The Death Of Bees

The Death of Bees-Lisa O'Donnell 2013 Trying to keep the death of their parents a secret, Marnie and her little sister Nelly are on their own until several residents in Glasgow's Hazelhurst housing estate suspect that something is not right.

The Death of Bees-Lisa O'Donnell 2012-03-01 WINNER OF THE COMMONWEALTH BOOK PRIZE 2013 Today is Christmas Eve. Today I buried my parents in the backyard. Neither of them were beloved. Marnie and her little sister Nelly have always been different. But on Christmas Eve, the sisters have to join forces and put their differences aside. And when Lennie, the old guy next door, starts to get suspicious, it's only a matter of time before their terrible secret is discovered.

The Death of Bees-Lisa O'Donnell 2013-01-02 A riveting, brilliantly written debut novel, The Death of Bees is a coming-of-age story in which two young sisters attempt to avoid suspicion until Marnie can become a legal guardian for her younger sister. Written with fierce sympathy and beautiful precision, and told in alternating voices, The Death of Bees is an enchanting, grimly comic tale of lost souls who, unable to answer only for each other.

The Death of Bees-Lisa O'Donnell 2013-01-02 Trying to keep the death of their parents a secret, Marnie and her little sister Nelly are on their own until several residents in Glasgow's Hazelhurst housing estate suspect that something isn't right and as one lie leads to another, dark secrets emerge, threatening to tear the girls apart. 40,000 first printing.

A World Without Bees-Alison Benjamin 2009 'If the bee disappeared off the surface of the globe then man would only have four years of life left.' - Albert Einstein

The Murmur of Bees-Sofia Segovia 2019-04-16 From a beguiling voice in Mexican fiction comes an astonishing novel--her first to be translated into English--about a mysterious child with the power to change a family's history in a country on the verge of revolution. From the day that old Nana Reja found a baby abandoned under a bridge, the life of a small Mexican town forever changed. Disfigured and covered in a blanket of bees, little Simonopio is for some locals the stuff of superstition, a child kissed by the devil. But he is welcomed by landowners Francisco and Beatriz Morales, who adopt him and care for him as if he were their own. As he grows up, Simonopio becomes a cause for wonder to the Morales family, because when the uncannily gifted child closes his eyes, he can see what no one else can--visions of all that's yet to come, both beautiful and dangerous. Followed by his protective swarm of bees and living to deliver his adoptive family from threats--both human and those of nature--Simonopio's purpose in Linares will, in time, be divined. Set against the backdrop of the Mexican Revolution and the devastating influenza of 1918, The Murmur of Bees captures both the fate of a country in flux and the destiny of one family that has put their love, faith, and future in the unbelievable.

Big City Bees-Maggie de Vries 2013-02-26 Follows a couple of city kids through the course of a year as they wonder how bees will find the pumpkins that they plan to grow, and the bees work to bring nectar and pollen to their hive.

The Secret Life of Bees-Sue Monk Kidd 2013 After her mother's death, Lily Owens and her African-American maid seek refuge from the racism of their South Carolina hometown with eccentric beekeeping sisters in this coming of age story representing the letter "K" in a new series of twenty-six collectible editions. The Glass Bees-Ernst Jünger 1961 Captain Richard, a former cavalry officer, faces a crisis of conscience when he accepts a job at the Zapparoni Works, where mechanical bees are produced that are so efficient they threaten ecological destruction

Forty-four-year-old Alice Holtzman is stuck in a dead-end job, bereft of family, and now reeling from the unexpected death of her husband. Alice has begun the transport to the unit of the repair of a panic attack, she nearly collides when they least the grip of a panic attack, she nearly collides with lake—a troubled, paraplegic tenenger with the tallest mohawk in Hood River County—while carrying 120,000 honeybees in the bedved honeybees she raises in her paral to the grip of a panic attack, she nearly collides with lake—a troubled, paraplegic tenenger with the tallest mohawk in her bees and seeking to rescue him from his toxic home life hasn't paraplegic tenenger with the tallest mohawk in her bees and seeking to rescue him from his toxic home life hasn't paraplegic tenenger with the tallest mohawk in her bees and seeking to rescue him from his toxic home life hasn't paraplegic tenenger with the tallest mohawk in her bees and seeking to rescue him from his toxic home life hasn't paraplegic tenenger with the tallest mohawk in her bees and seeking to rescue him from his toxic home life hasn't paraplegic tenenger with the process of the paraplegic tenenger with th

