Pet Owner's Guide to the Dalmatian-M. Gregory 1994 The Pet Owner's Guide series, including new titles, now comprises 35 books on dog breeds or training and 16 titles on other animals. Each book is written by an expert on the breed or animal concerned, and covers choosing a pet, basic obedience, exercise and health care, plus much more with the specific breed in mind. Both words and pictures are unique, with no repeat material transferred from book to book. The more recent titles in this series are available in the U.S. for the first time. Dalmatian-Frances Camp 2012-01-24 Judged and recognized by his spots, the Dalmatian is unmistakable among purebred dogs, a versatile, intelligent breed distinguished by his perfectly spotted coat (black or liver on a solid white background). From coach dog and firehouse mascot to Hollywood star and stunt dog, the Dalmatian enjoys being the center of attention and seems to be able to do it all. This Comprehensive Owner's Guide presents a realistic portrayal of this demanding purebred dog, whose energy and training demands are far beyond the scope and ability of most first-time owners. Due to the popularity of the famous Disney films, Dalmatians have long been the most likely "impulse buy" in the dog world, which has led to many Dalmatians being abandoned in shelters. The author, Frances Camp does well to give the reader perspective on the handsome, but high-energy companion dog that develops from the squirming puppy on the silver screen. The first chapter on the history of the Dalmatian discusses the breed's evolution, the origins of the spotted coat, and how it became so popular in Europe and America.New owners will welcome the well-prepared chapter on finding a reputable breeder and selecting a healthy, sound puppy. Chapters on puppy-proofing the home and yard, purchasing the right supplies for the puppy as well as house-training, feeding, and grooming are illustrated with photographs of handsome adults and puppies. In all, there are over 135 full-color photographs in this useful and reliable volume. The author's advice on obedience training will help the reader better mold and train into the most well-mannered dog in the neighborhood. The extensive and lavishly illustrated chapter on healthcare provides up-to-date detailed information on selecting a qualified veterinarian, vaccinations, preventing and dealing with parasites, infectious diseases, and more. Sidebars throughout the text offer helpful hints, covering topics as diverse as historical dogs, breeders, or kennels, toxic plants, first aid, crate training, carsickness, fussy eaters, and parasite control. Fully indexed.

The Dalmatian: A Complete and Comprehensive Owners Guide To: Buying, Owning, Health, Grooming, Training, Obedience, Understanding and-Michael Stonewood 2019-03-29 The Dalmatian is a large breed of dog that originates from Croatia. The breed is most noted for its highly unique black, or liver, spotted coat which has earned the breed the nicknames of 'Plum Pudding Dog' and the 'Leopard Carriage Dog.' Despite the breed originating from Croatia, the Dalmatian was mainly developed and cultivated in the United Kingdom. In 1890 the United Kingdom was the first country to actually have an official Dalmatian club and breed standard. The Dalmatian were originally used for a plethora of different tasks: as dogs of war, as guard dogs and as companion dogs. The modern day Dalmatian still has a high instinct to guard its owners and will be friendly and loyal to people it knows but often aloof with strangers and unknown dogs. In the early 1900s, the Dalmatian started to be used in sporting hunts as was used as a bird dog, trail hound, a retriever and in packs to hunt wild boar or stags. It was discovered that Dalmatians and horses are very compatible, and the Dalmatian soon was used to run in front of horse drawn carriages to clear a path for the horses. As the breed's large amount of working roles suggests, the Dalmatian is a highly adaptable and intelligent breed that is capable of being trained to do nearly any job. The Dalmatian is born with a solid white coat and they slowly develop their characteristic spots at around 3 to 4 weeks old - after about a month or two they have developed most of their spots. Most Dalmatian are born with a smooth short coat that sheds continuously throughout the year. However it is not uncommon for a Dalmatian to be born with a long haired coat - interestingly the long haired Dalmatians shed considerably less than their short haired counterparts. As a whole the Dalmatian is a highly intelligent and affectionate breed that thrives both in working environments and household environments. It is important to well socialize your Dalmatian during its puppyhood to make it less suspicious and aloof with strangers and unknown dogs. Before purchasing any pet it is important to understand that as a pet owner you are responsible for the care and wellbeing of your pet. It is important to try and learn as much as you can about the animal you are considering to keep as a pet to make sure that your lifestyle, household and financial status are suited to provide your pet with the best possible care. This guide has been designed to provide you with both precise and concise information about a Dalmatian's basic needs to help you provide your pet with the best quality care practices. This guide will give an in-depth explanation on training your Dalmatian, raising your Dalmatian from a puppy, grooming, health care and everything in between! "The Dalmatian: A Complete and Comprehensive Owners Guide to: Buying, Owning, Health, Grooming, Training, Obedience, Understanding and Caring for Your Dalmatian," by Michael Stonewood is the perfect purchase or gift for a first time Dalmatian owner. This guide includes sections on caring for a puppy, breeding, health care, training, the basic cost of owning a Dalmatian and much more. This book is the second edition - the first edition was published by 'Dog Care Professionals.'

