

The Dallas Womens Guide To Gold Digging With Pride A Novel

The Dallas Women's Guide to Gold Digging with Pride-Jennifer Beth Conklin 2007 Arriving in Dallas to take a new job, Jenny Barton, a half-Jewish, single girl from New York, is plunged into the foreign world of Texas, where her roommate Aimee and her friends introduce her to the fine art of gold digging, Texas-style. A first novel. 35,000 first printing.

The Dallas Women's Guide to Gold-Digging with Pride-Jennifer Ross 2008-12-24 "Here, in the land of conspicuous consumption, marriage isn't considered a lifelong commitment. It's the ultimate accessory." -from The Dallas Women's Guide to Gold-Digging with Pride Jennifer Barton's life has veered 180 degrees. A transplanted New Yorker now in a Lone Star state of mind, she's ditched her urban hipster look for the waxed, Botoxed, and blond glow of the Dallas women she now walks among and mingles with. Jenny's mission: to be in "tall cotton," which in Texan husband-hunting terms means sporting a major rock on your finger and seeing the prenup torn up before you walk down the aisle. But learning the local lingo is only the tip of the cactus for Jenny, who is used to picking men based on attraction and long-term compatibility, not net assets. No matter that in Dallas, a husband is "like a Hermès bag or a Chanel coat, a good investment that will mature over time. If he no longer fits, you can trade up to a more luxurious model." To Aimee, Jenny's pretty-as-a-beauty queen roommate (and an expert gold-digger), marrying for material worth is gospel-she's already successfully managed her first divorce and is on the lookout for husband number two. Jenny

has laughed off Aimee's ideas on flirting and courting ("Never directly engage a man you're interested in"), but after catching her boyfriend cheating and listening to her mother's constant laments over her lack of grandchildren, Jenny reconsiders Aimee's businesslike approach to marriage: plan, strategize, conquer. Under Aimee's guidance, Jenny finds herself grocery shopping in stilettos, attending skeet shoots and rattlesnake hunts, and traversing the ultimate husband-hunting ground—a Baptist wedding. But in between secretly decoding her targets' e-mail passwords and breaking into potential mates' houses to figure out what their interests are, Jenny wonders if love ever enters into the deal. Welcome to Dallas, where the higher the hair the closer to God. Grab the steer by the horns and sharpen your nails, J. C. Conklin's hilariously funny debut novel will have you going Texas wild!

Reader's Guide to Women's Studies-Eleanor Amico 1998-03-20 The Reader's Guide to Women's Studies is a searching and analytical description of the most prominent and influential works written in the now universal field of women's studies. Some 200 scholars have contributed to the project

which adopts a multi-layered approach allowing for comprehensive treatment of its subject matter. Entries range from very broad themes such as "Health: General Works" to entries on specific individuals or more focused topics such as "Doctors."

Westering Women-Sandra Dallas 2021-01-26 From the bestselling author of Prayers for Sale, Sandra Dallas's Westering Women is an inspiring celebration of sisterhood on the perilous Overland Trail "Exciting novel ... difficult to put down." —Booklist "If you are an adventuresome young woman of high moral character and fine health, are you willing to travel to California in search of a good husband?" It's February, 1852, and all around Chicago, Maggie sees postings soliciting "eligible women" to travel to the gold mines of Goosetown. A young seamstress with a small daughter, she has nothing to lose. She joins forty-three other women and two pious reverends on the dangerous 2,000-mile journey west. None are prepared for the hardships they face on the trek or for the strengths they didn't know they possessed. Maggie discovers she's not the only one looking to leave dark secrets behind. And when her past catches up with her, it becomes clear a band of sisters will do whatever it takes to protect one of their own.

