Friends on a Rotten Day-Hazel Dixon-Cooper 2008-05-01 It's about time for Friends on a Rotten Day, the first astrology book to focus entirely on friendships. After all, lovers come and go, but our girlfriends sustain, nurture, and protect us from cradle to grave. Friends on a Rotten Day explores the supportive, uproarious, and sometimes complex, relationships between girlfriends through an in-depth astrological analysis of each Sun sign. Dixon-Cooper shows readers what makes their friend tick on a soul level, revealing each friend's inner character, friendship style, love style (including what to do or not do if a pal picks a loser), and party style. She offers suggestions on the best gifts to buy your friend, how to calm her down, cheer her up, and return the unconditional support and love that she gives you. Readers will discover why their Gemini buddy changes her mind so often, why the Virgo gal pal sweats the small stuff, why a Scorpio girlfriend sometimes seems distant, and why the Leo chum needs frequent headpats. They'll also learn why a Pisces pal should never be forced to make a snap decision, why a Capricorn girlfriend might seem too serious for her own good, the truth about a Taurus friend's hidden anxieties, the competitive side of an Aries chum, what causes Cancer pal's emotional train wrecks, why the Aquarius buddy has a rebellious side, and why the Sagittarius girlfriend has occasional angry outbursts. "Dixon-Cooper reveals what every astrologer knows but none has dared say. (She) takes us on a seriously humorous ride through the land of truth and consequences. I highly recommend it." --Suzanne White

Turning The Wheel of Your Zodiac Soul is the brand new approach and twelve-stage programme from leading astrologer, John Wadsworth. Teaching you how to use the Zodiac as a path to wholeness, John's method will reveal to you 'the revelation of you in the totality of who you are.' Drawing on over two thousand years of astrological tradition, John presents the zodiac soul using a wheel analogy: it is a wheel that is supposed to turn, but will inevitably get stuck and falter during the course of life's many challenges--whether these be around personal relationships, financial issues, health, career pressures or a low sense of self-worth. Through his programme, John reassuringly shows that these challenges all have their place in the wheel, and that our underlying fears and self-defeating behaviour patterns driving them can all be addressed and compassionately transformed. With John's assistance, you will learn to identify where the wheel gets stuck in your own life and get it turning again. Turning The Wheel of Your Zodiac Soul will offer you a way of making significant changes, guiding you to manifest the life you were born to live.

Forever Barbie-M. G. Lord 2009-05-26 Since Barbie's introduction in 1959, her impact on baby boomers has been revolutionary. Lord, herself a first-generation Barbie owner, has written a provocative, zany, occasionally shocking book that will change how you look at the doll and the world.

Exploring Ancient Skies-David H. Kelley 2005-12-06 Exploring Ancient Skies brings together the methods of archaeology and the insights of modern astronomy to explore the science of astronomy as it was practiced in various cultures prior to the invention of the telescope. The book reviews an enormous and growing body of literature on the cultures of the ancient Mediterranean, the Far East, and the New World (particularly Mesoamerica), putting the ancient astronomical materials into their archaeological and cultural contexts. The authors begin with an overview of the field and proceed to essential aspects of naked-eye astronomy, followed by an examination of specific cultures. The book concludes by taking into account the purposes of ancient astronomy: astrology, navigation, calendar regulation, and (not least) the understanding of our place and role in the universe. Skies are recreated to display critical events as they would have appeared to ancient observers - events such as the supernova of 1054, the 'lion horoscope' or the 'Star of Bethlehem.' Exploring Ancient Skies provides a comprehensive overview of the relationships between astronomy and other areas of human investigation. It will be useful as a reference for scholars and students in both astronomy and archaeology, and will be of compelling interest to readers who seek a broad understanding of our collective intellectual history.
