2020-06-25 Pierre F Walter THE IDIOT GUIDE TO SERVANT LEADERSHIP presents a novel approach to understanding and training leadership for top and middle management audiences. This guide is more than a book on teaching leadership to professional audiences in that it addresses the lay reader and shows how to raise leadership qualities in everyone's life. The author's approach is original in the sense that he has enriched and transformed the Western leadership paradigm through basic elements of Oriental wisdom, taken from Zen and the I Ching, thereby expanding the paradigm beyond the borders of the Western corporate culture, and adapting it for the corporate world in South-East Asia. The author claims that his leadership concept fits international culture better than a purely Western leadership concept, also because it meet the needs of an international lay audience that today increasingly consists of free-lancers from all around the world who are eager to build their own personal leadership style, thereby raising their chances of a professional career beyond their national borders. The 'Warrior of Peace' training contained in this guide is the author's original idea of which he wrote the first draft back in 1997; he further contends that since the Renaissance, the present guide is the first compendium of this kind, in that it offers a holistic approach to leadership and self-improvement. By the same token, the author claims his peak performance concept (Time and Peace) being an absolute novelty, going against all what is currently taught and trained in the coaching and championship industries, as it is based not upon principles developed in sport, but principles applied by sages, hierophants and Zen masters since times immemorial. The audience for this guide is both the corporate world, free-lancers from all over the world, and an interested lay public that has basic notions of what leadership does and what it is required for. The guide can be read by a young audience as well, and can safely be put in the hands of college students. SHORTENED THE IDIOT GUIDE TO SERVANT LEADERSHIP presents a novel approach to understanding and training leadership for top and middle management audiences. This guide is more than a book on teaching leadership to professional audiences in that it addresses the lay reader and shows how to raise leadership qualities in everyone's life. The author's approach is original in the sense that he has enriched and transformed the Western leadership paradigm through basic elements of Oriental wisdom, taken from Zen and the I Ching, thereby expanding the paradigm beyond the borders of the Western corporate culture, and adapting it for the corporate world in South-East Asia. The 'Warrior of Peace' training contained in this guide is the author's original idea of which he wrote the first draft back in 1997; he further contends that since the Renaissance, the present guide is the first compendium of this kind, in that it offers a holistic approach to leadership. The author also claims his peak performance concept (Time and Peace) being an absolute novelty, going against all what is currently taught and trained in the coaching

and championship industries, as it is based not upon principles developed in sport, but principles applied by sages, hierophants and Zen masters since times immemorial. The audience for this guide is both the corporate world, free-lancers from all over the world, and an interested lay public that has basic notions of what leadership does and what it is required for. The guide can be read by a young audience as well, and I would see it in the hands of college students.

2002 Melissie Clemmons Rumizen Discusses management models and concepts, strategies for sharing knowledge, and ways to implement the concept within a company.

1999 Richard Haasnoot An indispensable companion for any manager, new or experienced, this guide features five-minute-or-under responses to such contemporary management problems as hiring and firing, promotions, delegating, giving and taking criticism, negotiating office politics, and more.

1998-07-01 Macmillan General Reference Staff

2011-02-01 Angela Crocker Get connected The Complete Idiot's Guide® to Creating a Social Network takes reader through the technical aspects of creating a successful site-and addresses the responsibilities involved in running one. • Covers how to build and maintain a website through a white label service such as GroupSite or Ning, and by using customized software for creating one's own network • Addresses such issues as privacy, authenticity, fostering participation, quality versus quantity, moral and ethical guidelines, and much more • Americans now average more than six hours per month on social networks, with an active unique social network audience estimated to be from 149 million—up 29 percent from 2009 • Ad revenue taken in by social networking sites is growing rapidly, and many people and companies are looking for ways to get in on this growth

2013-02-05 Susan Caba Written to quickly develop the reader's leadership skills, The Complete Idiot's Guide® to Leadership, Fast-Track is a short, but rich introduction to leadership skills and how best to use them. After a brief examination of the required, but learnable, qualities, skills, and behaviors of leadership, the book takes the reader through a self-assessment. Then the tasks, strategies, and desired results of leadership are dissected—all in 160 pages! The Complete Idiot's Guide® to Leadership Fast-Track is perfect for new managers, small business owners, organization leaders, and more!

