The Case for a Creator Revised Study Guide-Lee Strobel 2013-12-13 In this revised six-session small group Bible study, you will follow bestselling author Lee Strobel as he discovers that science, far from being the enemy of faith, now provides a solid foundation for a belief in God.

The Case for Grace-Lee Strobel 2015-02-24 In The Case for Grace, bestselling author Lee Strobel crafts a compelling and highly personal case for God, focusing on God’s transforming work in the lives of men and women today. In this book, you'll encounter racists, addicts, and even murderers who have found new hope and purpose. You'll meet once-bitter people who have received God's power to forgive those who have harmed them - and, equally amazing, people mired in guilt who have discovered that they can even forgive themselves. Writing with unusual candor, Lee draws upon his own journey from atheism to Christianity to explore the depth and breadth of God's redeeming love for spiritually wayward people. He travels thousands of miles to capture the inspiring stories of everyday people whose values have been radically changed and who have discovered the "how" and "why" behind God’s amazing grace. Through it all, you will be encouraged as you see how God’s grace can revolutionize your eternity and relationships . . . starting today. Also available: The Case for Grace Spanish edition, kids' edition, and student edition. Plus, be sure to check out Lee Strobel's entire collection of Case for... books: The Case for Christ investigates the historical evidence for Jesus The Case for a Creator explores the scientific evidence for God The Case for Faith responds to eight major objections about Christianity . . . and more!

The Case for Christ-Lee Strobel 2010-11 The book consists primarily of interviews between Strobel (a former legal editor at the Chicago Tribune) and biblical scholars such as Bruce Metzger. Each interview is based on a simple question, concerning historical evidence (for example, "Can the Biographies of Jesus Be Trusted?"), scientific evidence, ("Does Archaeology Confirm or Contradict Jesus' Biographies?"), and "psychiatric evidence" ("Was Jesus Crazy When He Claimed to Be the Son of God?"). Together, these interviews compose a case brief defending Jesus' divinity, and urging readers to reach a verdict of their own.

The Case for a Creator Study Guide Revised Edition-Lee Strobel 2013-12-23 “My road to atheism was paved by science... but, ironically, so was my later journey to God.” Former atheist Lee Strobel has discovered that science, far from being the enemy of faith, now provides a solid foundation for belief in God. New scientific discoveries point to the incredible complexity of our universe, a complexity best explained by the existence of a Creator. This revised six-session study (DVD/digital video) invites participants to encounter this evidence delivered in a compelling conversational style. Join Strobel in reexamining the theories that once led him away from God. Pastors, small group leaders, and individuals seeking resources that answer tough questions about the existence of God will find compelling answers in the Case for a Creator study. Sessions include: Science and God Doubts about Darwinism The Evidence of Cosmology The Fine-tuning of the Universe The Evidence of Biochemistry The DNA and the Origin of Life Designed for use with the Case for a Creator Revised Video Study 9780310699606 (sold separately).

The Case for Miracles-Lee Strobel 2018-03-27 New York Times bestselling author Lee Strobel trains his investigative sights on the hot-button question: is it really credible to believe God intervenes supernaturally in people's lives today? This provocative book starts with an unlikely interview in which America’s foremost skeptic builds a seemingly persuasive case against the miraculous. But then Strobel travels the country to quiz scholars to see whether they can offer solid answers to atheist objections. Along the way, he encounters astounding accounts of healings and other phenomena that simply cannot be explained away by naturalistic causes. The book features the results of exclusive new scientific polling that shows miracle accounts are much more common than people think. What's more, Strobel delves into the most controversial question of all: what about miracles that don't happen? If God can intervene in the world, why doesn't he do it more often to relieve suffering? Many American Christians are embarrassed by the supernatural, not wanting to look odd or extreme to their neighbors. Yet, The Case for Miracles shows not only that the miraculous is possible, but that God still does intervene in our world in awe-inspiring ways.

Here’s a unique book that examines all sides of this issue and comes away with a passionate defense for God's divine action in lives today. Also available: The Case for Miracles Spanish edition, kids' edition, and student edition.

God’s Outrageous Claims-Lee Strobel 2009-05-26 God’s astounding claims about himself and his work on our behalf are embedded throughout the pages of Scripture. He sees potential in us that we don't see in our wildest dreams. He sees qualities that we don't think we can ever achieve. He has faith in us that we lack in ourselves. But when we know and fully understand what He has promised, we are liberated to grow in virtue, live out our faith as an adventure, relate to others with authenticity, earn a living with integrity, and make a difference in our culture--all through his power. Lee Strobel's insights into the benefits of living as a fully devoted follower of Christ are refreshing and powerfully relevant. Using true stories, including his own, he shows that Christianity really works, that we really can live transformed, authentic, and effective lives--and that God's promises and power are very real and very true.