Pet Owner's Guide to the Dalmatian-Geraldine Gregory 1994 Looks at the history of the breed, tells how to select and care for a puppy, and discusses grooming, training, feeding, shows, and breeding Dalmatian Training-Claudia Kaiser 2020-05-24 Dalmatian Training - Dog Training for your Dalmatian puppy The training of dogs is often.... confused with classical dog training drills ... only considered necessary for demanding dogs ... mocked by other dog owners ... replaced by anti-authoritarian methods ... considered too difficult to achieve without experience. What constitutes dog training and what is it good for? And how can you and your Dalmatian profit from it without having any experience? The most important thing is to understand how a dog sees his world, what is "normal" for him and how you can use this to your advantage. In addition, the characteristics of each breed are significant when you get beyond the basic training phase. Your Dalmatian will show characteristics which are different to those of a Husky, for example, and this is predominantly what you need to consider during training. This book is vol. 1 of the Dalmatian training books. Vol. 2 for your grown up Dalmatian is also available with the title "Dalmatian Training Vol. 2: Dog Training for your grown-up Dalmatian" Author Claudia Kaiser says about her book: "It was my desire to let other dog owners profit from the knowledge I have gained over many years, and after making many mistakes. I love my dog and know how important it is to adapt the training to suit each breed. It is exactly this desire that prompted me to write this book. My aim is to help every beginner, not only to understand his dog better, but also to know exactly how to get the best results, step-by-step, so that you can achieve a close, positive and trusting human-dog relationship." Quench your curiosity to know about background information, read reports on other experiences and obtain step-by-step instructions and secret tips which are tailor-made for your Dalmatian. Get your copy of this book today and experience.... how your Dalmatian sees his world ... and how you can progressively train your dog to receive the best results. Your Dalmatian will appreciate it..... so this is my advice: Don't hesitate to buy this book! Content of this book: About the Author Preface What you need to know about your Dalmatian Cornerstones of training puppies Before the puppy arrives The first few weeks The first commands Training basic knowledge Check list for the start Conclusion

Dalmatians Today-Patches Silverstone 2000-09-01 The definitive list of breed books, written by internationally-famed experts for serious dog people. Although most of the authors are British, the list has true trans-Atlantic appeal, and several titles have won coveted awards from the Dog Writers' Association of America. These include Bullmastiffs Today (Breed Book of the Year 1996/97), The Complete Rhodesian Ridgeback, The Complete Saluki, and Great Danes Today. A number of these titles were previously available in the U.S. through Howell Book House. Complete Border Collie sold 14,000 for Howell from March 1995 to December 2000. Still regarded as the best book on the subject.

