Reading Jewish Religious Texts-Eliezer Segal 2012-02-07 Reading Jewish Religious Texts introduces students to a range of significant post-biblical Jewish writing. It covers diverse genres such as prayer and liturgical poetry, biblical interpretation, religious law, philosophy, mysticism and works of ethical instruction. Each text is newly translated into English and accompanied by a detailed explanation to help clarify the concepts and arguments. The commentary also situates the work within its broader historical and ideological context, giving readers an enhanced appreciation of its place in the Jewish religious experience. This volume includes a comprehensive timeline, glossary and bibliography.

Orthodox by Design-Jeremy Stolow 2010-04-28 Orthodox by Design, a groundbreaking exploration of religion and media, examines ArtScroll, the world's largest Orthodox Jewish publishing house, purveyor of handsomely designed editions of sacred texts and a major cultural force in contemporary Jewish public life. In the first in-depth study of the ArtScroll revolution, Jeremy Stolow traces the ubiquity of ArtScroll books in local retail markets, synagogues, libraries, and the lives of ordinary users. Synthesizing field research conducted in three local Jewish scenes where ArtScroll books have had an impact—Toronto, London, and New York—along with close readings of key ArtScroll texts, promotional materials, and the Jewish blogosphere, he shows how the use of these books reflects a broader cultural shift in the authority and public influence of Orthodox Judaism. Playing with the concept of design, Stolow's study also outlines a fresh theoretical approach to print culture and illuminates how evolving technologies, material forms, and styles of mediated communication contribute to new patterns of religious identification, practice, and power.

Finalist for the National Jewish Book Award in the scholarship category, Jewish Book Council

Doing Jewish Theology-Neil Gillman 2010-08 With clarity and passion, award-winning teacher, author and theologian Neil Gillman captures the power of Jewish theological claims and reveals extraordinary insights into Jewish identity, the purpose of religion and our relationship with God.

Jewish Ritual-Kerry M. Olitzky 2005 Two rabbis explore the historical meaning and contemporary use of ten Jewish rituals, including observing the

Sabbath, keeping kosher, studying torah, prayers, and blessings. Original.

Psalms in Community-Harold W. Attridge 2004-01 The Psalms, initially shaped by the experience of Israel, have expressed religious impulses of both Jews and Christians across the centuries. Essays from a spectrum of disciplines demonstrate how the Psalms have functioned over time in these communities of conviction.

Religion, Media, and the Public Sphere-Birgit Meyer 2005-12-01 "... one of those rare edited volumes that advances social thought as it provides substantive religious and media ethnography that is good to think with." -- Dale Eickelman, Dartmouth College Increasingly, Pentecostal, Buddhist, Muslim, Jewish, Hindu, and indigenous movements all over the world make use of a great variety of modern mass media, both print and electronic. Through religious booklets, radio broadcasts, cassette tapes, television talk-shows, soap operas, and documentary film these movements address multiple publics and offer alternative forms of belonging, often in competition with the postcolonial nation-state. How have new practices of religious mediation transformed the public sphere? How has the adoption of new media impinged on religious experiences and notions of religious authority? Has neo-liberalism engendered a blurring of the boundaries between religion and entertainment? The vivid essays in this interdisciplinary volume combine rich empirical detail with theoretical reflection, offering new perspectives on a variety of media, genres, and religions.

The Music and Dance of the World's Religions-Ezra Gardner Rust 1996 The first of its kind, this book contains 3,816 references to the music and dance of the world's religions, large and small, tribal, regional, and global.

Jewish Resistance Against the Nazis-Patrick Henry 2014-04-20 This volume puts to rest the myth that the Jews went passively to the slaughter like sheep. Indeed Jews resisted in every Nazi-occupied country - in the forests, the ghettos, and the concentration camps. The essays presented here consider Jewish resistance to be resistance by Jewish persons in specifically Jewish groups, or by Jewish persons working within non-Jewish organizations. Resistance could be armed revolt; flight; the rescue of targeted individuals by concealment in non-Jewish homes, farms, and institutions; or by the smuggling of Jews into countries where Jews were not objects of Nazi persecution. Other forms of resistance include every act that Jewish people carried out to fight against the dehumanizing agenda of the Nazis - acts such as smuggling food, clothing, and medicine into the ghettos, putting on plays, reading poetry, organizing orchestras and art exhibits, forming schools, leaving diaries, and praying. These attempts to remain physically, intellectually, culturally, morally, and theologically alive constituted resistance to Nazi oppression, which was designed to demolish individuals, destroy their soul, and obliterate their desire to live.

