The Federalist Papers-Alexander Hamilton 2018-08-20 Classic Books Library presents this brand new edition of "The Federalist Papers", a collection of separate essays and articles compiled in 1788 by Alexander Hamilton. Following the United States Declaration of Independence in 1776, the governing doctrines and policies of the States lacked cohesion. "The Federalist", as it was previously known, was constructed by American statesman Alexander Hamilton, and was intended to catalyze the ratification of the United States Constitution. Hamilton recruited fellow statesmen James Madison Jr., and John Jay to write papers for the compendium, and the three are known as some of the Founding Fathers of the United States. Alexander Hamilton (c. 1755-1804) was an American lawyer, journalist and highly influential government official. He also served as a Senior Officer in the Army between 1799-1800 and founded the Federalist Party, the system that governed the nation's finances. His contributions to the Constitution and leadership made a significant and lasting impact on the early development of the nation of the United States.

History of the Formation of the Constitution of the United States of America-George Bancroft 1884

The Constitution of the United States-John Randolph Tucker 1899

Commentaries on the Constitution of the United States-Joseph Story 1891

The Constitution of the United States of America-Mark V. Tushnet 1913 "This is the second edition of Professor Tushnet's short critical introduction to the history and current meaning of the United States' Constitution. It is organized around two themes: first, the US Constitution is old, short, and difficult to amend. Second, the Constitution creates a structure of political opportunities that allows political actors, including political parties, to pursue the preferred policy goals even to the point of altering the very structure of politics. Deploying these themes to examine the structure of the national government, federalism, judicial review, and individual rights, the book provides basic information about, and deeper insights into, the way the US constitutional system has developed and what it means today."--

A Brief View Of The Constitution Of The United States-Peter S. Du Ponceau 1974-10-21 The Making of the Modern Law: Legal Treatises, 1800-1926 includes over 20,000 analytical, theoretical and practical works on American and British Law. It includes the writings of major legal theorists, including Sir Edward Coke, Sir William Blackstone, James Fitzjames Stephen, Frederic William Maitland, John Marshall, Joseph Story, Oliver Wendell Holmes, Jr. and Roscoe Pound, among others. Legal Treatises includes casebooks, local practice manuals, form books, works for lay readers, pamphlets, letters, speeches and other works of the most influential writers of their time. It is of great value to researchers of domestic and international law, government and politics, legal history, business and economics, criminology and much more.++++The below data was compiled from various identification fields in the bibliographic record of this title. The Constitution of the United States of America as Amended-United States 2007 219 years ago you were given the right to practice the religion of your choice. 219 years ago you were given the right to say what you wanted without persecution. 219 years ago it was written that your house and property were secure from unreasonable search and seizure. 219 years ago you were given the right to a public trial. 219 years ago, fifty-five men you will never know sat in a sweltering hot room as they fought and argued for you. 219 years ago you were given your rights as a citizen of the United States. This fall, as we return again to the ballot box to decide the course of our country's congressional and state leadership, every voter must find their way back to that room in Philadelphia. Welcome Books is proud to provide a map. The Constitution of The United States of America, inscribed and illustrated by the master calligrapher Sam Fink, brings to life the issues underlying the triumphs of this abiding document. Originally published in pen and ink for Random House in 1987, Sam has, at the request of Welcome Books, gone back to the original black-and-white art and painted it entirely, creating a full-color masterpiece. Each amendment, each article, each word so thoughtfully placed in the Constitution has been given Sam's profound touch. With a powerful intelligence and a wonderful sense of humor, he has provided us with an entry point, allowing us to read this essential document better, more clearly. Welcome Books is honored to present a full-color limited edition of Sam's startling work as well as a trade edition, exquisitely designed and produced - matching in its manufacture the stunning quality of Sam's ambition and the gravitas and significance of the original document. The Constitution of The United States of America is the document we must read again and again. There is no more important document in our country. It is the document we must have an intimate knowledge of. It is the document that we must never forget. 219 years ago, you were entrusted with a living document. Have you kept it safe? To begin, we must read it. This, Sam, in his direct and unadorned way, respectful and loving, helps us do.

The Constitution of the United States of America-Mark Tushnet 2015-08-27 This is the second edition of Professor Tushnet's short critical introduction to the history and current meaning of the United States' Constitution. It is organised around two themes: first, the US Constitution is old, short, and difficult to amend. Second, the Constitution creates a structure of political opportunities that allows political actors, including political parties, to pursue the preferred policy goals even to the point of altering the very structure of politics. Deploying these themes to examine the structure of the national government, federalism, judicial review, and individual rights, the book provides basic information about, and deeper insights into, the way the US constitutional system has developed and what it means today.

