Sky Woman and the Big Turtle-Anita Yasuda 2012 Relates the tale in which the creation of the world was begun by the animals after a woman fell down to earth from the sky country, and how it was finished by her two sons, one who was good-spirited and another who was evil-spirited.

Turtle Island-Gary Snyder 1974 Poetry and prose writings unearth the common origins and survival concerns of the diverse cultures coexisting in America.

The A to Z Book of Turtle Island, Land of the Native American-Michael P. Earney 2021-05-14 A long, long time ago, when the world was one vast ocean, the creatures of the sea agreed that there should be a place for others that did not live in the water. Turtle accepted that soil brought up from the bottom of the ocean, could be placed on her back and that would form the habitat for non-sea creatures. After many failed attempts, Muskrat managed to come back with a paw-full of soil. This was placed on Turtle's back and became home to the Native American. Some of the many tribes and nations that formed from the first people are described in this, The A to Z Book of Turtle Island. This story, in a variety of versions, is the source of the name, 'Turtle Island' for the American continent. The Wyandotte (Huron) extended version of the Turtle Island Creation legend can be found at; AAANationalArts.com

Turtle Island-Kevin Sherry 2014-05-01 From the award-winning creator of I'M THE BIGGEST THING IN THE OCEAN comes an inspiring tale of friendship and belonging that's perfect for fans of THE SNAIL AND THE WHALE, OWEN AND MZEE, and Oliver Jeffers's LOST AND FOUND. Turtle is big. But the ocean is bigger. And Turtle is all alone. Until four shipwrecked folks--a bear, an owl, a frog, and a cat--climb to safety on his shell. Before long, they're fast friends, and the sea doesn't seem so vast anymore. But when Frog confides that he misses his family, Turtle doesn't understand. Isn't he their family? And when the group decides to sail for home, will Turtle be left behind? Never fear--a surprise on the horizon promises friends, family, and a home at last. Uplifting and heartfelt, this is a book about the power of friendship and making a home of one's own.

The Turtle and the Island- 1990 A creation myth from Papua New Guinea, with stunning naive-style paintings.

Read, Listen, Tell-Sophie McCall 2017-06-30 “Don’t say in the years to come that you would have lived your life differently if only you had heard this story. You’ve heard it now.” —Thomas King, in this volume Read, Listen, Tell brings together an extraordinary range of Indigenous stories from across Turtle Island (North America). From short fiction to as-told-to narratives, from illustrated stories to personal essays, these stories celebrate the strength of heritage and the liveliness of innovation. Ranging in tone from humorous to defiant to triumphant, the stories explore core concepts in Indigenous literary expression, such as the relations between land, language, and community, the variety of narrative forms, and the continuities between oral and written forms of expression. Rich in insight and bold in execution, the stories proclaim the diversity, vitality, and depth of Indigenous writing. Building on two decades of scholarly work to centre Indigenous knowledges and perspectives, the book transforms literary method while respecting and honouring Indigenous histories and peoples of these lands. It includes stories by acclaimed writers like Thomas King, Sherman Alexie, Paula Gunn Allen, and Eden Robinson, a new generation of emergent writers, and writers and storytellers who have often been excluded from the canon, such as French- and Spanish-language Indigenous authors, Indigenous authors from Mexico, Chicana/o authors, Indigenous-language authors, works in translation, and “lost” or underappreciated texts. In a place and time when Indigenous people often have to contend with representations that marginalize or devalue their intellectual and cultural heritage, this collection is a testament to Indigenous resilience and creativity. It shows that the ways in which we read, listen, and tell play key roles in how we establish relationships with one another, and how we might share knowledges across cultures, languages, and social spaces.

The Land of the Great Turtles-Brad Wagnon 2021-08-10 The Creator gave the Cherokee people a beautiful island with everything they could ever need. It came with only one rule: They must take care of the land and the animals living there. But what happens when the children decide to play with the turtles instead of tending to their responsibilities? The Land of the Great Turtles is a Cherokee origin story that introduces the reader to Cherokee beliefs and values. Written in both Cherokee and English, the book will familiarize readers with the Cherokee syllabary and language.

