

The Courage To Teach Parker Palmer

The Courage to Teach-Parker J. Palmer 2012-06-11 "This book is for teachers who have good days and bad — and whose bad days bring the suffering that comes only from something one loves. It is for teachers who refuse to harden their hearts, because they love learners, learning, and the teaching life." — Parker J. Palmer [from the Introduction] For many years, Parker Palmer has worked on behalf of teachers and others who choose their vocations for reasons of the heart but may lose heart because of the troubled, sometimes toxic systems in which they work. Hundreds of thousands of readers have benefited from his approach in THE COURAGE TO TEACH, which takes teachers on an inner journey toward reconnecting with themselves, their students, their colleagues, and their vocations, and reclaiming their passion for one of the most challenging and important of human endeavors. This book builds on a simple premise: good teaching cannot be reduced to technique but is rooted in the identity and integrity of the teacher. Good teaching takes myriad forms but good teachers share one trait: they are authentically present in the classroom, in community with their students and their subject. They possess "a capacity for connectedness" and are able to weave a complex web of connections between themselves, their subjects, and their students, helping their students weave a world for themselves. The connections made by good teachers are held not in their methods but in their hearts — the place where intellect, emotion, spirit, and will converge in the human self — supported by the community that emerges among us when we choose to live authentic lives. BONUS: Includes an audio CD featuring a 45-minute conversation between Parker Palmer and his colleagues, Marcy Jackson and Estrus Tucker from the Center for Courage & Renewal. They reflect on what they have learned from working with thousands of teachers in their "Courage to Teach" program (www.CourageRenewal.org) and with others who yearn for greater integrity in their professional lives. Note: CD-ROM/DVD and other supplementary materials are not included as part of eBook file.

The Courage to Teach-Parker J. Palmer 2017-09-05 Wisdom that's been inspiring, motivating, and guiding teachers for two decades The Courage to Teach speaks to the joys and pains that teachers of every sort know well. Over the last 20 years, the book has helped countless educators reignite their passion, redirect their practice, and deal with the many pressures that accompany their vital work. Enriched by a new Foreword from Diana Chapman Walsh, the book builds on a simple premise: good teaching can never be reduced to technique. Good teaching comes from the identity and integrity of the teacher, that core of self where intellect, emotion, and spirit converge—enabling 'live encounters' between teachers, students, and subjects that are the key to deep and lasting learning. Good teachers love learners, learning, and the teaching life in a way that builds trust with students and colleagues, animates their daily practice, and keeps them coming back tomorrow. Reclaim your own vision and purpose against the threat of burn-out Understand why good teaching cannot be reduced to technique alone Explore and practice the relational traits that good teachers have in common Learn how to forge learning connections with your students and "teach across the gap" Whether used for personal study, book club exploration, or professional development, The Courage to Teach is rich with time-honored wisdom, and contemporary clarity about the ancient arts of teaching and learning.

The Courage to Teach-Parker J. Palmer 2009-05-18 "This book is for teachers who have good days and bad -- and whose bad days bring the suffering that comes only from something one loves. It is for teachers who refuse to harden their hearts, because they love learners, learning, and the teaching life." - Parker J. Palmer [from the Introduction] Teachers choose their vocation for reasons of the heart, because they care deeply about their students and about their subject. But the demands of teaching cause too many educators to lose heart. Is it possible to take heart in teaching once more so that we can continue to do what good teachers always do -- give heart to our students? In The Courage to Teach, Parker Palmer takes teachers on an inner journey toward reconnecting with their vocation and their students -- and recovering their passion for one of the most difficult and important of human endeavors.

The Courage to Teach-Parker J. Palmer 1999 Now updated, this title has always been about helping teachers recover their passion for teaching, one of the most difficult and conflicted professions. Pushed and pulled by regulations and institutions, teachers can feel ground down and demoralized without connection with the heart of their vocation.