Remembering the Future-Emma O'Donnell 2015-12-07 Common to both Judaism and Christianity is a heightened engagement with time within liturgical practice, in which collective religious memory and anticipation come together to create a unique sense of time. Exploring the nebulous realms of religious experience and the sense of time, Remembering the Future charts the ways that the experience of time is shaped by the traditions of Judaism and Christianity and experienced within their ritual practices. Through comparative explorations of traditional Jewish and Christian understandings of time, contemporary oral testimonies, and discussions of the work of select twentieth-century Jewish and Christian thinkers, this book maps the temporal landscapes of the religious imagination. Maintaining that the sense of time is integral to Jewish and Christian religious experience, Remembering the Future makes a notable contribution to interreligious studies and liturgical studies. It sheds light on essential aspects of religious experience and finds that the intimacy of the experience of time grants it the capacity to communicate across religious boundaries, subtly transgressing obstacles to interreligious understanding.

Coming of Age in Jewish America-Patricia Keer Munro 2016-05 The Jewish practice of bar mitzvah dates back to the twelfth century, but this ancient cultural ritual has changed radically since then, evolving with the times and adapting to local conditions. For many Jewish-American families, a

child's bar mitzvah or bat mitzvah is both a major social event and a symbolic means of asserting the family's ongoing connection to the core values of Judaism. Coming of Age in Jewish America takes an inside look at bar and bat mitzvahs in the twenty-first century, examining how the practices have continued to morph and exploring how they serve as a sometimes shaky bridge between the values of contemporary American culture and Judaic tradition. Interviewing over 200 individuals involved in bar and bat mitzvah ceremonies, from family members to religious educators to rabbis, Patricia Keer Munro presents a candid portrait of the conflicts that often emerge and the negotiations that ensue. In the course of her study, she charts how this ritual is rife with contradictions; it is a private family event and a public community activity, and for the child, it is both an educational process and a high-stakes performance. Through detailed observations of Conservative, Orthodox, Reform, and independent congregations in the San Francisco Bay Area, Munro draws intriguing, broad-reaching conclusions about both the current state and likely future of American Judaism. In the process, she shows not only how American Jews have forged a unique set of bar and bat mitzvah practices, but also how these rituals continue to shape a distinctive Jewish-American identity.

Chronicles Through the Centuries-Blair A. French 2020-06-30 Offers a history of the interpretation of Chronicles in theology, worship, music, literature and art from the ancient period to the present day, demonstrating its foundational importance within the Old Testament Explores important differences between the same topics and stories that occur in Chronicles and other biblical books such as Genesis and Kings, including the pious depiction of David, the clear correlation between moral behavior and divine reward, and the elevation of music in worship Examines the reception of Chronicles among its interpreters, including rabbis of the Talmud, Jerome, Martin Luther, Johann Sebastian Bach, Cotton Mather, and others, Features broad yet comprehensive coverage that considers Jewish and Christian, ancient and modern, and secular and pop cultural interpretations Organizes discussions by verse to illuminate each one's changing meaning across the ages

Women Writers of Yiddish Literature-Rosemary Horowitz 2015-10-14 Taking stock of Yiddish literature in 1939, critic Shmuel Niger highlighted the increasing number and importance of women writers. However, awareness of women Yiddish writers diminished over the years. Today, a modest body of novels, short stories, poems and essays by Yiddish women may be found in English translation online and in print, and little in the way of literary history and criticism is available. This collection of critical essays is the first dedicated to the works of Yiddish women writers, introducing them to a new audience of English-speaking scholars and readers.