Telling the Bees-Peggy Hesketh 2013-04-01 Albert Honig's most constant companions have always been his bees. A never-married octogenarian, he makes a modest living as a beekeeper, as his father did before him. Deeply acquainted with the workings of his hives, Albert is less versed in the ways of people, especially his neighbour Claire, whose beauty and vivaciousness transformed his young life. Yet years passed by, feelings were repressed, and chances missed. Until one day Albert, led by a trail of bees, discovers Claire's body. Through the quiet minutiae of life, he begins to examine the truths that lay hidden under the secrets and silence that hovered between them for so long. With echoes of The Remains of the Day, Telling the Bees is a haunting novel about lies of omission and commission, the persistence of regret, and the sweet anguish of re-opening wounds in order to finally heal them.

Like Bees to Honey-Caroline Smailes 2010-06-24 In her third novel, acclaimed author of 'In Search of Adam' and 'Black Boxes' Caroline Smailes draws upon her own family history for a remarkable and unforgettable story of loss and redemption.

The History of Bees-Maja Lunde 2017-08-22 "In the spirit of Station Eleven and Never Let Me Go, this ... literary debut follows three generations of beekeepers from the past, present, and future, weaving a ... story of their relationship to the bees--and to their children and one another--against the backdrop of an urgent, global crisis"--

Go Tell the Bees That I Am Gone-Diana Gabaldon 2021-11-23 #1 NEW YORK TIMES BESTSELLER • Diana Gabaldon returns with the "vast and sweeping" (The Washington Post) new novel in the epic Outlander series. War leaves nobody alone. Neither the past, the present, nor the future offers true safety, and the only refuge is what you can protect: your family, your friends, your home. Jamie Fraser and Claire Randall were torn apart by the Jacobite Rising in 1746, and it took them twenty years of loss and heartbreak to find each other again. Now it's 1779, and Claire and Jamie are finally reunited with their daughter, Brianna, her husband, Roger, and their children, and are rebuilding their home on Fraser's Ridge—a fortress that may shelter them against the winds of war as well as weather. But tensions in the Colonies are great: Battles rage from New York to Georgia and, even in the mountains of the backcountry, feelings run hot enough to boil Hell's teakettle. Jamie knows that loyalties among his tenants are split and it won't be long before the war is on his doorstep. Brianna and Roger have their own worry: that the dangers that provoked their escape from the twentieth century might catch up to them. Sometimes they question whether risking the perils of the 1700s—among them disease, starvation, and an impending war—was indeed the safer choice for their family. Not so far away, young William Ransom is coming to terms with the mysteries of his identity, his future, and the family he's never known. His erstwhile father, Lord John Grey, has reconciliations to make and dangers to meet on his son's behalf and on his own, and far to the north, Young Ian Murray fights his own battle between past and future, and the two women he's loved. Meanwhile, the Revolutionary War creeps ever closer to Fraser's Ridge. Iamie sharpens his sword, while Claire whets her surgeon's blade: It is a time for steel.

The Death of a Beekeeper-Lars Gustafsson 1981 A retired schoolteacher, dying of cancer, refuses to go to a hospital and remains at his home in the Swedish countryside, where he records his daily thoughts as the disease progresses

Honeybee Democracy-Thomas D. Seeley 2010-09-20 Honeybees make decisions collectively--and democratically. Every year, faced with the life-or-death problem of choosing and traveling to a new home, honeybees stake everything on a process that includes collective misdom and effective decision making. A remarkable and richly illustrated account of scientific discovery, Honeybee Democracy brings together, for the first time, decades of Seeley's pioneering research to tell the amazing story of house hunting and democratic debate among the honeybees. In the late spring and early summer, as a bee colony becomes overcrowded, a third of the hive stays behind and rears a new queen, while a swarm of thousands departs with the old queen to produce a daughter colony. Seeley describes how these bees evaluate potential nest sites, advertise their discoveries to one another, engage in open deliberation, choose a final site, and navigate together--as a swirling cloud of bees--to their new home. Seeley investigates how evolution has honed the decision-making methods of honeybees over millions of years, and he considers similarities between the ways that bee swarms and primate brains process information. He concludes that what works well for people: any decision-making group should be relied upon, diverse solutions should be relied upon, diverse solutions should be relied upon, diverse solutions and mutual respect, a leader's influence should be minimized, debate should be minimized, debate should be minimized, debate should be minimized in them.