The Courage to Teach Guide for Reflection and Renewal-Parker J. Palmer 2017-08-28 "Exploring the inner landscape of a teacher's life is difficult to do alone or without guidance for reflecting on what THE COURAGE TO TEACH means to the reader. This guide is a welcome resource for those who wish to extend their exploration beyond just reading the book, individually or within a study group. Includes online video content featuring an interview with Parker Palmer discussing the crisis in education, the heart of a teacher, ways of knowing, the importance of relationship in teaching and learning, teacher renewal, and spirituality in education"--

On the Brink of Everything-Parker J. Palmer 2018-06-26 Parker J. Palmer On the Brink of Everything Grace, Gravity, and Getting Old From beloved and bestselling author Parker J. Palmer (Let Your Life Speak, The Courage to Teach, Healing the Heart of Democracy) comes a brave and beautiful book of reflections on eight decades of life and work. Reframing aging as “a passage of discovery and engagement,” Palmer says, “Old is just another word for nothing left to lose, a time to take bigger risks on behalf of the common good.” On the Brink of Everything is not a “guide to” or “handbook for” getting old. Instead, it's Palmer turning the prism of insight on his experience as a way of encouraging readers to do the same with theirs. In elegant prose and lyrical poetry, he offers a set of meditations on the meanings of one's life, past, present, and future. “The laws of nature that dictate the sunset dictate our demise,” Palmer writes. “But how we travel the arc between our own sunrise and sundown is ours to choose: will it be denial, defiance, or collaboration?” With gravity and levity, compassion and chutzpah, Palmer writes about cultivating a robust inner and outer life, a sense of meaning and purpose amid pain as well as joy, and the intergenerational relations that enhance the lives of young and old alike. Here's a book not only for elders but also for those younger folks we call “old souls.” And this book sings! It includes three songs by Palmer's longtime friend and colleague, singer-songwriter Carrie Newcomer, written in response to themes in the book. At the download site for the songs, Palmer and Newcomer hope to engage readers in an ongoing conversation about what Howard Thurman called “the growing edge” of our personal and public lives. Ultimately, Palmer sees age as a precious gift: “The fact that I've come this far makes me one of the lucky ones.” Surprised by the fact that he likes being old, he writes, “Welcome to the brink of everything. It takes a lifetime to get here, but the stunning view and the wake-up breeze in your face make it worth the trip.”

The Intuitive Practitioner-Terry Atkinson 2000 This volume investigates, both conceptually and empirically, the role of intuition in professional practice and its significance for professional development, especially within the world of education. The relationship between rationale or explicit ways of knowing and learning and inarticulate, intuitive or implicit ones is explored in the context of professional practice and development. The tendency to interpret reflection solely in terms of articulation is questioned and the value of other forms of reflection is reasserted. The working relationship between reason and intuition is illustrated in a variety of case studies in distinctive educational and professional settings. From this reassessment of intuition, practical lessons for the initial training and continuing professional development of educators and others are highlighted and extracted.

The Heart of Higher Education-Parker J. Palmer 2010-07-26 A call to advance integrative teaching and learning in higher education. From Parker Palmer, best-selling author of The Courage to Teach, and Arthur Zajonc, professor of physics at Amherst College and director of the academic program of the Center for Contemplative Mind in Society, comes this call to revisit the roots and reclaim the vision of higher education. The Heart of Higher Education proposes an approach to teaching and learning that honors the whole human being—mind, heart, and spirit—an essential integration if we hope to address the complex issues of our time. The book offers a rich interplay of analysis, theory, and proposals for action from two educators and writers who have contributed to developing the field of integrative education over the past few decades. Presents Parker Palmer's powerful response to critics of holistic learning and Arthur Zajonc's elucidation of the relationship between science, the humanities, and the contemplative traditions Explores ways to take steps toward making colleges and universities places that awaken the deepest potential in students, faculty, and staff Offers a practical approach to fostering renewal in higher education through collegiality and conversation The Heart of Higher Education is for all who are new to the field of holistic education, all who want to deepen their understanding of its challenges, and all who want to practice and promote this vital approach to teaching and learning on their campuses.