Ojibway Heritage-Basil Johnston 1990-01-01 Rarely accessible to the general public, Ojibway mythology is as rich in meaning, as broad, as deep, and as innately appealing as the mythologies of Greece, Rome, and other Western civilizations. In Ojibway Heritage Basil Johnston introduces his people's ceremonies, rituals, songs, dances, prayers, arid legends. Conveying the sense of wonder and mystery at the heart of the Ojibway experience, Johnston describes the creation of the universe, followed by that of plants and animals and human beings, and the paths taken by the latter. These stories are to be read, enjoyed, and freely interpreted. Their authorship is perhaps most properly attributed to the tribal storytellers who have carried on the oral tradition that Johnston records and preserves in this book.

Iroquois Creation Story-John Mohawk 2005

Otter’s Journey through Indigenous Language and Law-Lindsay Keegitah Borrows 2018-03-01 Storytelling has the capacity to address feelings and demonstrate themes – to illuminate beyond argument and theoretical exposition. In Otter’s Journey, Borrows makes use of the Anishinaabe tradition of storytelling to explore how the work in Indigenous language revitalization can inform the emerging field of Indigenous legal revitalization. She follows Otter, a dodem (clan) relation from the Chippewas of Nawash First Nation, on a journey across Anishinaabe, Inuit, Māori, Coast Salish, and Abenaki territories, through a narrative of Indigenous resurgence. In doing so, she reveals that the processes, philosophies, and practices flowing from Indigenous languages and laws can emerge from under the layers of colonial laws, policies, and languages to become guiding principles in people’s contemporary lives.

Skywoman-Joanne Shenandoah 1998 A retelling of nine traditional Iroquois tales

Braiding Sweetgrass-Robin Wall Kimmerer 2020-04-23 'A hymn of love to the world ... A journey that is every bit as mythic as it is scientific, as sacred as it is historical, as clever as it is wise' Elizabeth Gilbert, author of Eat, Pray, Love As a botanist, Robin Wall Kimmerer has been trained to ask questions of nature with the tools of science. As a member of the Citizen Potawatomi Nation, she embraces the notion that plants and animals are our oldest teachers. In Braiding Sweetgrass, Kimmerer brings these two ways of knowledge together. Drawing on her life as an indigenous scientist, a mother, and a woman, Kimmerer shows how other living beings - asters and goldenrod, strawberries and squash, salamanders, algae, and sweetgrass - offer us gifts and lessons, even if we've forgotten how to hear their voices. In a rich braid of reflections that range from the creation of Turtle Island to the forces that threaten its flourishing today, she circles toward a central argument: that the awakening of a wider ecological consciousness requires the acknowledgment and celebration of our reciprocal relationship with the rest of the living world. For only when we can hear the languages of other beings will we be capable of understanding the generosity of the earth, and learn to give our own gifts in return.

Turtle Island-Jane Louise Curry 1999 A collection of twenty tales from the different tribes that are part of the Algonquian peoples who lived from the Middle Atlantic States up through eastern Canada.

Creating Aztlán-Dylan Miner 2014-10-30 "Creating Aztláan interrogates the important role of Aztláan in Chicano and Indigenous art and culture. Using the idea that lowriding is an Indigenous way of being, author Dylan A. T. Miner (Mâetis) discusses the multiple roles that Aztláan has played atvarious moments in time, engaging pre-colonial indigeneities, alongside colonial, modern, and contemporary Xicano responses to colonization"--

Black Elk Speaks-Black Elk 2008-10-16 The famous story of the Lakota healer and visionary, Nicholas Black Elk.

Religious Myths and Visions of America-Christopher Buck 2009 Buck examines the religious significance of America by surveying those religions that have attached some kind of spiritual meaning to it.

Cherokee Stories of the Turtle Island Liars' Club-Christopher B. Teuton 2012 Presents a collection of traditional Cherokee tales, teachings, and folklore, with four works presented in both English and Cherokee.