Zinnia and the Bees-Danielle Davis 2017-08-10 Talk about having a lousy day. While Zinnia's seventh grade classmates are celebrating the last day of school, she's cooped up in the vice principal's office, serving detention. Her offense? Yarn bombing a statue of the school mascot. And when Zinnia rushes home to commiserate with her older brother, Adam, who also happens to be her best friend, she's devastated to discover that he's left home with no explanation. Just when it looks like Zinnia's day can't possibly get any worse, a colony of frantic honeybees mistakes her hair for a hive and lands on her head Told from the alternating perspectives of Zinnia a humorous young loner and knitter and an unintentionally comical hive of honeybees, this quirky, heartfelt novel will strike a chord with anyone who has ever felt alone, betrayed, or misunderstood as it explores the challenges that come with learning to trust yourself and the often messy process of discovering the true meaning to home.

A Swarming of Bees-Theresa Tomlinson 2017-12 "A herbwife on a mule may go where warriors cannot see and hear what warriors cannot see and hear what warriors cannot hear "The Monastery at Whitby is ruled over by the powerful and independent Abbess Hild. Keeping The Bees-Laurence Packer 2010-09-21 A world without bees in much less colourful, with fewer plants and flowers. But that's not all -- food would be in much less colourful, with fewer plants and flowers. But that's not all -- food would be in much shorter supply, and available in much less colourful, with fewer plants and flowers. But that's not all -- food would be in much shorter supply, and available in much less variety. While the media focuses on colony-collapse disorder and the threats to honey bees specifically, the real danger is much greater: all bees are at risk. And because of the integral role these insects play in the ecology of our planet, we may be at risk as well. The life of Laurence Packer, a melittologist at Toronto's York University, revolves around bees, whether he's searching for them under leaves in a South American jungle or identifying new species in the desert heat of Arizona. Packer often finds himself in exotic and even the ire of other scientists. Everywhere he travels, he discovers the same unsettling trend: bees are disappearing. And since bees are responsible for up to one-third of our food supply, the consequences are frightening.

A Recipe for Bees-Gail Anderson-Dargatz 2010-03-03 Gail Anderson-Dargatz's evocative novel of one woman's simple but passionately lived life reminds of us of the pleasure to be found in human contact and simple, natural things. Raised by her silent but companionable father and a mother who kept bees, headstrong Augusta marries shy, deferential Karl, twelve years her senior, and goes to live with him on his father's remote farm. Terrified that she will literally die from loneliness and isolation, she finds work in town, and for a short time, fulfillment with another man in a romance that will reverberate throughout her life. Not until many years later does she find her salvation in beekeeping that reconnects her to the world and at long last brings fire to her steadfast marriage.

The Death of Bees and Closed Doors-Lisa O'Donnell 2018 Of Strangers and Bees-Hamid Ismailov 2019-10-24

The Bees-Carol Ann Duffy 2012-11-01 'Beautiful and moving poetry for the real world' Jeanette Winterson, Guardian 'Wonderful . . . a poet alert to every sound and shape of language' Sunday Telegraph The Bees is Carol Ann Duffy's first collection of poems as Poet Laureate. In it she uses her full poetic range: there are drinking songs, love poems, poems of political anger; there are elegies, too, for beloved friends, and – most movingly – the poet's own mother. Woven and weaving through the book is its presiding spirit: the bee. Sometimes the bee is Duffy's subject, sometimes it strays into the poem, or hovers at its edge. In the end, Duffy's point is clear: the bee symbolizes what we have left of grace in the world, and what is most precious and necessary for us to protect. The Bees, at once intimate and public, is a work of great power from one of our most cherished poets. 'Swooningly glorious' The Times 'Indisputably her best volume' Sunday Times 'Duffy is magnificent, grounded, heartfelt, dedicated to the notion that poetry can give us the music of life itself' Scotsman

Conversatio-Zara Stanhope 2021-09-09 Conversatio looks at the astounding practice of leading photographer Anne Noble, set against the issues of ecosystem collapse and climate change and examining what an artist can do in response. Its creative focus is on that most important insect, the European bee. Reminiscent of an artist book in its extensive visual content, its appeal is to a wide readership curious about art, ecology, science, literature and their intersections. Through Noble's art and newly commissioned essays, the book traverses Noble's deep interest in how humans relate to bees. From images of communities of bees in rich detail. Like the finest honey this book is a treasure.

