2010-12-22 Alfred Lubrano In Limbo, award-winning journalist Alfred Lubrano identifies and describes an overlooked cultural phenomenon: the internal conflict within individuals raised in blue-collar homes, now living white-collar lives. These people often find that the values of the working class are not sufficient guidance to navigate the white-collar world, where unspoken rules reflect primarily upper-class values. Torn between the world they were raised in and the life they aspire too, they hover between worlds, not quite accepted in either. Himself the son of a Brooklyn bricklayer, Lubrano informs his account with personal experience and interviews with other professionals living in limbo. For millions of Americans, these stories will serve as familiar reminders of the struggles of achieving the American Dream.

2008-12-18 Simon Wiesenthal A Holocaust survivor's surprising and thought-provoking study of forgiveness, justice, compassion, and human responsibility, featuring contributions from the Dalai Lama, Harry Wu, Cynthia Ozick, Primo Levi, and more. You are a prisoner in a concentration camp. A dying Nazi soldier asks for your forgiveness. What would you do? While imprisoned in a Nazi concentration camp, Simon Wiesenthal was taken one day from his work detail to the bedside of a dying member of the SS. Haunted by the crimes in which he had participated, the soldier wanted to confess to--and obtain absolution from--a Jew. Faced with the choice between compassion and justice,

silence and truth, Wiesenthal said nothing. But even years after the war had ended, he wondered: Had he done the right thing? What would you have done in his place? In this important book, fifty-three distinguished men and women respond to Wiesenthal's questions. They are theologians, political leaders, writers, jurists, psychiatrists, human rights activists, Holocaust survivors, and victims of attempted genocides in Bosnia, Cambodia, China and Tibet. Their responses, as varied as their experiences of the world, remind us that Wiesenthal's questions are not limited to events of the past.

2012-10-25 Haing Ngor Best known for his academy award-winning role as Dith Pran in "The Killing Fields", for Haing Ngor his greatest performance was not in Hollywood but in the rice paddies and labour camps of war-torn Cambodia. Here, in his memoir of life under the Khmer Rouge, is a searing account of a country's descent into hell. His was a world of war slaves and execution squads, of senseless brutality and mind-numbing torture; where families ceased to be and only a very special love could soar above the squalor, starvation and disease. An eyewitness account of the real killing fields by an extraordinary survivor, this book is a reminder of the horrors of war - and a testament to the enduring human spirit.

2005 U Sam Oeur "In Crossing Three Wildernesses, U Sam Oeur presents a detailed portrait of a twentieth century Cambodian life - a life that followed an incredible trajectory from his near-idyllic childhood to his years as a government official, from the devastating reign of Pol Pot and the Khmer Rouge to the subsequent Vietnamese takeover and postwar chaos. A witness personally touched by the three wildernesses - death by execution, death by disease, and death by starvation - U Sam Oeur emerged from the experience with his hope for peace, freedom, and the power of literature unshaken. As Oeur relates his attempts to serve his native land in a time of terrible crisis, he creates a stirring portrait of the people, the myths, and the traditions of this beautiful, complex country."--BOOK JACKET.

2010 Sydney Hillel Schanberg Warfare & defence.

2013-11-07 Kurt Vonnegut This is the second volume of Vonnegut's autobiographical writings - a collage of his own life story, snipped up and stuck down alongside his views on everything from suicidal depression to the future of the planet and Andrew Lloyd Webber. Honest, dark, rambling, funny; this rare glimpse of Vonnegut's soul is a dagger to the heart of Western complacency.

2013-11-15 Sydney H. Schanberg The US journalist's account of his colleague's struggle to survive the Cambodian genocide—the basis for the Oscar-winning film The Killing Fields. On April 17, 1975, Khmer Rouge soldiers seized Phnom Penh—the capital of Cambodia—and began a brutal genocide that left millions dead. Dith Pran, a Cambodian working as an assistant to American reporter Sydney H. Schanberg, was a witness to these events. While his employer managed to escape across the border,

Dith Pran fled into the Cambodian countryside—and into the heart of the massacre. The basis for the acclaimed movie The Killing Fields, this is the compelling account of the days before the fall of Phnom Penh. It's the story of one man's struggle for survival in a country that had become a death camp for millions of its citizens—and another man's failed efforts to keep his friend and colleague safe. Written within a year of the atrocities committed by the Khmer Rouge, it is a work of both historical and literary significance. Sydney H. Schanberg contributed a moving new foreword to this first eBook edition.

