The Corner-David Simon 2010 A devastating portrait of the American drugs war, from the creators of THE WIRE. 'Mind-blowing . . . less a book, more a way of life.' The Times

The Corner-David Simon 2009-02-04 The notorious corner of West Fayette and Monroe Streets in Baltimore is a 24-hour open-air drug market that provides the economic fuel for a dying neighbourhood. Through the eyes of one broken family - two drug-addicted adults and their smart, vulnerable 15-year-old son, DeAndre McCollough - Simon and Burns examine the sinister realities of inner cities across the USA and unflinchingly assess why law enforcement policies, moral crusades and the welfare system have accomplished so little.

The Corner-David Simon 2013-03-13 The crime-infested intersection of West Fayette and Monroe Streets is well-known--and cautiously avoided--by most of Baltimore. But this notorious corner's 24-hour open-air drug market provides the economic fuel for a dying neighborhood. David Simon, an award-winning author and crime reporter, and Edward Burns, a 20-year veteran of the urban drug war, tell the chilling story of this desolate crossroad. Through the eyes of one broken family--two drug-addicted adults and their smart, vulnerable 15-year-old son, DeAndre McCollough, Simon and Burns examine the sinister realities of inner cities across the country and unflinchingly assess why law enforcement policies, moral crusades, and the welfare system have accomplished so little. This extraordinary book is a crucial look at the price of the drug culture and the poignant scenes of hope, caring, and love that astonishingly rise in the midst of a place America has abandoned.

Infamous Scribblers-Eric Burns 2007-02-13 Infamous Scribblers

is a perceptive and witty exploration of the most volatile period in the history of the American press. News correspondent and renowned media historian Eric Burns tells of Ben Franklin, Alexander Hamilton and Sam Adams -- the leading journalists among the Founding Fathers; of George Washington and John Adams, the leading disdainers of journalists; and Thomas Jefferson, the leading manipulator of journalists. These men and the writers who abused and praised them in print (there was, at the time, no job description of "journalist") included the incendiary James Franklin, Ben's brother and one of the first muckrakers; the high minded Thomas Paine; the hatchet man James Callender, and a rebellious crowd of propagandists, pamphleteers, and publishers. It was Washington who gave this book its title. He once wrote of his dismay at being "buffeted in the public prints by a set of infamous scribblers." The journalism of the era was often partisan, fabricated, overheated, scandalous, sensationalistic and sometimes stirring, brilliant, and indispensable. Despite its flaws -- even because of some of them -- the participants hashed out publicly the issues that would lead America to declare its independence and, after the war, to determine what sort of nation it would be.

All the Pieces Matter-Jonathan Abrams 2018-02-19 The definitive oral history of the iconic and beloved TV show *The Wire*, as told by the actors, writers, directors, and others involved in its creation Since its final episode aired in 2008, the acclaimed crime drama *The Wire* has only become more popular and influential. The issues it tackled, from the failures of the drug war and criminal justice system to systemic bias in law enforcement and other social institutions, have become more urgent and central to the national conversation. The show's actors, such as Idris Elba and Dominic West, have gone on to become major stars. Its creators and writers, including David Simon and Richard Price, have developed dedicated cult followings of their own.

Universities use the show to teach everything from film theory, to

criminal justice and sociology. Politicians and activists reference it when discussing policy. When critics compile lists of the Greatest TV Shows of All Time, *The Wire* routinely takes the top spot. It is arguably one of the great works of art America has produced in the 21st century. But while there has been a great deal of critical analysis of the show and its themes, until now there has never been a definitive, behind-the-scenes take on how it came to be made. With unparalleled access to all the key actors and writers involved in its creation, Jonathan Abrams tells the astonishing, compelling, and complete account of *The Wire*, from its inception and creation through its end and powerful legacy. 'From the moment *The Wire* ended, all I have wished for is one more season. Jonathan Abrams has given us something just as valuable — the complete story of how something this wonderful, rich, and intricate came to be' - Mike Schur, creator of *Parks and Recreation*, *Brooklyn 99* and *The Good Place* 'The definitive dissection of television's most politically meaningful invention' - Chuck Klosterman, *New York Times* bestselling author of *But What if We're Wrong?* and *I Wear The Black Hat* 'Abrams indisputably has created a thorough examination of *The Wire*'s conception, production, and lingering cultural afterlife' - Publishers Weekly

