The same night, a woman and her infant child are ruthlessly gunned down in an abandoned garage. The killer hasn't left a shred of evidence, except for a foreboding and cryptic message: WCF, the letters written in blood-red letters. With two deranged killers on the loose Detective Lindsay Boxer calls on the Women's Murder Club to help her stop the insane killers. But someone is leaking information to the press-details that only those on the inside could know. As allegations fly that Lindsay is the source, she has to wonder: how much she

can trust her closest friends?

Little Sister-Lana Wood 2021-11-09 In this memoir, Lana Wood investigates the mysterious drowning of her sister, the actress Natalie Wood, and clears up the myths and misconceptions behind one of the most notorious celebrity deaths of our time. On the night of November 29, 1981, Natalie Wood disappeared from her yacht, the Splendour, while visiting Catalina Island with her husband, Robert "R.J." Wagner and their friend, Christopher Walken. The beloved movie star's tragic drowning shook America, inspiring troves of magazine covers and media pieces. What was originally believed to be an open-and-shut case of accidental drowning has been called into question over the years, and in 2011 the investigation was reopened. In 2018, at the urging of the public, it was reclassified as "suspicious." Ever since, the question has remained: What really happened to Natalie Wood? Lana Wood, Natalie's younger sister, long suspected nefarious circumstances surrounding her sister's death. Her closest confidante from childhood, Lana stood witness to Natalie's life: the successes, the heartache, and her deepest pain. But there was tremendous fear about investigating the case. Uncertain of what her own search would unravel, and frightened of the possibilities, Lana stayed silent for years, until she no longer could. She realized she was ignoring what was in front of her, and that the best way to honor her sister's legacy would be uncovering the secrets behind the very end of Natalie's life. By elucidating previously unknown complications of

Natalie's life, and offering new evidence from key parties involved in the investigation—including the boat's captain and other witnesses—Little Sister recounts Lana's search for the truth and brings to light explosive details that have been suppressed for decades. Ranging from the bonds that hold family together, to inconsistencies in interviews with detectives to complications with evidence, this story of sisterhood and mystery presents a fresh perspective on a night that has long been fodder for Hollywood lore.

This House of Grief-Helen Garner 2014-08-20 Winner, Ned Kelly Awards, Best True Crime, 2015 A Times Literary Supplement Book of the Year, 2014 On the evening of 4 September 2005, Father's Day, Robert Farquharson, a separated husband, was driving his three sons home to their mother, Cindy, when his car left the road and plunged into a dam. The boys, aged ten, seven and two, drowned. Was this an act of revenge or a tragic accident? The court case became Helen Garner's obsession. She followed it on its protracted course until the final verdict. In this utterly compelling book, Helen Garner tells the story of a man and his broken life. She presents the theatre of the courtroom with its actors and audience, all gathered for the purpose of bearing witness to the truth, players in the extraordinary and unpredictable drama of the quest for justice. This House of Grief is a heartbreaking and unputdownable book by one of Australia's most admired writers. Helen Garner's first novel, *Monkey Grip* won the 1978 National Book Council Award, and was adapted for film in 1981. Since then she has published novels, short stories, essays, and feature journalism. In 1995 she published *The First Stone*, a controversial account of a Melbourne University sexual harassment case. *Joe Cinque's Consolation* (2004) was a non-fiction study of two murder trials in Canberra. In 2006 Helen Garner received the inaugural Melbourne Prize for Literature. Her most

recent novel, *The Spare Room* (2008), won the Victorian Premier's Literary Award for Fiction, the Queensland Premier's Award for Fiction and the Barbara Jefferis Award, and has been translated into many languages. Helen Garner lives in Melbourne. 'This House of Grief (Text) is a gripping account of a murder trial in which few of the participants act and react in ways we might predict. It's an examination not just of what happened, but also of what we prefer to believe and what we cannot face believing.' Julian Barnes, *Books of the Year*, TLS 'This House of Grief makes its complexity out of an honest vulnerability...Garner's book is superbly alive to the narrative dynamics of the case; she tells a grim story of unhappy marriage, limited social opportunity, bitter divorce, and spousal grievance. Again, as in *The First Stone*, what consumes her are the difficult questions that seem to lie beyond the reach of formal narration: the deepest assumptions of class and gender and power; the problem of how well we ever understand someone else's motives...Attracted and repelled, Garner circles around the unspeakable abysmal horror. Can any story "explain" why a man might murder his children? She doesn't pretend to possess the explosive answer, and frequently confesses stupefaction, but her book walks us along an engrossing and plausible narrative fuse...Her narrative is lit by lightning.' James Wood, *New Yorker* 'Helen Garner's account of the trial is a non-literary variation of Truman Capote's *In Cold Blood* (1966).' Eileen Battersby, *Books of the Year*, *Irish Times* 'As involving, heart-rending and unsettling a read as you could possibly find, a true-life account of three deaths and a trial that leaves you with a profound sense of unease as its drama unfolds, and disturbing questions about how we judge guilt and innocence.' *The Times* 'This House of Grief is a magnificent book about the majesty of the law and the terrible matter of the human heart...If you read nothing else this year, read this story of the sorrow and pity of innocents drowned and the spectres and enigmas of guilt.' Peter Craven, *Weekend Australian* 'It grabbed me by the throat in the

