tenet of theological distinctiveness has always been the cornerstone for the dispensationalist's belief in the pretribulation rapture of the church: the belief that at the first stage of Christ's two-stage second advent he will endue all who comprise the true church with a resurrected body like his own, and transport; i.e., rapture, all to heaven before the seven year period of turmoil known as the Tribulation begins on earth. The rapture marks the end of one dispensation when God focused his attention primarily on the church, and the start of another when God will focus his attention primarily on Israel. Today, almost two centuries later, progressive dispensationalists have rejected the view of a sharp theological distinction. From their study of Scripture they observe a soft non-theological distinction. They describe the church and Israel as different redemptive dimensions of the same humanity that share in a holistic and unified eternal salvation. An already and not yet eschatological framework is the cornerstone of their system. This thesis will argue that progressive dispensationalism cannot integrate the pretribulation rapture doctrine into its reconstructed dispensational system on any basis of theological distinctiveness between the church and Israel. This will be accomplished by first setting forth the

theological systems of the three major forms of dispensationalism that have existed during its history, namely, classical, revised, and progressive dispensationalism, and second, by showing that each of three kinds of theological distinctiveness, namely, anthropological, soteriological, and eschatological distinctiveness, are present in the classical and revised systems and therefore these systems can support the rapture's integration, but are not present in the progressive system and therefore this system cannot support the rapture's integration. The thesis closes with an explanation as to why progressive dispensationalism is more compatible with amillennialism than with premillennialism.

2005 Ron J. Bigalke The first book of its kind, Progressive Dispensationalism presents a comprehensive and collaborative look at the arguments against, and the errors within, the progressive dispensationalist movement. The authors begin with a history of dispensationalism and then provide detailed examinations of sixteen key issues, including the hermeneutics of progressive dispensationalism; the relationship between covenants and dispensations; the Abrahamic, Land, Davidic, and New Covenants; cessationism; and the dangers of progressive dispensationalism to premillennial theology. Written by pastors, professors, and Ph.D.s from across the country,

Progressive Dispensationalism will serve as a valuable resource for Bible students, scholars, and theologians navigating these complex issues.

2009-07 Thomas Lewis Stegall The Gospel of the Christ is a clear, biblical reply to the question of what a person must believe about Jesus Christ to possess eternal life. While Christianity has historically maintained that faith in Jesus Christ is essential for everlasting life, this raises the vital question: what is the necessary content of this faith? Written against the backdrop of the controversy within Free Grace circles over the "crossless gospel" and the contents of saving faith, Thomas Stegall goes well beyond a carefully documented analysis of his own movement. The Gospel of the Christ provides a systematic, exegetically-based treatment of biblical teaching on the subject of "the gospel" and the meaning of the title, "the Christ." The end result is a comprehensive biblical and theological study of Jesus Christ's person and work in the contents of saving faith.

2010-12-21 Robert Saucy Debate abounds on the future of Israel and Israel's relation to the church, not only between dispensationalists and non-dispensationalists, but among dispensationalists themselves. In the past that debate has sometimes been acrimonious, and proponents of the differing viewpoints have found little common ground. In recent

years, however, views have been modified and developed so that the dialogue is increasingly by cooperation and a mutual exploration of diverse ideas. The Case for Progressive Dispensationalism is intended to enlighten the debate in that same irenic spirit. The book is solidly dispensational in perspective in affirming that the Old Testament prophecies are completely fulfilled in the future, that the nation of Israel has a prophetic future, and that Israel is not the church. Dr. Saucy departs from classic dispensationalism, however, in showing that (1) the fulfillment of Old Testament prophecy begins in the present church age, and (2) the church is not a parenthesis in God's program but represents a continuity with the Old Testament messianic program. This modified dispensationalism seeks to satisfy many of the objections of non-dispensational approaches to eschatology while retaining the crucial elements of biblical interpretation that characterize dispensational thought.

2014-09-14 James Leo Garrett Jr. "Rivals the major systematic theologies of this century." -- Baptist History and Heritage Journal, July 1996 "One of the characteristics of Garrett's system that needs especially to be noted is its balanced, judicious, and nearly invariably objective presentation of materials. While holding true to the teachings of his own Baptist faith, Garrett so carefully and judiciously presents alternatives . . . that