*Treme*-Lolis Eric Elie 2013-07-23 Inspired by David Simon's award-winning HBO series *Treme*, this celebration of the culinary spirit of post-Katrina New Orleans features recipes and tributes from the characters, real and fictional, who highlight the Crescent City's rich foodways. From chef Janette Desautel's own Crawfish Ravioli and LaDonna Batiste-Williams's Smothered Turnip Soup to the city's finest Sazerac, New Orleans' cuisine is a mélange of influences from Creole to Vietnamese, at once new and old, genteel and down-home, and, in the words of Toni Bernette, "seasoned with delicious nostalgia." As visually rich as

the series itself, the book includes 100 heritage and contemporary recipes from the city's heralded restaurants such as Upperline, Bayona, Restaurant August, and Herbsaint, plus original recipes from renowned chefs Eric Ripert, David Chang, and other Treme guest stars. For the 6 million who come to New Orleans each year for its food and music, this is the ultimate homage to the traditions that make it one of the world's greatest cities.

**Clockers-Richard Price** 1992-06-02 The New York Times-bestselling author's "harrowing" novel about a cop and a crack dealer—the basis for the acclaimed Spike Lee film (The New York Times). Rocco Klein, a veteran homicide detective in a New Jersey city just outside Manhattan, has lost his appetite for the wild drama of the street. When a warm June night brings yet

another drug murder, Klein has no sense that the case is anything special. A black twenty-year-old steps forward to confess, but a little digging reveals that he's never been in any kind of trouble, whereas his brother runs a crew of street-corner cocaine dealers—clockers—in a nearby housing project. Soon Klein is sure that Victor Dunham is innocent, sure that his brother, Strike, is the real killer. And suddenly Rocco's hunger for the job is back. At once an explosive murder mystery and a riveting portrait of two lives on a collision course, *Clockers* is a gritty tale of suspense from the award-winning screenwriter for HBO's *The Wire*, a New York Times bestselling novelist who "gets so deep under the skin of both the cops and the clockers that it's hard to believe he himself has never been either" (People). "Page after page explodes with prose as vivid as kinetic art." —Chicago Tribune "Powerful . . . Harrowing . . . Remarkable." —The New York Times Book Review "Triumphant . . . An astounding accomplishment." —The Philadelphia Inquirer

Freedom from Addiction-Deepak Chopra 2010-01-01 Millions of people have embarked on a Twelve-Step Program, whether it's Alcoholics Anonymous, Nicotine Anonymous, or Alateen.

However, there are millions of others who are unable or unwilling to accept these programs because of religious overtones or a rigid approach to recovery. Deepak Chopra and David Simon contend that Twelve-Step methods don't work for everyone because they emphasize personal powerlessness; it's this admission of powerlessness that keeps many people from ever truly healing. In *Freedom from Addiction*, Chopra and Simon offer a new way—a proven method based on the program at the renowned Chopra Center in Carlsbad, California. Combining the best of eastern and western medicine, they teach readers how to cleanse their bodies and minds through nutrition, supplements, and meditations, and they walk readers through their 7-Step Framework: 1. Commit to transformation 2. Commit to ending repeat mistakes 3. Face the harsh reality of the past 4. See the infinite possibilities available

in the present moment 5. Envision where you want to be 6. Ask yourself what choices need to be made to actualize vision 7.

We Own This City-Justin Fenton 2021-02-23 Baltimore, 2015.

Riots were erupting across the city. Drug and violent crime were surging, with homicides reaching their highest level in over two decades. For years, Sgt Wayne Jenkins and his elite team of plain-clothed officers - the Gun Trace Task Force - had been the city's lauded heroes, working to get drugs and guns off the streets. But all the while they had been stealing drugs and money and gaming the system. Because who would believe the dealers, the smugglers or the people who had simply been going about their daily business over the word of the city's elite task force?