Organic Mentoring-Sue Edwards 2014 We are experiencing a mentoring crisis today. One key reason is that too many women cling to an outdated formulaic idea of what mentoring is all about. When we hear the word "mentoring" we conjure up a picture that fit our experience decades ago. Then we look in the mirror and don't see an adequate mentor staring back at us. Our preconceived ideas about what today's young women want in a mentor convince us we are not qualified to be

mentors--but we are wrong. What we don't realize is that younger women today are far more likely to want a relationship with that woman in the mirror than the conjured-up perfect mentor in our head. *Organic Mentoring* explores foundational issues that explain why beloved but outdated mentoring methods are no longer effective. The book looks at the cultural changes and fast-paced digital advancements that shape young thought and behavior but weaken the link between generations. It walks through the new values, preferences, ideas, and problems of the next generation and how these issues impact mentoring. Then the authors guide the reader through landmines to avoid and approaches that work today.

Third World Women's Literatures-Barbara Fister 1995 Alphabetically arranged entries cover writers, works, and subjects, and include bibliographical references to both works and criticism

Women Count-Susan Bulkeley Butler 2011-01-07 Throughout history, women have struggled to change the workplace, change government, change society. So what's next? It's time for women to change the world! Whether on the job, in politics, or in their community, there has never been a better time for women to make a difference in the world, contends author, mentor, and corporate pioneer Susan Bulkeley Butler in *Women Count: A Guide to Changing the World*. Through her experience as the first female partner of a major consulting firm and founder of the Susan Bulkeley Butler Institute for the Development of Women Leaders, Butler's unique insights have changed the lives of countless women. In *Women Count*, she shows readers how to change the world through a series of inspiring case studies that chronicle how she and other pioneering women in a range of fields have done so in years past. Women represent half of the country's population, half of the country's college graduates, and around 50 percent of the country's workforce. Butler envisions a day when they will also make up their fair share of elected and appointed positions, including in

corporate boardrooms. Amid financial meltdowns, wars, and societal struggles, never before has the world so greatly needed the unique abilities of women to lead the way. But as history has shown, to make change, women must step into their power and become “women who count,” Butler contends. Then and only then, she argues, can women truly change the world.

Daniel-Sue Edwards 2014-06-01 Since 2007 Sue Edwards’s Bible studies have enlightened, encouraged, and equipped women with meaningful devotion, biblical principles, and timeless life lessons. Now to this updated and enhanced series that has proven so helpful in many new ways, Sue is adding a timely and provocative new study of the book of Daniel. Organized to facilitate either individual or group use, Sue’s studies offer timeless lessons, probing questions, and now include inspirational sidebars and short three- to five-minute supplemental videos. By simply scanning the video QR code or visiting the series website (www.discovertogetherseries.com) students or class facilitators can watch historical and cultural background information, discover pertinent truths found in each week’s lesson, or find thoughtful questions to encourage personalized discussion. In her latest study, Daniel: Discovering the Courage to Stand for Your Faith, Sue looks at the life and lessons of Daniel and his companions, who, like so many believers today, faced increasingly challenging choices between their love and commitment to God and the often aggressive hostility of the godless culture in which they had been placed. Sue’s intelligent and insightful exposition of the book of Daniel and its historical and cultural setting, combined with her practical and timely instruction in the daily application of the message and lessons of Daniel, make this an indispensable guide to women of faith in our rapidly changing cultural environment.

Three Fathers and Love-Alice May 2014-12-26 Andrea never knew her father, but she was never without a father figure watching over her. Andrea grew up with her grandmother, graduated from

college and went to Gibraltar to work there she found her unknown family and the love of Nicolao DeCosta.

Black Texas Women: 150 Years of Trial and Triumph-Ruthe Winegarten 2010-07-22 Women of all colors have shaped families, communities, institutions, and societies throughout history, but only in recent decades have their contributions been widely recognized, described, and celebrated. This book presents the first comprehensive history of black Texas women, a previously neglected group whose 150 years of continued struggle and some successes against the oppression of racism and sexism deserve to be better known and understood. Beginning with slave and free women of color during the Texas colonial period and concluding with contemporary women who serve in the Texas legislature and the United States Congress, Ruthe Winegarten organizes her history both chronologically and topically. Her narrative sparkles with the life stories of individual women and their contributions to the work force, education, religion, the club movement, community building, politics, civil rights, and culture. The product of extensive archival and oral research and illustrated with over 200 photographs, this groundbreaking work will be equally appealing to general readers and to scholars of women's history, black history, American studies, and Texas history.

