2013-01-01 Martin Thielen Pastor and author Martin Thielen has compiled a list of ten things people need to believe, and ten things they don't, in order to be a Christian. This lively and engaging book will be a help to seekers as well as a comfort to believers who may find themselves questioning some of the assumptions they grew up with. With an accessible, storytelling style that's grounded in solid biblical scholarship, Thielen shows how Christians don't need to believe that sinners will be "left behind" to burn in hell or that it's heresy to believe in evolution. And while we must always take the Bible seriously, we don't

always have to take it literally. At the same time, Christians do need to believe in Jesus--his life, his teachings, his death and resurrection, and his vision for the world. A great benefit of those beliefs is that they provide promising answers to life's most profound questions, including: Where is God? What matters most? What brings fulfillment? What about suffering? Is there hope? Thielen articulates centrist, mainline Christianity in a way that's fresh and easy to understand, and offers authentic Christian insights that speak to our deepest needs. This new edition includes a leader's guide, previously only available online, and a new introduction from the author that reflects on the book's reception. The leader's guide features unique and easily implemented aids for carrying out a seven-week, congregation-wide initiative that will help local churches reach out to their communities. 2004-08 John Schwarz This is a unique one-volume overview of the Bible, church history, Christian beliefs, and more. A revised edition of the Compact Guide to the Christian Faith.

2017-12-06 Stephen Cottrell This short booklet provides a contemporary summary of the essentials of the Christian faith for enquirers, new Christians and baptism and confirmation candidates. Written by the authors of the popular Pilgrim course, it follows the pattern of one of the most ancient teaching traditions of

the Church: catechism. Originally a form of baptism preparation in the early Church, it explores Christian belief through a series of questions and answers – the way that Christians across the centuries have learned and taken to heart the core truths of Christianity. The Pilgrim Catechism complements the Pilgrim course in discipleship and acts as a summary for key questions that it explores, such as: • What is the faith of the church? • How do you become a Christian? • What is worship? • What is baptism? • How did Jesus teach his disciples to pray? • What is a sacrament? • How can we trust the Bible? • What is the hope in which we live? Scripture quotes and texts such as the Creed provide many of the responses and throughout, disciples are challenged to work out their beliefs in their daily lives.

2015-02-10 Robert W. Wall This compact, one-semester introduction to the Bible prepares students to begin reading the biblical text as Christian Scripture, focusing on the meaning of Scripture for the church. The editors and contributors—experienced teachers with expertise in different parts of the Bible—orient students to the whole of Scripture so that they may read the biblical text for themselves. The book first explains what Christians believe about Scripture and gives a bird's-eye survey of the whole biblical story. Chapters then introduce the story, arrangement, style, and key ideas of each division of the Old and New

Testament, helping readers see how the books of the Bible make a coherent whole.

2018-01-02 David R. Nienhuis The New Testament came together, and comes to us, not as a randomly sorted set of individual books but as a definitely shaped and ordered whole. This concise, theological introduction to the New Testament sheds light on the interpretive significance of the canon's structure and sequence and articulates how the final shape of the canon is formative for Christian discipleship. Providing an essential overview often missing from New Testament books and courses, this book will serve as an accessible supplement to any New Testament or Bible introduction textbook.

2013-07-15 Ken Erisman The greatest challenge for the twenty-first-century church is the lack of catechesis—training in biblical and doctrinal knowledge. As J. I. Packer states, "where wise catechesis has flourished the church has flourished, and where it has been neglected the church has floundered." It is increasingly apparent that we are raising up generations of Christians who often have little idea what they should believe and why they should believe it. Grounded in the Faith takes up that challenge with twenty-four low-prep, in-depth sessions that will ground believers in the basics of their faith. This new innovative guide is a transformational disciple-making tool that leaders can immediately use to activate

discipleship in the church. It presents individuals, small groups, and Sunday school classes with a cohesive understanding of historic, sound, biblical theology that serves as a catalyst for deeper intimacy with Christ. It is a user-friendly guide to growth in the Christian faith that covers important topics such as justification, overcoming temptation, sanctification, evidence for the inspiration of the Bible, the value of prayer, the guidance of God, the Trinity, the uniqueness of Christ, and the attributes of God.

2007 Keith Ward A systematic guide to the Christian faith, taking a broad sweep from the big bang through the Old Testament to the New and beyond into the history of the faith and modern theological thinking. The hard questions posed by the Church's history are not ducked and the challenges of the enlightenment and modern science are given full weight. The book explores contemporary strands of Christian thinking and relates them sensitively and intelligently to world faith and non-faith viewpoints. It is a book that many thinking Christians and those thinking about Christianity will find invaluable in its rigorous, open and intelligent approach invaluable.

1989-03 Karen Lee-Thorp Today in America, half of the people won't or don't read that much. Begin creatively transforming the lives of this generation by using first-century methods of teaching—storytelling, drama, and dialog.

The "TruthSticks" strategy is a revolutionary approach using the DNA of the first century discipling that will: · Use Bible Storying to effectively make disciples at all levels · Unite families by using fun methods to disciple children · Revitalize small groups · Develop a discipling church A creative tool to use in leadership, evangelism, or missionary work.

1999 John Edward Schwarz This book attempt to answer these questions: What is the Bible all about? What does the Old Testament have to do with the New? Why are their four Gospels rather than one? How does Christianity differ from other world religions and from the Mormons and other cults and from the New Age movement? And what does it mean to be a Christian and to live Christianity? The first half has to do with the story and message of the Bible, the Old Testament, the life and ministry of Jesus, the Gospel testimonies to Jesus, and the Pauline and General Letters and the book of Revelation. The second half has to do with the history of Christianity, Christian doctrines and beliefs, other religions and beliefs, apologetics and the Christian worldview, growing in and sharing Christ, and some guidelines for Christian living.

1990 J. Edward Barrett This second edition of Faith in Focus is a response to appreciative criticism of the first edition (1981) that came from a broad, even international, range of readers, and from more than 600 students in the author's classes during the past eight years. There has been some expansion and condensation of the text, especially regarding Christian experience, in an effort to further explain and clarify. This edition includes, at the

conclusion of each chapter, a section titled "Poetry, Prayer, And PraiseóPassages for Meditation." These are an attempt to suggest, by means other than academic analysis, how the subject matter of theology finally transcends the limits of scholarly language. A study guide is included at the end of the book to help readers think through the content of each chapter. In this edition the author continues to use the Revised Standard Version of the Bible for quotations but has edited in some cases as to eliminate gender preferential language. ^BContents God's Good Creation; Jesus' Double Significance; God's Spirit and Human Sin; The Spirit in the Church; Hope for and Beyond the World; and PostscriptóThe Bible and Theology; Index.