The Long Shadow-Karl Alexander 2014-05-31 A volume in the American Sociological Association's Rose Series in Sociology West Baltimore stands out in the popular imagination as the quintessential "inner city"—gritty, run-down, and marred by drugs and gang violence. Indeed, with the collapse of manufacturing jobs in the 1970s, the area experienced a rapid onset of poverty and high unemployment, with few public resources available to alleviate economic distress. But in stark contrast to the image of a perpetual "urban underclass" depicted in television by shows like *The Wire*, sociologists Karl Alexander, Doris Entwisle, and Linda Olson present a more nuanced portrait of Baltimore's inner city residents that employs important new research on the significance of early-life opportunities available to low-income populations. *The Long Shadow* focuses on children who grew up in west Baltimore neighborhoods and others like them throughout the city, tracing how their early lives in the inner city have affected their long-term well-being. Although research for this book was conducted in Baltimore, that city's struggles with deindustrialization, white flight, and concentrated poverty were characteristic of most East Coast and Midwest manufacturing cities. The experience of Baltimore's children who

came of age during this era is mirrored in the experiences of urban children across the nation. For 25 years, the authors of *The Long Shadow* tracked the life progress of a group of almost 800 predominantly low-income Baltimore school children through the Beginning School Study Youth Panel (BSSYP). The study monitored the children's transitions to young adulthood with special attention to how opportunities available to them as early as first grade shaped their socioeconomic status as adults. The authors' fine-grained analysis confirms that the children who lived in more cohesive neighborhoods, had stronger families, and attended better schools tended to maintain a higher economic status later in life. As young adults, they held higher-income jobs and had achieved more personal milestones (such as marriage) than their lower-status counterparts. Differences in race and gender further stratified life opportunities for the Baltimore children. As one of the first studies to closely examine the outcomes of inner-city whites in addition to African Americans, data from the BSSYP shows that by adulthood, white men of lower status family background, despite attaining less education on average, were more likely to be employed than any other group in part due to family connections and long-standing racial biases in Baltimore's industrial economy. Gender imbalances were also evident: the women, who were more likely to be working in low-wage service and clerical jobs, earned less than men. African American women were doubly disadvantaged insofar as they were less likely to be in a stable relationship than white women, and therefore less likely to benefit from a second income. Combining original interviews with Baltimore families, teachers, and other community members with the empirical data gathered from the authors' groundbreaking research, *The Long Shadow* unravels the complex connections between socioeconomic origins and socioeconomic destinations to reveal a startling and much-needed examination of who succeeds and why.

Players-Matthew Futterman 2017-04-18 Traces the single-

The Innocents-Laura Lippman 2012-07-05 'As five we were mighty, the points on a star...Once we five joined, it was never boys against girls...Two of our triangles cut themselves off and ran away together, and we were never whole again. Never.'

Homicide-David Simon 2008-09-04 'A masterpiece' MARTIN AMIS 'The best book about homicide detectives by an American writer' NORMAN MAILER Based on a year on the killing streets of Baltimore, David Simon's true crime masterpiece reveals a city few will ever experience. Day in day out citizens are shot, stabbed, or bludgeoned to death. At the centre of this hurricane of crime is the city's homicide unit, a small brotherhood of men who fight for whatever justice is possible in a deadly world.

The Corner-David Simon 2012-11-15 Brennpunkt Baltimore: Crack und Heroin überfluten die Straßen Amerikas. An der berühmtesten Ecke von West Fayette und Monroe Street wird sieben Tage die Woche, 24 Stunden am Tag auf offener Straße verkauft – der Drogenhandel ist der ökonomische Treibstoff einer sterbenden Nachbarschaft mitten in der Stadt. David Simon und Edward Burns, Autoren von "The Wire", verbrachten ein Jahr mit den McCullochs – ihre glänzende Reportage ist sowohl eine erschütternde Familiengeschichte als auch ein aufrüttelndes Porträt des amerikanischen "War on Drugs". Die aus dem Buch entwickelte HBO-Miniserie "The Corner" wurde mit drei Emmy-Awards ausgezeichnet.

Flood of Images-Bernie Cook 2015-04-01 Anyone who was not in New Orleans during Hurricane Katrina and the subsequent flooding of the city experienced the disaster as a media event, a flood of images pouring across television and computer screens. The twenty-four-hour news cycle created a surplus of representation that overwhelmed viewers and complicated understandings of the storm, the flood, and the aftermath. As time passed, documentary and fictional filmmakers took up the challenge of explaining what had happened in New Orleans, reaching beyond news reports to portray the lived experiences of survivors of Katrina. But while these narratives presented alternative understandings and more opportunities for empathy than TV news, Katrina remained a mediated experience. In *Flood of Images*, Bernie Cook offers the most in-depth, wide-ranging, and carefully argued analysis of the mediation and meanings of Katrina. He engages in innovative, close, and comparative visual readings of news coverage on CNN, Fox News, and NBC; documentaries including Spike Lee's *When the Levees Broke* and *If God Is Willing and Da Creek Don't Rise*, Tia Lessin and Carl Deal's *Trouble the Water*, and Dawn Logsdon and Lolis Elie's *Faubourg Tremé*; and the HBO drama *Tremé*. Cook examines the production practices that shaped Katrina-as-media-event, exploring how those choices structured the possible memories and meanings of Katrina and how the media's memory-making has been contested. In *Flood of Images*, Cook intervenes in the ongoing process of remembering and understanding Katrina.

