Spilling the Beans on the Cat's Pyjamas-Judy Parkinson 2011-02-17 How on earth did 'with bells on' come to express enthusiasm? What do chips on shoulders have to do with inferiority complexes? And who is the face that launched a thousand ships? Did you know that 'the rule of thumb' refers to the use of the thumb to make measurements, as the first joint of the average adult thumb measures one inch? Spilling the Beans on the Cat's Pyjamas provides us with the meanings of these well-worn and much-loved phrases by putting these linguistic quirks in context, and explaining how and why they were first used. Absorbing, diverting and fascinating - Spilling the Beans really is the bee's knees!

The Cat's Pyjamas-Norman Thelwell 2013-09 A visual celebration, from a master cartoonist, of all the ways in which cats have slunk their way into the English language Over the centuries human beings have had such a passion for cats that not only have they invaded our homes—occupying the sunniest corners and sitting on the softest mats they can find—they have also invaded our language. Norman Thelwell's collection of drawings is a celebration of this fact. From "scaredy cat" to "catnap," Thelwell's delicious and sleek drawings remind us of these phrases in hilarious and often unexpected ways. Moving beyond phrases to words, Thelwell's endearingly witty vignettes also offer punning feline interpretations of such words as "catarrh," "platypus," and "opus." For lovers of cats and pictures of cats, this collection is a must.

The Cat's Pajamas-Ray Bradbury 2013-04-30 Ray Bradbury is, indisputably, one of America's greatest storytellers. The recipient of the 2000 National Book Foundation Medal for Distinguished Contribution to American Letters, he ranks among the most beloved -- and widely read -- of American authors. In *The Cat's Pajamas*, this "latter-day O. Henry" (Booklist) takes us on an amazing walk through his six-decade career, presenting twenty-two tales -- some old, some new, all but two

never before published. Here you will find stories strange and scary, nostalgic and bittersweet, humorous and heart-touching, ranging from the not-so-long-gone past to an unknowable future: a group of senators drinks a bit too much -- and gambles away the United States; a newlywed couple buys an old house and finds their fledgling relationship tested; two mysterious strangers arrive at a rooming house and baffle their fellow occupants with strange crying in the night; a lonely woman takes a last chance on love. The final piece in the collection is a story-poem, a fond salute from Bradbury to his literary heroes Shaw, Chesterton, Dickens, Twain, Poe, Wilde, Melville, and Kipling. *The Cat's Pajamas* is just that -- the bee's knees -- a touching, timeless, and tender collection from the incomparable Ray Bradbury, and a panoramic view of an amazingly long, rich, and fertile creative career.

The Cats' Pajamas-Frances Brundage 2006-02-01 Two young kittens discover that the only thing better than stylish new playclothes is their mother's love.

The Cat's Pajamas and Witch's Milk-Peter De Vries 2014-10-21 Twin tales of middle-class hilarity and despair from the writer who was dubbed "America's preeminent comic novelist" by the New York Times When college professor Hank Tattersall sees his former flame, Lucy Stiles, at a campus concert, it sets off a chain reaction that results in one of the funniest and most unforgettable exit

scenes in American literature—involving a locked door, an alcoholic dog, and a punning doppelgänger. The Cat's Pajamas is the story of how Tattersall, a scrupulous self-reflector, falls from point A to point Z, rushing through a host of identities and indignities along the way. The unexamined life may not be worth living, he discovers, but the examined one is hardly a bed of roses. In Witch's Milk, Tillie Seltzer has her own trials to attend to. Chief among them is her marriage to Pete, the kind of guy who tucks a cigarette behind his ear and calls everybody Frisbee. When they first met, Tillie had more sophisticated tastes—dark strangers, homburg hats—but she was also a thirtysomething virgin whose prospects weren't getting any better. When she cracked a joke about the honeymoon being over, Pete believed her. Now stuck in suburbia with a sick child and a philandering husband, Tillie takes a hard look in the rearview mirror. Her search for an escape route will lead her to the most unexpected place of all. These short novels are linked by Tillie's cameo appearance in Hank's narrative and by the thrilling blend of satire, tragedy, and philosophy that defines the one-of-a-kind fiction of Peter De Vries.

Feline Philosophy-John Gray 2020-10-29 'Why can't a human be more like a cat? That is the question threaded through this vivid patchwork of philosophy, fiction, history and memoir ... a wonderful mixture of flippancy and profundity, astringency and tenderness, wit and lament' Jane O'Grady, *Daily*

Telegraph 'When I play with my cat, how do I know she is not passing time with me rather than I with her?' Montaigne There is no real evidence that humans ever 'domesticated' cats. Rather, it seems that at some point cats saw the potential value to themselves of humans. John Gray's wonderful new book is an attempt to get to grips with the philosophical and moral issues around the uniquely strange relationship between ourselves and these remarkable animals. *Feline Philosophy* draws on centuries of philosophy, from Montaigne to Schopenhauer, to explore the complex and intimate links that have defined how we react to and behave with this most unlikely 'pet'. At the heart of the book is a sense of gratitude towards cats as perhaps the species that more than any other - in the essential loneliness of our position in the world - gives us a sense of our own animal nature.

Masahisa Fukase: Sasuke- 2021-08-24 A tender and joyful portrait of cat companionship from the author of The Solitude of Ravens In 1977, photographer Masahisa Fukase turned his lens toward a new companion: his cat, Sasuke. "That year I took a lot of pictures crawling on my stomach to be at

eye level with a cat and, in a way, that made me a cat. It was a job full of joy, taking these photos playing with what I liked, in accordance with the changes of nature." A year later, he acquired a second cat, named Momoe. "I didn't want to photograph the most beautiful cats in the world but rather capture their charm in my lens, while reflecting me in their pupils," he wrote of these images. "You could rightly say that this collection is actually a 'self-portrait' for which I took the form of Sasuke and Momoe." Featuring tipped-on cover images, this gorgeously made book is arranged in four chapters, organized around the chronology of Fukase's life with his cats. As so often in his work, these tender images also express the photographer's subjectivity and his connection to his subject. Born in 1934 on the island of Hokkaido, in the north of Japan, into a family of studio photographers, Masahisa Fukase was meant to take over the family business, but instead he launched a career as a freelance reporter in the late 1960s. In 1971 he published his first photography book, dedicated to his family. In 1974, he cofounded the Workshop Photography School with Shomei Tomatsu, Eikoh Hosoe, Noriaki Yokosuka, Nobuyoshi Araki and Daido Moriyama. That same year, MoMA dedicated a milestone exhibition New Japanese Photography to their work; but it was the 1986 book *The Solitude of Ravens* that was to make Fukase a revered photographer worldwide. After a fall in 1992, Fukase went into a coma at the age of 58 and was kept on life support until his death in 2012.
