

The Clinton Crack Up The Boy Presidents Life After The White House

The Clinton Crack-Up-R. Emmett Tyrrell 2007-03-18 With his characteristic investigative eye and Menckenesque prose, R. Emmett Tyrrell Jr. sheds new light on Bill Clinton's post-presidential emotional depression, globe trotting and international deal-making, financial ties to China and the United Arab Emirates, ongoing womanizing, vital support role in Hillary Clinton's anticipated run for the White House, and possible role as America's first "First Man."

Summary: The Clinton Crack-Up-BusinessNews Publishing 2017-01-30 The must-read summary of R. Emmett Tyrrell Jr.'s book: "The Clinton Crack-Up: The Boy President's Life After the White House". This complete summary of "The Clinton Crack-Up" by R. Emmett Tyrrell Jr., founder of The American Spectator, presents his examination of Bill Clinton's post-presidential life, from his depression and continued womanizing to his travelling and deal-making and his support for his wife's presidential campaign. Added-value of this summary: • Save time • Understand Bill Clinton's life following his presidency • Expand your knowledge of American politics To learn more, read "The Clinton Crack-Up" and discover the post-presidential life of a man who is still very much at the centre of US politics.

The Best of the American Spectator's The Continuing Crisis-R. Emmett Tyrrell 2009 A compilation of The American Spectator's hilarious monthly column, The Continuing Crisis, as chronicled for four decades by founder and editor-in-chief, R. Emmett Tyrrell, Jr.

Crackup-Samuel L. Popkin 2020-10 Samuel Popkin applies his extensive experience with presidents and presidential campaigns to provide a lively, extensively researched story of the contemporary Republican Party. He shows how reforms intended to take corporate money out of political parties ended up crippling party leadership, rendering them unable to cope with a new political landscape. In their stead, the machinations of billionaires pursuing pet issues and "purity for profit" activists thrived. As Popkin lays bare, party rebels such as Ted Cruz exploited these forces to block immigration and healthcare reform, opening the door for Trump's election.

The Clintons' War on Women-Roger Stone 2015-10-13 "This book on Hillary - really tough." - President Donald Trump Hillary Clinton is running for president as an "advocate of women and girls," but there is another shocking side to her story that has been carefully covered up—until now. This stunning exposé reveals for the first time how Bill and Hillary Clinton systematically abused women and others—sexually, physically, and psychologically—in their scramble for power and wealth. In this groundbreaking book, New York Times bestselling author Roger Stone and researcher and alternative historian Robert Morrow map the arc of Bill and Hillary's crimes and cover-ups. They reveal details about their actions in Arkansas, during Bill Clinton's time in the White House, about who really ordered the deadly attack on the Branch Davidian compound in Waco, during Hillary's tenure as secretary of state, about their time at the Clinton Foundation, and during Hillary's current campaign for president. This is the first book to shed light on the couple's deeply personal violations of the people they crushed in their obsessive quest for power. Along the way, Stone and Morrow reveal the family's darkest secrets, including a Clinton family member's drug rehab treatment that was never reported by the press, Hillary Clinton's unusually close relationship with a top female aide, and a stunning revelation of such impact that it could strip Bill Clinton of his current popularity and derail Hillary's push to be the second Clinton in the White House. Anyone who cares about the future of the United States will want to read this tell-all, exposing the appalling, unvarnished, and ugly truth about the Clintons

Protecting the Presidential Candidates-Mel Ayton 2021-11-30 Protecting the Presidential Candidates is the first book of its kind to examine how presidents and presidential candidates were protected during the presidential election cycles □ from JFK to Biden. It is also the first book of its kind to tell the story of the role of state troopers and private bodyguards in protecting presidential candidates.