The Difficulty of the Amendment Process of the Constitution of the United States of America and Freedom of Speech and its limits-Renate Bagossy 2005-07-05 Seminar paper from the year 2004 in the subject American Studies - Culture and Applied Geography, grade: 2,0, Martin Luther University (Institut für Anglistik und Amerikanistik), course: The American Constitution: Past and Present, 13 entries in the bibliography, language: English, abstract: From the beginning on Americans have proclaimed liberty, have fought wars in its name have evaluated events and institutions and politics in the light of liberty. They were convinced that they are free people and they always wanted to serve as a model for the rest of the world. Besides the Declaration of Independence, the Constitution, ratified on the 17th of September 1787, is the fundamental document that symbolizes this freedom and that serves as a legal basis of the juridical system of the United States. This original document does not include speech freedom and freedom of the press, which are two of the most important liberties a free nation should have. The Bill of Rights that includes these liberties was added later, as amendments to the original document. However, the Constitution and its amendments serve as more or less strict guidelines, as the text is not unambiguous. It is difficult to interpret the twisted language of it and as I will show in this work, the opinions reach from one extreme to the other. Justices of the Supreme Court play a leading role in interpreting the Constitution, therefore a lot of juridical cases deal directly or indirectly with the interpretation of the Constitution and are a subject of this term paper. In this term paper I am going to show how the original Constitution was finally ratified, and how difficult it is to change this document. The aim of the Framers was to make the changing of the Constitution as challenging as possible. The difficulty of the amendment process is explained with the help of an example; The Equal Rights Amendment. After discussing the basis of the amendment process I will analyze how freedom of speech and freedom of the press has been interpreted since the ratification of the Bill of Rights. I will explain that speech freedom does not mean unlimited freedom of speech, and will introduce cases that step by step show how complete freedom of speech was allowed or how for example the "clear and present danger test" and the "bad tendency test" limited it. Then I will go into further detail and examine cases that deal with slander, libel and obscenity, expressions that are not protected by the First Amendment. Discussing the interpretation of Freedom of Speech is a wide topic and I was forced to leave out some aspects. Sedition, criminal conduct such as bribery, pre jury, or incitement to riot does not or only partly form part of this term paper.

The Law of Nations and the United States Constitution-Anthony J. Bellia (Jr) 2017 The law of nations and the Constitution -- The law merchant and the Constitution -- The law of state-state relations and the Constitution -- The law of state-state relations in federal courts -- The law maritime and the Constitution -- Modern customary international law -- The inadequacy of existing theories of customary -- Judicial enforcement of customary international law against foreign nations -- Judicial enforcement of customary international law against the United States -- Judicial enforcement of customary international law against U.S. states

Commentaries on the Constitution of the United States, Vol. 2 of 3-Joseph Story 2016-06-28 Excerpt from Commentaries on the Constitution of the United States, Vol. 2 of 3: With a Preliminary Review of the Constitutional History of the Colonies and States, Before the Adoption of the Constitution

These dangers, by the division of the legislative and judicial functions, are in this country effectually provided against. Parliament knows not the individuals, upon whom its acts will operate it has no cases or parties before it; no private designs to serve: consequently, its resolutions will be suggested by the consideration of universal effects and tendencies, which always produce impartial, and commonly advantageous regulations. Vt laws are made, courts of justice, whatever be the disposition of the judges, must abide by them; for the legislative being necessarily the supreme power of the state, the judicial and every other power is accountable to that: and it cannot be doubted, that the persons, who possess the sovereign authority of government, will be tenacious of the laws, which they themselves prescribe, and sufficiently jealous of the assumption of dispensing and legislative power by any others. Paley's Moral Philosophy, B. 6, ch. 8. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. An Economic Interpretation of the Constitution of the United States-Charles A. Beard 2012-03-08 This classic study — one of the most influential in the area of American economic history — questioned the founding fathers' motivations and prompted new perceptions of the supreme law of the land.

The Constitution of the United States of America in various foreign languages, Russian-United States 1985

The Evolution of the Constitution of the United States-Sydney George Fisher 2015-07-03 Excerpt from The Evolution of the Constitution of the United States: Showing That It Is a Development of Progressive History and Not an Isolated Document Struck Off at a Given Time or an Imitation of English or Dutch Forms of Government Histories of the Constitution usually describe the labors of its framers in the Convention of 1787 and the contests of political parties over the adoption of the instrument by the requisite number of States in the following year, together with such changes or developments as have taken place since that time. The works which have touched on its sources or origin have treated it as invented by the convention which framed it, or have sought in England or other European countries for forms of government which were like it or might have suggested its various provisions. Having for a long time been convinced that the Constitution is neither an invention nor an imitation, but almost exclusively a native product of slow and gradual growth, I have in this book undertaken to trace back, through previous American documents in colonial times, every material clause of it. These documents are very numerous, and consist of twenty-nine colonial charters and constitutions, seventeen Revolutionary constitutions, and twenty-three plans of union, - in all, sixty-nine different forms of government which were either in actual or in attempted operation in America during a period of about two hundred years, from 1584 to 1787. Magna Carta-Randy James Holland 2014

Elementary Catechism on the Constitution of the United States-Arthur J. Stansbury 2012-05-01 2012 Reprint of 1828 Edition. Exact facsimile of the original edition, not reproduced with Optical Recognition Software. Want to know the Constitution? Then get this book! By 1839 this book was the standard textbook for learning the Constitution in American classrooms. Written as a "catechism" in question and answer format, Stansbury's 1828 edition contains 332 Questions/Answers on the Constitution with step by step commentary on all of the important features of "a government of law and not of men." The Catechism was first used in the early 1800's for school children but should be required reading in every school today. It is an excellent way to re-acquaint you with the nature and benefit of strict constitutional government. "An ignorant people are easily betrayed, and a wicked people can never be ruled by the mild influence of their own laws." - Arthur J. Stansbury