2018-05-11 Antonius C. G. M. Robben A thought-provoking examination of death, dying, and the afterlife Prominent scholars present their most recent work about mortuary rituals, grief and mourning, genocide, cyclical processes of life and death, biomedical developments, and the materiality of human corpses in this unique and illuminating book. Interrogating our most common practices surrounding death, the authors ask such questions as: How does the state wrest away control over the dead from bereaved relatives? Why do many mourners refuse to cut their emotional ties to the dead and nurture lasting bonds? Is death a final condition or can human remains acquire agency? The book is a refreshing reassessment of these issues and practices, a source of theoretical inspiration in the study of death. With contributions written by an international team of experts in their fields, A Companion to the Anthropology of Death is presented in six parts and covers such subjects as: Governing the Dead in Guatemala; After Death Communications (ADCs) in North America; Cryonic Suspension in the Secular Age; Blood and Organ Donation in China; The Fragility of Biomedicine; and more. A Companion to the Anthropology of Death is a comprehensive and accessible volume and an ideal resource for senior undergraduate and graduate students in courses such as Anthropology of Death, Medical Anthropology, Anthropology of Violence, Anthropology of the Body, and Political Anthropology. Written by leading international scholars in their fields A comprehensive survey of the most recent empirical research in the anthropology of death A fundamental critique of the early 20th century founding fathers of the anthropology of death Cross-cultural texts from tribal and industrial societies The collection is of interest to anyone concerned with the consequences of the state and massive violence on life and death

1997 Dith Pran More than two dozen accounts of the Khmer Rouge's reign of terror have been compiled by Dith Pran. The brutality is almost mesmerizing, demonstrating the universally horrid existence of those children's lives.

2015-10-16 Khatharya Um In a century of mass atrocities, the Khmer Rouge regime marked Cambodia with one of the most extreme genocidal instances in human history. What emerged in the aftermath of the regime's collapse in 1979 was a nation fractured by death and dispersal. It is estimated that nearly one-fourth of the country's population perished from hard labor, disease, starvation, and

executions. Another half million Cambodians fled their ancestral homeland, with over one hundred thousand finding refuge in America. From the Land of Shadows surveys the Cambodian diaspora and the struggle to understand and make meaning of this historical trauma. Drawing on more than 250 interviews with survivors across the United States as well as in France and Cambodia, Khatharya Um places these accounts in conversation with studies of comparative revolutions, totalitarianism, transnationalism, and memory works to illuminate the pathology of power as well as the impact of auto-genocide on individual and collective healing. Exploring the interstices of home and exile, forgetting and remembering, From the Land of Shadows follows the ways in which Cambodian individuals and communities seek to rebuild connections frayed by time, distance, and politics in the face of this injurious history.

1992 Ghosananda (Maha) "Step by Step offers an invaluable collection of meditations on wisdom and compassion. These are drawn from author Maha Ghosananda's experience as a meditation master and international peacemaker.

2017-09-26 Loung Ung A major film, co-written and directed by Angelina Jolie Until the age of five, Loung Ung lived in Phnom Penh, one of seven children of a high-ranking government official. She was a precocious child who loved the open city markets, fried crickets, chicken fights and being cheeky to her parents. When Pol Pot's Khmer Rouge army stormed into Phnom Penh in April 1975, Loung's family fled their home and were eventually forced to disperse to survive. Loung was trained as a child soldier while her brothers and sisters were sent to labour camps. The surviving siblings were only finally reunited after the Vietnamese penetrated Cambodia and started to destroy the Khmer Rouge. Bolstered by the bravery of one brother, the vision of the others and the gentle kindness of her sister, Loung forged on to create for herself a courageous new life. First They Killed My Father is an unforgettable book told through the voice of the young and fearless Loung. It is a shocking and tragic tale of a girl who was determined to survive despite the odds.

2012-09-13 Vaddey Ratner A stunning, powerful debut novel set against the backdrop of the Cambodian War, perfect for fans of Chris Cleave and Chimamanda Ngozi Adichie For seven-year-old Raami, the shattering end of childhood begins with the footsteps of her father returning home in the early dawn hours bringing details of the civil war that has overwhelmed the streets of Phnom Penh, Cambodia's capital. Soon the family's world of carefully guarded royal privilege is swept up in the chaos of revolution and forced exodus. Over the next four years, as she endures the deaths of family members, starvation, and brutal forced labour, Raami clings to the only remaining vestige of childhood - the mythical legends and poems told to her by her father. In a climate of systematic violence where memory is sickness and justification for execution, Raami fights for her improbable survival. Displaying the author's extraordinary gift for

language, In the Shadow of the Banyan is testament to the transcendent power of narrative and a brilliantly wrought tale of human resilience. 'In the Shadow of the Banyan is one of the most extraordinary and beautiful acts of storytelling I have ever encountered' Chris Cleave, author of The Other Hand 'Ratner is a fearless writer, and the novel explores important themes such as power, the relationship between love and guilt, and class. Most remarkably, it depicts the lives of characters forced to live in extreme circumstances, and investigates how that changes them. To read In the Shadow of the Banyan is to be left with a profound sense of being witness to a tragedy of history' Guardian 'This is an extraordinary debut ... as beautiful as it is heartbreaking' Mail on Sunday

2004 François Bizot "In 1971, on a routine outing through the Cambodian countryside, the young French scholar Francois Bizot was captured by the Khmer Rouge. Accused of being an agent of American imperialism, he was chained and imprisoned.

