The Definitive Guide to Supply Chain Best Practices-CSCMP 2013-10-16 The Council of Supply Chain Management Professionals (CSCMP) brings together state-of-the-art supply chain management case studies to help readers systematically identify challenges, evaluate solutions, plan implementation, and prepare for the future. Commissioned by CSCMP, these realistic, fact-based cases are written by world-renowned experts, and reflect the full complexity of modern supply chain/demand chain/logistics management. Coverage includes: supply chain collaboration, advanced forecasting, management of inventory through cash-to-cash cycles, transportation optimization, and many other topics. Readers are effectively challenged to evaluate each scenario and identify the responses most likely to succeed. As they do so, they will encounter the field's newest best practices. Even more important, they will learn how to integrate a wide array of functional activities, from forecasting and demand planning through order fulfillment and post-sales service. Using these cases, students and professionals will become familiar with a far wider range of scenarios - enabling them to solve more problems, succeed in new environments, and prepare for faster career growth. This book will be a valuable resource for operations managers, supply chain managers, production and inventory managers and planners, demand planners and managers, supply managers, logistics managers, transportation managers, students in graduate programs in OM and SCM, and professionals in related certification programs.

Snape-Lorrie Kim 2016 The Harry Potter series may be named after the Boy Who Lived, but if you want to know the story, keep your eyes fixed on Severus Snape. This hook-nosed, greasy-haired, grumpy character is one of J.K. Rowling's enduring gifts to English literature. He's the archetypal ill-tempered teacher: acerbic, yet horribly, deliciously funny. When he's in a scene, you can't take your eyes off him. Snape is always the story. - From the Introduction In this examination of J.K. Rowling's most enigmatic character, Lorrie Kim shows us how to sort through the illusions and lies to the man who dared to spy on Voldemort. In his final moments, he asks Harry, and the reader, to "Look at me." This book does just that.

The Definitive Guide to Modern Supply Chain Management (Collection)-Chad W. Autry 2013-07-02 A brand new collection of state-of-the-art guides to more effective supply chain management... 4 pioneering books, now in a convenient e-format, at a great price! 4 up-to-the-minute books help you build and optimize agile, flexible, efficient global supply chains — in the face of any challenge! As a supply chain or operations professional, you face unprecedented challenges in delivering the agile, resilient, efficient supply chain your company needs. This indispensable 4-book package gives you unprecedented resources, best practices, tools, and case studies for managing each of these challenges. Global Macrotrends and Their Impact on Supply Chain Management shows how to manage supply and demand in the face of massively disruptive emerging societal, technological, geopolitical, and environmental macro trends. You'll find a complete decision framework and practical tools, insights, and guidance for systematically mitigating new risks and building long-term competitive advantage. Step by step, you'll walk through assessing and responding to population growth, migration, urbanization; socioeconomic change, global connectivity, environmental issues, geopolitics, growing scarcity, transportation congestion, aging infrastructure, and more. Next, Supply Chain Network Design helps you use strategic network design techniques to drive dramatic new savings throughout your supply chain. The authors, who are experts at IBM and Northwestern University, combine rigorous principles and practical applications, helping you optimize the right number, location, territory, and size of warehouses, plants, and production lines; and optimize product flow through even the most complex global supply chains. They help you manage tradeoffs such as cost vs. service level, improve operational decision-making through analytics; and re-optimize regularly for even greater savings. Then, Demand and Supply Integration shows how to implement world-class demand forecasting management, and effectively integrate it into comprehensive Demand and Supply Integration (DSI) processes. You'll learn how to recognize failures of demand/supply integration, approach Demand Forecasting as a management process, and choose and apply the best forecasting techniques. You'll discover how to thoroughly reflect market intelligence in forecasts; measure forecasting performance; implement advanced demand forecasting systems; manage Demand Reviews, and more. Finally, The Supply Chain Management Casebook brings together 30 up-to-date, focused case studies illuminating every aspect of modern supply chain management — from procurement to warehousing, strategy to risk management, IT to supplier selection and ethics. Contributors present key challenges in industries ranging from pharmaceuticals to fashion, and preview issues ranging from the “limits of lean” to the potential of 3-D printing. Both qualitative and quantitative cases are included; quantitative cases are supported by completed numerical solutions, and, where applicable, associated spreadsheets. From supply chain experts Chad W. Autry, Thomas J. Goldsby, John E. Bell, Michael Watson, Sara Lewis, Peter Cacioppi, Jay Jayaraman, Mark A. Moon, and Chuck Munson

Shit, Actually-Lindy West 2020-10-20 One of the “Best Books of 2020” by NPR’s Book Conierge **Your Favorite Movies, Re-Watched** New York Times opinion writer and bestselling author Lindy West was once the in-house movie critic for Seattle’s alternative newsweekly The Stranger, where she covered film with brutal honesty and giddy irreverence. In Shit, Actually, Lindy returns to those roots, re-examining beloved and iconic movies from the past 40 years with an eye toward the big questions of our time: Is Twilight the horniest movie in history? Why do the zebras in The Lion King trust Mufasa-WHO IS A LION to look out for his best interests? Why did anyone bother making any more movies after The Fugitive achieved perfection? And, my god, why don’t any of the women in Love, Actually ever fucking talk?!? From Forrest Gump, Honey I Shrunk the Kids, and Bad Boys II, to Face/Off, Top Gun, and The Notebook, Lindy combines her razor-sharp wit and trademark humor with a genuine adoration for nostalgic trash to shed new critical light on some of our defining cultural touchstones-the stories we’ve long been telling ourselves about who we are. At once outrageously funny and piercingly incisive, Shit, Actually reminds us to pause and ask, “How does this movie hold up?”, all while teaching us how to laugh at the things we love without ever letting them or ourselves off the hook. Shit, Actually is a love letter and a break-up note all in one: to the films that shaped us and the ones that ruined us. More often than not, Lindy finds, they’re one and the same.

Dumbledore-Irvin Khaytman 2021-10-12 A brilliant investigation into the motivations and methods behind the actions of Hogwarts's renowned Headmaster! Albus Percival Wulfric Brian Dumbledore, Headmaster of Hogwarts, is one of the most recognizable and mysterious figures in the Harry Potter series. As an unscrupulous beetle-like journalist once said, he's "a biographer's dream." Is he omniscient or limited? Is he benevolent or malevolent? What really drove him in the last years of an extraordinary life? Dumbledore dives between the lines of the Harry Potter books to create a portrait of the controversial Headmaster. We find Dumbledore's hand in every seeming coincidence, and consider the impossible decisions he had to make. This in-depth examination from author Irvin Khaytman casts the events of the Harry Potter series in a whole new light, resolving fans' questions that linger to this day. Rewriting Harry Potter-T. M. Caufield 2015-05-20 Once a child writing prodigy, Jessica finds herself all grown up and desperate to be considered one of the greatest writers of all time. So when a major Hollywood studio hires her to rewrite "Harry Potter," one of the most popular sagas of all time, she sees no better way. But first, convinced that her "abnormal" background might stand in the way of her writing something that "normal" people can relate to, Jessica quickly leaves Hollywood in a quest to immerse herself in how "the other side" lives. It doesn't take long, however, for her to realize that becoming common isn't as simple as she thought it would be. And before she can write "FADE OUT" she must decide if she is really willing to pay the price to achieve true greatness.