Dalmatian Training Vol. 2: Dog Training for your grown-up Dalmatian-Claudia Kaiser 101-01-01 Dalmatian Training Vol 2 - Dog Training for your grown-up Dalmatian How to build up a unique relationship with your Dalmatian, using training methods which are tailor-made for your Dalmatian dog training is often ... Confused with classic basic training of puppies ... Considered only suitable for particularly gifted dogs ... Considered too difficult to achieve without experience What constitutes dog training and why is it helpful? And how can you and your Dalmatian profit from the training, completely without experience? Do you sometimes have the feeling that your dog has too much energy and does not feel fully stimulated, no matter how often you walk with him? Then dog training is the right thing for you. The simple but very effective methods of physical and mental training that you will read about in this guide will help you to stimulate your Dalmatian, in an appropriate way for his species, while at the same time having fun. This is volume two of the Dalmatian training guides. Volume 1 for your Dalmatian puppy is also available with the title "Dalmatian Training: Dog Training for your Dalmatian puppy". Volume 3 for caring of your Dalmatian is available with the title "Dalmatian Training Vol 3 - Taking care of your Dalmatian" The author Claudia Kaiser says about her book: "I love my dog and know how important it is to keep her occupied, even after she completed her basic training. Most dogs are not satisfied with their life as a family dog and can develop destructive characteristics. If owners would take the time to spend a few minutes every day, carrying out physical and mental training with their dogs, their situations would change dramatically. Many underestimate the potential of dog training and how it can positively change life with their dogs." Read about background information, read experience reports and obtain step-by-step instructions and secret tips which are tailor-made for your Dalmatian. Get your copy of this book and discover.... How to build up a unique relationship with your Dalmatian ... How you can stimulate him physically and mentally in an appropriate way for his species ... And all that without previous experience in this area. In addition, you will receive an extra chapter "Fun training" free of charge! Content of this book: About the Author Preface What is dog training? Why is dog training useful for your adult Dalmatian? What should you pay particular attention to? Dalmatian Owner's Manual-Dr Benjamin Nicole 2022-02-24 The dachshund was initially reproduced to chase badgers in germany during the 1600's - that takes a valiant character! The trademark body shape, long and low, was grown so the dachshund could squeeze into the underground lairs of prey. Doxies come in two sizes: standard or smaller than normal, and three coat assortments: smooth, wirehaired, and longhaired. Dachshunds are defensive and regional, yet they blossom with close human friendship. The dachshund is a for the most part solid variety with a normal life expectancy of 12-15 years. Your wirehaired dachshund's health We realize that since you care such a huge amount about your canine, you need to take great consideration of her. That is the reason we have summed up the wellbeing concerns we will examine with you over the existence of your dachshund. By knowing with regard to wellbeing concerns explicit to wirehaired dachshunds, we can fit a preventive wellbeing intend to look for and ideally forestall some anticipated dangers.

A New Owner's Guide to Dalmatians-Helen W. Shue 1996 Contain the latest and best information on dalmatians covering everything from the history of the breed, choice and selection through to grooming, feeding, training and showing

The Dalmatian-M. Gregory 1993 The Pet Owner's Guide series, including new titles, now comprises 35 books on dog breeds or training and 16 titles on other animals. The Complete Guide to Owning a Deaf Dog-Amanda BrahleK 2021-03-09 Written by experienced deafie owner Amanda BrahleK and using contributions from dozens of deaf dog owners, this truly is a "Must Read" for anyone opening their home to a deaf dog. Inside these pages you'll find answers to the most important questions a new deaf dog owner is faced with: What accommodations do you need to make for your deafie? How to prepare your home for a deaf dog Training, communication, and hand signals How do you safely socialize a deaf dog with other dogs? How can you promote comfort and security with your deafie? Amanda's advice: Before I adopted my deaf Catahoula, I searched and searched for information on what to expect and how to care for him. I needed a What to Expect When You're Expect guide but for deaf dogs. Unfortunately, each source I read fell short. Most sources offered the same generic, inadequate information and story. None prepared me for what owning a deaf dog was really like. I knew I could write a better guide, so I did. And here it is! This is the guide I wish I had before adopting my deaf dog, when I brought him home, and for the months and years that followed. Find out what it's truly like to own a deaf dog: from accommodations to cuddles. This book will provide you with the information you need to understand and best care for a deaf dog. My goal is to help you feel confident in your decision when considering if a deaf dog is the right choice for you, and, if it is, to assist you in training your deaf dog. Deaf dogs are lovable goofballs with a lot of love to share, but they require owners that are prepared to handle all aspects of their personalities and needs. If you're feeling overwhelmed after adopting a deafie or uncertain whether or not to adopt a deaf dog, this book is for you.

Dalmatian-Ilya Sid 2021-07-03 [Dalmatians are a unique breed, not only in looks, but in intelligence and character too. They are known the world over for their distinctive looks and beautifully spotted coats which is just one of the reasons they have remained extremely popular companions and family pets throughout the years. They were originally bred to run alongside carriages which included horse-drawn fire engines, earning themselves the name of Firehouse Dogs. [Dalmatians have a tremendous amount of stamina, they are active, muscular, strong dogs and they like nothing more than to be given lots of exercise and mental stimulation as such they excel at all sorts of canine sports. They have very loving personalities but they are also known to be natural watchdogs. Outgoing, confident and extremely loyal, a Dalmatian forms a strong tie with an owner and therefore hate being on their own for any length of time. A Dalmatian is the perfect choice for people who lead busy outdoor lives and who live in the country, but they also do well living in town providing their owners have nice, big secure gardens for them to roam around in as much as possible so dogs can really let off steam in a safe environment. ♥This thorough guidebook is an essential piece of literature for anyone who loves Dalmatian♥