same way that the podcast series “Serial” did. Ms. Garner brilliantly and compassionately recounts the harrowing, real-life trial of Robert Farquharson.’ Gillian Anderson, Wall Street Journal, Books of the Year 2015

Death in the Peaceable Kingdom-Dimitry Anastakis 2015-05-22 Death in the Peaceable Kingdom is an intelligent, innovative response to the incorrect assumption that Canadian history is dry and uninspiring. Using the "hooks" of murder, execution, assassination, and suicide, Dimitry Anastakis introduces readers to the full scope of post-Confederation Canadian history. Beginning with the assassination of Thomas D'Arcy McGee, Anastakis recounts the deaths of famous Canadians such as Louis Riel, Tom Thomson, and Pierre Laporte. He also introduces lesser-known events such as the execution of shell-shocked deserter Pte. Harold Carter during the First World War and the suicide of suspected communist Herbert Norman in Cairo during the Cold War. The book concludes with recent Canadian deaths including the suicides of Amanda Todd and Rehtaeh Parsons as a result of cyberbullying. Complementing the chapters are short vignettes--"Murderous Moments" and "Tragic Tales"--that point to broader themes and issues. The book also contains a number of "Active History" exercises such as activities, assignments, and primary document analyses. A timeline, 24 images, and further reading suggestions are included.

Hell To Pay-Neal Hall 2011-03-21 The fact that Michael Plante was a trusted associate of the East

End Hells Angels certainly caught the attention of police, who had been trying for years to find someone to infiltrate the gang. The police alleged that East End Hells Angels were well known in the criminal underworld for controlling the cocaine trade at a wholesale level, using violence to persuade potential competition to stay away. In recent years the bikers had expanded into the production and distribution of synthetic drugs as ecstasy and methamphetamine, known on the street as crystal meth, as well as moving into internet porn and online gambling, police claimed. Plante was taken to an interview room where he was visited by two Mounties, who would eventually become his police handlers. ... One of the officers told him that, based on the witness statement relating to his extortion charges, he was looking at doing prison time. But Plante was told that if he was interested in cooperating, the police would make the charges go away. Plante told the cop he was interested but hesitant, knowing that people who cooperate with the police in Hells Angels investigations usually end up dead. ... The only good rat is a dead rat, he had been told repeatedly.

The Women of Rothschild-Natalie Livingstone 2021-11-11 'Captivating, intimate, dazzling epic and revelatory' SIMON SEBAG-MONTEFIORE The story of the family who rose from the Frankfurt ghetto to become synonymous with wealth and power has been much mythologized. Yet half the Rothschilds, the women, remain virtually unknown. From the East End of London to the Eastern seaboard of the United States, from Spitalfields to Scottish castles, from Bletchley Park to Buchenwald, and from the Vatican to Palestine, Natalie Livingstone follows the extraordinary lives of the English branch of the Rothschild women from the dawn of the nineteenth century to the early years of the twenty first. As Jews in a Christian society and women in a deeply patriarchal family, they were outsiders. Determined to challenge and subvert expectations, they supported each other, building on the legacies of their mothers and aunts. They became influential hostesses and talented

diplomats, choreographing electoral campaigns, advising prime ministers, advocating for social reform and trading on the stock exchange. Misfits and conformists, conservatives and idealists, performers and introverts, they mixed with Rossini and Mendelssohn, Disraeli, Gladstone and Chaim Weizmann, amphetamine-dealers, temperance campaigners, Queen Victoria, and Albert Einstein. They broke code, played a pioneering role in the environmental movement, scandalised the world of women's tennis by introducing the overarm serve and drag-raced with Miles Davies in Manhattan. Absorbing and compulsive *THE WOMEN OF ROTHSCHILD* gives voice to the complicated, privileged and gifted women whose vision and tenacity shaped history.