Protection for candidates changed and evolved from the free-wheeling style of the 1950s and early 1960s, which afforded presidential candidates little or no protection, to the growth of bodyguard personnel, increased intelligence facilities and state of the art technology employed today to keep the candidates safe. Presidential candidates relish connecting with the public and it has given greater visibility to the bodyguards who are willing to place themselves between a presidential candidate and a would-be attacker. In the milieu in which the Secret Service operates, bodyguards have witnessed the terrors of election campaigns when presidential candidates have waded into crowds to shake hands with their supporters, rode in open-top cars, and made sudden but risky changes to their schedules — oblivious to the fact that in every campaign there have been people stalking candidates with ill intent. Many stories revealed in *Protecting the Presidential Candidates* have remained largely hidden from the public; some buried in newspaper archives and others in oral histories, presidential libraries or official government documents. The author draws on numerous sources, including FBI files, presidential biographies, vice presidential biographies, civilian bodyguard memoirs, Secret Service agent memoirs, White House staff memoirs and more so that these stories can now be told. The book also allows readers to gain an insight into the personal as well as professional relationships between the candidate and the bodyguards who protected them. Some candidates were so trusting of their bodyguards they embraced them as part of an “inner circle” of advisers. Bodyguards have also witnessed embarrassing moments in a candidate’s campaign and how intrusive they have been at the most delicate of moments. “The president’s day is your day,” one agent said. ‘Nobody sees the president the way an agent does.’

After the Hangover-R. Emmett Tyrrell 2010-04-19 Looking for real hope and change? The man Hardball host Chris Matthews calls “the legendary R. Emmett Tyrrell Jr.” has done it again. Tyrrell, author of such tours de force as New York Times bestseller *Boy Clinton: The Political Biography*, *The Liberal Crack-Up*, and *The Conservative Crack-Up*, serves up an insightful and delightful exploration of the past, present, and future of American conservatism, or what he terms, “America’s longest dying political philosophy.” And its future is bright. Tyrrell begins with a sparkling distillation of conservative theory and history, complete with personal anecdotes from his decades in the movement, inspired by its luminaries, bored by its dim bulbs. He explains the nature of the conservative temperament—its “political libido”—and how it plays out in today’s curious political culture; examines the vital role of a true “political culture” and solidarity in opposing the left and then offers a comprehensive agenda for the future of the movement that every political player on both the right and the left will have to read to grapple with in 2010 and 2012. Tyrrell also considers American Liberalism—its excesses, quirks, and near suicidal instinct. Far from offering mere indictment, however, Tyrrell also delivers a unique perspective on Liberalism’s strengths, such as its intramural ecumenism and rare ability to rally around shared causes, explaining how conservatives could learn and profit from the example. It goes without saying that through it all Tyrrell’s famous humor crackles and lifts the spirit. Conservatives looking for perspective on the current scene, a richer understanding of their shared past, and hope for the future will find *After the Hangover* as refreshing as it is restorative. PREVIOUS ACCLAIM “The legendary R. Emmett Tyrrell Jr.” ?CHRIS MATTHEWS “No columnist, no author, has had a greater influence upon the course of American political history over the past decade than that ribald contrarian, R. Emmett Tyrrell Jr. Even the slain giants die laughing.” ?TOM WOLFE “Washington would not be the same without Bob Tyrrell and neither would the American conservative movement. While dilettantes come and go, the relentless and irrepressible Tyrrell is forever.” ?DAILY TELEGRAPH (LONDON) “Tyrrell is the master of a particular form—taking broken shards of silliness, deviance, hypocrisy, crime, and treason, shaping them into Erasmian examples of human folly, and doing so with style and flow.” ?ARAM BAKSHIAN “Tyrrell alerts us to the dangers our political system faces . . . and he does it with the insight, wit, and style that mark him as a great American writer.” ?BOB BARR “R. Emmett Tyrrell Jr. has written a stimulating book which should cause many Americans to rethink positions they have taken in the debates of the past decade.” ?HENRY KISSINGER “For a man I disagree with as much as Emmett Tyrrell . . . I must say that I enjoyed the sheer hell out of his book.” ?NORMAN

Historical Dictionary of the Clinton Era-Richard S. Conley 2012-03-15 The Historical Dictionary of the Clinton Era covers both sides of the Clinton presidency through a chronology, an introductory essay, appendixes, and an extensive bibliography. The dictionary section has over 300 cross-referenced entries on important personalities, including the president, his advisors, his family, his opponents, and his critics, as well as members of Congress, military leaders, and international leaders. This book is a vital access point for students, researchers, and anyone interested in the presidency of Bill Clinton.

