What is The Complete Roadside Guide To Nebraska?

- 1995-08-22 Michael L. Tate The first systematic bibliographical tool ever assembled for the state of Nebraska.
- 2003 Fodor's The Old West epitomises American freedom and ingenuity. This guide covers the authentic Old West in all its legendary grit and complexity. With the well-chosen sights, festivals, activities, hotels, and restaurants, travellers can re-live western America's first days.
- 2007 Addison Erwin Sheldon
- 1997 Candy Vyvey Moulton Guide to historic locations in the state of Nebraska with directions for automobile tours.
- 2007 Alan Boye
- 2004
- 1993
- 2015-05-07 Sandy Nestor The American Indians have lost much of their land over the years, but their legacy is evident in the many places around the United States that have Indian names. Countless placenames have, however, been corrupted over time, and numerous placenames have similar spellings but different meanings. This reference work is a reprint in one combined volume of the two-volume set published by McFarland in 2003 and 2005. Volume One covers the name origins and histories of cities, towns and villages in the United States that have Indian names. It is arranged alphabetically by state, then alphabetically by city, town or village name. Additional data include population figures and county names. Probable Indian placenames with no certain origin also receive entries, and as much history as possible is provided about those locations. Volume Two covers more than 1400 rivers, lakes, mountains and other natural features in the United States with Indian names. It is arranged by state, and then alphabetically by natural feature. Counties are provided for most entries, with multiple counties listed for some entries where appropriate. In addition to name origins and meanings, geophysical data such as the heights of mountains and lengths of waterways are indicated.
- 2012-07-01 Ray Boeche The Fortean Research Center was founded in Lincoln, Nebraska in 1982. During the two decades of its existence, this volunteer group of researchers and investigators delved deep into the unexplained. Exploring events in Nebraska - and far beyond - that included ghosts, UFOs, Bigfoot encounters, animal mutilations, government cover-ups, alleged alien abductions, psychic phenomena, cult activity, and even a sighting of a blob-like mystery creature the Fortean Research Center became recognized among members of the Fortean, paranormal, and UFO research communities around the world, as a reliable and trusted source of information. Here is the entire collection of the Journal of the Fortean Research Center, 23 issues in all. These publications are a reflection of their time, and demonstrate in many cases the beginning steps
- into subjects familiar to the public today: alleged UFO crashes and landings at government installations, alien abductions, cryptozoology and more.
- 2014-05-01 Alan Boye Living simply isn't always simple. When Alan Boye first lived in sustainable housing, he was young, idealistic, and not much susceptible to compromise—until rattlesnakes, black widow spiders, and loneliness drove him out of the utilities-free yurt he'd built in New Mexico. Thirty-five years later, he decided to try again. This time, with an idealism tempered by experience and practical considerations, Boye and his wife constructed an off-the-grid, energy-efficient, straw bale house in Vermont. Sustainable Compromises chronicles these two remarkable attempts to live simply in two disparate American eras. Writing with hard-won authority and humor, Boye takes up the "how-to" practicalities of "building green," from finances to nuts and bolts to strains on friends and family. With Walden as a historical and philosophical touchstone and his own experience as a practical guide, he also explores the ethical and environmental concerns that have framed such undertakings from Thoreau's day to our own. A firsthand account of the pleasures and pitfalls of living simply, his book is a deeply informed and engaging reflection on what sustainability really means—in personal, communal, ethical, and environmental terms.
- 2013-10-01 Alan Boye "A collection of ghost stories from Lincoln, Nebraska"--
- 2019-05-31 Brian Butko The Lincoln Highway was the first continuous road to connect the coasts, allowing newly motorized Americans to cross the country by car. This book allows readers to travel across 100 years of the highway, from New York City to San Francisco, with stops at historic landmarks, bridges, taverns, movie palaces, diners, gas stations, ice cream stands, tourist cabins, and roadside attractions. Color maps and stories of the highway take readers through 14 states, with excerpts from memoirs and old postcards giving a feel for what early motoring was like--the good, the bad, and the muddy. The book is organized by state, with narrative information on what the original Lincoln Highway crossed through. There are historical tidbits and nostalgic details, along with information on what remains. This book is a useful treasure for travel planning and armchair reading.
- 2002-01-01 Kevin J. Hayes Documents the record-setting, cross-country cycling trip by George Nellis in 1887.
- 2009 Robert Balay Prairies and Plains is an analysis of the reference sources--encyclopedias, bibliographies, biographies, almanacs, dictionaries--that readers and researchers will need to prepare class papers, resolve queries, and develop strategies for investigating questions regarding the history and culture of the Prairies and Plains region.
- 2006 Partners Book Distributing
- 2020 Gretchen M. Garrison Dramatic change accompanied Lincoln's growth from a village of 30 settlers to a city of 300,000. Today, Lincoln retains the residue of its fascinating past for those who know where to look. Tour Lincoln's storied heritage by charting the arrival of the university, penitentiary, asylum and railroads. Learn how the early churches still anchor the community. Discover the five towns that later merged into Lincoln. Visualize the artwork that best reflects Lincoln--both the person and city. Locate where Lindbergh learned to fly. Revisit the downtown Lincoln scene of what was once the largest bank robbery in the United States. Picture the once thriving Capitol Beach Amusement Park. Explore Nebraska's capital city in the expert company of Gretchen M. Garrison.
- 2007-05-01 Ladette Randolph A vast, barren landscape or a place of subtle natural beauty; the middle of nowhere or the gateway to the cultural and historical riches of the West; many things to many people and a cipher to many more?the great state of Nebraska is by force of circumstances a place of possibilities. What these possibilities are and what they promise are precisely what the writers of The Big Empty tell us. ø Exploring the state from its rural reaches to its urban engines, from its marvelous ecosystems to its myriad historical and cultural offerings, these narratives evoke Nebraska in all its facets. Writers as diverse as Ron Hansen, Ted Kooser, Michael Anania, Bob Kerrey, Mary Pipher, Delphine Red Shirt, and William Kloefkorn, among many others, bring a wealth of perspectives and styles to topics such as the Oregon Trail and the Cheyenne Exodus, farming and Internet cafés, politics, weather, and family secrets. The result is a portrait whose broad strokes and rich detail capture the mysterious character of Nebraska.
- 2010-08-15 Jennifer Bringle Nebraska is a state of great geographic diversity, agriculture, railroads, and a history that began with the arrival of the Omaha, Cheyenne, and Pawnee Indians, among others. An engaging narrative supported by features such as sidebars, maps, and timelines takes readers on a journey To The Heartland.
- 2013-10-01 Boye, Alan