Texas Women Writers-Sylvia Ann Grider 1997 *Texas Women Writers: A Tradition of Their Own* is a sweeping account of a rich yet largely ignored literary history covering over 160 years of women's writing in the Lone Star State. Their writings vary widely in theme, setting, and voice; nevertheless, these writers share a distinct tradition that is in part defined by their isolation due to both geography and gender and is wholly different from that of their male counterparts. The introductory essay by the editors covers the history of women writers in Texas from the pioneers to the postmodernists, providing the context and theme for the survey. Critical-biographical portraits of the

lives and careers of individual writers both major and minor follow: from novelists, dramatists, and poets, to writers of short stories, children's books, and creative nonfiction. Other essays examine the developmental history of major genres in the region and chronologically review each generation and the particular challenges of time and place that shaped their work. The careers of African-American and Tejana writers are also examined as part of newly emerging literary traditions.

A Breast Cancer Resource Guide for Minority Women- 2000

The Politically Incorrect Guide to Women, Sex And Feminism-Carrie L. Lukas 2006-05-01 The latest in the "New York Times" bestselling series is the perfect antidote to the lies told in boardrooms, locker rooms, and universities that are brainwashing young women every day.

Organic Ministry to Women-Sue Edwards 2019-09-24 With Millennial and Generation Z women coming of age in our churches and society, new approaches to women's ministry are required to meet their distinct needs. Drawing on decades of experience ministering to women, authors Sue Edwards and Kelley Mathews explain how their Transformation Model can energize women's ministry for all generations and in multiple settings. Individual chapters are devoted to applying the Model, which is centered on Scripture and building relationships, to ministry in the local church, the college campus, and cross-culturally in missions. Organic Ministry to Women is packed with practical advice and real-life illustrations of how to implement the principles of the Transformation Model. Edwards and Mathews also profile numerous leading women's ministers like Jen Wilkin,

Priscilla Shirer, and Jackie Hill-Perry, drawing wisdom and inspiration from their lives and ministries. Helpful appendixes provide additional resources including sample job descriptions for ministry leaders, a Bible study lesson, and a training guide for small group leaders. A revised and expanded version of *New Doors in Ministry to Women*, this updated edition takes into account the latest cultural and ministry trends and is an invaluable resource for current and future leaders in ministry to women.

Breast Cancer Resource Guide for Minority Women- 2000

Why Stop?-Betty Dooley Awbrey 2013-02-22 This guide to more than 2,500 Texas roadside markers features historical events; famous and infamous Texans; origins of towns, churches, and organizations; battles, skirmishes, and gunfights; and settlers, pioneers, Indians, and outlaws. With the most up-to-date records available, this sixth edition includes more than 100 new historical roadside markers with the actual inscriptions. Handy and simple to use, it lists alphabetically the hundreds of cities and towns nearest the markers and pinpoints each marker with specific highway and mileage information. With this book, travelers relive the tragedies and triumphs of Lone Star history.

Cool Women-Dawn Chipman 2001 To celebrate the launch of The Cool Women Series, Girl Press re-releases an updated version of the award-winning bestseller, *Cool Women*. With a new foreword by The View's Lisa Ling and updated info on the coolest women in history, the ultimate book of role models for girls is back, and just as smart & sassy as the women who are its subject. Breezy writing and high design make it all fun and accessible -- a girl reading *Cool Women* will come away thinking that Madame Curie was brilliant, sure, but also that Madame Curie rocked.

Women in Action- 1981 An information summary for Federal Women's Program.

Women, Families and HIV/AIDS-Carole A. Campbell 1999-04-13 Years later? What factors have influenced the course of the epidemic for women?