Indigenous Intergenerational Resilience-Lewis Williams 2021-11-05 This book argues that there is a need to develop greater indigenous-led intergenerational resilience in order to meet the challenges posed by contemporary crises of climate change, cultural clashes, and adversity. In today’s media, the climate crisis is kept largely separate and distinct from the violent cultural clashes unfolding on the grounds of religion and migration, but each is similarly symptomatic of the erasure of the human connection to place and the accompanying tensions between generations and cultures. This book argues that both forms of crisis are intimately related, under-scored and driven by the structures of white supremacism which at their most immediate and visible, manifest as the discipline of black bodies, and at more fundamental and far-reaching proportions, are about the power, privilege and patterns of thinking associated with but no longer exclusive to white people. In the face of such crisis, it is essential to bring the experience and wisdom of Elders and traditional knowledge keepers together with the contemporary realities and vision of youth. This book’s inclusive and critical perspective on Indigenous-led intergenerational resilience will be valuable to Indigenous and non-Indigenous interdisciplinary scholars working on human-ecological resilience.

From Skyworld to Turtle Island- 2011 "'Iroquois Artistic Visions: From Sky World to Turtle Island' is an exhibition featuring new works by contemporary Iroquois artists in addition to art from the Museum's permanent collection that will run from April 1 through December 31, 2011 at the Iroquois Indian Museum in Howe's Cave, NY. Paintings, sculpture, pottery, beadwork, textiles and other media in the exhibition will focus on the important symbols in the Iroquois Creation Story, which is fundamental to understanding Iroquois culture and society because it expresses what is valuable in Iroquois culture. The story contains ideas that define the Iroquois role relative to the universe and confirms their attachment to a land on which their ancestors have lived for at least ten thousand years. It helps to explain their survival as a distinct ethnic group participating in a multicultural world. This exhibition takes a concept that was traditionally oral and translates it by using a number of exciting and contemporary visual forms"--New York Almanack website (viewed December 24, 2020) at source URL: https://www.newyorkalmanack.com/2011/03/artistic-visions-exhibit-at-iroquois-museum/

The Mishomis Book-Edward Benton-Banai 2010-01 For young readers, the collected wisdom and traditions of Ojibway elders.

Our Shared Future-Laura E. Reimer 2020-06-23 This edited collection provides deep insights and varied perspectives of innovative and courageous efforts to reconcile the conflicts that have characterized the history of Indigenous people, settlers, and their descendants in Canada. From the opening chapter, the volume contextualizes why Canada is on a reconciliation journey, and how that journey is far from over. It is a multi-disciplinary treatise on decolonization, peacebuilding, and conflict transformation that is a must-read for those scholars, students, and practitioners of peacebuilding seeking a deeper understanding of reconciliation, decolonization, and community-building. Indigenous and non-Indigenous scholars and influencers from across Canada describe positive conflict transformation through various lenses, including education, economics, business, land sharing, and justice reform. The authors describe their personal and professional journeys, offering insights and research into how individuals and institutions are responding to reconciliation. Each chapter provides readers with windows into the tangible ways that Canadians are building a peaceful shared future, together.

The Turtle and the Island-Barbara Ker Wilson 2012-07-24 The story of how the great sea turtle builds the island of Papua New Guinea. Wishing for a place to rest in the sun, he piles up the sand and rocks until they emerge from the sea into a beautiful, fertile island. In doing so, he finds a wife and a home for the lonely man in the dark cave, far beneath the waves. A beautifully-told creation myth with stunning illustrations.