2010-05-25 Jon Swain Between 1970 and 1975 Jon Swain, the English journalist portrayed in David Puttnam's film, The Killing Fields, lived in the lands of the Mekong river. This is his account of those years, and the way in which the tumultuous events affected his perceptions of life and death as Europe never could. He also describes the beauty of the Mekong landscape - the villages along its banks, surrounded by mangoes, bananas and coconuts, and the exquisite women, the odours of opium, and the region's other face - that of violence and corruption.

2021-05-11 Tian Veasna One family's quest to survive the devastation of the Khmer Rouge Year of the Rabbit tells the true story of one family's desperate struggle to survive the murderous reign of the Khmer Rouge in Cambodia. In 1975, the Khmer Rouge seized power in the capital city of Phnom Penh. Immediately after declaring victory in the war, they set about evacuating the country's major cities with the brutal ruthlessness and disregard for humanity that characterized the regime ultimately responsible for the deaths of one million citizens. Cartoonist Tian Veasna was born just three days after the Khmer Rouge takeover, as his family set forth on the chaotic mass exodus from Phnom Penh. Year of the Rabbit is based on firsthand accounts, all told from the perspective of his parents and other close relatives. Stripped of any money or

material possessions, Veasna's family found themselves exiled to the barren countryside along with thousands of others, where food was scarce and brutal violence a constant threat. Year of the Rabbit shows the reality of life in the work camps, where Veasna's family bartered for goods, where children were instructed to spy on their parents, and where reading was proof positive of being a class traitor. Constantly on the edge of annihilation, they realized there was only one choice—they had to escape Cambodia and become refugees. Veasna has created a harrowing, deeply personal account of one of the twentieth century's greatest tragedies.

A Finalist for the Kiriya Pacific Rim Book Prize.

2015-02-10 Charles J. Hanley The untold human story of a massacre of Korean civilians by American soldiers in the early days of the Korean War, by the Pulitzer Prize-winning journalists who uncovered it In the fall of 1999, a team of Associated Press investigative reporters broke the news that U.S. troops had massacred a large group of South Korean civilians early in the Korean War. On the eve of that pivotal war's 50th anniversary, their reports brought to light a story that had been suppressed for decades, confirming allegations the U.S. military had sought to dismiss. It made headlines around the world. In The Bridge at No Gun Ri, the team tells the larger, human story behind the incident through the eyes of the people who survived it: on the American side, the green recruits of the "good time" U.S. occupation army in Japan made up of teenagers who viewed unarmed farmers as enemies and generals who had never led men into battle; on the Korean side, the peasant families forced to flee their ancestral village caught between the invading North Koreans and the U.S. Army. The narrative looks at victims both Korean and American; at the ordinary lives and high-level decisions that led to the fatal encounter; at the terror of the three-day slaughter; at the memories and ghosts that forever haunted the survivors. The story of No Gun Ri also illuminates the larger story of the Korean War—also known as the Forgotten War—and how an

arbitrary decision to divide the country in 1945 led to the first armed conflict of the Cold War.

2012-06-12 Michael Gecan A New York city neighborhood once called “the beginning of the end of civilization” is where Michael Gecan starts. Hired by residents to help them save their community, he and local leaders spend more than a decade wrestling New York politicians in an impassioned effort against all odds that brings in five thousand new homes. From bad behavior by Ed Koch to complicated negotiations with Rudy Giuliani, Gecan tells the inside story of how the city really works, and how any organized group of citizens can wield power in seemingly unmovable bureaucracies. Gecan’s unwavering vision of the value of public action has roots in a rough childhood in Chicago, where he witnessed extortion by the mob and a tragic fire in his Catholic grade school that left ninety-two children and three nuns dead. In his inspiring story of the will to claim the full benefits of citizenship, Gecan offers unforgettable lessons that every

American should know: What is the best way to talk to politicians? What resources do all communities need to create change? What kinds of public actions really work?

2014-08-19 H.D.S. Greenway David Greenway, a journalist’s journalist in the tradition of Michael Herr, David Halberstam, and Dexter Filkins. In this vivid memoir, he tells us what it’s like to report a war up close. Reporter David Greenway was at the White House the day Kennedy was assassinated. He was in the jungles of Vietnam in that war’s most dangerous days, and left Saigon by helicopter from the American embassy as the city was falling. He was with Sean Flynn when Flynn decided to get an entire New Guinea village high on hash, and with him hours before he disappeared in Cambodia. He escorted John le Carre around South East Asia as he researched The Honourable Schoolboy. He was wounded in Vietnam and awarded a Bronze Star for rescuing a Marine. He was with Sidney

Schanberg and Dith Pran in Phnom Penh before the city descended into the killing fields of the Khmer Rouge. Greenway covered Sadat in Jerusalem, civil war and bombing in Lebanon, ethnic cleansing and genocide the Balkans, the Gulf Wars (both), and reported from Afghanistan and Iraq as they collapsed into civil war. This is a great adventure story—the life of a war correspondent on the front lines for five decades, eye-witness to come of the most violent and heroic scenes in recent history.