The Case for a Creator-Lee Strobel 2008-09-01 In the small group Bible study DVD, The Case for a Creator: A Six-session Investigation of the Scientific Evidence That Points Toward God, Lee Strobel investigates scientific discoveries and explores how they form a solid basis for belief in God. Former journalist and skeptic Lee Strobel has discovered something very interesting about science. Far from being the enemy of faith, science provides a solid foundation for believing in God as ongoing discoveries point to the incredible complexity of our universe, a complexity best explained by the existence of a Creator. So has science finally discovered God? Certainly new discoveries in such scientific disciplines as cosmology, cellular biology, astronomy, physics and DNA research point to the incredible intricacy of our universe, a complexity best explained by the existence of a Creator. In it, weighty and complex evidence is delivered in a compelling, conversational style. This DVD features six 10-15 minute live teaching sessions and interviews from Lee Strobel. It's designed for use with the companion Case for a Creator Participant's Guide (sold separately). Sessions include: 1. Science and God 2. Doubts and Darwinism 3. The Evidence of Cosmology 4. The Fine-Tuning of the Universe 5. The Evidence of Biochemistry 6. DNA and the Origin of Life

The Creator's Code-Amy Wilkinson 2015-02-17 Based on in-depth interviews with more than 200 leading entrepreneurs, a lecturer at the Stanford Graduate School of Business identifies the six essential disciplines needed to transform your ideas into real-world successes. Each of us has the capacity to spot opportunities, invent products, and build businesses—even \$100 million businesses. How do some people turn ideas into enterprises that endure? Why do some people succeed when so many others fail? The Creator’s Code unlocks the six essential skills that turn small notions into big companies. This landmark book is based on 200 interviews with today’s leading entrepreneurs including the founders of LinkedIn, Chipotle, eBay, Under Armour, Tesla Motors, SpaceX, Spanx, Airbnb, PayPal, Jetblue, Gilt Groupe, Theranos, and Dropbox. Over the course of five years, Amy Wilkinson conducted rigorous interviews and analyzed research across many different fields. From the creators of the companies ranging from Yelp to Chobani to Zipcar, she found that entrepreneurial success works in much the same way. Creators are not born with an innate ability to conceive and build \$100 million enterprises. They work at it. They all share fundamental skills that can be learned, practiced, and passed on. The Creator’s Code reveals six skills that make creators of all kinds of endeavors breakthrough. These skills aren’t rare gifts or slim chance talents. Entrepreneurship, Wilkinson demonstrates, is accessible to everyone.

The Case for a Creator-Lee Strobel 2004 Supports the conclusion that the universe was intelligently designed with discoveries from cosmology, cellular biology, DNA research, astronomy, physics, and human consciousness. Original.

In Defense of Jesus-Lee Strobel 2016-09-06 From college classrooms to bestselling books to the Internet, the historic picture of Jesus is under an intellectual onslaught. This fierce attack on the traditional portrait of Jesus has confused spiritual seekers and created doubt among many Christians--but can these radical new claims and revisionist theories stand up to sober scrutiny?

Creator God, Evolving World-Cynthia S. W. Crysdale 2013-01-01 Cynthia Crysdale and Neil Ormerod here present a robust theology of God in light of supposed tensions between Christian belief and evolutionary science. Those who pit faith in an almighty and unchanging God over against a world in which chance is operative have it wrong on several accounts, they insist. Creator God, Evolving World clarifies a number of confused assumptions in an effort to redeem chance as an intelligible force interacting with stable patterns in nature. A proper conception of probabilities and regularities in the world’s unfolding reveals neither random chaos nor a predetermined blueprint but a view of the universe as the fruit of both chance and necessity. By clarifying terms often used imprecisely in both scientific and theological discourse, the authors make the case that the role of chance in evolution neither mitigates God's radical otherness from creation nor challenges the efficacy of God’s providence in the world.

God and Inscrutable Evil-David O'Connor 1998 In this important new book, David O'Connor discusses both logical and empirical forms of the problem of inscrutable evil, perennially the most difficult philosophical problem confronting theism. Arguing that both a version of theism ("friendly theism") and a version of atheism ("friendly atheism") are justified on the evidence in the debate over God and evil, O'Connor concludes that a warranted outcome is a philosophical detente between those two positions. On the way to that conclusion he develops two arguments from evil, a reformed version of the logical argument and an indirect version of the empirical argument, and deploys both against a central formulation of theism that he describes as orthodox theism. God and Inscrutable Evil makes a valuable contribution to contemporary debates in the philosophy of religion.