The Back Of The Turtle-Thomas King 2014-09-02 This is Thomas King’s first literary novel in 15 years and follows on the success of the award-winning and bestselling The Inconvenient Indian and his beloved Green Grass, Running Water and Truth and Bright Water, both of which continue to be taught in Canadian schools and universities. Green Grass, Running Water is widely considered a contemporary Canadian classic. In The Back of the Turtle, Gabriel returns to Smoke River, the reserve where his mother grew up and to which she returned with Gabriel’s sister. The reserve is deserted after an environmental disaster killed the population, including Gabriel’s family, and the wildlife. Gabriel, a brilliant scientist working for DowSanto, created GreenSweep, and indirectly led to the crisis. Now he has come to see the damage and to kill himself in the sea. But as he prepares to let the water take him, he sees a young girl in the waves. Plunging in, he saves her, and soon is saving others. Who are these people with their long black hair and almond eyes who have fallen from the sky? Filled with brilliant characters, trademark wit, wordplay and a thorough knowledge of native myth and story-telling, this novel is a masterpiece by one of our most important writers.

The Clean Place-Michael Hankard 2019 "Within Turtle Island Indigenous people know that its spiritual centre is the ultimate mover within everything we do and are surrounded by. The Clean Place: Honouring Indigenous Spiritual Roots of Turtle Island illuminates the strong connection Indigenous people have with the land and the importance of a paradigm shift worldwide toward sustainable ways of thinking and being. The voices and perspectives of the writers weave traditional teachings, spirituality, and messages of hope, change, and transformation."--

Refashioning Myth-David McInnis 2020-05-15 Robert Graves tells us that “the poet’s first enrichment is a knowledge and understanding of myths.” Certainly, as this collection of essays, poems and visual images affirms, mythology has been a field richly mined by poets and artists from antiquity through to the present day. It is testament to both the enduring power of myth, as well as the adaptability of its form, that poets and writers continually turn to the mythic for both inspiration and guidance. This volume presents a diverse collection of analytical and creative works by scholars, poets and visual artists, in response to their varied explorations of the prolific dialogue that exists between myth and poetry.

International Trade in Indigenous Cultural Heritage-Christoph Beat Graber 2012-01-01 This text sets the standard for researchers working on the difficult issues raised by trade and commerce in indigenous cultural heritage.

The Golden Flower-Nina Jaffe 2005 Presents the creation myth of Boriquæn, or present-day Puerto Rico, an island inhabited by Taino Indians before the conquests of Christopher Columbus.

Tunkashila-Gerald Hausman 2011 A mythological version of the history of North America. Based on hundreds of interviews with Native Americans and using a forceful, poetic language suggestive of another time, this exciting novelistic approach to history brings Native American mythology to life at the same time.

As N. Scott Momaday, the Pulitzer prize winning Kiowa poet has said, 'Tunkashila is a book to be read slowly and with deep respect... it is like the wind one hears on the plains, steady, running, full of music.' Tunkashila captures the curiosity of youth and reveals the urgent moral tales of a lost civilization.

Orality and Literacy-Keith Thor Carlson 2011-04-30 Orality and Literacy investigates the interactions of the oral and the literate through close studies of particular cultures at specific historical moments. Rejecting the 'great-divide' theory of orality and literacy as separate and opposite to one another, the

contributors posit that whatever meanings the two concepts have are products of their ever-changing relationships to one another. Through topics as diverse as Aboriginal Canadian societies, Ukrainian-Canadian narratives, and communities in ancient Greece, Medieval Europe, and twentieth-century Asia, these cross-disciplinary essays reveal the powerful ways in which cultural assumptions, such as those about truth, disclosure, performance, privacy, and ethics, can affect a society's uses of and approaches to both the written and the oral. The fresh perspectives in *Orality and Literacy* reinvigorate the subject, illuminating complex interrelationships rather than relying on universal generalizations about how literacy and orality function.

Creation Myths of the World: Parts I-II-David Adams Leeming 2010 Nearly every belief system in every part of the world has its own distinctive answers to how the world was created, often taking the form of a story or myth. These narratives offer insight into a culture's values, its world view, and its interpretations of the relationship between the individual, society, and the divine.