Housing, Husbandry, and Welfare of the Dog- 1997

Standard Poodle. Standard Poodle Dog Complete Owners Manual. Standard Poodle Book for Care, Costs, Feeding, Grooming, Health and Training.-George Hoppendale 2016-08-10

The Complete Guide to Pomeranians-Vanessa Richie 2019-09-09 Pomeranians are one of the toy breeds, but they pack a lot of personality into those little frames. With an appearance like a stuffed toy lion, it is easy to see why they have been so popular for so long. Their intelligence makes them incredibly entertaining to train and great companions.

These inquisitive little pups make fantastic watch dogs, even if their size makes them bad guard dogs. Most of the time they will be content to play with you or lounge around with you after a long day. Moderate exercise is absolutely essential for this toy canine, but because of the small stature, long walks are not necessary. A nice 30-minute walk or some dedicated indoor play time is all that is required to keep them fit and healthy.

This guide will walk you through the in's and out's of owning this phenomenal breed. Whether you're someone playing with the idea of getting a Pom, or have already embarked on your journey with your pup, this guide will offer an insight into how to create a happy and fulfilling life for you and your Pomeranian. This book will answer all your questions such as:

1. Is a Pomeranian the right dog for me?
2. I brought my Pom home. What now?
3. How can I best train my Pomeranian?
4. What are some common mistakes should I avoid?

Topics covered in the book include:

1. Loud Little Charmers - the Defining Characteristics
2. Breed History and Characteristics
3. The Ideal Home
4. Finding Your Pomeranian
5. Preparing for Your Puppy
6. The First Week
7. The First Month
8. Housetraining
9. Socialization and Experience
10. Being a Puppy Parent
11. Living with other dogs
12. Training You Pomeranian Puppy
13. Basic Commands
14. Nutrition
15. Grooming - Productive Bonding
16. Basic Health Care
17. Health Concerns
18. Your Aging Pomeranian

Pomeranians have a fairly long history, and many famous people throughout history favored this adorable little canine, people such as Mozart and Queen Victoria. Their long history with humans means that they can be more in tune with your emotions than some other breeds. As a result, they can help you feel better when you are down or they can share in your happiness.

You will need to plan to socialize your little Pomeranian, as well as train them. They are intelligent and can be stubborn, so you will need to have a firm and consistent approach.

These little loves can live up to 15 years, which means that with the right training, you can have a fantastic companion for a very long time. Their love for attention means that they will be more than happy to be with you, and learning and doing tricks to keep from getting bored.

A Lawyer's Guide to Dangerous Dog Issues-Joan Schaffner 2009 Today, many dogs are deemed dangerous, not on the traits of the individual animal, but by breed alone. The authors explain why breed discrimination is unfair, and ineffective, and discuss approaches to handle reckless owners and their dogs. While there is nothing wrong with laws restricting vicious dogs, to have a dog seized or destroyed solely on the basis of its breed flies in the face of common decency.

Simon & Schuster's Guide to Dogs-Gino Pugnetti 1980-11-15 Describes the origins, physical characteristics, personalities, uses, and care requirements of more than three hundred dog breeds

Clumber Spaniel. Clumber Spaniel Dog Complete Owners Manual. Clumber Spaniel Book for Care, Costs, Feeding, Grooming, Health and Training.-George Hoppendale 2016-08-10 Written by a professional dog whisperer and dog owner, the Clumber Spaniel Complete Owner's Manual has the answers you may need when researching this mellow, gentle and loyal spaniel. Learn about this heavy, yet mild-mannered gun dog and find out whether or not this long and low retriever, that often plays the clown, will be the best choice for you and your family. Learn everything there is to know, including little known facts and secrets and how to care for every aspect of the Clumber Spaniel's life. This manual contains all the information you need, from birth to the Rainbow Bridge, including transitioning through house breaking, care, feeding, training and end of life, so that you can make a well-informed decision about whether or not this dog is the breed for you. If you already have a Clumber Spaniel, this book will teach you everything you need to know to make your dog a happy dog and to make you a happy dog owner. The author George Hoppendale is an experienced writer and a true animal lover. He enjoys writing animal books and advising others how to take care of their animals to give them a happy home. Co-Author Asia Moore is a professional Dog Whisperer, Cynologist and Author, living on Vancouver Island, off the west coast of British Columbia, in Canada, who believes that all humans and dogs can live together in harmony. She and her dog whispering team, which includes an 8-year-old Shih Tzu named Boris, teach dog psychology to humans, to help alleviate problem behaviors that arise between humans and their canine counterparts so that everyone can live a happy and stress-free life together. Covered in this book: - Temperament - Pros and Cons - Vital statistics - Before you buy - Choosing the right dog - Finding a breeder - Puppy proofing your home - The first weeks - Health and common health problems - Medical care & safety - Daily care - Feeding - Bad treats and snacks - Good treats and snacks - House training - Grooming - Training - Poisonous Foods & Plants - Caring for your aging dog ..., and much more.