<p>teachers and students from other confessional and denominational positions will find his work instructive." --Consensus, 1997 "If one is searching for an extensive exposition of the biblical foundations and historical developments of the various loci of systematic theology, there is no more complete presentation in a relatively short work than this . . . Pastors will especially find this feature to be a real help in teaching theology . . . [It is] an indispensable contribution to the task of systematic theology." --Journal of the Evangelical Theological Society, September 1999 "Many students and pastors will find all they need here, and will in addition be helped to relate their knowledge to recent developments in the theological world." --The Churchman: A Journal of Anglican Theology, 1991 "A gold mine of helpful material." -The Christian Century, May 29-June 5, 1991 "No book that I know is more loaded with biblical and theological facts than this one. The prodigious research that must have gone into the preparation of this volume is truly mind-boggling." --Faith and Mission, Fall 1991 "Garrett has provided a massive and scholarly systematic theology from a thoroughly conservative and comprehensive viewpoint. The work is well documented in both biblical and historical scholarship and will prove to be a classic." --William Hendrickson, Southern Baptist Theological Seminary "One of the most comprehensive,</p>	<p>concise books of its type available; it should receive wide use in the classroom and in the study." --Robert H. Culpepper, Southern Baptist Theological Seminary</p> <p>2019-10-18 M. A. Erickson How can we make sense of the seismic shift between the Old and New Testament? From the early centuries of Christianity until today, many have wrestled with the complex changes between the Testaments, and how to make sense of them. The discussion and debate is spilling over into new areas today, and shows no sign of slowing down. In this fresh approach, the land, the sword, and the temple are traced from Old to New Testament, in order to find the central reasons for the tremendous changes that took place, and are still impacting the world today. Freely gathered communities of faith in Christ, as seen in their original setting, provide a key focal point for unlocking the radical changes that took place.</p> <p>2016-09-09 T. Hoogsteen Essays present a fascinating prose communication; well presented, each works out a consistent theme. The essays in this collection, created over a fifteen-year span, stand on their own, although several themes carry through--Jesus's lordship, the kingdom, the church, the faith; these constitute constants framed by the three Forms of Unity, that is, the original stuff of the Reformation.</p>	<p>bottom: 56.25%; height: 0; overflow: hidden; max-width: 100%; } .embed-container iframe, .embed-container object, .embed-container embed { position: absolute; top: 0; left: 0; width: 100%; height: 100%; }</p> <p>2016-07-29 Richard Fountain Modern scholars have varied responses to apocalyptic narrative in the Synoptic Gospels. Some ignore it; others reinterpret it and don't think that Jesus' warning about persecution works in this setting. In order to understand apocalyptic in the New Testament, we need to understand Jewish apocalyptic, and its similarities and differences with Jesus. We need to know the key themes and where those themes develop in the Synoptic Gospels. Eschatological Relationships and Jesus begins by exploring the components of prophetic and apocalyptic eschatology (figurative language, history, sequence, and juxtaposition of ideas) and then develops some of the major theological themes in Meyer, Wright, and Progressive Dispensationalism from the Synoptic Gospels. As readers work through Eschatological Relationships and Jesus, they begin to see and interpret the various patterns and themes in the eschatological discourses. Samples from Mark's Gospel to Matthew and Luke and a table of key eschatological relations makes this study a practical guide to the gospels.</p> <p>2000-09-01 Craig A. Blaising Thoughtful and accessible. An</p>

up-to-date, comprehensive overview of the most important issues in dispensationalism, underpinned with accurate scholarship and summarized with clarity.

2010-02-01 David A. Croteau Tithing is a well-known church practice in our day and age, but do church-goers really practice it? When did the concept of tithing begin? How is it justified? What does the Bible say about it? You Mean I Don't Have to Tithe? is a detailed study on the controversial topic of tithing, covering over 2,000 years of well-known theologians regarding this topic. Dr. Croteau's intense tithing investigation will enable you to explore tithing and related topics in-depth, expounding many misconceptions of tithing as well as aiding in a correct understanding of this popular topic.Ê

Stanley D. Toussaint (Foreword by Charles R. Swindoll) This work examines (1) methods of interpretation, (2) the biblical covenants, and (3) the relationship of Israel and the church from the viewpoints of both the traditional and progressive dispensationalists.

2020-11-24 Jason S. DeRouchie An accessible survey of the meaning, methodologies, themes, and applications of biblical theology To understand what the entire Bible teaches about any given subject, we must practice biblical theology. By surveying the whole canon of Scripture, we can best discern what God has revealed

about any particular issue. But doing so requires answering a number of important questions: What type of biblical theology will we choose? What overall story does the Bible tell? How should we understand the relationship between the Old and New Testaments? How does our topic fit within salvation history? How do we apply the truths we discover? 40 Questions About Biblical Theology provides resources to answer these key questions in order to guide readers in their own study and practice of biblical theology. Other vital topics the authors address include how to understand typology, key themes in biblical theology, and how Christians should relate to Old Testament promises. Ideal for courses on biblical theology, for pastors, and for anyone who teaches or interprets Scripture, 40 Questions on Biblical Theology will deepen your understanding and application of the whole counsel of God.

