2010-07-06 Mike Oldfield Born without social instincts many people take for granted, brought up in a troubled environment and possessed with an extraordinary musical talent, Mike Oldfield was thrust into the spotlight at the tender age of nineteen. His first album Tubular Bells went on to sell fifteen million copies worldwide and catapulted him into a stardom he was ill-equipped to cope with. From growing up with an alcoholic mother, to his feelings of alienation and struggles with depression, this book takes Mike from his early years, through his staggering fame, his broken marriages, years as a recluse, his rebirth experience at a controversial Exegesis seminar and beyond. Mike Oldfield has been on a journey few of us could ever imagine, and offers a message of hope to anybody who feels they live on the edge of society.

2021-05-19 Walter Besant The Changeling is a work of fiction by English novelist and philanthropist Walter Besant, popularly known for his work All Sorts and Conditions of Men. This is one of his outstanding works with vibrant and captivating characters and timeless themes, which will keep the reader engrossed till the end. Excerpt from The Changeling "The lady was quite young—not more than twenty-two or so—a handsome woman, a woman of distinction. Her face was full of sadness; her eyes were full of trouble; her lips trembled; her fingers nervously clutched the arms of the chair. When the doctor mentioned the arrangements, her cheek flushed and then paled. In a word, she betrayed every external sign of terror, sorrow, and anxiety."

2023-12 Sean Williams The first book in internationally bestselling author Sean Williams' Broken Land trilogy. Set in the same dark fantasy world as his award-winning Books of the Change series, where the deserts are

red, the coastlines long and, as young Ros finds, families sacrifice their own children for water. Escape is his only option, and he manages it on a stolen camel-but what next? If he can learn to control the force known as 'the Change', he might have a chance... 'In a smashed and parched land so reminiscent of the back-slopes of the Mt Lofty Ranges in summer, the beautifully grim and driving narrative had me hooked, deeply anxious to learn Ros' fate. Sean Williams is an acknowledged master of adult stories, and in The Changeling he proves that wonderful and terrible tales for younger folk are well within the ambit of his prodigiously talented and prolific pen.' - David Cornish First published in 2008, The Changeling was shortlisted for an Aurealis Award for Excellence in Australian Speculative Fiction that same year.

2018-07-05 Victor LaValle NOW AN APPLE TV+ SERIES STARRING LAKEITH STANDFIELD ONE OF TIME'S 100 BEST FANTASY BOOKS OF ALL TIME Winner of an American Book Award, a Locus Award for Best Horror Novel, a British Fantasy Award for Best Horror Novel, a World Fantasy Award for Best Novel Nominated for a Shirley Jackson Award, an International Dublin Literary Award and a Mythopoeic Award for Literature When Apollo Kagwa was just a child, his father disappeared, leaving him with recurring nightmares and a box labelled 'Improbabilia'. Now a successful book dealer, Kagwa has a family of his own after meeting and falling in love with Emma, a librarian. The two marry and have a baby: so far so happy-ever-after. However, as the pair settle into their new lives as parents, exhaustion and anxiety start to take their toll. Emma's behaviour becomes increasingly erratic, until one day she commits an unthinkable act, setting Apollo on a wild and fantastical quest through a suddenly otherworldly New York, in search of a wife and child he no longer recognises. An epic novel for our anxiety-ridden times, The Changeling is a tale of parenthood, love - in its most raw and brutal form - and, ultimately, humanity.

1988-01-01 Gregory Benford SHAPESHIFTER The Changeling could become anyone or anything--man, woman, child, animal. It was endowed with an inborn lust for disorder and destruction. Now it had chosen the plague-ridden planet of Alvea for its next mission--to throw an entire world into eternal chaos and madness. The Earth Consortium could send only an embittered killer and an untrained anthropologist to hunt down the Changeling. Yet, dangerous though it was, the Changeling was not the only peril the Earthmen faced on Alvea, or the worst--for the Alveans feared and hated Earth. Even a hint of the hunters' identities would leave them dead and dismembered within minutes.... Gregory Benford and Gordon Eklund, authors of the Nebula-winning "If the Stars Are Gods," have crafted a taut, memorable SF thriller.

2015-07-30 Thomas Middleton "The next good mood I find my father in, I'll get him quite discarded" With these chillingly offhand words, Beatrice-Joanna, the spoilt daughter of a powerful nobleman, plots to get rid of the family servant who has crossed her once too

often. The Changeling remains one of the most compelling tragedies from the 17th century. Exposing the vexed relationship between servants and masters, setting notions of 'change' against the revelation of psychological 'secrets' as ways of explaining human behaviour, and exploring the idea of love as a 'tame madness', the play reveals the terrifying consequences of ungoverned sexual appetite and betrayal. Despite its seemingly domestic focus, The Changeling has much to reveal about the gathering social and political tensions that were to plunge England into a destructive civil war within twenty years of its first performance. This new student edition contains a lengthy new Introduction with background on the authors, date and sources, theme, critical interpretation and stage history. The New Mermaids plays offer: - Modernized versions of the play text edited to the highest textual standards - Fully annotated student editions with obscure words explained and critical, contextual and staging insight provided on each page - Full Introductions analyzing context, themes, author background and stage history

Soon she's being shepherded back. The island, for Pearl, is a place of madness and pain, and her drinking might dull the latter but it spurs on the former. Through the lens of Pearl's fragile consciousness, readers encounter the horror and triumph of both childhood and motherhood.