Crack-up-James MacGregor Burns 1997-10-01

The Death of Liberalism-R. Emmett Tyrrell 2012-05-07 The grave is dug, the headstone carved, the hearse idling out front. A once-potent political and cultural scourge of our time, Liberalism, is breathing its last—and loudest—breaths. In this provocative postmortem, R. Emmett Tyrrell, Jr. traces the dubious rise and inevitable fall of the deeply flawed Liberal-Progressive movement, which has culminated in the nation's first stealth socialist, President Barack Obama—the unwitting pallbearer for American Liberalism. While exposing this nonsensical worldview, Tyrrell also winsomely reaffirms the timeless values Liberalism has endeavored to undermine: free enterprise, personal liberty, limited government, empiricism, reason, and common sense. Ultimately, Tyrrell welcomes conservatives, moderates, independents, and the heretofore apolitical to step forward at this crucial juncture, and take the final steps necessary to administer Liberalism's last rites. "From Harry Truman to Ed Koch to McGovern, Liberalism has been in decline. With Obama, Liberalism is dead. Now comes Crony Capitalism. This is a hilarious and profound book—especially because Tyrrell sees the value of Fox News and Talk Radio." —Sean Hannity, author of *Conservative Victory*, and radio host of *The Sean Hannity Show* and Fox News Channel's *Hannity*. "R. Emmett Tyrrell . . . chronicles with growing joyfulness the high points of Liberalism's demise until we get to 2010 and Liberalism's lurch into the grave. . . A wonderful read and a fitting send-off to a very dreary ideology." —Mark Levin, host of *The Mark Levin Radio Show* and author of the bestsellers *Liberty and Tyranny* and *Ameritopia* "The Death of Liberalism is a dashing, sharp, well-argued and succinct tract for the times. Mr. Tyrrell is a controversialist of stature, a polemicist of robust energy and a man who knows how to present his case with power and precision." —Paul Johnson, author of *Modern Times*, *Intellectuals*, and *A History of the American People*

The Liberal Crack-up-R. Emmett Tyrrell 1984 Explains the reasons for the decline of liberalism, examines the anti-nuclear, feminist, and peace movements, and discusses liberal policies towards the Third World and the economy

Hillary-David N. Bossie 2008-03-02 It's not a stretch to say that more has been written about Hillary, pro and con, than probably any other living American politician. So in the build-up to the 2008 presidential election, what is not needed is just another book about Candidate Hillary. Fortunately, this exposé is much more—a hybrid product that includes not only cutting-edge reporting, revealing facts and fictions about the junior senator from New York, but does it in a dual book-and-movie format. David N. Bossie, former chief investigator for the US House of Representatives Committee on Government Reform and Oversight, reveals all the must-know details about Hillary's life and career, exposing the truth about her conflicts in the past and her liberal plot for the future. Bossie has previously produced such acclaimed documentaries as *Border War*(www.borderwarmovie.com).

The Political Junkie Handbook-Michael Crane 2004 This easy-to-use book is designed to inform the American public about the political system that influences much of their lives

Public Nuisances: Volume I-R. Emmett Tyrrell Jr. 2015-07-16 R. Emmett Tyrrell Jr. is a nationally syndicated opinion columnist for *Creators Syndicate*. This is a collection of the very best of R. Emmett Tyrrell Jr. from 2014

Defying the Odds-James W. Ceaser 2019-02-11 As they have every four years since 1992, James W. Ceaser and Andrew E. Busch—now joined by John J. Pitney, Jr.—once again provide the most comprehensive and authoritative account of the presidential election.

