2005-10 Arizona Oum In this first story of Amphitptertic, a nation of fourteen villages and twelve forests, war looms on the horizon, and one man may hold the key to peace. Twenty-five-year-old James Torres has just arrived home from traveling to the neighboring villages. While he looks forward to returning to normalcy, his life is about to change when he's asked to meet with King Madison III and his advisors. Curiosity plagues him as the king tells him that Amphitptertic was foretold three special prophecies. Are the prophecies real? James struggled to find reality in the midst of mind-boggling circumstances while simultaneously trying to save the nation from the impending war that threatens the country. Can Amphitptertic reforge the alliance that the king always wanted? But more importantly, can the Changelings, an outcast race who once betrayed the humans, be trusted again? James might not be much help, but that's not going to stop him from trying...

2007 Michel Conan Studies of rituals in sacred gardens and landscapes offer tantalizing insights into the significance of gardens and landscapes in the societies of India, ancient Greece, Pre-Columbian Mexico, medieval Japan, post-Renaissance Europe, and America. Sacred gardens and landscapes engaged their visitors into three specific modes of agency: as

anterooms spurring encounters with the netherworld; as journeys through mystical lands; and as a means of establishing a sense of locality, metaphorically rooting the dweller's own identity in a well-defined part of the material world. Each section of this book is devoted to one of these forms of agency. Together the essays reveal a profound cultural significance of gardens previously overlooked by studies of garden styles.

Hill Crest Library smelled bad, and it wasn't just the corpse in front of me causing it. The once beautiful building had fallen into disrepair over the past few years. Belinda the new librarian was doing her best to clean it up, but a dead body wasn't helping matters. Dad needs help to solve the murder, so that's what I'm here to do, then get out of town before anyone even knows I'm back The case should be easy for an MBI agent, even a newly minted one like me, but before I can check into the hotel my three reasons for leaving, corner me in the lobby. My life just got a lot more complicated. Homecoming Homicide is a Slow Burn RH series

2005 Pamela J. Stewart More and more, anthropologists are recruited as consultants by government departments, companies or as observers of development processes in their

field areas generally. Although these roles can be very gratifying, they can create ambiguous situations for the anthropologists who find that new pressures and responsibilities are placed upon them for which their training did not prepare them. This volume explores some of the problems, opportunities, issues, debates, and dilemmas surrounding these roles. The geographic focus of the studies is Papua New Guinea, but the topic and its importance apply widely through the world, for example, Africa, South America, Australia, and the Pacific in general, as well as in relation to indigenous groups in Canada and elsewhere. All the authors have first-hand experience and they address these new pressures and responsibilities of anthropological research. The book's chapters are written in a way that combines scholarship with a style accessible to general readers.

uniquely collaborative field study involving local experts, ethnographers, and teams of college students. The book, *The Other Side of Middletown*, and DVD, *Middletown Redux*, are valuable resources for community research. Sponsored by the Virginia B. Ball Center for Creative Inquiry, Muncie, Indiana.

NEW YORK TIMES BESTSELLER 'A BOOK THAT HAS YOU EMAILING FRIENDS "YOU HAVE TO READ THIS"' The Sunday Times - 'A WARM AND POIGNANT MEMOIR' Daily Express - 'WITHOUT A DOUBT MY FAVOURITE BOOK OF THE YEAR' Nathan Lane, Wall Street Journal Signed by Paramount for TV starring Oscar-winner Shirley MacLaine & Tony-winner Matthew Broderick A witty, tender memoir of a son's journey home to care for his irascible mother with dementia - a tale of secrets, silences, and enduring love. When George Hodgman leaves Manhattan for his hometown of Paris, Missouri, he finds himself-an unlikely caretaker and near-lethal cook-in a head-on collision with his ageing mother, Betty, a woman of wit and will. Will George lure her into assisted living? When hell freezes over. He can't bring himself to force her from the home both treasure-the place where his father's voice lingers, the scene of shared jokes, skirmishes, and, behind the dusty antiques, a rarely acknowledged conflict: Betty, who speaks her mind but cannot quite reveal her heart, has never really accepted the fact that her son is gay. As these two unforgettable characters try to bring their different worlds together, Hodgman reveals the challenges of Betty's life and his own struggle for self-respect, moving readers from their small town-crumbling but still colourful-to the star-studded corridors of Vanity Fair. Evocative of *The End of Your Life* Book Club and *The Tender Bar*, Hodgman's New York Times bestselling debut is both an

indelible portrait of a family and an exquisitely told tale of a prodigal son's return.

2006-11-02 Fiona Czerniawska The consulting industry has been on a roller-coaster ride since the heady days of the 1990s. After a recession triggered by the dotcom crash, it's now growing rapidly again--but in a market that has changed beyond all recognition. Fees are down, buying is centralized and many clients are ex-consultants who know all the tricks of the trade. It's a hostile environment in which great personal qualities are no longer enough--consultants need trusted firms behind them, helping them deliver results. This unique journey through the new consulting terrain looks at how leading consulting firms worldwide create a platform for success: what values they need; who they recruit and what recruitment processes work best; how they keep their finger on the pulse of the market; how they match the right people to particular jobs. "This book is essential for both client and consultant to understand the pitfalls to avoid and the conditions necessary for success in today's complex, multi faceted project environment." -- Peter Hill, Chief Executive, Management Consultancies Association "The Trusted Firm presents a compelling blueprint for the consulting firm of the future. From concepts to tactics, this book shows firm leaders why and how to rethink their businesses to earn client trust the ultimate market differentiator." --Michael W.