Career Counseling for Women in the Federal Government-Betsy McGregor Cooley 1975

Women's Lives-Claire A. Ettaugh 2015-07-14 Women's Lives: A Psychological Exploration, 3rd Edition draws on a wealth of the literature to present a rich range of experiences and issues of relevance to girls and women. This text offers the unique combination of a chronological approach to gender that is embedded within topical chapters. Cutting-edge and comprehensive, each chapter integrates current material on women differing in age, ethnicity, social class, nationality, sexual orientation and ability. The third edition reflects substantial changes in the field while maintaining its empirical focus through engaging writing, student activities, and critical thinking exercises. With over 2,100 new references emphasizing the latest research and theories, the authors continue to pique interests in psychology of women.

Guide to the Microfilm Edition of Herstory Including Guides to Supplementary Sets I and II.- 1992

A Young Woman's Guide to Setting Boundaries-Allison Bottke 2014 Provides advice for teenage girls on how to set healthy boundaries to find the courage, confidence, and hope to deal with the stresses of school, home life, boys, teen depression, and peer pressure.

Encyclopedia of Women in American Politics-Jeffrey D. Schultz 1999 Offers biographies of leaders of the suffrage movement, feminists and anti-feminists, and other figures, along with articles on events, court cases, concepts, specific political issues affecting women, and related materials.

Discovering Texas History-Bruce A. Glasrud 2014-09-09 "'Discovering Texas History' is a historiographical reference book that will be invaluable to teachers, students, and researchers of Texas history. Chapter authors are familiar names in Texas history circles--a 'who's who' of high

profile historians. Conceived as a follow-up to the award winning (but increasingly dated) 'A Guide the History of Texas' (1988), 'Discovering Texas History' focuses on the major trends in the study of Texas history since 1990. In part one, topical essays address significant historical themes, from race and gender to the arts and urban history. In part two, chronological essays cover the full span of Texas historiography from the Spanish era to the modern day. In each case, the goal is to analyze and summarize the subjects that have captured the attention of professional historians so that 'Discovering Texas History' will take its place as the standard work on the history of Texas history"--
Guide to the League of Women Voters of Dallas Collection, 1935-1994, 10.58 Linear Feet-Dallas Public Library. Texas/Dallas History and Archives Division 2001
Baseball-Harold Seymour 1991-05-30 The first book devoted entirely to the history of baseball outside of the professional leagues.

American Proverbs about Women-Lois Kerschen 1998 Proverbs supposedly contain the wisdom of the common folk--eternal truths to be passed down through the ages. Yet, like many traditions and cultural practices, proverbs often promote misleading stereotypes of women. This reference book collects more than 800 American proverbs about women and analyzes their significance.

Where Are the Women Architects?-Despina Stratigakos 2016-04-12 For a century and a half, women have been proving their passion and talent for building and, in recent decades, their enrollment in architecture schools has soared. Yet the number of women working as architects remains stubbornly low, and the higher one looks in the profession, the scarcer women become. Law and medicine, two equally demanding and traditionally male professions, have been much more successful in retaining and integrating women. So why do women still struggle to keep a toehold in architecture? Where Are the Women Architects? tells the story of women's stagnating numbers in a profession that

remains a male citadel, and explores how a new generation of activists is fighting back, grabbing headlines, and building coalitions that promise to bring about change. Despina Stratigakos's provocative examination of the past, current, and potential future roles of women in the profession begins with the backstory, revealing how the field has dodged the question of women's absence since the nineteenth century. It then turns to the status of women in architecture today, and the serious, entrenched hurdles they face. But the story isn't without hope, and the book documents the rise of new advocates who are challenging the profession's boys' club, from its male-dominated elite prizes to the erasure of women architects from Wikipedia. These advocates include Stratigakos herself and here she also tells the story of her involvement in the controversial creation of Architect Barbie. Accessible, frank, and lively, *Where Are the Women Architects?* will be a revelation for readers far beyond the world of architecture.
