2016-09-05 Baron Edward Bulwer Lytton If it be the good fortune of this work to possess any interest for the Novel reader, that interest, perhaps, will be but little derived from the customary elements of fiction. The plot is extremely slight, the incidents are few, and with the exception of those which involve the fate of Vivian, such as may be found in the records of ordinary life. Regarded as a Novel, this attempt is an experiment somewhat apart from the previous works of the author. It is the first of his writings in which Humor has been employed, less for the purpose of satire than in illustration of amiable characters; it is the first, too, in which man has been viewed, less in his active relations with the world, than in his repose at his own hearth,—in a word, the

Bulwer-Lytton E. Edward Bulwer-Lytton (1803 – 1873) was an English novelist, poet, playwright and politician. A lot of his works contributed to the early growth of the science fiction genre. “The Caxtons: A Family Picture” is a Victorian novel about a life of an aristocratic family. The novel is mainly concerned with domestic life, but it also includes a lengthy disquisition on colonisation and emigration, its value to British society and its role in extending civilization.
