1984-01-01 Alison Harding A collection of traditional Victorian and Edwardian recipes and menus (adapted for modern use) selected by cookery writer Alison Harding and illustrated with watercolours from the international bestseller 'The Country diary of an Edwardian lady' by Edith Holden.

2023-12-05 E. M. Delafield This carefully crafted ebook: "The Diary of a Provincial Lady (Unabridged Edition With Original Illustrations)" is formatted for your eReader with a functional and detailed table of contents. When the editor of Time and Tide wanted some light "middles", preferably in serial form, E. M. Delafield promised to think of something to submit'. It was thus, in 1930, that her most popular and enduring work Diary of a Provincial Lady was written. This largely autobiographical novel which took the form of a journal of the life of an upper-middle class Englishwoman living mostly in a Devon village of the 1930s is a humorous account of a housewife and a mother who juggles her life at home and yet goes on to successfully publish her first book. Excerpt: "November 7th.—Plant the indoor bulbs. Just as I am in the middle of them, Lady Boxe calls. I say, untruthfully, how nice to see her, and beg her to sit down while I just finish the bulbs. Lady B. makes determined attempt to sit down in armchair where I have already placed two bulb-bowls and the bag of charcoal, is headed off just in time, and takes

the sofa." (The Diary of a Provincial Lady) E. M. Delafield (1890-1943) was a prolific English author who is best known for her autobiographical works like Zella Sees Herself, The Provincial Lady Series etc. which look at the lives of upper-middle class Englishwomen.

2001 Edith Holden "If ever a book made you want to go for a walk in the woods, this is it....covers a year in the life of an English schoolteacher, who wrote the diary during the course of 1906...to encourage her pupils to learn about nature. . . . what really captures the eye and the imagination are her exquisite renderings of flora and fauna. Color illustrations detailing, birds, insects, flowers and more . . . stimulating all the senses and inspiring readers."--"Century Home."

2000-04-26 Fanny Robinson Hailed by the press as a publishing phenomenon, The Country Flowers of a Victorian Lady is a classic work that will "change the way we look at flowers forever" (Mail on Sunday, London). Over the past 150 years Fanny Robinson's "Book of Memory," as she called it, has been enjoyed as a treasured heirloom by her family. Now, for the first time, her beautiful work -- arguably the

most exquisite collection of Victorian flower paintings in existence -- can be appreciated by all. Fanny's exceptional book combines elegant watercolors with evocative poetry that is finely illuminated in the manner of a medieval Book of Hours. Using the symbolic Language of Flowers, she invests each flower grouping with subtle and often highly romantic meanings -- indeed, it is thought that the volume was intended as a lasting tribute to a lost lover. In her fascinating commentary on the paintings, Gill Saunders, a senior curator in the Department of Prints, Drawings and Paintings at the Victoria and Albert Museum, London, explains the intriguing floral symbolism and takes the reader on a delightful journey into Fanny Robinson's leisured and cultivated world of flower, pen and brush.

2003-07 Charles Edmund Roth From the day it was released in 2000, Keeping a Nature Journal has struck a profound chord among professional, casual, and occasional naturalists of all ages. In response to this groundswell of enthusiasm, we have revised KEEPING A NATURE JOURNAL, updated the interior design, and created a new cover. Undoubtedly the most exciting new element in this second edition is a portfolio of 32 illustrated pages from Clare Walker Leslie's most recent journals, reproduced in full color. What makes KEEPING A NATURE JOURNAL so popular? It

is inspiring and easy to use. Clare and co-author Charles Chuck E. Roth offer simple techniques to give first-time journal-keepers the confidence to go outside, observe the natural world, and sketch and write about what they see. At the same time, they motivate long-time journal-keepers to hone their powers of observation as they immerse themselves in the mysteries of the natural world. Clare and Chuck stress that the journal is a personal record of daily experience and the world around us. Nature's beauty can be observed everywhere, whether in the city, suburbs, or country.

1972 John Boynton Priestley The members of an eminently respectable British family reveal their true natures over the course of an evening in which they are subjected to a routine inquiry into the suicide of a young girl.