2018-04-24 Darrell L. Bock The relationship between the church and Israel has been the source of passionate debate among Christians throughout much of church history. In recent years the traditional pro-Israel stance of evangelicals has come under fire by those who support the Palestinian cause, calling for a new perspective and more nuanced approach by Christians who believe that the land of Israel belongs to the Jewish people by virtue of God's covenants and promises. Israel, the Church, and the Middle East challenges the

supersessionist drift of the modern church, showing that God retains a plan and purpose for the Jewish people while also addressing a number of the divisive issues raised by authors critical both of Israel and of those who affirm Israel's right to the land. The book explores the hermeneutics and wider effects of the conflict, such as the growing antipathy within the church toward the evangelization of the Jewish people. It provides readers with an objective and interdisciplinary treatment, which is irenic and respectful in tone. The book is directed toward pastors, global Christian leaders, theological students, and well-read lay Christians who are actively seeking guidance and resources regarding the Middle East conflict. The contributors represent a broad evangelical spectrum.

2022-12-23 Michael Eberhardt-Sturm Traditionally, the fault lines in biblical theology run between the understanding of whether the field is a purely descriptive endeavor, produces a normative theology, or tries to achieve both. However, is this the only grid we should use to approach biblical theology? Should practicing it not rather foremost result in a transformative experience that encompasses and integrates both Testaments? Two Testaments, One Story explores the foundation for a transformative panbiblical theology that empowers believers to live a consistent and compelling life as Christ-followers and global Christians

in a pluralistic world. Join the author in this journey, from the preparation work at the drawing board through the extensive study of scripture to constructing the biblical story world's literary and theological framework. Central to this quest are the concepts of cultural memory and remembrance culture and identifying the Bible's critical root stories. Their workup establishes the road to unlocking scripture's story world. Discover the path to a transformative panbiblical theology in Two Testaments, One Story.

2014-09-14 James Leo Garrett

2018-09-17 Ryun H. Chang
This book doesn't endorse any systematic theology; rather, it's about how we theologize. Why do two equally trained theologians, studying the same book and loving the same Lord, arrive at such different conclusions? This theological disagreement, at times becoming personal, spills over from the academia to seminaries and churches. And if history is any indicator, this always weakens the unity of the church. Who needs unity when correct doctrines are at stake, right? But, is the defense of all doctrines worth foregoing the unity of the church, despite Jesus' prayer that "they may be one even as we are one"? At bottom, our theological contentiousness stems from not recognizing that the way biblical revelation is framed is not designed to be handled the way seminaries typically do. Regardless, we strive for the

rightness of our tidy theology, even disowning those who disagree while doing so. The disavowal of continuationists by the Strange Fire crowd is the most recent instance in a long line of placing doctrinal purity over the unity of the body. This book uncovers how Scripture is really structured and how, therefore, we need to theologize differently so that we may grow spiritually in Word and Spirit.

2023-06-02 Stanley E. Porter
This volume is the most extensive of its kind as a major set of collected essays from a wide range of scholars on the question of the promises of God to Israel. These essays put forward the position that unconditional promises were given to Israel, which have not been fulfilled in the church or any other entity. At the consummation, there will be a continuing role for the Jews, realized through their national and territorial hope of a restored-redeemed Israel. This volume contains an eclectic group of contributors who have reached this position from various approaches to interpretation. The essays exhibit both positive argumentation and engagement with supersessionist literature.

2023-07-17 Larry R. Helyer
This book introduces the reader to the discipline of biblical theology. In part one Helyer discusses the central problem of the unity of the Bible and the various options that have been proposed. He then argues for a vital

connection between the testaments forming one grand story of redemptive history and one central theme, the coming kingdom of God. Part two takes up the theology of three major witnesses: Jesus, Paul, and John. In these three witnesses Helyer finds the center of New Testament thought. He emphasizes the importance of Jesus' teaching as foundational for all the other New Testament witnesses. Without overlooking the diversity and individuality of the major witnesses, he clearly demonstrates the theological unity that binds them together and provides the key to the enduring message of Scripture.

2010 Michael J. Vlach
The relationship between Israel and the church continues to be a controversial topic led by this question: Does the church replace, supersede, or fulfill the nation of Israel in God's plan, or will Israel be saved and restored with a unique identity and role? In *Has the Church Replaced Israel?*, author Michael J. Vlach evaluates the doctrine of replacement theology (also known as supersessionism) down through history but ultimately argues in favor of the nonsupersessionist position. Thoroughly vetting the most important hermeneutical and theological issues related to the Israel/church relationship, Vlach explains why, "there are compelling scriptural reasons in both testaments to believe in a future salvation and restoration of the nation Israel."