The Case for Faith-Lee Strobel 2009-05-18 Was God telling the truth when he said, "You will seek me and find me when you seek me with all your heart"? In The Case for Faith, bestselling author, journalist, and former atheist Lee Strobel turns his investigative skills to the most persistent emotional objections to belief in God--the eight "heart barriers" to faith: "Since evil and suffering exist, a loving God cannot" "Since miracles contradict science, they cannot be true" "Evolution explains life, so God isn't needed" "God isn't worthy of worship if he kills innocent children" "It's offensive to claim Jesus is the only way to God" "A loving God would never torture people in Hell" "Church history is littered with oppression and violence" "I still have doubts, so I can't be a Christian" This book is for those who may be feeling attracted to Jesus but who are faced with difficult questions standing squarely in their path. For Christians, it will deepen their convictions and give them fresh confidence in defending their faith to skeptical friends, or during the hardest of times, when they have to defend their faith to themselves in moments of doubt. Also available: The Case for Faith Spanish edition, kids' edition, and student edition. Plus, be sure to check out Lee Strobel's entire collection of Case for... books: The Case for Christ investigates the historical evidence for Jesus The Case for a Creator explores the scientific evidence for God The Case for Grace uncovers the "how" and "why" behind God's amazing grace . . . and more!

The God Delusion. 10th Anniversary Edition-Richard Dawkins 2016-05-19 The God Delusion caused a sensation when it was published in 2006. Within weeks it became the most hotly debated topic, with Dawkins himself branded as either saint or sinner for presenting his hard-hitting, impassioned rebuttal of religion of all types. His argument could hardly be more topical. While Europe is becoming increasingly secularized, the rise of religious fundamentalism, whether in the Middle East or Middle America, is dramatically and dangerously dividing opinion around the world. In America, and elsewhere, a vigorous dispute between 'intelligent design' and Darwinism is seriously undermining and restricting the teaching of science. In many countries religious dogma from medieval times still serves to abuse basic human rights such as women's and gay rights. And all from a belief in a God whose existence lacks evidence of any kind. Dawkins attacks God in all his forms. He eviscerates the major arguments for religion and demonstrates the supreme improbability of a supreme being. He shows how religion fuels war, foments bigotry and abuses children. The God Delusion is a brilliantly argued, fascinating polemic that will be required reading for anyone interested in this most emotional and important subject.

God Is Not Great-Christopher Hitchens 2011-11-01 In god is Not Great Hitchens turned his formidable eloquence and rhetorical energy to the most controversial issue in the world: God and religion. The result is a devastating critique of religious faith god Is Not Great is the ultimate case against religion. In a series of acute readings of the major religious texts, Christopher Hitchens demonstrates the ways in which religion is man-made, dangerously sexually repressive and distorts the very origins of the cosmos. Above all, Hitchens argues that the concept of an omniscient God has profoundly damaged humanity, and proposes that the world might be a great deal better off without 'him'.

A Flood of Evidence-Ken Ham 2016-09-21 There are hosts of books and resources on the Flood and Noah’s ark in the creation movement. But there has been a glaring problem in this area for 50 years. There isn’t one basic laymen book on the Flood and ark to give answers to those questions asked all the time. Most books are too shallow, too specific, or too technical for the average Christian to read or get much from. Most people in pews could use a book like this to give them the basic answers they need about the Flood and the ark, then they will be prepared to go into further technical books or specific books from there. Answers the top questions Answers in Genesis receives about the FloodAddresses issues in a way that should be easy to read and yet still gives the reader some meat to chew on.The perfect “starter” book for those interested in learning more or for believers wanting share the truth with non-believers Most people in the pews could use a book like this to give them the basic answers they need about the Flood and Noah’s Ark. After reading it, they will be prepared to go into further technical or specific books from there.

God's Feminist Movement-Amber Picota 2016-07-19 Experience True Liberation by Seeing Your Beauty, Femininity, and Freedom From Heavens Point of View Has Christianity kept women trapped in the stone age? In many ways, yes; but this is not by Gods design. As society offers women opportunities to explore outer-space and govern nations, the church often stifles and limits them. The tide is changing, though. Amber Picotas Gods Feminist Movement is a new covenant manifesto calling women to embrace their true identity in Christ and fulfill their destiny as revolutionaries who shape the course of history with the

Kingdom of God. There is a powerful new feminist movement emerging in the body of Christ. Its not politically driven and its not being championed by an uprising of angry man-haters. Based on an intense study of Scripture, factoring in historical and contextual hermeneutics and original languages, Picota shares a practical, non-legalistic, and non-traditional (yet deeply Biblical) look at topics that women commonly face, such as: Dating and Modesty Female Leaders in the Church Submission in Marriage Beauty and Self-Image Celebrate the power and beauty of womanhood. God has given you permission to change the world by being you! Break off religious traditions that keep women trapped in old school legalism and move beyond Christian clichs that minimize a womans true position in Christ!