Pardongate-Mark Hyman 2020-06-30 Bill Clinton's abrupt departure from long-standing precedent

was an astonishing abuse of the Justice Department processes and underscored the shady wheeling and dealing that was common in the Clinton orbit. Bill, Hillary, and brothers Roger Clinton, Hugh Rodham, and Tony Rodham all profited financially or politically from hustling dozens of pardons to some of history's most undeserving recipients. These ranged from worldwide pariah Marc Rich, to a cocaine trafficking kingpin, to murderous terrorists who hadn't even requested executive clemency. A third of the final-day pardons bypassed Justice Department review and went straight to Bill for approval. Dozens of recipients hadn't even filed a petition. In the final hours of Bill Clinton's last day in office, the pardon attorney was frantically preparing paperwork for recipients whose names were misspelled or whose addresses were unknown. It was a free-for-all. The brothers were paid hundreds of thousands of dollars to privately lobby Bill for pardons, some of which never materialized. But the brothers were still paid. Hillary collected political and financial IOUs she later cashed in when she sought political office. For most of his presidency, Bill was one of the stingiest presidents of all time when it came to the awarding official forgiveness to felons, but the pardon floodgates opened when Hillary began her run for the US Senate. It was the selling of pardons for money and influence that launched the Clintons' nearly two-decade pay-for-play scheme—a scheme that not only amassed billions of dollars for the Clinton Foundation and hundreds of millions of dollars for the Clintons, but also catapulted Hillary into a presidential front-runner. Pardongate reveals details of the Clinton machine that will leave even the most informed citizens appalled.

Washington Babylon-Mark Hyman 2019-10-22 Since America's founding, the nation's capital has experienced more than its share of scandals; thankfully, Washington Babylon explores some of the dirtiest secrets that have occurred throughout US history. Some are from the earliest days of America's founding and include the most famous people in history, like George Washington. Others are still fresh in our minds, as the dust has not even settled. In between, US history is littered with scandals from nearly all walks of life that were the most talked-about stories at the time. Many past scandals remain infamous, such as Watergate, Chappaquiddick, and Abscam. Other scandals that were once the biggest stories of the day have faded into obscurity. Washington Babylon reveals new details in some scandals that were not known when the story first broke, offering a whole new perspective for discussion. This is the most comprehensive collection of American scandals that will educate, entertain, shock, and perhaps, even titillate the reader.

Barack Obama-John K. Wilson 2016-01-08 Barack Obama is quickly becoming America's most popular politician, and his run for the presidency has brought huge crowds at home and an unprecedented wave of international attention as well. Much more than a biography, this book is a political tour of Obama's legislative experience as well as his ideas about race, religion, and politics. Political writer John K. Wilson, author of four previous books including a study of Newt Gingrich, explores the reaction Obama has received from the left, the right, and the media. As the first presidential candidate from Generation X, Obama has generated an exciting movement of young people to support his campaign as he defines a new kind of broadly popular progressive politics. As improbable as such a quest may be this fresh new candidate may be just the right one to bridge not only generations but ideologies that often divide. Amid all the hype surrounding Obama, this book provides the first in-depth look at what he believes, what he represents, and how he might transform American politics.

America Moves On-R. Emmett Tyrrell Jr. 2016-08-07 With a voice that is witty, candid and cutting, R. Emmett Tyrrell Jr. bears witness to the formation of new political orders that are rocking the Western world. R. Emmett Tyrrell Jr. is a nationally syndicated opinion columnist for Creators Syndicate. This is a collection of the very best of R. Emmett Tyrrell Jr. from 2014.

Bill Clinton- 2002 Facilitates research on Bill Clinton in one convenient source, providing citations and sources of information on his life, political career and presidency.