- 2007
- 2007
- 1995
- 1991 Stanley Buchholz Kimball
- 2020-01-15 Ron Hansen In *Hotly in Pursuit of the Real*, the beloved bestselling novelist Ron Hansen opens the doors of his writing studio to share with us his passions for history, scandal, theology, Jesuits, the American West, and golf (which he plays even in bad weather). If Hansen's novels explore people very different from himself--from a stigmatic nun to a Victorian poet to Billy the Kid, and even Hitler's niece--the meditations in this book do the opposite, allowing us to glimpse the wellsprings

of his imagination, the places and traditions and books that drive him to create made-up worlds. In that sense, the reflections in these pages truly serve as "notes toward a memoir." As each section unfolds, we gain a clearer sense of Hansen's aesthetic, the parallels he sees between writing and the sacraments, between literature's capacity to make history present to us and the Church's rich array of traditions, including the Jesuit charism that has inspired great writers, such as Gerard Manley Hopkins (and himself). Equally adept at telling a hilarious anecdote and guiding us through a complex, ambiguous episode in history, Hansen's language remains fresh and invigorating. *Hotly in Pursuit of the Real* takes you inside one writer's imagination, only to send you back out into the wide world with new eyes.

2007-04-01 Alan Boye The second edition of

The Complete Roadside Guide to Nebraska represents a major enlargement and revision of the first edition, making this the most comprehensive guide to the state ever written. The book covers over twelve thousand miles in all ninety-three counties of the state where the West begins. Here readers can become acquainted with numerous folklore tales and discover the locations of thousands of historical sites, burials, pioneer roads, museums, and other wonders of the Cornhusker State.

1916

2002 Philip Edward Baruth Essays that tap the creative wealth of the Vermont regional community, now available in print.

2013-10-31 Federal Writers' Project During the 1930s in the United States, the Works Progress Administration developed the Federal Writers' Project to support writers and artists while

making a national effort to document the country's shared history and culture. The American Guide series consists of individual guides to each of the states. Little-known authors—many of whom would later become celebrated literary figures—were commissioned to write these important books. John Steinbeck, Saul Bellow, Zora Neale Hurston, and Ralph Ellison are among the more than 6,000 writers, editors, historians, and researchers who documented this celebration of local histories. Photographs, drawings, driving tours, detailed descriptions of towns, and rich cultural details exhibit each state's unique flavor. Originally published in 1939, the Cornhusker State is thoroughly detailed in this WPA Guide to Nebraska. In photographs and essays, the guide primarily depicts an agrarian state but it also contains an interesting essay on the state's unicameral legislature; Nebraska is the only state in the union with this form of government.