The Entrepreneurial State-Mariana Mazzucato 2018-03-22 From one of the world's leading economists, a bestselling expose of the state's crucial role in sparking innovation and growth-and the dangers of ignoring this truth Conventional wisdom holds that innovation is the preserve of the private sector, best left in the hands of that modern day folk hero-the lone entrepreneur. In this popular tale, the role of the public sector is simply to get out of the way, at best fixing market failures, in order to facilitate our daring hero's bold, risk-taking endeavours. But what if this powerful, contemporary myth is wrong? In this sharp and controversial expose, Mariana Mazzucato comprehensively debunks the myth of a lumbering, bureaucratic state weighing down a dynamic private sector, to reveal how public investments have been behind many of the greatest innovations of our time. From the technologies that make the iPhone 'smart', to biotech, pharmaceuticals and today's emerging green technologies, it is the state that has been the investor of first resort, our boldest and most valuable innovator. Meanwhile, the private sector only finds the courage to invest after the entrepreneurial state has made the truly pioneering, high-risk investments. This false narrative has real world consequences - a select few get credit for what is an intensely collective effort, privatising rewards reaped from socialized risks. Mazzucato makes a powerful case that a failure to understand the state's entrepreneurial role is leading us down the wrong path-towards a future of stagnant growth and increased inequality. As we face the new challenges of the twenty-first century, Mazzucato argues that we need to reinvent the entrepreneurial state, to co-create the opportunities of the future -- and the kinds of public-private deals that will allow smart, innovation-led growth to also be more inclusive growth.

Methodology for Creating Business Knowledge-Ingeman Arbnor 2008-12-22 `Arbnor and Bjerke's deep insight into theory construction and their honest appraisal of knowledge creation makes this edition absolutely essential for business scholars. I recommend this book to scholars in any area of business seeking a more thoughtful and useful understanding of research methodology' - Morgan Miles, Professor of Marketing, Georgia Southern University `These are two authors on top of their game, using their vast experience and depth of knowledge to present a complex topic in a framework which is understandable and usable by anyone doing academic research. This third edition will ensure that this book remains the essential read for social science researchers' - David Carson, Professor of Marketing, University of Ulster Arbnor and Bjerke's best-selling text, first published in 1997, remains unrivalled; both in its contemporary relevance to research methodology, and in its coverage of the interplay between the philosophy of science, methodology and business. The authors make an in-depth examination into the circularity of knowledge and its foundations and analyze the repercussions for business, research and consulting. Ordained by God-Della H. Clark 2017-04-06 This book will allow you to experience, as you read, what it was like for this woman of God, as she graciously started ministry at just 18 1/2 years old. Elder, Evangelist, Della Clark, has been called, chosen, and appointed by God to go into all the world to preach the Gospel of Jesus Christ. She is equipped and anointed to finish the work that He has called her to do. This book is a great read, and as you peel back each page, you will begin to see, that, on her journey, she has made full proof of the ministry by the power of the Holy Spirit. Elder, Evangelist, Della Clark, boldly confesses with conviction that "No devil in hell can stop it" because her work and call into the ministry is ordained by God. And I thank Christ Jesus our Lord, who hath enabled me, for that, he counted me faithful, putting me into the ministry; 1Timothy 1:12KJV Authors note... Keep pressing on as you are courageous and free and never held back by fear, intimidation, or defeat. The battle belongs to the Lord, and He has the final victory...

The Case for Heaven-Lee Strobel 2021-09-14 Bestselling and award-winning author Lee Strobel interviews experts about the evidence for the afterlife and offers credible answers to the most provocative questions about what happens when we die, near-death experiences, heaven, and hell. We all want to know what awaits us on the other side of death, but is there any reliable evidence that there is life after death? Investigative author Lee Strobel offers a lively and compelling study into one of the most provocative topics of our day. Through fascinating conversations with respected scholars and experts--a neuroscientist from Cambridge University, a researcher who analyzed a thousand accounts of near-death experiences, and an atheist-turned-Christian-philosopher--Strobel offers compelling reasons for why death is not the end of our existence but a transition to an exciting world to come. Looking at biblical accounts, Strobel unfolds what awaits us after we take our last breath and answers questions like: Is there an afterlife? What is heaven like? How will we spend our time there? And what does it mean to see God face to face? With a balanced approach, Strobel examines the alternative of Hell and the logic of damnation, and gives a careful look at reincarnation, universalism, the exclusivity claims of Christ, and other issues related to the topic of life after death. With vulnerability, Strobel shares the experience of how he nearly died years ago and how the reality of death can shape our lives and faith. Follow Strobel on this journey of discovery of the entirely credible, believable, and exhilarating life to come.