Inside the Clinton White House-Russell L. Riley 2016-09-29 "In the decade after Bill Clinton left the White House, scores of his closest aides recorded interviews with the University of Virginia's Presidential Oral History Program. The contents of these interviews are published for the first time in this volume. Based on 400 hours of candid conversations, Inside the Clinton White House adds

color and nuance to our understanding of Bill Clinton and his administration"--

Evangelicals Incorporated-Daniel Vaca 2019 American evangelicalism is big business. It is not, Daniel Vaca argues, just a type of conservative Protestantism that market forces have commodified. Rather evangelicalism is an expressly commercial practice, in which the faithful participate, learn, and develop religious identities by engaging corporations and commercial products.

America-A Purpose-Driven Nation-Sr. Pantana 2007-11 AMERICA-A PURPOSE - DRIVEN NATION ONE NATION UNITED ONE GOD JEHOVAH ONE LAW BIBLICAL Freedom of Religion The founding of America was Providential, not accidental. America was founded on purpose for a purpose-freedom to worship as people please. Christianity is the faith that gave birth to freedom of religion. Because of this spiritual heritage, America is known around the world for freedom the Bill of Rights ensures for all citizens, beginning with religious tolerance. Reversing Current Secular Trends What secularists are doing today is repressive to the First Amendment and offensive to Christians. The secularist agenda to enact "Hate Crimes" laws designed contrary to biblical principles is a destructive form of government opposing the consent of the governed. Ronald Reagan, hero of conservatives, said, "The frustrating thing is that those who are attacking religion claim they are doing it in the name of tolerance. Question: Isn't the real truth that they are intolerant of religion?" Reversing the current trend of secularization in American society involves making two essential changes: (1) quashing the unfriendly secularist war on faith; and (2) overturning activist Courts which limit Judeo-Christian expression in the public arena. Real Problems-Real Solutions This book features a Contract with Conservatives that offers real solutions to the vital issues "we the people" must come to grips with. Like German reformer Martin Luther in October of 1517, Pantana nails 95 theses of conservatism on the false walls, erected by secularists, which separate church from state. History is too filled with examples of this pattern for it to be ignored. The silent majority must let its voice be heard loud and clear at the ballot box in the 2008 election. For more information on the 95 proposals in the Contract with Conservatives visit www.purposedrivennation.com

Unlikeable-Edward Klein 2015-09-28 Unlikeable is the stunning, powerful exposé of Hillary Clinton and her floundering race for the White House. With unprecedented access to longtime associates of the Clintons and the Obamas, investigative reporter Edward Klein meticulously recreates conversations and details of Hillary Clinton's behind-the-scenes plotting in Chappaqua and Whitehaven. Klein, the former editor in chief of New York Times Magazine and a contributing editor to Vanity Fair, draws a deeply troubling portrait of Hillary Rodham Clinton, a highly unlikeable presidential candidate and a woman more associated with scandal than with accomplishments, with lying than with truth, with arrogance than with compassion.

The Conservative Crack-up-R. Emmett Tyrrell 1992 Mixing memoir with analysis, an irreverent conservative shows why recent Republican domination of the White House has not resulted in a political community and a vital philosophy. By the author of The Liberal Crack-Up. 20,000 first printing. National ad/promo.

A Crack-up at the Race Riots-Harmony Korine 1998 With an eye to the absurd and hypocritical, the author presents a postmodern collage of half-remembered scenes, dialogue fragments, rumors, and movie ideas

Liberty Means Freedom for All-Steven H. Propp 2012-11-01 Thomas Anderson has just graduated from CSU Stentoria, with his degree in Political Science. It's an election year, and as a young progressive in California who has been raised by equally progressive parents, he is very much concerned with the political issues currently being discussed in the mass media. A chance encounter with a fellow graduate named Kelly Kelso, however, shakes up his settled view of the world. He is challenged to examine the rising number of alternatives to the two-party system presented by third party movements such as the Libertarian Party and the Green Party, and is forced to acknowledge that there is far more to politics than simply Democrat versus Republican, and liberal versus conservative. Thomas delves energetically into not only the growing Libertarian movement, but the free market perspective of the Austrian School of economics, as well as the rigid yet compelling view of Ayn Rand's philosophy of Objectivism. His explorations grow wider, now encompassing the Tea