2013 Susan Caba Being a leader doesn't come naturally to some people, but it is a skill that can be learned. Written to get readers up to speed quickly and confidently, The Complete Idiot's Guide® to Leadership Fast-Track gives readers essential, no-nonsense information on the qualities, skills, and behaviors necessary for an effective leader. With the tips and strategies outlined in this helpful guide, readers can successfully take charge, empower and inspire their workforce, and get results.

1998 Hap Klopp Managing cash flow, keeping employees happy and productive, complying with employment laws, and fighting back competition are all problems any manager must face daily. Now there is step-by-step help for everything from how to maximize the success of your products to how to solve the problems that sap a business' productivity. Included are anecdotes from the author about his successes in business, the problems he faced, and how he overcame them.

1997-10-15 Andrew J. Dubrin You're no idiot, of course. You handle your work assignments, monitor the progress of your workgroup, and meet your goals. But when it comes to inspiring others and creating change in your organization, you're confused about what to do next. Want some help? The Complete Idiot's Guide® to Leadership shows you how to start thinking and acting like a leader who can help people perform well and meet organizational goals for increased productivity, quality, and customer satisfaction.

2000 Michael Ramundo This "Idiot's Guide" shows how to pump up trainers, managers, and leaders of all kinds to inspire the people who work for them.

2011 Tom Gorman The author of The Complete Idiot's Guide to Economics provides clear, concise information on the most significant issues facing today's business professionals, including recent developments in management, economics, marketing, leadership and information technology. Original. 12,000 first printing.

1999-11-01 Arthur Pell The Complete Idiot's Guide to Team-Building shows first-time managers and employees how to work together as a smooth, well-oiled machine. The book shows how to: -- Avoid and manage conflict. Inspire creativity. -- Coax employees to help team members who aren't performing. -- Get everyone to pitch in. -- Gain unprecedented results and make the team enjoy going to work.

1980-12-19 John Horsfield Not just for idiots! The Complete Idiot's Guide to Learning Piano is perfect for all beginners with no prior training, or as a refresher for those who played before! For use with pianos or keyboards, this guide is a step-by-step approach to learning the entire keyboard. CD-ROM users will learn how to form the most important chords and scales, finger aerobics to make playing easier, and the art of playing with feeling and expression. All lessons are in full-motion video with high-quality digital audio sound. The Interactive PianoView song player teaches exactly how each song should be played, including note names, finger numbers, and scale degrees. The piano keyboard syncs note-for-note to music notation, and users can adjust the tempo of digital audio files without changing the pitch! Learn to play by ear, even if you've never taken a piano lesson! The Complete Idiot's Guide to Learning Piano is everything you need to start playing now!

2007-11-06 Herb Pearce, M. Ed. Discover your personality type. The enneagram system has been used for decades to help people understand their strengths and weaknesses,

heal neuroses and inner conflicts, enhance creativity, strengthen team building in the workplace, and aid in couples therapy. This guide takes the mystery and complexity out of this rich system of analysis and allows anyone to benefit from its useful insights.

1995 Arthur R. Pell The Complete Idiot's Guide to Managing People shows you how to become an effective leader. Feel confident about communicating goals and objectives, delegating work, and making decisions. In this Complete Idiot's Guide, you get solid information about what it takes to survive and thrive as a manager in the ever-more-competitive business culture; friendly advice in an easy-to-understand format; tips, definitions, and warnings to help you along the way; and clear worksheets and examples to show you exactly what to do!

2001-07-01 Arthur Pell You're no idiot, of course. You know that your employees are essential to your company's success. But when it comes to training, motivating, hiring, and firing them, you feel like a few of the many hats you wear don't fit as well as they should. Don't outsource your HR function just yet! The Complete Idiot's Guide® to Human Resource Management will simplify everything you need to know about the people business. In this Complete Idiot's Guide®, you learn: • How to locate, hire, and retain the most qualified people for positions. • What you need to know about the law and regulations to avoid costly legal battles. • How to organize and administer an effective compensation and benefits plan. • Training tools and techniques to boost employee motivation and performance.