Teaching with Fire-Sam M. Intrator 2003-10-10 Reclaim Your Fire "Teaching with Fire is a glorious collection of the poetry that has restored the faith of teachers in the highest, most transcendent values of their work with children....Those who want us to believe that teaching is a technocratic and robotic skill devoid of art or joy or beauty need to read this powerful collection. So, for that matter, do we all." ?Jonathan Kozol, author of Amazing Grace and Savage Inequalities "When reasoned argument fails, poetry helps us make sense of life. A few well-chosen images, the spinning together of words creates a way of seeing where we came from and lights up possibilities for where we might be going....Dip in, read, and ponder; share with others. It's inspiration in the very best sense." ?Deborah Meier, co-principal of The Mission Hill School, Boston and founder of a network of schools in East Harlem, New York "In the Confucian tradition it is said that the mark of a golden era is that children are the most important members of the society and teaching is the most revered profession. Our journey to that ideal may be a long one, but it is books like this that will sustain us - for who are we all at our best save teachers, and who matters more to us than the children?" ?Peter M. Senge, founding chair, SoL (Society for Organizational Learning) and author of The Fifth Discipline Those of us who care about the young and their education must find ways to remember what teaching and learning are really about. We must find ways to keep our hearts alive as we serve our students. Poetry has the power to keep us vital and focused on what really matters in life and in schooling. Teaching with Fire is a wonderful collection of eighty-eight poems from such well-loved poets as Walt Whitman, Langston Hughes, Billy Collins, Emily Dickinson, and Pablo Neruda. Each of these evocative poems is accompanied by a brief story from a teacher explaining the significance of the poem in his or her life's work. This beautiful book also includes an essay that describes how poetry can be used to grow both personally and professionally. Teaching With Fire was written in partnership with the Center for Teacher Formation and the Bill & Melinda Gates Foundation. Royalties from this book will be used to fund scholarship opportunities for teachers to grow and learn.

A Hidden Wholeness-Parker J. Palmer 2009-06-02 In A Hidden Wholeness, Parker Palmer reveals the same compassionate intelligence and informed heart that shaped his best-selling books Let Your Life Speak and The Courage to Teach. Here he speaks to our yearning to live undivided lives—lives that are congruent with our inner truth—in a world filled with the forces of fragmentation. Mapping an inner journey that we take in solitude and in the company of others, Palmer describes a form of community that fits the limits of our active lives. Defining a “circle of trust” as “a space between us that honors the soul,” he shows how people in settings ranging from friendship to organizational life can support each other on the journey toward living “divided no more.” This paperback edition includes two new and useful features. Circles of Trust is a DVD containing interviews with Parker J. Palmer and footage from retreats he facilitated for the Center for Courage & Renewal (www.CourageRenewal.org). Bringing the Book to Life, by Caryl Hurtig Casbon and Sally Z. Hare, is a reader's and leader's guide to exploring the themes in A Hidden Wholeness. The DVD illuminates and illustrates the principles and practices behind circles of trust. The guide includes questions that connect the DVD to the book, offering "a conversation with the author" as well as an engagement with the text. Together, these features give readers new ways to internalize the themes of A Hidden Wholeness and share with others this approach to sustaining identity and integrity in all the venues of our lives. Inspired by Palmer's writing and speaking—and challenged by the conditions of twenty-first century life—people across the country, from many walks of life, have been coming together in circles of trust to reclaim their integrity and help foster wholeness in their workplaces and their world. For over a decade, the principles and practices in this book have been proven on the ground—by parents and educators, clergy and politicians, community organizers and corporate executives, physicians and attorneys, and many others who seek to rejoin soul and role in their private and public lives. A Hidden Wholeness weaves together four themes that its author has pursued for forty years: the shape of an integral life, the meaning of community, teaching and learning for transformation, and nonviolent social change. The hundreds of thousands of people who know Parker Palmer's books will be glad to find the journey continued