Party movement and the Christian Right; tax resisters and gun rights advocates; survivalists and militia members; anarchists, communists, and Democratic Socialists; as well as the Occupy Wall Street movement. He debates the radical environmental views of animal welfare and animal rights advocates, and challenges opponents of corporate globalism as well as deniers of global warming, as he struggles to reformulate and articulate his own developing beliefs, while coping with a sea of conflicting ideas and opposition. But this abstract political theory is brought into sharp encounter with concrete political reality, when Thomas hears a news report of an armed conflict with authorities taking place just outside of town, involving someone with whom he has become emotionally involved

Boy Clinton-R. Emmett Tyrrell, Jr. 2015-07-07 A book to challenge the status quo, spark a debate, and get people talking about the issues and questions we face as a country!

Reporting from Washington-Donald A. Ritchie 2005-03-15 Donald Ritchie offers a vibrant chronicle of news coverage in our nation's capital, from the early days of radio and print reporting and the heyday of the wire services to the brave new world of the Internet. Beginning with 1932, when a newly elected FDR energized the sleepy capital, Ritchie highlights the dramatic changes in journalism that have occurred in the last seven decades. We meet legendary columnists--including Walter Lippmann, Joseph Alsop, and Drew Pearson --as well as the great investigative reporters, from Paul Y. Anderson to the two green Washington Post reporters who launched the political story of the decade--Woodward and Bernstein. We read of the rise of radio news--fought tooth and nail by the print barons--and of such pioneers as Edward R. Murrow, H. V. Kaltenborn, and Elmer Davis. Ritchie also offers a vivid history of TV news, from the early days of Meet the Press, to Huntley and Brinkley and Walter Cronkite, to the cable revolution led by C-SPAN and CNN. In addition, he compares political news on the Internet to the alternative press of the '60s and '70s; describes how black reporters slowly broke into the white press corps (helped mightily by FDR's White House); discusses path-breaking woman reporters such as Sarah McClendon and Helen Thomas, and much more. From Walter Winchell to Matt Drudge, the people who cover Washington politics are among the most colorful and influential in American news. Reporting from Washington offers an unforgettable portrait of these figures as well as of the dramatic changes in American journalism in the twentieth century.

Stand Up Fight Back-E.J. Dionne 2004-06-02 One of our most visible, trenchant, and witty political commentators, the author of the bestselling *Why Americans Hate Politics*, offers a tough critique of President George W. Bush and the Democratic opposition on the eve of a landmark presidential election -- and points to a way out of cynicism and defeatism. With passion, clarity, and humor, E. J. Dionne describes today's political atmosphere as the bitterest he can remember. Never have Democrats been as frustrated by their inability to move the debate. The party of Roosevelt, Kennedy, and Clinton, Dionne says, is lost in pointless feuds, outdated strategies, and old arguments. Democrats have lost track of what they stand for so they don't know what they're fighting for and besides, they've forgotten how to fight back. In describing how Democrats, moderates, and liberals have failed to match Republicans and conservatives in commitment, resourcefulness, and clarity, Dionne invents what is likely to become a popular parlor game among the politically committed. In "The Wrong Stuff," he lists ten futile arguments -- big versus small government, for example -- that Democrats keep having with themselves. "The Right Stuff" focuses on ten arguments they should start making about taxes, business, and the role of government. Dionne zeroes in on how a floundering Bush administration used September 11 to politicize national security issues for partisan advantage. Enraged but intimidated by ruthless opponents, the Democratic party failed to find its voice on security issues and was soundly beaten in 2002. Drawing on some lessons from the 2004 primary campaigns, Dionne argues that anger and frustration have in fact awakened progressives to the need for innovation in organizing, in approaching an increasingly conservative media, and in formulating politically useful and plainly stated ideas. Learning from the conservative movement's successes, liberals have begun the work of reconstruction. The politics of revenge, Dionne argues persuasively, can give way to something better: a progressive patriotism built on hope and optimism

about America's role in the world and its capacity to renew social justice at home.