A User's Guide to Thought and Meaning-Ray Jackendoff 2012-02-23 A User's Guide to Thought and Meaning presents a profound and arresting integration of the faculties of the mind - of how we think, speak, and see the world. Ray Jackendoff starts out by looking at languages and what the meanings of words and sentences actually do. He shows that meanings are more adaptive and complicated than they're commonly given credit for, and he is led to some basic questions: How do we perceive and act in the world? How do we talk about it? And how can the collection of neurons in the brain give rise to conscious experience? As it turns out, the organization of language, thought, and perception does not look much like the way we experience things, and only a small part of what the brain does is conscious. Jackendoff concludes that thought and meaning must be almost completely unconscious. What we experience as rational conscious thought - which we prize as setting us apart from the animals - in fact rides on a foundation of unconscious intuition. Rationality amounts to intuition enhanced by language. Written with an informality that belies both the originality of its insights and the radical nature of its conclusions, A User's Guide to Thought and Meaning is the author's most important book since the groundbreaking Foundations of Language in 2002.

Florida Horse Owner's Field Guide-Marty Marth 1998 The Florida Horse Owners Field Guide describes available breeds, how to select the right breed for you and your home, and how to ensure that your pet stays healthy in Florida, taking into account the special challenges of heat, humidity, insects, poisonous plants, and hurricanes. It includes a detailed map of parks featuring horse trails and information on Florida's many shows and events. Perfect for animal lovers of all ages.

Pet Business- 1999

Dog Breeds: Guide to Understanding Canine Personality Profiles-Fadi Ayat 2015-03-21 In facilities all across the planet where companion animals became part of daily therapy, usage of prescription drugs and costs of care for patients in nursing homes drop. This guide was written to provide you information on the best dogs breeds for families that live in various regions or lifestyles. This book also includes historical information on the breed, dog's colors and coat, their physical attributes, their indoor and outdoor preferences, as well as their personality, compatibility with children and more This book contains needed information dog seekers need to know to help match their lifestyle to a particular breed of dog.

Pet Owner's Guide to the Staffordshire Bull Terrier-Clare Lee 1998 The Pet Owner's Guide series, including new titles, now comprises 35 books on dog breeds or training and 16 titles on other animals. Each book is written by an expert on the breed or animal concerned, and covers choosing a pet, basic obedience, exercise and health care, plus much more with the specific breed in mind. Both words and pictures are unique, with no repeat material transferred from book to book. The more recent titles in this series are available in the U.S. for the first time.

Tibetan Terrier-Juliette Cunliffe 2012-03-27 Written by one of the world's most respected authorities on Tibetan breeds, Juliette Cunliffe, a British native living in Tibet, this introductory guide to the Tibetan Terrier offers a rare look into this mystical canine from Land of Snows. Unlike any other dog, the Tibetan Terrier, a member of the AKC Non-Sporting Group, is not a terrier, but rather a fun-loving companion dog prized for his snowshoed feet, his hardy constitution, and his profuse coat covering his deep brown eyes, giving him an expression that reveals his true exuberant personality. With years of experience as an international judge and owner of the Tibetan breeds, the author provides a complete historical overview of the breed in its native land, where it was regarded as a talisman of great value, as well as in the United Kingdom and the United States. The extensive coverage of the breed in America is accompanied by historical photographs of the dogs that made the most lasting impact on the breed in this country. Filled with color photographs that capture the heart and spirit of this exceptional companion breed, this Comprehensive Owner's Guide provides up-to-date and informative chapters on the breed's characteristics, puppy selection, care, house-training and positive-motivational obedience training, healthcare, and much more.