Jewish Passages-Harvey E. Goldberg 2003-10-17 "Goldberg's breadth of knowledge is particularly impressive. Here is a scholar who has read everything, and has produced a rich, first-rate book that is both comprehensive and accessible, making Jewish customs meaningful even to non-specialists. A scholarly achievement that is also a great bar-mitzvah gift, with tremendous value for anyone in Jewish Studies including rabbis and members of synagogue study groups."—Jack Kugelmass, Irving and Miriam Lowe Professor and Director, Jewish Studies Program at Arizona State University "Sweeping in its reach and richly informative in its details. Jewish Passages offers a treasury of wonderfully interesting information. This is a work that will not be lost. " Samuel C. Heilman, author of When a Jew Dies

The Restless Compendium-Felicity Callard 2016-09-27 This book is open access under a CC BY license. This interdisciplinary book contains 22 essays and interventions on rest and restlessness, silence and noise, relaxation and work. It draws together approaches from artists, literary scholars, psychologists, activists, historians, geographers and sociologists who challenge assumptions about how rest operates across mind, bodies, and practices. Rest's presence or absence affects everyone. Nevertheless, defining rest is problematic: both its meaning and what it feels like are affected by many socio-political, economic and cultural factors. The authors open up unexplored corners and experimental pathways into this complex topic, with contributions ranging from investigations of daydreaming and mindwandering, through histories of therapeutic relaxation and laziness, and

creative-critical pieces on lullabies and the Sabbath, to experimental methods to measure aircraft noise and track somatic vigilance in urban space. The essays are grouped by scale of enquiry, into mind, body and practice, allowing readers to draw new connections across apparently distinct phenomena. The book will be of interest to students and scholars across a range of disciplines in the social sciences, life sciences, arts and humanities.

The Jew Named Jesus-Rebekah Simon-Peter 2013 Author Rebekah Simon-Peter says "Jesus was born a Jew, raised a Jew, lived a Jew, died a Jew, and resurrected a Jew. He was no backsliding Jew, but an observant Jew. He honored and observed the Sabbath and the Jewish holidays. But most of all, he honored and observed the Torah, the Hebrew Bible, or what we call the Old Testament. How could he do anything but love his own people? I believe it's important for the church to own that and to claim it proudly. Jesus was Jewish--through and through. Why is that important? I believe how we see, name, and claim Jesus has everything to do with how we see, name, and claim each other." Simon-Peter, an ordained elder in The United Methodist Church, was born and raised a Jew, first Reform, then later Orthodox. She challenges Christians to rethink Jesus' identity as a Jew, and in the process, to consider ways traditional Christian theology has contributed to anti-Semitism. How can we continue to heal the breaches between Jews and Christians? How can the biblical texts enrich our understanding of Jesus as a practicing Jew? How can our Christian faith deepen and grow as we consider ways to respect Jesus' identity as a faithful Jew?

Ritual and Ethnic Identity-Jack N. Lightstone 2006-01-01 In this innovative and comprehensive collection of essays Jack Lightstone and Frederick Bird document and interpret ritual practice among contemporary Canadian Jews. They particularly focus on the character and meaning of the public performance of the Sabbath liturgy in six urban Canadian synagogues, ranging from Orthodox to Reform, and from large congregations to a small house synagogue-yeshiva (rabbinic academy). Their examination of synagogue ritual is complemented with accounts of the ritual life of contemporary Canadian Jews outside the synagogue — amongst their families, within their homes and beyond. In contrast with other studies of Jewish observance, Lightstone and Bird document not simply which rituals are practised and how often; rather they stress the meaning, including the social meaning, of these rituals and treat them as complex symbolic systems. Their multidisciplinary approach together with their openness to include a wide variety of phenomena in their study (for example, the organization of the physical setting of the Sabbath, dress codes and patterns of greeting and handshaking) place this work at the very forefront of current research. Ritual and Ethnic Identity will be of great value to historians and sociologists of religion, anthropologists and all those concerned with religion, ritual and Canadian Jewish and ethnic studies.