2016-04-15 Stephen J. Wellum
Biblical covenants provide the backbone to the narrative plot line of Scripture; therefore, it is essential to think through the interrelationship between the biblical covenants, starting in creation and culminating in Christ, in order to rightly grasp the "whole counsel of God."

2022-02-08 Brent E. Parker
How does the canon of Scripture fit together? For evangelical Christians, there is no question about the authority of Scripture and its testimony to the centrality of Jesus Christ in God's salvation plan. But several questions remain: How do the Old Testament and New Testament relate to each other? What is the relationship among the biblical covenants? How should Christians read and interpret Scripture in order to do justice to both its individual parts and its whole message? How does Israel relate to the church? In this Spectrum Multiview volume, readers will find four contributors who explore these complex questions. The contributors each make a case for their own view—representing two versions of covenantal theology and two versions of dispensational theology—and then respond to the others' views to offer an animated yet irenic discussion on the continuity of Scripture. Views and Contributors: Covenant Theology: Michael S. Horton, Gresham Machen Professor of Systematic Theology and Apologetics, Westminster Seminary California
Progressive Covenantalism:

Stephen J. Wellum, professor of Christian theology, Southern Baptist Theological Seminary
Progressive Dispensationalism: Darrell L. Bock, Senior Research Professor of New Testament Studies, Dallas Theological Seminary
Traditional Dispensationalism: Mark A. Snoeberger, professor of systematic theology and apologetics, Detroit Baptist Theological Seminary
Spectrum Multiview Books offer a range of viewpoints on contested topics within Christianity, giving contributors the opportunity to present their position and also respond to others in this dynamic publishing format.

2023-05-25 Mark Kim
The word theology is often construed by many as referring to a very dry and academic discipline only reserved for the professional clergy and seminary professors. Many lay Christians in the church are intimidated by the subject and feel it to be a tedious intellectual exercise that is of no use for their spiritual growth and mission of the church. In an attempt to address this concern, Mark Kim presents here an introductory systematic theology that deals with the core doctrinal topics of Christianity that is accessible for the average layperson. The work will engage heavily with Scripture and the voices of the past and present who have contributed to the total theological voice of the church at large. In this second edition of the work, there is included an extra chapter on the

doctrine of the Christian life. As pointed out in the first edition of the work, theology should foremost be practical in its results and application. The author addresses this concern by including a new chapter discussing the nature of the Christian life and how Christians should live in the world.

2013-12-10 Jeremy M. Kimble
In an age of tolerance and moral laxity, the implementation of church discipline is often looked upon with disdain, fear, or incredulousness. However, there is clear biblical precedent for the practice of discipline within a local church context. While many are aware of several passages in Scripture that speak to this reality, in this work, Jeremy Kimble calls readers to observe clear biblical mandates, historic precedent, as well as theological and practical implications for the practice of church discipline. Seeking to venture past the pragmatic discussions surrounding church discipline, Kimble articulates for his readers a lucid theological presentation of this topic. He argues that discipline serves as a warning of potential end-time judgment. As such, discipline also serves as a means to the sinner's repentance and the perseverance of the saints within that local church. This theological understanding of discipline calls pastors and congregations to faithfulness. There is a seriousness to church discipline that cannot be ignored, and likewise

discipline must also be viewed as a mercy, knowing it is a means to repentance and enduring in one's faith.	tradition embodies a historically shaped perspective on the beliefs, practices and priorities that make up a Christian community. Whether you are an insider to one tradition, a hybrid of two or three, or--as many Christians today--an outsider to all, Exploring Protestant Traditions is a richly informative field guide to eight prominent Protestant theological traditions: Lutheran, Anabaptist, Reformed, Anglican, Baptist, Wesleyan, Dispensational and Pentecostal. Clearly and evenhandedly, W. David Buschart traces the histories of each tradition, explains their interpretive approaches to Scripture and identifies their salient beliefs. As a result, you will gain a sense of what it is to believe	and worship as a Reformed or Pentecostal Christian, who the traditions' heroes are and where the "theological accents" are placed. Charts displaying the denominational representatives of each tradition and bibliographies mapping the path for further explorations add to the value of this guide. This is a book that seeks to receive rather than evaluate, to listen and understand rather than judge or correct. His is a model of theological hospitality that encourages you to open your doors to the varied ways in which Protestantism has taken root in history and human society. Some things take time, like coming to know a religious tradition. But Exploring Protestant Traditions is an excellent place to start.
1996 Ralph Smith		
2013 David W. Jones An introductory text explaining the nature, relevancy, coherency, and structure of the moral law as revealed throughout the Bible, with discussion of the Ten Commandments as a moral rubric and a subsequent application of each commandment to Christian living.