2018-03-13 Edith Holden A charming addition to Rizzoli's carefully curated program of bringing classic books back into print. This beautifully packaged facsimile of Edith Holden's original diary is filled with a naturalist's masterful paintings and delightful observations chronicling the English countryside throughout 1906. As one of the few true records of the time in print, the handwritten thoughts and paintings contained in *The Country Diary of an Edwardian Lady* transport readers to a more refined, romantic, and simpler time. Capitalizing on the current Downton Abbey-inspired appetite for

Edwardian-era ephemera, fashions, and society, this reproduction brings readers back to a time in which propriety, civility, and an appreciation for the natural world reigned. This souvenir of a bygone era serves not only as a calming touchstone, but a reminder that as long as we choose to see it, we are still surrounded by beauty and grace. Presented to retain the charm and beauty of the original volume filled with Holden's hand-drawn illustrations of the English countryside's flora and fauna through the changing seasons of the year, as well as handwritten notes, observations, and quotations, *The Country Diary of an Edwardian Lady* makes a lovely addition to any home's library or side table.

Hodgson B.F. «Таинственный сад» - любимая классика для читателей всех возрастов, жемчужина творчества Фрэнсис Ходжсон Бернетт, роман о заново открытой радости жизни и магии силы. Мэри Леннокс, жестокое и испорченное дитя высшего света, потеряв родителей в Индии, возвращается в Англию, на воспитание к дяде-затворнику в его поместье. Однако дядя находится в постоянных отъездах, и Мэри начинает исследовать округу, в ходе чего делает много открытий, в том числе находит удивительный маленький сад, огороженный стеной, вход в который почему-то запрещен. Отыскав ключ и потайную дверцу, девочка попадает внутрь. Но чьи тайны хранит этот загадочный садик? И нужно ли знать то, что находится под

запретом?.. Впрочем, это не единственный секрет в поместье...

1981-01-01 Sara Midda "Sara Midda's richly illustrated *In and Out of the Garden* has delighted readers and critics alike: "This is the most gentle of books, a peaceful pastime. The delicacy of Sara Midda's art is enchanting. Anyone who is a gardener, or who has worked with plants in nature, will respond to what she has put forth so exquisitely," wrote Joan Lee Faust, Garden Editor of *The New York Times*. Diana Vreeland praised it as "delightful and delicious," *Time* magazine as "Cause for revel," and Laura Ashley called it "pure inspiration." In scores and scores of delicate illustrations and tender reflections, the author recalls the English gardens her childhood and the gardens she tends now, to reveal surprises both dainty and daring. The colorings and imaginings make the fancy soar with pleasure, as she creates the most elegant and subtle of books to give and to have, a book to cherish as dearly as a volume of treasured poetry. Sara Midda's garden is sown with glorious images. Ruby-red radishes are the jewels of the underworld. Myriad colors fall upon warm green moss. Brown leaves drift with sweet scent. And "in the beeman's garden, a host of hives and a swarm of bees bring sticky honey for your teas." Vegetable gardens, herb gardens, flower gardens are illustrated. The pleasures of the orchard are celebrated. Recipes are shared for lotions and potions to cheer the heart and delight the senses." --

2016-09 Margaret Erskine Wilson Margaret Erskine Wilson, late President of Kendal Natural History Society, was a keen amateur botanist and water-colourist. In 1999, she donated to the Society 150 sheets of water-colour paintings representing a thousand British and Irish plants in flower and in fruit, painted in situ over many years and in various places. At the time she donated the paintings to

Kendal Natural History Society, she wrote: Begun in 1943/4 for a friend who said, 'I might learn the names of flowers if you drew them for me, in the months they're in flower!' The result is this beautiful, previously unpublished book of all her accurate and informative illustrations, painted over a period of 45 years. Over a thousand British and Irish flowers are represented in this book and it still today serves Margaret Erskine Wilson's original purpose -- it

is an easy way to learn the names of our delicate and beautiful wild flowers.

1977 Edith Holden This new edition of the international best-seller, The country diary of an Edwardian lady, celebrates the centenary of the original book written in 1906. Recording in words and paintings the flora and fauna of the British countryside, Edith Holden's diary has become a unique tribute to the diversity of nature through the seasons.
