The Creative Writing MFA Handbook-Tom Kealey 2005-01-01 Guides prospective graduate students through the difficult process of researching, applying to, and choosing graduate schools in creative writing. This handbook includes special sections about Low-Residency writing programs, PhD programs, publishing in literary journals, and workshop and teaching advice.

The Low-Residency MFA Handbook-Lori A. May 2011-01-13 The Low-Residency MFA Handbook offers prospective graduate students an in-depth preview of low-residency creative writing MFA programs. Interviews with program directors, faculty, alumni, and current students answer the many questions prospective graduates have, including: What happens during the non-residency semester? What are the brief residencies like? What community is established between faculty and fellow students? What opportunities are there for writers to gain pedagogical training through a low-residency format? And, most importantly, is the low-residency model right for you? These questions, and more, are answered in detail. The guide also clarifies the application process and offers application tips from program directors and alumni. It also considers funding, program structures, and unique opportunities such as editorships and assistantships. For prospective graduate students looking for detailed information, The Low-Residency MFA Handbook provides a personalized and genuinely useful overview.

Music of a Thousand Hammers-Paul Leonard 2007-09-21 Habitat for Humanity International focuses on two goals. The first is to build as many houses as it can, using the principles of sweat equity, no interest, no-profit, volunteer-driven construction—one house, one family at a time—in every corner of the world. Today Habitat is completing a house somewhere in the world every 26 minutes (20,000 per year). Habitat also attempts to make housing a matter of conscience everywhere. Habitat wants everyone to understand that it is morally and socially unacceptable for any human being not to have a simple, decent place to sleep at night. Yet, all is not well in the Habitat household. In late 2004, Habitat's founder Millard Fuller was forced out of his job by the board of directors of the Christian homebuilding ministry. The announcement that Fuller was stepping down came near the end of a tumultuous year for Fuller and the Americus, Georgia-based organization that he co-founded in 1976 with his wife, Linda. The year included allegations against Fuller by a female employee of inappropriate behavior and a struggle concerning the organization's future. The shakeout, now apparently complete, could affect Habitat for years. Part memoir, part history of Habitat, and part expose, Leonard's book provides a glimpse into the shattered world of an organization built on the trust of the recipients of its labors.

The Creative Writer's Survival Guide-John McNally 2010-04-15 Beginning with "The Writer's Wonderland—Or: A Warning" and ending with "You've Published a Book—Now What?" The Creative Writer's Survival Guide is a must-read for creative-writing students and teachers, conference participants, and aspiring writers of every stamp. Directed primarily at fiction writers but suitable for writers of all genres, John McNally's guide is a comprehensive, take-no-prisoners blunt, highly idiosyncratic, and delightfully subjective take on the writing life. McNally has earned the right to dispense advice on this subject. He has published three novels, two collections of short fiction, and hundreds of individual stories and essays. He has edited six anthologies and worked with editors at university presses, commercial houses, and small presses. He has earned three degrees, including an MFA from the Iowa Writers' Workshop, and taught writing to thousands of students at nine different universities. But he has received far more rejections than acceptances, has endured years of underpaid adjunct work, and is presently hard at work on a novel for which he has no guarantee of publication. In other words, he's been at the writing game long enough to rack up plenty of the highs and lows that translate into an invaluable guide for anyone who wants to become a writer or anyone who is already a writer but doesn't know how to take the next step toward the writing life. In the sections The Decision to Become a Writer, Education and the Writer, Getting Published, Publicity, Employment for Writers, and The Writer's Life, McNally wrestles with writing degrees and graduate programs, the nuts and bolts of agents and query letters and critics, book signings and other ways to promote your book, alcohol and other home remedies, and jobs for writers from adjunct to tenure-track. Chapters such as "What Have You Ever Done That's Worth Writing About?" "Can Writing Be Taught?" "Rejection: Putting It in Perspective," "Writing as a Competitive Sport," "Seven Types of MLA Interview Committees," "Money and the Writer," and the all-important "Talking about Writing vs. Writing" cover a vast range of writerly topics from learning your craft to making a living at it. McNally acts as the writer's friendly drill sergeant, relentlessly honest but bracingly cheerful as he issues his curmudgeonly marching orders. Alternately cranky and philosophical, full of to-the-point anecdotes and honest advice instead of wonkish facts and figures, The Creative Writer's Survival Guide is a snarky, truthful, and immensely helpful map to being a writer in today's complex world.

Thieves I've Known-Tom Kealey 2013-09-15 In these wondrously strange and revealing stories, Tom Kealey chronicles the struggles and triumphs of the young and marginalized as they discover many ways of growing up. Their names are Merrill, Omar, Shelby, Laika, Winston, and Toomey, but most people don't see them. They are boxers in training and the children of fishermen. They are altar boys in a poverty-stricken parish. They are assistant groundskeepers and assistant camel-keepers. They travel with the circus, care for disabled siblings, steal police cars, and retrieve the stolen boots of a priest. Ranging in abode from Puget Sound, Washington, to Pamlico Sound, North Carolina, they are abandoned yet courageous and plucky children and teenagers living on the edges of society. *Thieves I've Known* is a collection of powerful, moving stories about the lives of a redemptive and peculiar cast of young characters who become easy to know and difficult to forget.

