1984-12 G. Keith Olson Here's in-depth insight on counseling adolescents—including how they develop physically & emotionally, how to help with difficult emotions, how to deal with family, group & crisis intervention counseling, & how to approach counseling as a Christian youth worker.

2004-03-01 Paul Borthwick We need to get organized around here! That is the common cry of youth workers who feel burdened by so much to do in so little time, so many responsibilities and so few results, so much criticism--it seems--so little support. Paul Borthwick agrees that getting organized is essential for effective your ministry, and he has written an essential book to help those of you in youth ministry organize three different areas of your lives: Personal: How do your personal goals and your need for personal growth fit with your youth ministry? If you're married, are your spouse and children helped or hurt by your involvement with kids? Are your other responsibilities suffering? As Borthwick says, Good ministry is the result of a balanced personal life. Professional: Do you see yourself as a youth professional? Is your interaction with pastor and church board characterized by

mutual respect? It's the youth worker who will help other people see youth ministry as a profession and not just a fun-and-games operation. Ó Practical: Is your budget balanced? Do you frequently begin activities feeling only half-prepared? Do your volunteers and coworkers know what is expected of them? Better planning and time management can create programs, lessons, and activities that help people grow, learn, and love each other. Ó Part I of 'Organizing Your Youth Ministry' examines the need to the youth minister to organize his or her personal life as well as ministry, setting priorities, and the special challenges of church youth ministry. Part II addresses the philosophical foundations of youth ministry organization: Why do we do what we do? What is it young people really need? How do you work with a team? Where do parents fit in? Part III discusses how to organize the daily, weekly, monthly, and yearly administrative demands of the youth ministry, from budgets to retreats, from activities to Sunday school lessons, from choir to missions projects, from discipleship programs to the special needs of junior-high students. Part IV helps us to evaluate our goals and to measure the effectiveness of our youth ministry -- always keeping in mind that, as Borthwick says, the ultimate purpose isn't just to produce better programs or a more efficient discipleship system Ó but to present each person complete in Christ Ó (Col. 1:28

NASB). So if you, like every other youth worker, have too much to do, too little time to do it in, and sometimes don't know where to begin, 'Organizing Your Youth Ministry' can help. Give it a try -- and you'll find out why Paul Borthwick says that organization can be a ministry in itself.

2011-11-22 Joel L. Lund Ever wonder why the average career in youth ministry is so short-lived? It's not because the youth minister "grows up" into real ministry. Too often, it is because—without adequate boundaries—the youth minister is swept away, burned out, or chewed up. From someone that has been there, author Joel Lund brings the ultimate guide for a healthier ministry and a healthier you.

2018-08-21 Jeremy Steele Now that You're a Youth Leader will give you all the basics you need to know to be successful in youth ministry. You'll find practical answers to questions like how do I lead a small group? How do I plan a retreat? What are the common big mistakes I need to be careful to avoid? And how do I do all this without burning out?

Author Jeremy Steele remembers exactly what it felt like being new to youth ministry. In this book he answers real questions posed by beginning youth ministers and addresses all the nuts-and-bolts of everything from counseling a teen to preparing a budget. You can feel confident that you, the volunteers, and the staff who read this book will have most of the answers to the common beginner questions in youth ministry.

1997-03-05 Richard R. Dunn Things have changed. The Truth has not. The 1950's are gone forever. The days of the Sunday school attendance award and the much-loved Sunday school picnic have faded into oblivion. Yet some youth ministries still operate as if today's kids are living in a vacuum, unaffected by the changing morals of today's society. How can we reach these kids with the truth of the gospel? More than fifty of America's youth experts give advice and encouragement to those who long to see this generation know the love of Christ. They help readers think through their philosophies of youth ministry, break down barriers that impede progress, and maximize their own gifts and the gifts of those who work with them. They answer tough questions such as: How can leaders build a relational youth ministry? How can we find and support volunteers? What are the issues women face in youth ministry? How do we minister in ethnic communities? How should we respond to popular

culture? How can we help hurting adolescents? You can have a vibrant youth ministry even in these uncertain times. You can reach this generation for Christ.

1990 Walter Fremont This book was written to provide the philosophy, principles, and methods that youth leaders need in leading, guiding, and training youth for full-time Christian service. Many ideas and suggestions are old ones that have stood the test of time; some are fresh, new ones being used in today's successful youth groups. This book should be a help to either new or experienced youth leaders and lay leaders in developing a truly successful youth ministry and in building teens for God. - Preface.

2016-04-27 Rick Flann Youth Ministry Bi-Vocational Survival Guide is written specifically for the bi-vocational pastor and is chock-full of nuggets of gold. Authors Rick Flann and Chris Pope explain how to manage time well, prioritize effectively and lead in a way that empowers both the bi-vocational pastor and those they lead and care for on a daily basis. The Apostle Paul, a tent maker, was one of the greatest people ever to walk the face of this earth. He knew what his mission was and he was willing to do whatever it took to accomplish the task that God had set before him. Paul was bi-vocational. He proclaimed the Gospel, planted churches and pastored people, yet he never demanded his right to a paycheck from the church (1 Cor 9:12). Maybe you are a modern day tent maker, but unlike the Apostle Paul who always seemed to come out on top as a spiritual super star, you are sinking under the pressures of multiple jobs (both inside and outside of the church), school, family, or countless other obligations that you face each and every day. Take courage and know that you are not alone! The Youth Ministry Bi-Vocational Survival Guide was developed especially with you in mind, to enable you to succeed and still minister effectively to those you are leading.