After the Bees-Allison Paige 2019-12 It starts when the bees die and a plague sweeps across the Earth. The immune survive only to face a greater horror: a demon-ruled world where mankind is either marked or possessed. But Leah survives, she follows him to Babel, even though she knows his intentions are anything but good. When Leah is stolen from Raum, she discovers the outside world is not what it once was, and perhaps hope for mankind is not what it once was, and perhaps hope for mankind is not lost. But with new hope comes consequences, and she'll have to face a nightmare far greater than anything she's ever faced before.

Hour of the Bees-Lindsay Eagar 2016-03-08 What does it mean to be fully alive? Magic blends with reality in a stunning coming-of-age novel about a girl, a grandfather, wanderlust, and reclaiming your roots. Things are only impossible if you stop to think about them. . . . While her friends are spending their summers having pool parties and sleepovers, twelve-year-old Carolina — Carol — is spending hers in the middle of the New Mexico desert, helping her parents move the grandfather she's never met into a home for people with dementia. At first, Carol avoids prickly Grandpa Serge. But as the summer wears on and the heat bears down, Carol finds herself drawn to him, fascinated by the crazy stories he tells her about a healing tree, a green-glass lake, and the bees that will bring back the rain and end a hundred years of drought. As the thin line between magic and reality starts to blur, Carol must decide for herself what is possible — and what it means to be true to her roots. Readers who dream that there's something more out there will be enchanted by this captivating novel of family, renewal, and discovering the world.

The Prophecy of Bees-R.S. Paternan 2014-11-20 Moving to Stagcote Manor was meant to be a fresh start for Lindy and her daughter Izzy. A chance at a new life in the Cotswolds after things went so wrong in London. But for Izzy it's a prison sentence. There's something strange and unnerving about the house and follows a strange and unnerving about the house and follows.

investigate, her unease deepens to terror as the house's chilling past finally comes to light. The Prophecy of Bees is a tense, gripping psychological suspense novel that explores the dark power of superstition and folklore.

Fifty Years Among the Bees-C. C. Miller 2006-03 Practical, endlessly charming handbook on all aspects of this romantic, arcane pursuit offers advice, observations, and information on hive management and the practices and principles of efficient, effective apiculture. 111 illustrations.

Black Bird of the Gallows-Meg Kassel 2017-09-05 "A pleasingly original contribution to the paranormal-romance genre." —Kirkus Reviews A simple but forgotten truth: Where harbingers of death appear, the morgues will soon be full. Angie Dovage can tell there's more to Reece Fernandez than just the tall, brooding athlete who has her classmates swooning, but she can't imagine his presence signals a tragedy that will devastate her small town. When something supernatural tries to attack her, Angie is thrown into a battle between good and evil she never saw coming. Right in the center of it is Reece—and he's not human. What's more, she knows something most don't. That the secrets her town holds could kill them all. But that's only half as dangerous as falling in love with a harbinger of the Gallows * Keeper of the Bees

The Wedding Bees-Sarah-Kate Lynch 2014-01-28 Sugar Wallace did not believe in love at first sight, but her bees did. . . . Every spring Sugar Wallace coaxes her sleepy honeybee queen—presently the sixth in a long line of Queen Elizabeths—out of the hive and lets her crawl around a treasured old map. Wherever the queen stops is their next destination, and this year it's New York City. Sugar sets up her honeybees on the balcony of an East Village walk-up and then—as she's done everywhere since leaving South Carolina—she gets to know her neighbors. She is, after all, a former debutante who believes that manners make the world a better place even if they seem currently lacking in the big city. Plus, she has a knack for helping people. There's Ruby with her scrapbook of wedding announcements; single mom Lola; reclusive chef Nate; and George, a courtly ex-doorman. They may not know what to make of her bees and her politeness, but they can't deny the magic in her honey. And then there's nothing a charmer like Theo can do to change her mind . . . only her bees can do that. The Wedding Bees is a novel about finding sweetness where you least expect it and learning to love your way home.