Jewish Art in America-Matthew Baigell 2007 In this first book-length study of Jewish art in America, Matthew Baigell explores works from the early settlers of America to the present. It concentrates on exploring and examining Jewish subject matter employed by artists as they illustrated aspects of their religious and ethnic heritage and as they responded to major events over the decades, including the Great Migration, the Great Depression, the Holocaust, and the founding of the State of Israel, as well as the dispersal of Jewish artists around the country and the rise of feminism and spiritualism in the late-twentieth century. Subjects include genre scenes of 'the Jewish street,' religious and spiritual themes derived from the Bible and the Kabbalah, and images that record the artists' participation in and witnessing of major events in their lifetimes. The author also considers the often asked questions: Is there a Jewish art? and, Is there a single Jewish Experience?

Discovering Jewish Music-Marsha Bryan Edelman 2007-03-01

□□□□ □□□-Nosson Scherman 1987 A Prayer book for our times, it speaks to today's Jew, relating the thoughts and words of our heritage to the mind and heart of modern, sophisticated Jews.

The Seforim Newsletter- 1985

Were Our Mouths Filled With Song-Eric L. Friedland 1997-11-01 Since the period in which the Jewish liturgy was standardized, there has hardly been a time when it was not somehow in a state of flux. Eric L. Friedland explores the countless ways that the Siddur, Mahzor, and Haggadah have been adjusted, amplified, or transformed so as to faithfully mirror modern Jews' understanding of themselves, their place in society, and their sancta. In the tradition of liturgologists such as Elbogen, Idelsohn, and Petuchowski, Friedland focuses on latter-day adaptations of the prayerbook, giving proper recognition to the recent concern for intellectual integrity, cultural congruity, group and individual self-redefinition, and honest speech in Jewish prayer. The prayerbooks themselves are witnesses to innovation in the Jewish liturgy. From David Einhorn's Olath Tamid (Baltimore 1855), to Isaac Mayer Wise's Minhag Amerika (Cincinnati 1857) and Marcus Jastrow's 1873 revision of Benjamin Szold's Abodath Israel (Baltimore 1864), Friedland analyzes evidence of creativity in British and American Reform Jewish liturgy. Various rites for the Days of Awe provide a particularly accurate glimpse of how Jewish communities here and abroad experience the sacred, consider eternal mysteries, and communicate with God. Friedland also sets the Reform Gates of Prayer in historical and denominational perspective by considering it alongside the Reconstructionist Kol Haneshamah, and the Israeli Progressive HaAvodah shebaLev. The state and direction of liturgical change emerges from a survey of commonalities and divergences in nineteenth- and twentieth-century prayerbooks in terms of Sephardic and mystical influences, attitudes toward the messianic hope, and collective sentiments of forgiveness or vengeance toward Israel's enemies. Liturgical approaches to the commemoration of the Ninth of Av suggest that even an ancient fast day can recover relevance, credibility, and authenticity for Liberal Jews in the postmodern era.

Hosea: A Textual Commentary-Mayer I. Gruber 2017-07-27 Mayer I. Gruber provides a new commentary on and translation of Hosea. Building upon his work that debunked the myth of sacred prostitution, Gruber now goes on to show that the book of Hosea repeatedly advocates a single standard of marital fidelity for men and women and teaches cheated women to fight back. Gruber employs the latest and most precise findings of lexicography and poetics to solve the difficulties of the text and to determine both how Hosea can be read and what this means. The translation differs from classical and recent renderings in eliminating forms and expressions, which are neither modern English nor ancient Hebrew. Referring to places, events, and material reality of the 9th and 8th centuries BCE, Gruber uncovers the abiding messages of the heretofore obscure book of Hosea. As in previous studies, Gruber employs the insights of behavioral sciences to uncover forgotten meanings of numerous allusions, idioms, similes, and metaphors. Judicious use is made also of textual history, reception history, and personal voice criticism. One of the least biblical books now speaks more clearly to present and future audiences than it did to many previous audiences.

