2005-01-02 Beverly Lyon Clark Honor Book for the 2005 Book Award given by the Children's Literature Association The popularity of the Harry Potter books among adults and the critical acclaim these young adult fantasies have received may seem like a novel literary phenomenon. In the nineteenth century, however, readers considered both Tom Sawyer and Huckleberry Finn as works of literature equally for children and adults; only later was the former relegated to the category of "boys' books" while the latter, even as it was canonized, came frequently to be regarded as unsuitable for young readers. Adults—women and men—wept over Little Women. And America's most prestigious literary journals regularly reviewed books written for both children and their parents. This egalitarian approach to children's literature changed with the emergence of literary studies as a scholarly discipline at the turn of the twentieth century. Academics considered children's books an inferior literature and beneath serious consideration. In *Kiddie Lit*, Beverly Lyon Clark explores the marginalization of children's literature in America—and its recent possible reintegration—both within the academy and by the mainstream critical establishment. Tracing the reception of works by Mark Twain, Louisa May Alcott, Lewis Carroll, Frances Hodgson Burnett, L. Frank Baum, Walt Disney, and J. K. Rowling, Clark reveals

fundamental shifts in the assessment of the literary worth of books beloved by both children and adults, whether written for boys or girls. While uncovering the institutional underpinnings of this transition, Clark also attributes it to changing American attitudes toward childhood itself, a cultural resistance to the intrinsic value of childhood expressed through sentimentality, condescension, and moralizing. Clark's engaging and enlightening study of the critical disregard for children's books since the end of the nineteenth century—which draws on recent scholarship in gender, cultural, and literary studies—offers provocative new insights into the history of both children's literature and American literature in general, and forcefully argues that the books our children read and love demand greater respect.

1997 Mike Read Contains works chosen by Classic FM listeners in the poll to discover their favourite poems. This book includes poems by Betjeman, Kipling, Shakespeare, Yeats, Wordsworth and Auden, among many others, as well as biographies of the poets.

1997 Robert Kirschten "Struggling for Wings" is a diverse collection of reviews, interviews, and essays on the controversial career of James Dickey, a writer whose work has engendered commentary ranging from high praise to scathing personal attack. Never before collected, the

materials in this volume record America's critical response to Dickey, beginning in the early 1960s when he first began publishing poetry and continuing through the mid-1990s, with comprehensive overviews of Dickey's entire canon.

2021-03-20 Sterling H. Redd, Sr. POETRY: A Delightful Journey Through Life is an arrangement of over eighty well-selected classical poems into eight basic life stages in which most people pass through or experience in the course of a lifetime. These eight stages are Childhood, Beyond a Bumbling Society, In Search of Love, On Pain and Irony, Satisfaction with the Simple Things of Life, The Seasons, On Death, and Lines to Lift and Inspire. Each of the eight stages is first introduced within an appropriate setting or frame of mind under which the selected poems follow. The reader is then carefully introduced to each poem, making it more readily understood. Inasmuch as poetry generally uses figurative symbols and imagery, the reader, coming from any number of backgrounds of education and experience, is allowed to put his or her own finishing touches on the poem, and can thus experience personal enjoyment from the poetic images embodied in the poems.

2023-10-10 Shirley McPhillips In everything we have to understand, poetry can help. Tony Hoagland, Harper's , April 2013 In Poem Central: Word

Journeys with Readers and Writers , Shirley McPhillips helps us better understand the central role poetry can play in our personal lives and in the life of our classrooms. She introduces us to professional poets, teachers, and students---people of different ages and walks of life---who are actively engaged in reading and making poems. Their stories and their work show us the power of poems to illuminate the ordinary, to nurture, inspire and stand alongside us for the journey. Poem Central is divided into three main parts; weaving poetry into our lives and our classrooms, reading poems, and writing poems. McPhillipshas structured the book in short sections that are easy to read and dip into. Each section has a specific focus, provides background knowledge, shows poets at work, highlights information on crafting, defines poetic terms, features finished work, includes classroom examples, and lists additional resources. In Poem Central -; a place where people and poems meet-; teachers and students will discover how to find their way into a poem, have conversations around poems, and learn fresh and exciting ways to make poems. Readers will enjoy the dozens of poems throughout the book that serve to instruct, to inspire, and to send us on unique word journeys of the mind and heart.

2004 Yadin Dudai A readable companion to the language of memory research, this work aims to provide a versatile tool kit of definitions, information

and further reading, a trigger for contemplation, discussion, and an aid to study and teaching.

2019-08-26 Nicholas Birns This book surveys the hyperlocal in the works of authors such as Jane Austen, John Keats, and Charles Dickens. It shows that the hyperlocal space or object, though particular, reaches beyond itself, affording an elasticity that can allow those things that seem beneath notice to reveal broader cultural significance.

