The King's Shadow-Edmund Richardson 2022-04-05 Impeccably researched, and written like a thriller, Edmund Richardson's The King's Shadow is the extraordinary untold and wild journey of Charles Masson - think Butch Cassidy and the Sundance Kid meets Indiana Jones - and his search for the Lost City of Alexandria in the "Wild East" during the age of empires, kings, and spies. For centuries the city of Alexandria Beneath the Mountains was a meeting point of East and West. Then it vanished. In 1833 it was discovered in Afghanistan by the unlikeliest person imaginable: Charles Masson, deserter, pilgrim, doctor, archaeologist, spy, one of the most respected scholars in Asia, and the greatest of nineteenth-century travelers. On the way into one of history's most extraordinary stories, he would take tea with kings, travel with holy men and become the master of a hundred disguises; he

would see things no westerner had glimpsed before and few have glimpsed since. He would spy for the East India Company and be suspected of spying for Russia at the same time, for this was the era of the Great Game, when imperial powers confronted each other in these staggeringly beautiful lands. Masson discovered tens of thousands of pieces of Afghan history, including the 2,000-year-old Bimaran golden casket, which has upon it the earliest known face of the Buddha. He would be offered his own kingdom; he would change the world, and the world would destroy him. This is a wild journey through nineteenth-century India and Afghanistan, with impeccably researched storytelling that shows us a world of espionage and dreamers, ne'er-do-wells and opportunists, extreme violence both personal and military, and boundless hope. At the edge of empire, amid the deserts and the mountains, it is the story of an obsession passed down the centuries.

Shadow Prowler-Alexey Pehov 2011-01-06 After centuries of calm, the Nameless One is stirring. By the spring, or perhaps sooner, the Nameless One and his forces will be at the walls of the great city of Avendoom. Unless Shadow Harold, master thief, can find some way to stop them. Epic fantasy at its best, Shadow Prowler is the first in a trilogy that follows professional thief Shadow Harold on his quest for a magic Horn that will restore peace to the kingdom of Siala. Accompanied by an elfin princess, ten Wild Hearts - the most experienced and dangerous royal fighters - and the King's court jester (who may be more than he seems ... or less), Harold must outwit angry demons, escape the clutches of a band of hired murderers, survive ten bloody skirmishes ... and reach the burial grounds before dark. Can he escape a fate worse than death?

The 48 Laws Of Power-Robert Greene 2010-09-03 'Machiavelli has a new rival, and Sun-tzu had better watch his back' - New York Times Robert Greene's laws are now famous: Law 1: Never outshine the master. Law 2: Never put too much trust in friends; learn how to use enemies. Law 3: Conceal your intentions. Law 4: Always say less than necessary. For anyone with an interest in conquest, self-defence, wealth, power or simply being an educated spectator, The 48 Laws of Power is one of the most useful and entertaining books ever; it 'teaches you how to cheat, dissemble, feign, fight and advance your cause in the modern world.' (Independent on Sunday). Robert Greene will teach you the distilled wisdom of the masters - illustrated through the tactics, triumphs and failures from Elizabeth I to Henry Kissinger on how to get to the top and stay there. Wry, ironic and clever, this is an indispensable and witty guide to power. Kill Shot-Jason Dearen 2021-02-23 An award-winning investigative journalist's horrifying true crime story of America's deadliest drug contamination outbreak and the greed and deception that fueled it. Two pharmacists sit in a Boston courtroom accused of murder. The weapon: the fungus *Exserohilum rostratum*. The death count: 100 and rising. Kill Shot is the story of their hubris and fraud, discovered by a team of medical detectives who raced against the clock to hunt the killers and the fungal meningitis they'd unleashed. "Bloodthirsty" is how doctors described the fungal microbe that contaminated thousands of drug vials produced by the New England Compounding Center (NECC). Though NECC chief Barry Cadden called his company the "Ferrari of Compounding," it was a slapdash operation of unqualified staff, mold-ridden lab surfaces, and hastily made medications that were injected into approximately 14,000 people. Once inside some of its human hosts, the fungus traveled through the tough tissue around the spine and wormed upward to the "deep brain," our control center for balance, breath, and the vital motor functions of life. Now, investigative journalist Jason Dearen turns a spotlight on this tragedy--the victims, the heroes, and the perpetrators--and the legal loopholes that

allowed it to occur. Kill Shot forces a powerful but unchecked industry out of the shadows.

Fatal Solution-Leslie Scase 2021-05-01 In this new mystery, Inspector Chard is confronted with another murder in bustling Victorian Pontypridd. On the face of it the case appears unremarkable, even if it isn't obviously solvable, but following new leads takes Chard into unexpected places. A second murder, a sexual predator, industrial espionage and a mining disaster crowd into the investigation, baffling the Inspector and his colleagues and putting his own life at risk as the murderer attempts to avoid capture. Once again Leslie Scase takes the reader back to a time and place where, despite the pretensions of Victorian society, life is cheap and passions strong. His research brings Pontypridd vividly to life, and historical events drive along the plot of this page-turning story of detection, as Chard navigates a way through the clues and red herrings, and a lengthening list of suspects, towards the poisoner. Atmospheric, authentic, Chard and the reader are left guessing until the final page.

A Deadly Education-Naomi Novik 2020-09-29 In the start of an all-new series, the bestselling author of Uprooted and Spinning Silver introduces you to a dangerous school for the magically gifted where failure means certain death - until one girl begins to rewrite its rules. Enter a school of magic unlike any you have ever encountered. There are no teachers, no holidays, friendships are purely strategic, and the odds of survival are never equal. Once you're inside, there are only two ways out- you graduate or you die. El Higgins is uniquely prepared for the school's many dangers. She may be without allies, but she possesses a dark power strong enough to level mountains and wipe out untold millions - never mind easily destroy the countless monsters that prowl the school. Except, she might accidentally kill all the other students, too. So El is trying her hardest not to use it... that is, unless she has no other choice. Wry, witty, endlessly inventive, and mordantly funny - yet with a true depth and fierce justice at its heart - this enchanting novel reminds us that there are far more important things than mere survival.