Healing the Heart of Democracy-Parker J. Palmer 2014-07-31 Hope for American democracy in an era of deep divisions In Healing the Heart of Democracy, Parker J. Palmer quickens our instinct to seek the common good and gives us the tools to do it. This timely, courageous and practical work—intensely personal as well as political—is not about them, "those people" in Washington D.C., or in our state capitals, on whom we blame our political problems. It's about us, "We the People," and what we can do in everyday settings like families, neighborhoods, classrooms, congregations and workplaces to resist divide-and-conquer politics and restore a government "of the people, by the people, for the people." In the same compelling, inspiring prose that has made him a bestselling author, Palmer explores five "habits of the heart" that can help us restore democracy's foundations as we nurture them in ourselves and each other: An understanding that we are all in this together An appreciation of the value of "otherness" An ability to hold tension in life-giving ways A sense of personal voice and agency A capacity to create community Healing the Heart of Democracy is an eloquent and empowering call for "We the People" to reclaim our democracy. The online journal Democracy & Education called it "one of the most important books of the early 21st Century." And Publishers Weekly, in a Starred Review, said "This beautifully written book deserves a wide audience that will benefit from discussing it."

To Know as We Are Known-Parker J. Palmer 2010-06-22 This primer on authentic education explores how mind and heart can work together in the learning process. Moving beyond the bankruptcy of our current model of education, Parker Palmer finds the soul of education through a lifelong cultivation of the wisdom each of us possesses and can share to benefit others.

The Courage Way-, The Center for Courage & Renewal 2018-02-06 The Courage Way Leading and Living with Integrity Leadership can be exhausting, lonely, frustrating, disappointing, and downright discouraging. You have to make good decisions while balancing inevitable tensions and knowing when to take risks. You need to keep your values in sight regardless of the pressures around you and stay calm in the storms that arise. At its core, leadership is a daily, ongoing practice, a journey toward becoming your best self and inviting others to do the same. And at the heart of this daily practice is courage. And that's where The Courage Way comes in. It's a guide to leadership that names and explores this important resource and shows leaders how to access and draw upon courage in all that they do. It has its roots in the work of Parker J. Palmer, who in fifty years of teaching, speaking, and writing has explored the human spirit—what he has called “the inner landscape”—and its role in life and leadership. Shelly Francis identifies key ingredients needed to cultivate courage, the most fundamental being trust—in ourselves and in each other. She describes the Center for Courage & Renewal's Circle of Trust approach, centered around eleven “touchstones,” poetic and practical operating guidelines for holding the meaningful conversations of inner work and trust building. Each chapter features true stories of how leaders in all kinds of settings have overcome challenges and strengthened their organizations through touchstones like “Extend invitation, not demand,” “No fixing, saving, advising, or correcting,” and “When the going gets rough, turn to wonder.” This graceful and inspiring book is a guide to courageous leadership and a journey of self-discovery—the two are inextricable. As Francis writes, “Courage is not only in you—it is you. In your moments of courage, that's when you meet your true self.”

Let Your Life Speak-Parker J. Palmer 2015-06-22 PLEASE NOTE: Some recent copies of Let Your Life Speak included printing errors. These issues have been corrected, but if you purchased a defective copy between September and December 2019, please send proof of purchase to josseybasseducation@wiley.com to receive a replacement copy. Dear Friends: I'm sorry that after 20 years of happy traveling, Let Your Life Speak hit a big pothole involving printing errors that resulted in an unreadable book. But I'm very grateful to my publisher for moving quickly to see that people who received a defective copy have a way to receive a good copy without going through the return process. We're all doing everything we can to make things right, and I'm grateful for your patience. Thank you, Parker J. Palmer With wisdom, compassion, and gentle humor, Parker J. Palmer invites us to listen to the inner teacher and follow its leadings toward a sense of meaning and purpose. Telling stories from his own life and the lives of others who have made a difference, he shares insights gained from darkness and depression as well as fulfillment and joy, illuminating a pathway toward vocation for all who seek the true calling of their lives.

Stories of the Courage to Teach-Sam M. Intrator 2007-08-17 Presents a collection of true stories by teachers seeking to reconnect with their vocation.