1990 William Harmon Gathers the most frequently anthologized English and American poems, including those by Keats, Shakespeare, Frost, Wordsworth, Dickinson, Shelley, Yeats, Blake, Tennyson, Emerson, and Browning

2006-06-21 Joseph M. Flora This new edition of Southern Writers assumes its distinguished predecessor's place as the essential reference on literary artists of the American South. Broadly expanded and thoroughly revised, it boasts 604 entries--nearly double the earlier edition's--written by 264 scholars. For every figure major and minor, from the venerable and canonical to the fresh and innovative, a biographical sketch and chronological list of published works provide comprehensive, concise, up-to-date information. Here in one convenient source are the South's novelists and short story writers, poets and dramatists, memoirists and

essayists, journalists, scholars, and biographers from the colonial period to the twenty-first century. What constitutes a "southern writer" is always a matter for debate. Editors Joseph M. Flora and Amber Vogel have used a generous definition that turns on having a significant connection to the region, in either a personal or literary sense. New to this volume are younger writers who have emerged in the quarter century since the dictionary's original publication, as well as older talents previously unknown or unacknowledged. For almost every writer found in the previous edition, a new biography has been commissioned. Drawn from the very best minds on southern literature and covering the full spectrum of its practitioners, Southern Writers is an indispensable reference book for anyone intrigued by the subject.

1990 William Harmon Adopting the methodology and fascination of the music charts, The Classic Hundred presents the "top 100" poems of all time in their order of popularity. The novelty of this collection lies in its completely original format, resulting in a compact anthology which ranges from Shakespeare to Frost, from love and death to crime and punishment.

1996 Griff Rhys Jones Contains the top 100 poems from a poll conducted by The Bookworm in 1995.

1994 William A. Katz Reference

guide to poetry anthologies with descriptions and evaluations of each anthology.

1998 William Harmon Contains one hundred of the most anthologized poems in the English language, and includes notes, profiles of the authors, and bibliographic information; presented in chronological order with a glossary, and author, title, and first line indexes.

2002 Roger McGough A collection of the very best poems for children, edited by Roger McGough A wonderful collection of contemporary and classic poems chosen by children from schools around the UK. Roger McGough made the final selection and wrote the introduction. Roger McGough was born in Liverpool and educated at the University of Hull. He came to prominence in the 1960s with the publication of THE MERSEY SOUND, and is one of today's most popular poets. He writes for children and adults and performs his poetry all over the world. He was honoured with an OBE in 1997, and won the Signal Poetry Award in 1998. Roger now lives in London. Sheila Moxley is gaining a powerful reputation for her multi-cultural illustration. She lives in London.

<p>2019-04-17 Porter C. Taylor Fr. Alexander Schmemmann continues to influence liturgical and sacramental theologies some thirty-five years after his death. Despite the wide acceptance within Protestant circles of his timeless classic, <i>For the Life of the World</i>, there has been relatively little written about him from an ecumenical context. This volume of collected essays seeks to explore his theological legacy and further his work. With essays from leading scholars such as David Fagerberg, Bruce Morrill, Joyce Zimmerman, and more, this volume is meant for both teachers and students of liturgical and sacramental theology. In an effort to introduce Schmemmann to a wider audience and to celebrate his work through meaningful engagement and dialogue, contributors come from a wide variety of ecclesiastical backgrounds: Anglican, Roman Catholic, Orthodox, Lutheran, Presbyterian, Methodist, Free Church, and more. "The Eucharist is therefore the manifestation of the Church as the new aeon; it is participation in the Kingdom as the parousia, as the presence of the Resurrected and Resurrecting Lord. It is not the 'repetition' of His advent or coming into the world, but the lifting up of the Church into His parousia, the</p>	<p>Humanism of Elizabeth I is a fresh look at a much studied historical figure. This work examines the influence between the virtues and thoughts of the political humanists of the Italian Renaissance, and the political persona of England's Elizabeth I. Special attention is paid to how Elizabeth constructed literary works such as letters and speeches, as well the style in which she governed England. This learned queen exemplified the virtues of political humanism through her dedication to the <i>vita activa</i>, <i>amor patriae</i>, and service to the greater good of her realm. In order to silence her critics who had license to criticize her as a female monarch, Elizabeth chose to speak the political language of the day, defending and asserting her right to rule by relying on her classical humanist education.</p>