Campaign Finance-Robert E. Mutch 2016-08-01 In 2015, well over half of the money contributed to the presidential race came from roughly 350 families. The 100 biggest donors gave as much as 2 million small donors combined. Can we still say we live in a democracy if a few hundred rich families provide a disproportionate shares of campaign funds? Congress and the courts are divided on that question, with conservatives saying yes and liberals saying no. The debate is about the most fundamental of political questions: how we define democracy and how we want our democracy to work. The debate may ultimately be about political theory, but in practice it is conducted in terms of laws, regulations, and court decisions about super PACs, 527s, 501(c)(4)s, dark money, small donors, public funding, corporate contributions, the Federal Election Commission, and the IRS. Campaign Finance: What Everyone Needs to Know® explains those laws, regulations, and Supreme Court decisions, from Buckley v. Valeo to Citizens United, asking how they fit into the larger discussion about how we want our democracy to work.

The Impeachment of William Jefferson Clinton-R. Emmett Tyrrell, Jr. 1997-10-01 Dramatizes the chain of events that would lead to hearings based on seven articles of impeachment against President Clinton

After the Hangover-R. Emmett Tyrrell 2010-04-19 Looking for real hope and change? The man Hardball host Chris Matthews calls “the legendary R. Emmett Tyrrell Jr.” has done it again. Tyrrell, author of such tours de force as New York Times bestseller Boy Clinton: The Political Biography, The Liberal Crack-Up, and The Conservative Crack-Up, serves up an insightful and delightful exploration of the past, present, and future of American conservatism, or what he terms, “America’s longest dying political philosophy.” And its future is bright. Tyrrell begins with a sparkling distillation of conservative theory and history, complete with personal anecdotes from his decades in the movement, inspired by its luminaries, bored by its dim bulbs. He explains the nature of the conservative temperament—its “political libido”—and how it plays out in today’s curious political culture; examines the vital role of a true “political culture” and solidarity in opposing the left and then offers a comprehensive agenda for the future of the movement that every political player on both the right and the left will have to read to grapple with in 2010 and 2012. Tyrrell also considers American Liberalism—its excesses, quirks, and near suicidal instinct. Far from offering mere indictment, however, Tyrrell also delivers a unique perspective on Liberalism’s strengths, such as its intramural ecumenism and rare ability to rally around shared causes, explaining how conservatives could learn and profit from the example. It goes without saying that through it all Tyrrell’s famous humor crackles and lifts the spirit. Bill Clinton on Stump, State, and Stage-Stephen A. Smith 1994-01-01 Outstanding scholars of political communication examine President Clinton's campaign--his words, texts, and the dynamics of his ability to inspire the public as "the man from Hope."

The Once and Future Liberal-Lilla 2018-04-19 For nearly forty years, Ronald Reagan's vision—small government, lower taxes, and self-reliant individualism—has remained America's dominant political ideology. The Democratic Party has offered no truly convincing competing vision. Instead, American liberalism has fallen under the spell of identity politics. Mark Lilla argues with acerbic wit that liberals, originally driven by a sincere desire to protect the most vulnerable Americans, have now unwittingly invested their energies in social movements rather than winning elections. This abandonment of political priorities has had dire consequences. But, with the Republican Party led by an unpredictable demagogue and in ideological disarray, Lilla believes liberals now have an opportunity to turn from the divisive politics of identity, and offer positive ideas for a shared future. A fiercely-argued, no-nonsense book, *The Once and Future Liberal* is essential reading for our momentous times.