Notes from the Center of Turtle Island-Duane Champagne, University of California, Los Angeles 2010-10-16 Duane Champagne has been presenting a series of comments on Indian policy, history, and culture since October 2006 in the newspaper *Indian Country Today*. This book provides a compilation of many of these editorials, plus two chapters not previously published. The contemplative writing by this well-respected scholar are comments and thoughts on a variety of issues that have arisen in his academic work and the classroom, but mainly through his direct contact and work with tribal communities. The purpose of these thought-provoking editorials is to create discussion about the issues that confront indigenous peoples and to educate a broad audience about the complexities of American Indian issues. Students, policy makers, and all people interested in American Indian or indigenous people's issues will find this book to be an interesting and stimulating read.

Tunkashila-Gerald Hausman 1993 The saga of native America, from creation through the Battle of Wounded Knee, is recreated in epic form incorporating dozens of stories and myths, complemented by illustrations by native American artists. By the author of *Turtle Island Alphabet*. 15,000 first printing.

Turtle's Circle of Life-Patricia Lee Knox 2022-03-19 *Turtle's Circle of Life* tells an enchanting creation story in a coloring book. Baby turtle is lost in space. Father Sun carries Turtle to planet Earth on a light beam. Turtle swims East, South, West and North, discovering the wonders of Earth, her relationship with Father Sun and her transformation into Turtle Island. Just like the Turtle, you, too, can discover the wonders of your Circle of Life. Instructions and an empty circle map are provided at the back of this book to assist you in creating a mandala of your journey around the circle of life.

Crossing Boundaries-Richard Nordquist 2010 The articles in this volume were originally presented in spring 2009 at an international conference hosted by the Institute of Germanic and Romance Languages and Cultures at Tallinn University in Estonia. The theme of «crossing boundaries» is reflected in the rich mix of genres, cultures, applications, and critical theories considered here. Indeed, these articles demonstrate that crossing boundaries can be a companionable journey as well an intellectually enriching experience.

Performing the Intercultural City-Ric Knowles 2017-09-08 In 1971, Canada became the first country to adopt an official policy of multiculturalism. *Performing the Intercultural City* explores how Toronto—a representative global city in this multicultural country—stages diversity through its many intercultural theater companies and troupes. The book begins with a theoretical introduction to theatrical interculturalism. Subsequent chapters outline the historical and political context within which intercultural performance takes place; examine the ways in which Indigenous, Filipino, and Afro-Caribbean Canadian theater has developed play structures based on culturally specific forms of expression; and explore the ways that intercultural companies have used intermediality, modernist form, and intercultural discourse to mediate across cultures. *Performing the Intercultural City* will appeal to scholars, artists, and the theater-going public, including those in theater and performance studies, urban studies, critical multiculturalism studies, diaspora studies, critical cosmopolitanism studies, critical race theory, and cultural studies.

Achieving Aboriginal Student Success-Pamela Rose Toulouse 2011-10-14 *Achieving Aboriginal Student Success* presents goals and strategies needed to support Aboriginal learners in the classroom. This book is for all teachers of kindergarten to grade 8 who have Aboriginal students in their classrooms or who are looking for ways to infuse an Aboriginal worldview into their curriculum. Although the author's primary focus is the needs of Aboriginal students, the ideas are best practices that can be applied in classroom-management techniques, assessment tools, suggestions for connecting to the Aboriginal community, and much more! The strategies and information in this resource are about building bridges between cultures that foster respect, appreciation, and understanding.

Holistic Healing-Peter A. Dunn 2019-06-01 A practical and insightful guide, *Holistic Healing* investigates the practices, theories, research, and history of holistic approaches as it relates to a wide range of health care and human service professionals. This text offers a uniquely comparative and integrated understanding of both ancient and modern Indigenous, Eastern, and Western traditional practices, including bodywork, expressive arts, energy medicine, eco-psychology, transpersonal psychology, naturopathy, homeopathy, Ayurveda, traditional Chinese medicine, and Indigenous healing practices. Practitioners and scholars in health, nutrition, psychology, and social work contribute to research that focuses on individual, organizational, national, and global holistic intervention applications. Chapters in this collection address critical issues such as colonization, human rights, the environment, peace and conflict, and equity and inclusion. This collection is a timely and practical resource for students of undergraduate health, social work, sociology, holistic healing, and psychology programs and is also a great resource for professional practitioners.
