Sexual Sorcery-Jason Augustus Newcomb 2005-08-20 In plain, straightforward language, Jason Newcomb, author of 21st Century Mage and The New Hermetics, tackles a subject that many magical texts gloss over or ignore--the practice of sex magick. Sexual Sorcery covers the many aspects of using sex as a sacrament, a ritual, or an expression of divine love. It also provides plenty of practical information helpful to any modern sexual sorcerer. Sexual Sorcery includes preliminaries to practice, such as how to broach the subject of sex magick with a partner (or how to find a partner), explanations of sexual technique as well as etiquette and energy, and the value of love in any relationship, especially a sexual relationship incorporating magick. From this base, Sexual Sorcery delves into the various techniques, types, and rituals of sex magick--using magick to enhance sex, ecstatic and mystical experiences during sex, and more esoteric techniques of sexual invocation, evocation, and alchemy. Newcomb defines a sorcerer as a solitary magician who is outside any particular faith or group, unbounded by the prohibitions of an order or coven, and able to explore the furthest realms of a subject without restriction. In this case the subject is sex magick, and Sexual Sorcery is the perfect guide for any 21st-century sexual sorcerer. It follows no one particular traditional path, but incorporates what works from other esoteric sexual practices.

The sad truth is that most women end up faking an orgasm to avoid the awkward tension when her male knows he hasn't got her there. But not

anymore. You now finally understand that the female orgasm is about more than just the physical act and you now know pretty much all you're going to need to get to that wonderful place." "I want you to remember exactly that. The orgasm isn't purely physical; the emotional and psychological elements are still so, so important. It's possible for a person to orgasm without even being touched. It's hard, sure, but it is certainly possible. I just need to demonstrate to you the significance of the mind here. It's a key part of getting a female to her ultimate climax. Think about tantric sex. Now, you might not know a lot about tantric sex, but the idea is that sex is considered virtually spiritual in nature - it's linked to a higher state of being. So clearly sex is more than the mere physical act of stimulating the nerves." "If you're successful here, then the chances are that she won't have anything to say - she will quite literally become speechless! When a female experiences such a hard orgasm she physically won't be able to say anything! She will be so overwhelmed by the sensation that there is no need for words. If you accomplish this then well done, you've done what very few guys ever manage to accomplish because they simply don't know or understand how to. But you do." Want to know more and learn 101 exciting sex positions? You know what to do.