2001 Jeff Davidson Facing change can be difficult, but managers have to understand change and successfully lead their teams through it. This is a complete guide for managers and key employees to understanding, managing and leading through change.

1998 Sunny Baker You're no idiot, of course. You keep track of your family finances, help your kids with their projects, and even find time to plant a vegetable garden in the backyard. But when it comes to running a project at work, you feel like you'd rather clean out your septic tank. Don't give up yet! The Complete Idiot's Guide to Project Management gives you the special tools you need to seize a leadership role, demonstrate your organizational skills, and meet problems head-on to achieve your goals. In this complete Idiot's Guide, you get:

2011-01-04 Marc Dorio Keep workers working—and happy. The Complete Idiot's Guide® to Boosting Employee Performance is the most current and comprehensive guide for managers seeking to get the most out of their employees and build lasting relationships that will help them grow their business. Includes the newest and most powerful tools to keep employees doing their best, including ideas on keeping morale high when business is tough, avoiding stagnant work habits and routines, energizing employees about their job, how to retain the best employees, and much more. • Practical tips on maintaining clear communication between managers and staff, offering the right incentives, and inspiring teamwork • Includes insightful anecdotes from real life

2001-08-01 Christopher De Pree Although it's been around for more than 5,500 years, astronomers say that we've learned more than 90 percent of what we know about the universe in just the last 50 years. Of this body of knowledge, a disproportionate amount has been acquired in the past decade, with each new year yielding more information than the last. The Complete Idiot's Guide® to Astronomy, Second Edition, covers these new advances and

discoveries.

2007-11-06 Scott Snair, Ph.D. Inspire, instruct, encourage - and blow away the competition. Motivating groups to work together is not easy. Fortunately, leadership can be learned. In this comprehensive new guide, a management expert shows how to lead a team. You will come to understand what makes a leader; think and act like one; develop a personal leadership style; see opportunity amidst crisis; understand organizational behavior; use discipline, encouragement, and promotion; prioritize; develop trust; resolve conflict; and earn respect and recognition. ?A hard-hitting, straightforward approach that provides honest, accurate information ?For anyone in a position of leadership, from project manager to Little League coach

2011-06-07 G. Michael Campbell PMP The step-by-step guide to becoming a successful project manager. By systematically managing goals and resources, any project, large or small, complicated or straightforward, can be achieved with great profitability. A certified project management professional shares the latest theories, procedures, and software tools available in this fully updated and revised guide including the newest directive from the Project Management Institute. An invaluable guide for any manager, it clearly explains the best way to approach any project, and also gives all the information necessary to those interested in passing the test to become a certified Project Management Professional. ? Includes the most current terms and concepts on the certification test, and the latest software tools from Microsoft, Hewlett-Packard, and Primavera. ? Advice from an expert with useful, real-life anecdotes from the field.

2007-04-03 Breakthrough Management Group The perfect prescription for any organization. Increasingly popular with large and mid-sized companies around the world, Lean Six Sigma is the new hybridization of Six Sigma and Lean methodologies, and there is no better approach for achieving operational excellence in an organization. But how do you implement Lean Six Sigma, and what does it entail? The Complete Idiot's Guide® to Lean Six Sigma answers this question with unprecedented clarity and turnkey elegance. Part one gives you all the background you need to understand Lean Six Sigma-what it is, where it came from, what it has done for so many organizations, and what it can do for you and your company. Parts two and three of the book give you a prescribed yet flexible roadmap to follow in selecting, enacting and realizing improvements from Lean Six Sigma projects. Within this step-by-step structure, the authors demonstrate when and how to use the many Lean Six Sigma statistics and "tools"-packing the pages with diagrams, real-life examples, templates, tips, and advice. If you are a Green Belt or a Black Belt, or a trainee, these two parts will be invaluable to you. The Complete Idiot's Guide® to Lean Six Sigma is the smartest choice if you need a comprehensive primer, and especially if you need to actually improve a process or spread Lean Six Sigma capability throughout your company. It is the best comprehensive reference available to get you on your way to

becoming a lean, mean business machine!