The Wire and Philosophy-David Bzdak 2013-05-20 By many accounts, HBO's *The Wire* was and remains the greatest and most important television drama of all time. Conceived by writers David Simon and ex-Baltimore homicide detective Ed Burns, this

five-season, sixty-episode tour de force has raised the bar for compelling, intelligent television production. With each season addressing a different arena of life in the city of Baltimore, and each season's narratives tapping into those from previous seasons, *The Wire* was able to reveal the overlapping, criss-crossing, and colliding realities that shape—if not control—the people, institutions, and culture of the modern American city. *The Wire* and *Philosophy* celebrates this show's realism as well as its intellectual and philosophical clarity. Selected philosophers who are fans of *The Wire* tap into these conflicts and interconnections to expose the underlying philosophical issues and assumptions and pursue questions, such as, Can cops really tell whether they are smarter than their perps? Or do they fall victim to intellectual vanity? Do individuals really have free will to resist the temptations—of gangs, of drugs, or corruption—that surround them? Is David Simon a modern-day Marx who sees capitalism leading ultimately to its own collapse, or is Baltimore's story uniquely its own?

Corner Stores in the Middle of the Block-Blue 2005-05-30 Corner Stores In The Middle Of The Block, places you in the slums of an amusing yet painful intersection, where the color blue remains the color on all streetlights and seat belts don't exist. Kochland-Christopher Leonard 2020-10-06 NEW YORK TIMES BESTSELLER \* NEW YORK TIMES NOTABLE BOOK OF 2019 \* WINNER OF THE J ANTHONY LUKAS WORK-IN-PROGRESS AWARD \* FINANCIAL TIMES' BEST BOOKS OF 2019 \* NPR FAVORITE BOOKS OF 2019 \* FINALIST FOR THE FINACIAL TIMES/MCKINSEY BUSINESS BOOK OF 2019 \* KIRKUS REVIEWS BEST BOOKS OF 2019 \* SCHOOL LIBRARY JOURNAL BEST BOOKS OF 2019 "Superb...Among the best books ever written about an American corporation." —Bryan Burrough, The New York Times Book Review Just as Steve Coll told the story of globalization through ExxonMobil and Andrew Ross Sorkin told the story of Wall Street excess through Too Big to Fail, Christopher Leonard's Kochland uses the extraordinary account of how one of the biggest private companies in the world grew to be that big to tell the story of modern corporate America. The annual revenue of Koch Industries is bigger than that of Goldman Sachs, Facebook, and US Steel combined. Koch is everywhere: from the fertilizers that make our food to the chemicals that make

our pipes to the synthetics that make our carpets and diapers to the Wall Street trading in all these commodities. But few people know much about Koch Industries and that's because the billionaire Koch brothers have wanted it that way. For five decades, CEO Charles Koch has kept Koch Industries quietly operating in deepest secrecy, with a view toward very, very long-term profits. He's a genius businessman: patient with earnings, able to learn from his mistakes, determined that his employees develop a reverence for free-market ruthlessness, and a master disrupter. These strategies made him and his brother David together richer than Bill Gates. But there's another side to this story. If you want to understand how we killed the unions in this country, how we widened the income divide, stalled progress on climate change, and how our corporations bought the influence industry, all you have to do is read this book. Seven years in the making, *Kochland* "is a dazzling feat of investigative reporting and epic narrative writing, a tour de force that takes the reader deep inside the rise of a vastly powerful family corporation that has come to influence American workers, markets, elections, and the very ideas debated in our public square. Leonard's work is fair and meticulous, even as it reveals the Kochs as industrial Citizens Kane of our time" (Steve Coll, Pulitzer Prize-winning author of *Private Empire*).