The Turn of the Key-Ruth Ware 2019-08-06 INSTANT NEW YORK TIMES BESTSELLER From the #1 New York Times bestselling author of In a Dark, Dark Wood, The Woman in Cabin 10, The Lying Game, and The Death of Mrs. Westaway comes Ruth Ware's highly anticipated fifth novel. When she stumbles across the ad, she's looking for something else completely. But it seems like too good an opportunity to miss—a live-in nannying post, with a staggeringly generous salary. And when Rowan Caine arrives at Heatherbrae House, she is smitten—by the luxurious “smart” home fitted out with all modern conveniences, by the beautiful Scottish Highlands, and by this picture-perfect family. What she doesn't know is that she's stepping into a nightmare—one that will end with a child dead and herself in prison awaiting trial for murder. Writing to her lawyer from prison, she struggles to explain the unravelling events that led to her incarceration. It wasn't just the constant surveillance from the cameras installed around the house, or the malfunctioning technology that woke the household with booming music, or turned the lights off at the worst possible time. It wasn't just the girls, who turned out to be a far cry from the immaculately behaved model children she met at her interview. It wasn't even the way she was left alone for weeks at a time, with no adults around apart from the enigmatic handyman, Jack Grant. It was everything. She knows she's made mistakes. She admits that she lied to obtain the post, and that her behavior toward the children wasn't always ideal. She's not innocent, by any means. But, she maintains, she's not guilty—at least not of murder. Which means someone else is. Full of spellbinding menace and told in Ruth Ware's signature suspenseful style, *The Turn of the Key* is an unputdownable thriller from the Agatha Christie of our time.

The Third Rainbow Girl-Emma Copley Eisenberg 2021-01-19 A stunningly written investigation of the murder of two young women--showing how a violent crime casts a shadow over an entire community. In the early evening of June 25, 1980 in Pocahontas County, West Virginia, two middle-class outsiders named Vicki Durian, 26, and Nancy Santomero, 19, were murdered in an isolated clearing. They were hitchhiking to a festival known as the Rainbow Gathering but never arrived. For thirteen years, no one was prosecuted for the "Rainbow Murders," though deep suspicion was cast

on a succession of local residents in the community, depicted as poor, dangerous, and backward. In 1993, a local farmer was convicted, only to be released when a known serial killer and diagnosed schizophrenic named Joseph Paul Franklin claimed responsibility. With the passage of time, as the truth seemed to slip away, the investigation itself caused its own traumas—turning neighbor against neighbor and confirming a fear of the violence outsiders have done to this region for centuries. Emma Copley Eisenberg spent years living in Pocahontas and re-investigating these brutal acts. Using the past and the present, she shows how this mysterious act of violence has loomed over all those affected for generations, shaping their fears, fates, and the stories they tell about themselves. In *The Third Rainbow Girl*, Eisenberg follows the threads of this crime through the complex history of Appalachia, forming a searing and wide-ranging portrait of America—its divisions of gender and class, and of its violence.

Mao's Great Famine—Frank Dikötter 2011-10-11 "Between 1958 and 1962, China descended into hell. Mao Zedong threw his country into a frenzy with the Great Leap Forward, an attempt to catch up to and overtake Britain in less than 15 years. The experiment ended in the greatest catastrophe the country had ever known, destroying tens of millions of lives." So opens Frank Dikötter's riveting, magnificently detailed chronicle of an era in Chinese history much speculated about but never before fully documented because access to Communist Party archives has long been restricted to all but the most trusted historians. A new archive law has opened up thousands of central and provincial documents that "fundamentally change the way one can study the Maoist era." Dikötter makes clear, as nobody has before, that far from being the program that would lift the country among the world's superpowers and prove the power of Communism, as Mao imagined, the Great Leap Forward transformed the country in the other direction. It became the site not only of "one of

the most deadly mass killings of human history,"--at least 45 million people were worked, starved, or beaten to death--but also of "the greatest demolition of real estate in human history," as up to one-third of all housing was turned into rubble). The experiment was a catastrophe for the natural world as well, as the land was savaged in the maniacal pursuit of steel and other industrial accomplishments. In a powerful mesgning of exhaustive research in Chinese archives and narrative drive, Dikötter for the first time links up what happened in the corridors of power--the vicious backstabbing and bullying tactics that took place among party leaders--with the everyday experiences of ordinary people, giving voice to the dead and disenfranchised. His magisterial account recasts the history of the People's Republic of China.

The Immortal Life of Henrietta Lacks-Rebecca Skloot 2010 Her name was Henrietta Lacks, but scientists know her as HeLa. She was a poor black tobacco farmer who worked the same land as her slave ancestors yet her cells - taken without her knowledge - become one of the most important tools in modern medicine.
