The Creeds of Christendom-Philip Schaff 1877

The Creeds of Christendom-Philip Schaff 2019-08-03 The Creeds of Christendom, with a History and Critical Notes is a three volume set written by Philip Schaff. The book classifers and explains many different statements of belief and articles of faith throughout the Christian history. Schaff deals with the history of the creeds, starting with the Ecumenical creeds, and moving to Greek and Roman creeds, then Old Catholic Union creeds, and finally to the Evangelical creeds and Modern Protestant creeds.

The Creeds of Christendom-Philip Schaff 2007-11-01 Philip Schaff's The Creeds of Christendom is a massive set, originally published in three volumes and here reproduced across five volumes, cataloging and explaining the many different creeds from the myriad Christian denominations. Volume Three: Part II covers: . the Anglican Catechism . Modern Protestant Creeds . Recent Confessional Declarations . Terms of Corporate Church Union . the Savoy Declaration of the Congregational Churches . the Confessional of the Waldenses. See Volume Three: Part I for the Table of Contents for this volume. He wrote a number of books and hymnals for children, including History of the Christian Church and The Creeds of the Evangelical Protestant Churches.

The Foundations of Social Order-R. J. Rushdoony 2009-11-06 "The Foundations of Social Order was, and remains, the most unique book ever written in the history of Christendom. Nothing like it has been written before, and nothing like it has been written since. Christian and non-Christian historians have generally agreed on at least one thing about creeds and history: they are not connected in any meaningful, comprehensive way. A few non-Christian historians-Harold Berman and his Law and Revolution being a good example-have mentioned that the Christian creeds have been instrumental in shaping the legal views and therefore the legal structure of the West. But a general study of how the creeds formed the West and its unique outlook has always been lacking; the reason being that both Christian and non-Christian authors are eager to constrain the significance of the creeds to the church and the history of theology. Even Philip Schaff in his three-volume work, The Creeds of Christendom, confines their value and use to the church. The view of the creeds has been dualistic; creeds were separated from history, and history was left to follow its own course, independent from the development of Christian theology and the perfection of the faith of the saints.