Grey Bees-Andrey Kurkov 2020-11-12 Ukraine's most famous novelist dramatises the conflict raging in his country through the adventures of a mild-mannered beekeeper. From the author of the bestselling Death and the Penguin. "A lutraine's Grey Zone, the no-man's-land between loyalist and separatist forces. Thanks to the lukewarm war of sporadic violence and constant propaganda that has been dragging on for years, only two residents remain: retired safety inspector turned beekeeper Sergey Sergeyich and Pashka, a "frenemy" from the schooldays. With little food and no electricity, under ever-present threat of bombardment, Sergeyich's one remaining pleasure is his bees. As spring approaches, he knows he must take them far from the Grey Zone so they can collect their pollen in peace. This simple mission on their behalf introduces him to combatants and civilians on both sides of the battle lines: loyalists, separatists, Russian occupiers and Crimean Tatars. Wherever he goes, Sergeyich's one remaining pleasure is his bees. As spring approaches, he knows he must take them far from the Grey Zone so they can collect their pollen in peace. This simple mission on their behalf introduces him to combatants and civilians on both sides of the battle lines: loyalists, separatists, Russian occupiers and Crimean Tatars. More Than Honey-Markus Imhoof 2015-09-26 The acclaimed director shares a gorgeously photographed and "wonderfully thorough immersion in the world of bees and beekeeping" (Rowan Jacobsen, author of Fruitless Fall). The saying goes that without bees, humankind would only survive for four more years; these crucial pollinators are, indeed, worth more than honey. In his award-winning documentary More Than Honey, Markus Imhoof introduced audiences to the fascinating world of bees and the perils of Colony Collapse Disorder. Now Imhoof joins with nature writer Claus-Peter Lieckfeld to go deeper into the decline of the bee population—a decline that could ultimately contribute directly to a world food problem. Illustrated with jaw-droppingly detailed photos of bees, More Than Honey is a fascinating, accessible overview of a species that is inextricably tied to our survival.

The Secret Lives of Garden Bees-Jean Vernon 2020-03-30 A friendly, accessible insight into the weird, but wonderful world of bees in your garden From the common or garden bumblebees that nest in bird boxes, compost heaps and old mouse holes, making 'Winnie the Pooh' style honey pots to feed their babes, to the quirky wool carder bee; a solitary bee that combs the fluff from garden plants to line her brood cells and the amazing leaf cutter bee that carves chunks out of plant foliage to seal it's egg chambers. This book will reveal the secrets and fascinating lives of the bees that live and breed in your garden, great plants to grow to help them, plus other fascinating information on these secretive creatures, this book is designed to bring alive the world of garden before your very eyes.

The Biology of the Honey Bee-Mark L. Winston 1991 This book not only reviews the basic aspects of social behavior, ecology, and genetics, it also summarizes major controversies in contemporary honey bee research, such as the importance of kin recognition in the evolution of social behavior and the role of the well-known dance language in honey bee communication.

The Adventures of Maya the Bee-Waldemar Bonsels 2020-09-28

QueenSpotting-Hilary Kearney 2019-04-30 At the heart of every bee hive is a queen bee. Since her well-being is linked to the well-being of the entire colony, the ability to find her among the residents of the hive is an essential beekeeping skill. In QueenSpotting, experienced beekeeper and professional "swarm catcher" Hilary Kearney 2019-04-30 At the heart of every bee hive is an essential beekeeping skill. In QueenSpotting the entire colony, the ability to find her among the residents of the queen bee chronicles of the queen hidden among her many subjects. QueenSpotting celebrates the unique, fascinating life of the queen bee chronicles of royal hive happenings such as The Virgin Death Match, The Nuptual Flight — when the queen mates with a cloud of male drones high in the air — and the dramatic Exodus of the Swarm from the hive. Readers will thrill at Kearney's adventures in capturing these swarms from the strange places they settle, including a Jet Ski, a couch, a speed boat, and an owl's nesting box. Fascinating, fun, and instructive, backyard beekeepers and nature lovers alike will find reason to return to the pages again and again. This publication conforms to the EPUB Accessibility specification at WCAG 2.0 Level AA.

Animals Through Chinese History-Dagmar Schäfer 2018-12-13 This innovative new collection opens a door into the rich history of animals in China. This title is also available as Open Access.