Essential Resources for Mindfulness Teachers-Rebecca S. Crane 2021-05-30 Essential Resources for Mindfulness Teachers offers the reader a wealth of knowledge about the explicit and implicit aspects of mindfulness-based teaching. The book focuses on how to develop the craft of teaching mindfulness-based courses and is divided into three parts. Part I addresses the explicit elements of mindfulness-based courses, such as how to offer meditation practices and inquiry. Part II investigates the subtle but powerful implicit qualities needed within the teacher to convey the essence of mindfulness. Part III is a series of chapters on the underpinnings, considerations, and theories surrounding the teaching of mindfulness-based courses, and includes a new framework for reflective practice - the Mindfulness-Based Interventions: Teaching and Learning Companion (the TLC). The book is a core companion text for both trainees and established mindfulness-based teachers, and is a resource you will return to again and again.

40-Day Journey with Parker J. Palmer-Henry F. French * Includes passages from Scripture and opportunities to reflect and pray * Ideal for use during Advent or Lent.

Academia from the Inside-Maureen P. Hall

A Simpler Way-Margaret J. Wheatley 1998-01-01 "We want life to be less arduous and more delightful. We want to be able to think differently about how to organize human activities." So begins A Simpler Way, an exploration of a radically different world view that will reshape how we think about organizing all human endeavor. Margaret J. Wheatley and coauthor Myron Kellner-Rogers explore the question: "How could we organize human endeavor if we developed different understandings of how life organizes itself?" They draw on the work of scientists, philosophers, poets, novelists, spiritual teachers, colleagues, audiences, and their own experience in search of new ways of understanding life and how organizing activities occur. A Simpler Way presents a profoundly different world view that can change how we live our lives and how we can create organizations that thrive. A Simpler Way explores fundamental new beliefs about organizations and life. Like Leadership and the New Science, this new book is rooted in science but breaks new ground by developing insights from literature, spiritual teachings, and direct experience. The authors challenge many assumptions about life, organizations, and change, while providing inspiration and guidance for readers on their own journey to a simpler way to organize their endeavors. The authors describe a new paradigm of life as self-organizing and coevolving, drawing on sources that support modern science but predate its findings by thousands of years. They examine five major themes-play, organization, self, emergence, and coherence-each grounded in both the science and philosophy of a world that knows how to organize itself. Each theme is explored in depth, and then applied to how we think about human organizations. The book begins and ends with photo essays, providing visual imagery that recalls readers to their own experience with a world that is creative, playful, and self-organizing. Written in a relaxed, poetic, and inviting style, the book welcomes the reader into this exploration of a new way of being in the world, one which can give us increased organizing capacity and effectiveness with less of the stress that plagues us now.

Teaching with Heart-Sam M. Intrator 2014-05-19 Each and every day teachers show up in their classrooms with a relentless sense of optimism. Despite the complicated challenges of schools, they come to and remain in the profession inspired by a conviction that through education they can move individuals and society to a more promising future. In Teaching with Heart: Poetry that Speaks to the Courage to Teach a diverse group of ninety teachers describe the complex of emotions and experiences of the teaching life - joy, outrage, heartbreak, hope, commitment and dedication. Each heartfelt commentary is paired with a cherished poem selected by the teacher. The contributors represent a broad array of educators: K-12 teachers, principals, superintendents, college professors, as well as many non-traditional teachers. They range from first year teachers to mid-career veterans to those who have retired after decades in the classroom. They come from inner-city, suburban, charter and private schools. The teachers identified an eclectic collection of poems and poets from Emily Dickinson, to Richard Wright, to Mary Oliver to the rapper Tupac Shakur. It is a book by teachers and for all who teach. The book also includes a poignant Foreword by Parker J. Palmer (The Courage to Teach), a stirring Introduction by Taylor Mali (What Teachers Make), and a moving Afterword by Sarah Brown Wessling (Teaching Channel). Where Teaching with Fire honored and celebrated the work of teachers; Teaching with Heart salutes the tenacious and relentless optimism of teachers and their belief that despite the many challenges and obstacles of the teaching life, much is possible.