The Write Crowd-Lori A. May 2014-12-18 Writing may be a solitary profession, but it is also one that relies on a strong sense of community. The Write Crowd offers practical tips and examples of how writers of all genres and experience levels contribute to the sustainability of the literary community, the success of others, and to their own well-rounded writing life. Through interviews and examples of established writers and community members, readers are encouraged to immerse themselves fully in the literary world and the community-at-large by engaging with literary journals, reading series and public workshops, advocacy and education programs, and more. In contemporary publishing, the writer is expected to contribute outside of her own writing projects. Editors and publishers hope to see their writers active in the community, and the public benefits from a more personal interaction with authors. Yet the writer must balance time and resources between deadlines, day jobs, and other commitments. The Write Crowd demonstrates how writers may engage with peers and readers, and have a positive effect on the greater community, without sacrificing writing time.

Creative Composition-Danita Berg 2015-05-01 This book brings together contemporary authors and well-respected creative writing instructors and theorists to explore ways creativity in composition may be encouraged in student writers. A Guide to Creative Writing and the Imagination-Kris Saknussem 2022 Teaching creative writing for the multicultural, global, and digital generation, this volume offers a fresh approach for enhancing core writing skills in the major forms of Poetry, Fiction, Nonfiction, and Drama. *A Guide to Creative Writing and the Imagination* aims to provide students with organic, active learning through imitation and examples which not only emphasize writing and reading but look to other art forms for inspiration. This volume's key features include: - Strengthening key underlying capabilities of what we mean by imagination: physical and mental alertness, clarity of perception, listening skills, attention to detail, sustained concentration, lateral thinking, and enhanced memory. - Taking direction from other art forms such as African American musical improvisation, Brancusi's sculptural idea of "finding form," key ideas from drawing such as foreground, background, and negative space--and some of the great lessons learned from National Geographic photography. - Incorporating techniques drawn from unusual sources such as advertising, military intelligence, ESL, working with the blind, stage magic, and oral traditions of remote indigenous cultures in Oceania and Africa. The work is intended for a global English market as a core or supplementary text at the undergraduate level and as a supporting frame at the M.F.A. level.

Good and Balanced-Ethan Laughman 2020-03-01 Set on the field of play, or maybe just its memory, these stories of the sporting life range beyond the expected to include such pursuits as yoga, billiards, horse racing, cards, and boxing. Here, even iconic sports like football, basketball, and baseball get a fresh take through stories that might feature a losing coach, a woman hoopster, or a groundskeeper (rather than a star player).

Whether front-and-center as a story's driving force or as a backdrop for other concerns, the skill, cunning, and aggression on display here are familiar to all of us—as players, willing or not, in all manner of contests. The Program Era-Mark McGurl 2009-08-30 In The Program Era, Mark McGurl offers a fundamental reinterpretation of postwar American fiction, asserting that it can be properly understood only in relation to the rise of mass higher education and the creative writing program. An engaging and stylishly written examination of an era we thought we knew, The Program Era will be at the center of debates about postwar literature and culture for years to come.

MFA vs NYC-Chad Harbach 2014-02-25 Writers write—but what do they do for money? In a widely read essay entitled "MFA vs NYC," bestselling novelist Chad Harbach (*The Art of Fielding*) argued that the American literary scene has split into two cultures: New York publishing versus university MFA programs. This book brings together established writers, MFA professors and students, and New York editors, publicists, and agents to talk about these overlapping worlds, and the ways writers make (or fail to make) a living within them. Should you seek an advanced degree, or will workshops smother your style? Do you need to move to New York, or will the high cost of living undo you? What's worse—having a day job or not having health insurance? How do agents decide what to represent? Will Big Publishing survive? How has the rise of MFA programs affected American fiction? The expert contributors, including George Saunders, Elif Batuman, and Fredric Jameson, consider all these questions and more, with humor and rigor. *MFA vs NYC* is a must-read for aspiring writers, and for anyone interested in the present and future of American letters.

Writing Yoga-Bruce Black 2016-08-01 Writer and editor Bruce Black began studying yoga five years ago, when his knees could no longer stand the stress of running. After taking classes for a few years, he started keeping a journal to explore his experiences on the mat. Out of his journal and his devotion to Anusara Yoga has emerged a book that delves into the nexus of yoga, writing, and life. In *Writing Yoga*, Bruce begins by sharing tips he has learned along the way: the benefits of keeping a practice journal, how to select just the right blank book, writing at different times of day, how often, and more. He has organized the book, by theme, into chapters with guided writing exercises. Part memoir, part writing guide, Bruce reflects on practice as life: the excitement of walking into his first yoga class, apprehension about bending backward, discomfort with body appearance, the yoga of family relationships, the exhilaration of coming into a headstand for the first time, deepening appreciation for his teachers, and waking up to the exquisite beauty of the world around him. And he weaves excerpts from his own journal throughout. Bruce guides you in stepping onto your mat and picking up your journal with curiosity and commitment. He shows how your journal can become a good friend, a confidant, a tool to deepen your experience of asana and pranayama, and a mindfulness practice in itself.