McLaughlin, Editor, Management Consulting News and author of Guerrilla Marketing for Consultants "Fiona, astute observer, commentator of the management field, provides insight and clarity to the chaos of rapid changes in our clients' evolving demands and how our firms can most effectively respond to them. A must-read for understanding data on contemporary client demands; a valuable contribution to our field. Czerniawska explicates the dynamics of the three-pronged relationship between the client, the consultant and the firm. She explains why each aspect of this tri-partite relationship is equally significant in the successful engagement." --Elizabeth Ann Kovacs, President & CEO, Association of Management Consulting Firms

2022-03-15 Thema Bryant, Ph.D. A road map for dismantling the fear and shame that keep you from living a free and authentic life. In the aftermath of stress, disappointment, and trauma, people often fall into survival mode, even while a part of them longs for more. Juggling multiple demands and responsibilities keeps them busy, but not healed. As a survivor of sexual assault, racism, and evacuation from a civil war in Liberia, Dr. Thema Bryant knows intimately the work involved in healing. Having made the journey herself, in addition to guiding others as a clinical psychologist and ordained minister, Dr. Thema shows you how to reconnect with your authentic self and reclaim your time, your voice, your life. Signs of

disconnection from self can take many forms, including people-pleasing, depression, anxiety, and resentment. Healing starts with recognizing and expressing emotions in an honest way and reconnecting with the neglected parts of yourself, but it can't be done in a vacuum. Dr. Thema gives you the tools to meaningfully connect with your larger community, even if you face racism and sexism, heartbreak, grief, and trauma. Rather than shrinking in the face of life's difficulties, you will discover in Homecoming the therapeutic approaches and spiritual practices to live a more expansive life characterized by empowerment, healthier relationships, gratitude, and a deeper sense of purpose.

2012 Richard E. Schneider Nasson College was a small, liberal arts college located in Springvale, Maine. Unfortunately, declining enrollment and questionable management decisions led to its bankruptcy and closing. But the path to closure had been set in motion many years before, long before the college filed for bankruptcy in November 1982. As it turned out, the end of Nasson College was not the end of Nasson's story. Author Richard E. Schneider tells the tale of how the community and alumni tried to save Nasson, which was in its time a beloved and respected school. College for Sale discusses how, as soon as the school closed, its corporate charter, the campus, the student records, and the outstanding multimillion-dollar trust fund that would eventually come due were

in turmoil. It shares the details of the lawsuits, three bankruptcy auctions, loan defaults, federal investigations, congressional interventions, the school's reopening, and its subsequent closing. College for Sale shows how the Nasson alumni held together and, bit by bit, restored the Nasson Alumni Association to an active, vibrant organization, just as the old campus was revitalized with millions of dollars in new capital investments.

Admiral-that is, Police Chief-Jack Carter has his hands full on his return to Wayside, Massachusetts after 37 years of living out of a sea bag. Still, Jack's million-dollar smile (sometimes he actually means it), sharp wits and obvious good looks take him a long way as he solves the murders, gropes to understand how lovers become abusers, and maneuvers his path between the three romantic interests he's recently acquired. "Homecoming" is a poignant look at many different life challenges: Coming home again, domestic violence, love, marriage and family.

2012-12-06 Arnold J. Schechter The 1978 National Drug Abuse Conference held in Seattle marked the beginning of the second decade of these conferences and their predecessor National Methadone Conferences. They began as small conferences devoted to understanding the problems and promises inherent in methadone maintenance treatment of opiate-dependent patients. The first conference was held about a decade ago in New York City at the Rockefeller University. The attendees consisted of a small group of invited clinicians, administrators, and research workers. Over the years the conferences have increased in both breadth and depth of their coverage. On a national scale this conference alone considered the issues of alcoholism, opiate dependence, polydrug abuse, and all other forms of substance abuse. The thousands attending each of the conferences came from all walks of life within our field. Lawyers, physicians, and basic and applied research scientists met and

interacted with counselors, administrators, government officials, ex-addicts, controlled alcoholics, and others with serious interest in this field. Only at this conference was it possible to attend presentations concerning the newest findings of a cellular, molecular, and chemical basis on one day and participate in discussions of problems of disadvantaged minorities, women, and clinicians on the next day. It was uniquely possible to meet with government officials and question them publicly, as well as in individual private conversations at this conference.

2013 Nathan Holic Charles Washington, a college grad brimming with energy and idealism and promise, is swept up in the Compassion Boom. At the height of the financial meltdown, he spurns the prescribed job market to take a job with a not-for-profit, sacrificing salary for the selfless mission of his

first post-college employer. Charles is out to save the world—the world of fraternities! AMERICAN FRATERNITY MAN is an intimate portrait of a young man struggling to become the right kind of professional, while coming to terms with the harsh financial and political realities behind the ambitious mission statements and corporate philosophies. Set within a broad panoramic of the national fraternity world, AMERICAN FRATERNITY MAN offers a humanizing look at the individuals who live and breathe Greek Life, while also giving an unrivaled glimpse at the power, potential, and absurdity of the National Fraternity/Sorority business. Through both text and illustrations, Nathan Holic offers the very human story of one young man's longing for morality and purpose in a world he simply has not been prepared to understand. "The culture of Greek life is both skewered and embraced in this take-no-prisoners coming of age novel from debut author Nathan Holic. Here, you'll meet one character who has reached the conclusion that goodness is just and that evil is easy to spot. But for Charles Washington, the dynamic hero of this compelling story, right and wrong are slippery things. In the end, it's a pleasure to tumble into Charles' world, even as we watch that world pulled out from under him. AMERICAN FRATERNITY MAN is, at once, satire and seriousness itself. But, more than anything, it is a compulsively readable book, a thrilling ride, beginning to end."—David James Poissant "Nathan Holic writes with the

precision and confidence of a true badass. Hide your valuables and DIG IN."—Lindsey Hunter