Longfellow

2010-07 Kevin Stein "The great pleasure of this book is the writing itself. Not only is it free of academic and 'lit-crit' jargon, it is lively prose, often deliciously witty or humorous, and utterly contemporary. Poetry's Afterlife has terrific classroom potential, from elementary school teachers seeking to inspire creativity in their students, to graduate students in MFA programs, to working poets who struggle with the aesthetic dilemmas Stein elucidates, and to teachers of poetry on any level." --- Beckian Fritz Goldberg, Arizona State University "Kevin Stein is the most astute poet-critic of his generation, and this is a crucial book, confronting the most vexing issues which poetry faces in a new century." --- David Wojahn, Virginia Commonwealth University At a time when most commentators fixate on American poetry's supposed "death," Kevin Stein's Poetry's Afterlife instead proposes the vitality of its aesthetic hereafter. The essays of Poetry's Afterlife blend memoir, scholarship, and personal essay to survey the current poetry scene, trace how we arrived here, and suggest where poetry is headed in our increasingly digital culture. The result is a book both fetchingly insightful and accessible. Poetry's spirited afterlife has come despite, or perhaps because of, two decades of commentary diagnosing American poetry as moribund if not already deceased. With his 2003

appointment as Illinois Poet Laureate and his forays into public libraries and schools, Stein has discovered that poetry has not given up its literary ghost. For a fated art supposedly pushing up aesthetic daisies, poetry these days is up and about in the streets, schools, and universities, and online in new and compelling digital forms. It flourishes among the people in a lively if curious underground existence largely overlooked by national media. It's this second life, or better, Poetry's Afterlife, that his book examines and celebrates. Kevin Stein is Caterpillar Professor of English and Director of the Creative Writing Program at Bradley University and has served as Illinois Poet Laureate since 2003, having assumed the position formerly held by Gwendolyn Brooks and Carl Sandburg. He is the author of numerous books of poetry and criticism. digitalculturebooks is an imprint of the University of Michigan Press and the Scholarly Publishing Office of the University of Michigan Library dedicated to publishing innovative and accessible work exploring new media and their impact on society, culture, and scholarly communication. Visit the website at [www.digitalculture.org](http://www.digitalculture.org).

2005 Charles Osborne A classic collection of well-loved poems, now brought together in one comprehensive paperback edition. This classic anthology, which was first published nearly twenty years ago, and has sold consistently well, is now available for the first time

in paperback. There are nearly one hundred and fifty poems featured in the collection, written by some of the world's most prominent and well-loved poets. These include Philip Larkin, William Blake, John Keats, W.H. Auden, Lord Tennyson, T.S. Eliot, William Shakespeare, Emily Dickinson, John Betjeman, Robert Browning and many, many more.

2012-05-17 Tripp York In A Faith Not Worth Fighting For, editors Justin Bronson Barringer and Tripp York have assembled a number of essays by pastors, activists, and scholars in order to address the common questions and objections leveled against the Christian practice of nonviolence. Assuming that the command to love one's enemies is at the heart of the Gospel, these writers carefully, faithfully--and no doubt provocatively--attempt to explain why the nonviolent path of Jesus is an integral aspect of Christian discipleship. By addressing misconceptions about Christian pacifism, as well as real-life violent situations, this book will surely challenge the reader's basic understanding of what it means to be a follower of Jesus.

2013-12-10 Donka Minkova This book covers the historical development of the English phonological system from its earliest reconstructed and recorded forms to its most recent variations.

2006-05-02 David Galenson At what stage of their careers do

great artists produce their most important work? In a series of studies that bring new insights and new dimensions to the study of artistic creativity, Galenson's new book examines the careers of more than one hundred modern painters, poets and novelists to reveal a powerful relationship between age and artistic creativity. Analyzing the careers of major literary and artistic figures, such as Cézanne, van Gogh, Dickens, Hemingway and Plath, Galenson highlights the different methods by which artists have made innovations. Pointing to a new and richer history of the modern arts, this book is of interest, not only to humanists and social scientists, but to anyone interested in the nature of human creativity in

general.

1957-09-01 "Children are poets before they grow up and they should live with poems. I hope this book will encourage them to do so."—Eleanor Roosevelt Beloved and treasured for over 60 years, here is the only poetry collection your family needs—brimming with favorite, classic poems carefully selected to inspire young readers. Over 700 classic and modern poems written by poets from William Shakespeare to J. R. R. Tolkien, Emily Dickinson to Langston Hughes, and covering a range of favorite topics—pets, playtime, family, nature, and nonsense—ensure that there's a poem to please every child. A truly

comprehensive collection that is the ideal way of introducing children to the joys of reading poetry. "If your children think they don't like poetry, expose them to this collection . . . and I defy them to resist its magic."—Kirkus "A fine book for parents to read aloud to their children."—Library Journal "This volume stands out for the comprehensiveness of its selection."—The Horn Book

1998-01 William Harmon

2012-04-04 Clarence C. Stowbridge Compact anthology features many of the best works by 59 poets writing in English, among them Edmund Spenser, Christina Rossetti, John Milton, Robert Burns, and William Blake.