Mystery of Black Fire, White Fire-Bruce Friedman 2016-05-17 Faith forms the foundation of both science and religion. In Mystery of Black Fire, White Fire, author Bruce Friedman uses this thought as a springboard for a discussion of the commonalities existing between these two realms, particularly with regard to cosmology and the origins of the universe. Mystery of Black Fire, White Fire provides a contemplation of the Creation and begins by offering an understanding of the basic principles of both Judaism and science. The mysticism of kabbalah with its inclusion of creation from nothing among its other features is found to grapple with issues that science could only start to properly address in the twentieth century. Combining the tools and knowledge of science with those of Judaism, Friedman shows that new avenues of thought and revelation can be found. But he also communicates that with all of the resources of science and religion available to humanity, the resolution of the basic mystery of creation, with which kabbalah concerns itself, remains elusive. Praise for Mystery of Black Fire, White Fire What has Athens to do with Jerusalem? a writer of antiquity

famously asked. Or as we might put it today, what has modern science to do with the Torah? This fascinating and erudite book, combining great scientific and theological sophistication, gives us the answer. Stephen M. Barr, physics professor at the University of Delaware and author of *Modern Physics and Ancient Faith*

*The Redemption*-Stephen T. Davis 2004-10-21 This interdisciplinary study follows an international and ecumenical meeting of twenty-one scholars held in New York at Easter 2003: the Redemption Summit. After an opening chapter, which explores seven central questions for writers on redemption, five chapters are dedicated to the scriptural roots of the doctrine. A section on the patristic and medieval periods then examines the interpretation of redemption through the centuries. The volume moves on to foundational and systematic issues: the problem of horrendous evil, karma and grace, and differing views on justification. Studies on the redemption in literature, art, music, and preaching form the final part. There is a fruitful dialogue between experts in a wide range of areas and the international reputation of the participants reflects and guarantees the high quality of this joint work. The result is a well researched, skilfully argued, and, at times, provocative volume on the central Christian belief: the redemption of human beings through Jesus Christ.

*Edmond Jabes and the Hazard of Exile*-Steven Jaron 2017-12-02 "For a man who no longer has a homeland, writing becomes a place to live (Theodor Adorno). The Jewish writer Edmond Jabes, born in Cairo in 1912, wrote explicitly from the perspective of exile once he arrived in France after the Suez crisis. However, Jaron argues, exile was a predominant theme even before Jabes left Egypt. He brings to light the author's associations with other francophone writers in Egypt, especially those affiliated with the Surrealists, but shows that metropolitan France exerted a greater pull. Drawing on unpublished archival and rare printed sources, Jaron examines how Jabes opposed anti-Semitism during the 1930s, and later placed the Shoah at the heart of his acclaimed ""Livres des Questions"" (1963-73)."

*How Jesus Became Christian*-Barrie Wilson 2011-11-10 How the early Christians rewrote history, turning a Jewish teacher and messiah into a 'Christian' man-deity, bringing eternal life to all who believe We often forget the undeniable fact that Jesus was Jewish. He lived and died a Jew, teaching the religion of his forbears and living by the Torah. After his death there was a 'Jesus movement' led by Jesus' brother James in Jerusalem and a 'Christ movement' led by Paul (who never met Jesus) in the Diaspora. The Christ movement deliberately sought to replace and destroy the Jesus movement. The battles of the Jewish community against the Romans, and the chaos after the destruction of the Temple in Jerusalem in AD 70, helped Paul and his party to seduce Jesus' followers away from the strictures of Judaism. Having killed off the historical Jesus, the new Christians turned the religion away from a traditional emphasis on behaviour into the most successful personality cult in recorded history.

*Judaism and Ecology*-Hava Tirosh-Samuels 2002 This volume intends to contribute to the nascent discourse on Judaism and ecology by clarifying diverse conceptions of nature in Jewish thought and by using the insights of Judaism to formulate a constructive Jewish theology of nature.

*The Gate to Perfection*-Rabbi Professor Dr. Walter Homolka 1994-10-01 A timely book: as Israelis and Arabs are moving towards a settlement, this study offers a valuable historical dimension, from the Jewish point of view, to the main issue involved, i.e., the idea of peace. The authors maintain that peace has always played an important role in Jewish thought, that in fact Judaism as a religion is characterized by the striving for peace. They reach this conclusion after having examined a variety of sources, ranging from the biblical texts of Old Israel to the Talmudic tradition and Jewish Philosophy of Religion up until the twentieth century.