The Company of Strangers-Parker J. Palmer 1983-08 This book is a new and original voice in Christian spirituality. A valuable and practical resource for both clergy and laity, a balance vision of the renewal of public life and how the church can contribute to it.

The Promise of Paradox-Parker J. Palmer 2010-02-19 First published in 1980—and reissued here with a feisty new introductory essay—The Promise of Paradox launched Parker J. Palmer's career as an author and his ongoing exploration of the contradictions that vex and enrich our lives. In this probing and heartfelt book, the distinguished writer, teacher, and activist examines some of the challenging questions at the core of Christian spirituality. How do we live with the apparent opposition between good and evil, scarcity and abundance, individuality and community, death and new life? We can hold them as paradoxes, not "either/ors," allowing them to open our minds and hearts to new ways of seeing and being.

Telling Ain't Training, 2nd edition-Harold D. Stolovitch 2011 For training that is as fun as it is effective, this is a must-have resource for anyone involved in training. Detailing the "who," "what," "when," "why" and "how" of learning, Telling Ain't Training provides everything you need to energise and engage leaders regardless of age experience. Fast-paced, fun and interactive, *Telling Ain't Training* incorporates principles of adult learning to separate learning myth from learning fact. Understand how people learn, what makes training successful, why training fails and how to achieve amazing training results.

Adult Education and Lifelong Learning-Peter Jarvis 2004-06-03 This is the third edition of Peter Jarvis' classic textbook, Adult and Continuing Education, which established itself as the most widely used and respected book about education for adults today. In this new edition, the author has made extensive revisions and included substantial additional material to take account of the many changes that have occurred in the field of adult education. Additional and updated material in this much-anticipated new edition includes: a discussion on both globalisation and Europeanisation, indicating the pressures that have been exerted on the educational system to change a greater emphasis on lifelong education, lifelong learning and society an extended discussion on the theorists of distance education and introductory material on e-learning and on-line learning an updated look at changes in UK policy and European policy documents new material on the relationship between research, learning and the changing approaches to knowledge, with more emphasis placed on action learning and research.

A Place Called Community-Parker J. Palmer 1977

Trust in Schools-Anthony Bryk 2002-09-05 Most Americans agree on the necessity of education reform, but there is little consensus about how this goal might be achieved. The rhetoric of standards and vouchers has occupied center stage, polarizing public opinion and affording little room for reflection on the intangible conditions that make for good schools. Trust in Schools engages this debate with a compelling examination of the importance of social relationships in the successful implementation of school reform. Over the course of three years, Bryk and Schneider, together with a diverse team of other researchers and school practitioners, studied reform in twelve Chicago elementary schools. Each school was undergoing extensive reorganization in response to the Chicago School Reform Act of 1988, which called for greater involvement of parents and local community leaders in their neighborhood schools. Drawing on years longitudinal survey and achievement data, as well as in-depth interviews with principals, teachers, parents, and local community leaders, the authors develop a thorough account of how effective social relationships—which they term relational trust—can serve as a prime resource for school improvement. Using case studies of the network of relationships that make up the school community, Bryk and Schneider examine how the myriad social exchanges that make up daily life in a school community generate, or fail to generate, a successful educational environment. The personal dynamics among teachers, students, and their parents, for example, influence whether students regularly attend school and sustain their efforts in the difficult task of learning. In schools characterized by high relational trust, educators were more likely to experiment with new practices and work together with parents to advance improvements. As a result, these schools were also more likely to demonstrate marked gains in student learning. In contrast, schools with weak trust relations saw virtually no improvement in their reading or mathematics scores. Trust in Schools demonstrates convincingly that the quality of social relationships operating in and around schools is central to their functioning, and strongly predicts positive student outcomes. This book offer insights into how trust can be built and sustained in school communities, and identifies some features of public school systems that can impede such development. Bryk and Schneider show how a broad base of trust across a school community can provide a critical resource as education professional and parents embark on major school reforms. A Volume in the American Sociological Association's Rose Series in Sociology

The Passionate Teacher-Robert Fried 2015-10-20 An inspiring handbook, enthusiastically embraced by teachers; with a new chapter Every teacher can be a passionate teacher-one who engages young people in the excitement of learning and ideas-if teaching is not undermined by the ways we "do business" in schools. The Passionate Teacher draws on voices, stories, and successes of teachers in urban, suburban, and rural classrooms to help you become, and remain, a passionate teacher despite the obstacles. This edition includes a new chapter for teachers beginning their careers From the Trade Paperback edition.