The Limbaugh Letter- 2007

The Presidency and Economic Policy-Chris J. Dolan 2008 The Presidency and the Economic Policy offers an update on how economic issues have developed and evolved since the first version of the book was published in 1994. This book addresses the extent to which the president influences the domestic and global economy, manages and coordinates the economic policymaking process, and determines various economic issues on the national public policy agenda.

Game Of Thorns-Doug Wead 2017-02-28 Enter Hillary Clinton: a seasoned politician with a slick PR team and the majority of the world's media behind her. Now enter Donald Trump: a brash reality TV star with a penchant for aggressive outbursts on Twitter. Even if these aren't the most obvious ingredients for a presidential race, surely the outcome is a given? Yet, in one of the most incredible upsets in modern political history, Donald Trump defied the odds and emerged triumphant, leaving his opponent - and the rest of the world - reeling from her shock defeat. But where did it all go so wrong for Clinton? In *Game of Thorns*, White House insider and renowned political commentator Doug Wead cuts to the beating heart of the campaign trail. He navigates us through scandal after scandal, even the gravest of which proved powerless to shake Trump's ardent support; explores the media's inability to save Clinton's sinking ship; and explains how even Hillary's staggering campaign spending was still no match for "the Donald". Here, for the first time, is the full story of Donald Trump's astonishing rise to power.

The Postmodern Presidency-Steven E. Schier As America's first truly postmodern president, Bill Clinton experienced both great highs and stunning lows in office that will shape the future course of American politics. Clinton will forever be remembered as the first elected president to be impeached, but will his tarnished legacy have lasting effects on America's political system? Including the conflict in Kosovo, the World Trade Organization meeting in Seattle, and new developments in the 2000 presidential campaign, *The Postmodern Presidency* is the most comprehensive and current assessment of Bill Clinton's presidency available in print. The book examines Clinton's role in redefining the institution of the presidency, and his affect on future presidents' economic and foreign policies. The contributors highlight the president's unprecedented courtship of public opinion; how polls affected policy; how the president gained "celebrity" status; how Clinton's "postmodern" style of public presidency helped him survive the 1994 elections and impeachment; and how all of this might impact future presidents. This new text also demonstrates how the Clinton presidency changed party politics in the public and in Congress, with long-term implications and costs to both Republicans and his own Democratic party, while analyzing Clinton's effect on the 1990s "culture wars," the politics and importance of gender, and the politics and policy of race.

A Complicated Man-Michael Takiff 2010-10-19 "An astonishing collection of 171 interviews with Clinton's friends, foes, admirers, and detractors as well as reporters and political analysts."—Booklist (starred review). Though Bill Clinton has been out of office since 2001, public fascination with him continues unabated. Many books about Clinton have been published in recent years, but shockingly, no single-volume biography covers the full scope of Clinton's life from the cradle to the present day, not even Clinton's own account, *My Life*. More troubling still, books on Clinton have tended to be highly polarized, casting the former president in an overly positive or

negative light. In this, the first complete oral history of Clinton's life, historian Michael Takiff presents the first truly balanced book on one of our nation's most controversial and fascinating presidents. Through more than 150 chronologically arranged interviews with key figures—including Bob Dole, James Carville, and Tom Brokaw, among many others—*A Complicated Man* goes far beyond the well-worn party-line territory to capture the larger-than-life essence of Clinton the man. With the tremendous attention given to the Lewinsky scandal, it is easy to overlook the president's humble upbringing, as well as his many achievements at home and abroad: the longest economic boom in American history, a balanced budget, successful intervention in the Balkans, and a series of landmark, if controversial, free-trade agreements. Through the candid recollections of Takiff's many subjects, *A Complicated Man* leaves no area unexplored, revealing the most complete and unexpected portrait of our forty-second president published to date. "Packed with fascinating personal perspective and testimony."—Nigel Hamilton, bestselling and award-winning author of *American Caesars*