Seasonal Work-Laura Lippman 2022-01-04 In a suspenseful collection of stories featuring fierce women—including one never-before-published novella—New York Times bestseller Laura Lippman showcases why she is one of today's top crime writers. The award-winning master of psychological suspense is in top form in this collection of diverse and diabolically clever stories. In the never-before-published "Just One More," a married couple—longing for that old romantic spark—creates a playful diversion that comes with unexpected consequences. Lippman's beloved Baltimore PI Tess Monaghan keeps a watchful eye on a criminally resourceful single father in "Seasonal Work," while her

mother, Judith, realizes that the life of “The Everyday Housewife” is an excellent cover for all kinds of secrets. In “Slow Burner,” a husband’s secret cell phone proves to be a dicey temptation for a suspicious wife. A father’s hidden past piques the curiosity of a young snoop in “The Last of Sheila-Locke Holmes.” Plus seven other brilliantly crafted stories of deception, murder, dangerous games, and love gone wrong—irrefutable evidence that Laura Lippman’s riveting fiction will more than satisfy any crime reader.

Generation Kill-Evan Wright 2011-12-31 Generation Kill is about the young men sent to fight their nation's first open-ended war since Vietnam. Despite the flurry of media images to come of the recent wars in Afghanistan and Iraq, you have never really met any of these people, who serve as front-line troops. For whatever reason, the media simply doesn't get them. As we all know, news accounts of the last two wars focused almost exclusively on battlefield imagery of high-tech weapons wreaking astounding destruction, comply with analysis from retired army grandees and other experts, punctuated by the odd heart-warming patriotic sound-bite. The troops themselves play a role in the media's presentation of recent wars rather like extras in The Triumph of the Will. They are everywhere yet somehow invisible. When they speak you get the sense that what they are saying has been carefully scripted. Now Generation Kill tells the soldiers' story in their own words. The narrative focuses on a platoon of 23 marines, many of them veterans of Afghanistan, whose elite reconnaissance unit spearheaded the blitzkrieg on Iraq. This is the story of young men that have been trained to become ruthless killers. It's about surviving death. It's about taking part in a war many questioned before it even began. Evan Wright was the only reporter with First Recon, which operated well ahead of most other forces, usually behind enemy lines. They were among the first marines sent into the fight and one of the last units still engaged on the outskirts of Iraq, even after the city centre fell. Generation Kill is not just a combat chronicle but an inside look at

how people fighting in war actually experience it. It is both an action narrative like *Black Hawk Down* and a detailed portrait of a generation at war along the lines of *Band of Brothers*. It is not a book you are going to forget in a hurry...

Grace After Midnight-Felicia Pearson 2007-11-01 Felicia Pearson, who starred of the acclaimed television series *The Wire*, reveals her incredible, hard-knock life story, one that dramatically parallels her television character. While Felicia is a brilliant actor who played a truly chilling role, what's most remarkable about "Snoop" is what she has overcome in her life. Snoop was born a three-pound cross-eyed crack baby in East Baltimore. Those streets are among the toughest in the world, but Snoop was tougher. The runt of the ghetto showed an early aptitude for drug slinging and violence and thrived as a baby gangsta until she landed in Jessup state penitentiary after killing a woman in self-defense. There she rebelled violently against the system, and it was only through the cosmic intervention of her mentor, Uncle Loney, that she turned her life around. Eventually, Snoop was discovered in a nightclub by one of *The Wire's* cast members and quickly recruited to be one of television's most frightening and intriguing villains. While the story of coming up from the hood has been told by Antwone Fisher and Chris Gardner, among others, Snoop's tale goes far deeper into *The Life* than any previous books. And like Mary Karr's story, Snoop's is a woman's story from a fresh point of view. She defied traditional conventions of gender and sexual preference on the hardest streets in America and in front of millions of viewers on TV.

Independent Ed-Edward Burns 2015-01-29 An entertaining and inspirational memoir by one of the most prominent practitioners and evangelists of independent filmmaking, and the acclaimed writer, director, and actor (Saving Private Ryan, Friends with Kids, Entourage) whose first film—The Brothers McMullen—has become an indie classic. At the age of twenty-five, Ed Burns directed and produced his first film on a tiny \$25,000 budget. The Brothers McMullen went on to win the Grand Jury Prize at the Sundance Film Festival in 1995, and established the working-class Irish American filmmaker as a talent to watch. In the twenty years since, Burns has made ten more films (She's the One, Sidewalks of New York, and The Fitzgerald Family Christmas), while also acting in big budget Hollywood movies (Saving Private Ryan), hit television shows (Entourage and Mob City), and pioneering a new distribution network for indie filmmakers online and with TV's On Demand service ("why open a film in twenty art houses when you can open in twenty million homes?"). Inspired by Burns's uncompromising success both behind and in front of the camera, students and aspiring filmmakers are always asking Burns for advice. In Independent Ed, Burns shares the story of his two remarkable decades in a fickle business where heat and box office receipts are often all that matter. He recounts stories of the lengths he has gone to to secure financing for his films, starting with The Brothers McMullen (he told his father: "Shooting was the twelve best days of my life"). How he found stars on their way up—including Jennifer Aniston and Cameron Diaz—to work in his films, and how he's adhered religiously to the dictum of writing what you know, working as if he was just starting out, and always