The Courage to Teach Guide for Reflection and Renewal-Parker J. Palmer 2007-08-17 This guide is a welcome resource for those who wish to extend their exploration beyond just reading "The Courage to Teach," individually or within a study group. Includes a DVD featuring an interview with Parker Palmer discussing the crisis in education, the heart of a teacher, ways of knowing, and more.

Tenth Anniversary Celebration of the Courage to Teach and the Work of Parker J. Palmer-Parker J. Palmer 2007

Sentipensante (Sensing/Thinking) Pedagogy-Laura I. Rendón 2012-03-27 * An inspirational and holistic approach to teaching by a renowned Latina scholar * Defines seven steps to unlocking the potential of teachers and their students * Deeply informed by the author's educational journey as a minority woman from a background of rural poverty Laura Rendón is a scholar of national stature, known for her research on students of color and first-generation college students, and on the factors that promote and impede student success. The motivation for the quest that Laura Rendón shares in this book was the realization that she, along with many educators, had lost sight of the deeper, relationship-centered essence of education, and lost touch with the fine balance between educating for academics and educating for life. Her purpose is to reconnect readers with the original impulse that led them to become educators; and to help them rediscover, with her, their passion for teaching and learning in the service of others and for the well being of our society. She offers a transformative vision of education that emphasizes the harmonic, complementary relationship between the sentir of intuition and the inner life and the pensar of intellectualism and the pursuit of scholarship; between teaching and learning; formal knowledge and wisdom; and between Western and non-Western ways of knowing. In the process she develops a pedagogy that encompasses wholeness, multiculturalism, and contemplative practice, that helps students transcend limiting views about themselves; fosters high expectations, and helps students to become social change agents. She invites the reader to share her journey in developing sentipensante pedagogy, and to challenge seven entrenched agreements about education that act against wholeness and the appreciation of truth in all forms. She offers examples of her own teaching and of the classroom practices of faculty she encountered along the way; as well as guidance on the challenges, rewards and responsibilities that anyone embarking on creating a new vision of teaching and learning should attend to. Though based on the author's life work in higher education, her insights and approach apply equally to all teaching and learning contexts.

The Courage to Teach, A Guide for Reflection and Renewal-Rachel C. Livsey 1999 Written to accompany the bestselling book The Courage to Teach, this study guide will help teachers reflect upon their own teaching methods from the vantage point of the three dimensions of the inner landscape of a teacher's life: the intellectual, the emotional, and the spiritual. This guide raises questions, explores avenues of thought, and introduces issues and insights contained in The Courage to Teach. Also Available

The Heart of Learning-Steven Glazer 1999-03 A collection of essays that explores new frameworks for the revitalization of education, advocating an acceptance of spirituality, an openness to diversity, and a balancing of the past and the future

The Spark of Learning-Sarah Rose Cavanagh 2016 Historically we have constructed our classrooms with the assumption that learning is a dry, staid affair best conducted in quiet tones and ruled by an unemotional consideration of the facts. The field of education, however, is beginning to awaken to the potential power of emotions to fuel learning, informed by contributions from psychology and neuroscience. In friendly, readable prose, Sarah Rose Cavanagh argues that if you as an educator want to capture your students' attention, harness their working memory, bolster their long-term retention, and enhance their motivation, you should consider the emotional impact of your teaching style and course design. To make this argument, she brings to bear a wide range of evidence from the study of education, psychology, and neuroscience, and she provides practical examples of successful classroom activities from a variety of disciplines in secondary and higher education.

