Bodied Spaces-Stanton Garner 2019-04-15 "At me too someone is looking... " —Samuel Beckett, Waiting for Godot In a venturesome study of corporeality and perception in contemporary drama, Stanton B. Garner, Jr., turns this awareness of the spectator's gaze back upon itself. His book takes up two of drama's most essential and elusive elements: spatiality, through which plays establish fields of visual and environmental relationship; and the human body, through which these fields are articulated. Within the spatial terms of theater, this book puts the body and its perceptual worlds back into performance theory. Garner's approach is phenomenological, emphasizing perception and experience in the theatrical environment. His discussion of the work of playwrights after 1950-including Samuel Beckett, Eugene Ionesco, Peter Weiss, Harold Pinter, Sam Shepard, David Mamet, Edward Bond, Maria Irene Fornes, Caryl Churchill, and Ntozake Shange—explores the body's modes of presence in contemporary drama. Drawing on work in areas as diverse as scenographic theory, medical phenomenology, contemporary linguistics, and feminist theories of the body, Garner addresses topics such as theatrical image, stage objects, dramatic language, the suffering body, and the staging of gender, all with a view toward developing a phenomenology of mise en scene.

Great Monologues for Young Actors, Vol. 2-Craig Slight 2017-09-15 As professional directors and teachers who work with young and adult actors at the Tony Award-Winning American Conservatory Theater, Slight and Sharrar have years of experience helping actors uncover the dynamics of the monologue, as acting exercise and as audition material. Now in their impressive third volume of age-appropriate monologues, culled from plays by substantial playwrights from an international field, the editors have assembled an impressive collection to take the actor/director/teacher to new levels of sophistication and breadth. The volume's introduction is a concise guide to today's audition obstacles and how to overcome them. As in their other award-winning collections, Slight and Sharrar have selected character speeches from the finest dramatic literature. In addition, they have included a special section on the use of the song lyric as an exciting and useful exercise in solo work. Some of the writers included are: Edward Albee, Lee Blessing, Constance Congdon, Kia Corthron, Bob Dylan, Horton Foote, Timothy Mason, Sharman Macdonald, Lynn Nottage, Adam Rapp, George Bernard, Shaw Shakespeare, Sam Shepard, John M. Synge

Maria Irene Fornes-Scott T. Cummings 2013 Maria Irene Fornes is the most influential female American dramatist of the 20th century. That is the argument of this important new study, the first to assess Fornes's complete body of work. Scott T. Cummings considers comic sketches, opera libretti and unpublished pieces, as well as her best-known plays, in order to trace the evolution of her dramaturgy from the whimsical Off-Off Broadway plays of the 1960s to the sober, meditative work of the 1990s. The book also reflects on her practice as an inspirational teacher of playwriting and the primary director of her own plays. Drawing on the latest scholarship and his own personal research and interviews with Fornes over two decades, Cummings examines Fornes's unique significance and outlines strategies for understanding her fragmentary, enigmatic, highly demanding theater.

The Methuen Drama Guide to Contemporary American Playwrights-Christopher Innes 2013-12-19 Unrivalled in its coverage of recent work and writers, The Methuen Drama Guide to Contemporary American Playwrights surveys and analyses the breadth, vitality and development of theatrical work to emerge from America over the last fifty years. This authoritative guide leads you through the work of 25 major contemporary American playwrights, discussing more than 140 plays in detail. Written by a team of 25 eminent international scholars, each chapter provides: · a biographical introduction to the playwright's work; · a survey and concise analysis of the writer's most important plays; · a discussion of their style, dramaturgical concerns and critical reception; · a bibliography of published plays and a select list of critical works. Among the many Tony, Obie and Pulitzer prize-winning playwrights included are Sam Shepard, Tony Kushner, Suzan-Lori Parks, August Wilson, Paula Vogel and Neil LaBute. The abundance of work analysed enables fresh, illuminating conclusions to be drawn about the development of contemporary American playwriting.

Art and the Higher Life-Kathleen A. Pyne 1996-01-01 Late in the nineteenth century, many Americans were troubled by the theories of Charles Darwin, which contradicted both traditional Christian teachings and the idea of human supremacy over nature, and by an influx of foreign immigrants, who challenged the supremacy of the old Anglo-Saxon elite. In response, many people drew comfort from the theories of philosopher Herbert Spencer, who held that human society inevitably develops towards higher and more spiritual forms. In this illuminating study, Kathleen Pyne explores how Spencer's theories influenced a generation of American artists. She shows how the painters of the 1880s and 1890s, particularly John La Farge, James McNeill Whistler, Thomas Dewing and the Boston school, and the impressionist painters of the Ten, developed an art dedicated to social refinement and spiritual ideals and to defending the Anglo-Saxon elite of which they were members. This linking of visual culture to the problematic conditions of American life radically reinterprets the most important trends in late nineteenth-century American painting.

Marie Antoinette: The Portrait of an Average Woman-Stefan Zweig 2019-08-09 Originally published in 1932 and for decades since one of Stefan Zweig's most popular biographies, this "portrait of an average woman," betrothed at fourteen, crowned queen at nineteen, and beheaded at thirty-seven, aimed "not to deify, but to humanize." Supplementing library and archival research with psychological insight,Marie Antoinette: The Portrait of an Average Woman is a vivid narrative of France's most famous queen, her relations with her mother Empress Maria Theresa, her husband Louis XVI, and her lover Swedish Count von Fersen, set against the backdrop of the French and Austrian courts of the ancien régime, the French Revolution and the Terror. "... the biography to end all biographies on Marie Antoinette ... [Zweig's book] possesses all the qualities of the excellent biography — directness, frankness, full exposition, picturesqueness, characterization, color and delectable readability." —The New York Times "Powerful, magnificent, poignant..." — The New Republic "A stupendous and superb piece of work." — Chicago Daily Tribune

Psychology and the Conduct of Everyday Life-Ernst Schraube 2015-08-11 Psychology and the Conduct of Everyday Life moves psychological theory and research practice out of the laboratory and into the everyday world. Drawing on recent developments across the social and human sciences, it examines how people live as active subjects within the contexts of their everyday lives, using this as an analytical basis for understanding the dilemmas and contradictions people face in contemporary society. Early chapters gather the latest empirical research to explore the significance of context as a cross-disciplinary critical tool; they include a study of homeless Māori men reaffirming their cultural identity via gardening, and a look at how the dilemmas faced by children in difficult situations can provide insights into social conflict at school. Later chapters examine the interplay between everyday life around the world and contemporary global phenomena such as the rise of the debt economy, the hegemony of the labor market, and the increased reliance on digital technology in educational settings. The book concludes with a consideration of how social psychology can deepen our understanding of how we conduct our lives, and offer possibilities for collective work on the resolution of social conflict.