“looking for the next twelve best days of my life.” Chronicling the struggles and the long hours as well as the heady moments when months of planning and writing come to fruition, *Independent Ed* is a must-read for movie fans, film students, and everyone who loves a gripping tale about what it takes to forge your own path in work and life.

The smartest kid on his block in East Baltimore, D. was certain he would escape the life of drugs, decadence, and violence that had surrounded him since birth. But when his brother Devin is shot-only days after D. receives notice that he's been accepted into Georgetown University-the plans for his life are exploded, and he takes up the mantle of his brother's crack empire. D. succeeds in cultivating the family business, but when he meets a woman unlike any he's known before, his priorities are once more put into question. Equally terrifying and hilarious, inspiring and heartbreaking, D.'s story offers a rare glimpse into the mentality of a person who has escaped many hells.

*Breath, Boom*-Kia Corthron 2002 A two-act play explores the life of a New York gang member and his quest to create a perfect fireworks display.

*The Exception To The Rulers*-Amy Goodman 2011-11-30 Amy Goodman has got the goods on the cowboys ruling the roost and dishing out the spoils of war in Washington. She serves them up here with hard facts and a sharp tongue that has won her legions of fans and a few well-placed enemies. An award-winning journalist with one of the most popular shows on American public radio, she fights daily to expose the lies, corruption and crimes of the power elite on behalf of that beleaguered breed: the unembedded citizen. *The Exception to the Rulers* will give you the

facts you need to launch the counter-revolution: it traces the chain of contacts behind the crony contracts in Iraq and follows the money trail from payoff to campaign contribution. It looks at American foreign policy around the globe and skewers a media so bent on selling the story that they forgot to check if it was true. September 11th was a windfall for Bush and his cronies -- and a disaster for just about everyone else. It's time to cut through the rhetoric and obfuscation gumming up the airwaves and expose the lies and hypocrisy that are putting the entire world at risk. Deranged-Harold Schechter 2009-11-24 LURED FROM THE SAFETY OF HOME -- INTO THE JAWS OF HELL "America's principal chronicler of its greatest psychopathic killers" (The Boston Book Review), Harold Schechter shatters the myth that violent crime is a modern phenomenon -- with this seamless true account of unvarnished horror from the early twentieth century. Journey inside the demented mind of Albert Fish -- pedophile, sadist, and cannibal killer -- and discover that bloodlust knows no time or place.... On a warm spring day in 1928, a kindly, white-haired man appeared at the Budd family home in New York City, and soon persuaded Mr. and Mrs. Budd to let him take their adorable little girl, Grace, on an outing. The Budds never guessed that they had entrusted their child to a monster. After a relentless six-year search and nationwide press coverage, the mystery of Grace Budd's disappearance was solved -- and a crime of unparalleled gore and revulsion was revealed to a stunned American public. What Albert Fish did to Grace Budd, and perhaps fifteen other young children, caused experts to pronounce him the most deranged human being they had ever seen.

Murder City-Charles Bowden 2010-03-30 Ciudad Juarez lies just across the Rio Grande from El Paso, Texas. A once-thriving border town, it now resembles a failed state. Infamously known as the place where women disappear, its murder rate exceeds that of Baghdad. In Murder City, Charles Bowden-one of the few

journalists who spent extended periods of time in Juarez-has written an extraordinary account of what happens when a city disintegrates. Interweaving stories of its inhabitants-a beauty queen who was raped, a repentant hitman, a journalist fleeing for his life-with a broader meditation on the town's descent into anarchy, Bowden reveals how Juarez's culture of violence will not only worsen, but inevitably spread north. Heartbreaking, disturbing, and unforgettable, *Murder City* was written at the height of his powers and established Bowden as one of America's leading journalists.