The Violence of Our Knowledge-Parker J. Palmer 1993-01-01

The Active Life-Parker J. Palmer 1999-08-11 ENGAGE THE SPIRIT AND TRUTH OF THE ACTIVE LIFE What spiritual sources can we draw on to receive guidance for—and from—our lives in the world of action? The Active Life is Parker J. Palmer's deep and graceful exploration of a spirituality for the busy, sometimes frenetic lives many of us lead. Telling evocative stories from a variety of religious traditions, including Taoist, Jewish, and Christian, Palmer shows that the spiritual life does not mean abandoning the world but engaging it more deeply through life-giving action. He celebrates both the problems and potentials of the active life, revealing how much they have to teach us about ourselves, the world, and God.

Basics of Christian Education-Karen Tye 2000-01-01 Congregations are always struggling with what quality Christian education is and how to build and maintain it. In this concise and easy-to-use guide, Karen Tye offers practical help, addressing the vital areas that need attention when planning for and building a Christian education program. Questions and exercises at the end of each chapter help pastors, Christian educators, seminary students, and laity apply the information to their own unique setting, building on the basics to renew and transform Christian education.

The Heart of Higher Education-Parker J. Palmer 2010-06-17 A call to advance integrative teaching and learning in higher education. From Parker Palmer, best-selling author of The Courage to Teach, and Arthur Zajonc, professor of physics at Amherst College and director of the academic program of the Center for Contemplative Mind in Society, comes this call to revisit the roots and reclaim the vision of higher education. The Heart of Higher Education proposes an approach to teaching and learning that honors the whole human being—mind, heart, and spirit—an essential integration if we hope to address the complex issues of our time. The book offers a rich interplay of analysis, theory, and proposals for action from two educators and writers who have contributed to developing the field of integrative education over the past few decades. Presents Parker Palmer's powerful response to critics of holistic learning and Arthur Zajonc's elucidation of the relationship between science, the humanities, and the contemplative traditions Explores ways to take steps toward making colleges and universities places that awaken the deepest potential in students, faculty, and staff Offers a practical approach to fostering renewal in higher education through collegiality and conversation The Heart of Higher Education is for all who are new to the field of holistic education, all who want to deepen their understanding of its challenges, and all who want to practice and promote this vital approach to teaching and learning on their campuses.

Healing the Heart of Democracy-Parker J. Palmer 2014-08-25 Hope for American democracy in an era of deep divisions In Healing the Heart of Democracy, Parker J. Palmer quickens our instinct to seek the common good and gives us the tools to do it. This timely, courageous and practical work—intensely personal as well as political—is not about them, "those people" in Washington D.C., or in our state capitals, on whom we blame our political problems. It's about us, "We the People," and what we can do in everyday settings like families, neighborhoods, classrooms, congregations and workplaces to resist divide-and-conquer politics and restore a government "of the people, by the people, for the people." In the same compelling, inspiring prose that has made him a bestselling author, Palmer explores five "habits of the heart" that can help us restore democracy's foundations as we nurture them in ourselves and each other: An understanding that we are all in this together An appreciation of the value of "otherness" An ability to hold tension in life-giving ways A sense of personal voice and agency A capacity to create community Healing the Heart of Democracy is an eloquent and empowering call for "We the People" to reclaim our democracy. The online journal Democracy & Education called it "one of the most important books of the early 21st Century." And Publishers Weekly, in a Starred Review, said "This beautifully written book deserves a wide audience that will benefit from discussing it."

Writing and Research-Kevin Gary Smith 2016-09-30 Written in a simple yet engaging style, Dr Kevin Smith applies his years of experience and expertise in scholarly writing and research in this one-volume guide.

Perfect as an introduction for new and continuing undergraduate or postgraduate students, this publication provides helpful guidelines and illustrations on all the elements that go into producing an academic work.

An Urgency of Teachers-Jesse Stommel 2018-09-10 "This collection of essays explores the authors' work in, inquiry into, and critique of online learning, educational technology, and the trends, techniques, hopes, fears, and possibilities of digital pedagogy."--back cover.
