

The Corsican Brothers

The Corsican Brothers-Alexandre Dumas 101-01-01 In the beginning of March, 1841, I was travelling in Corsica. Nothing is more picturesque and more easy to accomplish than a journey in Corsica. You can embark at Toulon, in twenty hours you will be in Ajaccio, and then in twenty-four hours more you are at Bastia. Once there you can hire or purchase a horse. If you wish to hire a horse you can do so for five francs a-day; if you purchase one you can have a good animal for one hundred and fifty francs. And don't sneer at the moderate price, for the horse hired or purchased will perform as great feats as the famous Gascon horse which leaped over the Pont Neuf, which neither Prospero nor Nautilus, the heroes of Chantilly and the Champ de Mars could do. He will traverse roads which Balmat himself could not cross without crampons, and will go over bridges upon which Auriol would need a balancing pole. As for the traveller, all he has to do is to give the horse his head and let him go as he pleases; he does not mind the danger. We may add that with this horse, which can go anywhere, the traveller can accomplish his fifteen leagues a day without stopping to bait. From time to time, while the tourist may be halting to examine some ancient castle, built by some old baron or legendary hero, or to sketch a tower built ages ago by the Genoese, the horse will be contented to graze by the road side, or to pluck the mosses from the rocks in the vicinity.

The Corsican Brothers-Alexandre Dumas 2021-07-05 Two brothers, blessed with a telepathic connection, living under the shadow of a family vendetta. Can their strange power protect them? In "The Corsican Brothers", Alexander Dumas ventures into the supernatural. The brothers of the title, Lucien and Louis, are born as conjoined twins, but then separated. Despite this, they can still sense what the other is feeling, no matter the distance between them. This mysterious bond is tested when a centuries-old feud erupts into violence. A sprightly novella, "The Corsican Brothers" has been adapted multiple times for the screen. Matinee idol Douglas Fairbanks Jr. played the dual roles of the brothers in a 1941 movie version. And the book also partly inspired the Gene Wilder comedy "Start the Revolution Without Me". Alexandre Dumas (1802 - 1870) was a hugely popular 19th Century French writer. Born of mixed French and Haitian heritage, Dumas first rose to prominence in Paris as a playwright, but later gained international fame with his historical fiction. Often co-authored with other writers, these stories wove together swashbuckling adventure, romance, and real events from France's past. Among the best known are "The Three Musketeers", and its sequels "Twenty Years After", and "Le Vicomte de Bragelonne: Ten Years Later". Set across four decades, this trilogy follows the rise of the dashing D'Artagnan—from hot-headed soldier to trusted captain under Louis XIV. Dumas' other novels include "The Count of Monte Cristo" and "The Black Tulip". His works have been adapted into more than 200 movies, including The Man in the Iron Mask starring Leonardo DiCaprio.

The Corsican Brothers: A Play in Three Acts-Alexandre Dumas 2013-05-06 This adaptation of the Alexandre Dumas tale tells the story of two brothers, born as Siamese twins, but separated not long after birth. They're raised by two different families, but are still able to "feel" the emotions of the other, even at a distance. On the island of Corsica they become entwined in the long-running feud between the Orlandi and the Colonnas--a dispute that had its beginnings in a dispute over the ownership of a chicken! Most of the two families have now been eliminated through the ongoing blood-feud, but the twins, unbeknownst to each other, are being manipulated to settle the fate of the two clans once and for all. The result is a stunning climax of swordplay and violence!

These selected paragraphs distill the contents and give you a quick look inside The Corsican Brothers: Look inside the book: I asked him what on earth they had to do in Paris with the affairs of an out-of-the-way little village in Corsica; but it seems the prefect mentioned it when he wrote to Paris, and said that if I were to say a word the whole thing would finish like a farce, by a marriage and a public recitation; so my brother took the hint, and replied he would answer for me. ..."And justly so," I replied; "but as chance would have it, he was, when I left, dressed exactly as you are now, except that he wore white trowsers, so that I was not able to separate your presence from his memory with the difference in dress of which you speak, but," I continued, taking the letter from my pocket-book, "I can quite understand you are anxious to have news from home, so pray read this which I would have left at your house yesterday had I not promised Madame de Franchi to give it to you myself." As to lodging for the night, it is still more simple in Corsica. The traveller having arrived at a village, passes down through the principal street, and making his own choice of the house wherein he will rest, he knocks at the door. An instant after, the master or mistress will appear upon the threshold, invite the traveller to dismount; offer him a share of the family supper and the whole of his own bed, and next morning, when seeing him safely resume his journey, will thank him for the preference he has accorded to his house. As for remuneration, such a thing is never hinted at. The master would regard it as an insult if the subject were broached. If, however, the servant happen to be a young girl, one may fitly offer her a coloured handkerchief, with which she can make up a picturesque coiffure for a fête day. If the domestic be a male he will gladly accept a poignard, with which he can kill his enemy, should he meet him.

The keys were left on the drawers of the writing desk; I opened one of them. It contained some manuscripts, fragments of a history of Corsica, a sketch on the means of abolishing the custom of the vendetta, some French verses, and a few Italian sonnets. This was all I wanted, and I had the presumption to think that I needed nothing more to form a correct opinion of Mons. Louis de Franchi's character. I fancied he must of course be a peaceable, studious young man, and an admirer of French improvements and reform. I then understood his reasons for going to Paris to study the law. There was no doubt a project of civilization in this pursuit."
