2019-01-15 Jane Yolen Jane Yolen, the bestselling and award-winning author of The Devil's Arithmetic, returns to World War II and the Holocaust with this timely and necessary novel. It's 1942 in Poland, and the world is coming to pieces. At least that's how it seems to Chaim and Gittel, twins whose lives feel like a fairy tale torn apart, with evil witches, forbidden forests, and dangerous ovens looming on the horizon. But in all darkness there is light, and the twins find it through Chaim's poetry and the love they have for each other. Like the bright flame of a Yahrzeit candle, his words become a beacon of memory so that the children and grandchildren of survivors will never forget the atrocities that happened during the Holocaust. Filled with brutality and despair, this is also a story of poetry and strength, in which a brother and sister lose everything but each other. Nearly thirty years after the publication of her award-winning and bestselling The Devil's Arithmetic and Briar Rose, Yolen once again returns to World War II and captivates her readers with the authenticity and power of her words. Perfect for fans of Markus Zusak's The Book Thief and Ruta Sepetys's Salt to the Sea.

1999 Jane Yolen Fourteen-year-old Marina and sixteen-year-old Jed accompany their parents' religious cult, the Believers, to await the end of the world atop a remote mountain, where they try to decide what they themselves believe.

2013-07-01 Suzy Zail "Being kissed by Karl Jager was devastating. And beautiful. War makes you do dangerous things." Hanna Mendel liked to know what was going to happen next. She was going to be a famous concert pianist. She was going to wear her yellow dress to the dance on Saturday night. But she didn't plan on her street being turned into a ghetto. She didn't plan on being rounded up and thrown in a cattle truck. She didn't plan on spending her sixteenth birthday in Auschwitz, in a wooden barrack with 200 other prisoners. Most of all, Hanna didn't plan on falling in love with the wrong boy. What happens when a Jewish girl falls in love with the German son of the camp commander? Award-winning Australian author Suzy Zail's young adult fiction book, The Wrong Boy, paints a story of identity, romance, hate and loyalty alongside the historical backdrop of the Holocaust. This gripping novel about a teenage girl coming to terms with first love amid the confronting realities of a war-torn world will leave readers wanting more. Short-listed in the Older Reader's category of the 2013 Children's Book Council of Australia Book of the Year Awards "A compelling picture of life in a prison camp from the point of view of a determined but naïve teenage girl. Recommended." - Aussie Reviews "Four stars ... From its opening page, the reader will feel empathy and heartache for those who suffered during this violent era." - Read Plus "A roller-coaster ride ... 2011-03-17 Jennifer Egan WINNER OF THE PULITZER PRIZE FOR FICTION NEW YORK TIMES TOP 10 BOOKS OF 2010 Jennifer Egan's spellbinding novel circles the lives of Bennie Salazar, an ageing former punk rocker and record executive, and Sasha, the troubled young woman he employs. We first meet Sasha in her mid-thirties, on her therapist's couch in New York City, confronting her longstanding compulsion to steal. We meet Bennie at the melancholy nadir of his adult life - divorced, struggling to connect with his nine-year-old son, listening to a washed-up band in the

basement of a suburban house. Although Bennie and Sasha never discover each other's pasts, the reader does, in intimate detail, along with the secret lives of a host of other characters whose paths intersect with theirs, over many years, in many places. With music pulsing on every page, this is a startling, exhilarating novel of self-destruction and redemption. Breathtaking work from one of our boldest writers. 'Irresistible. Fiction of the highest quality' Sunday Times 'Egan's precise, calm underwater prose is a persistent pleasure' Daily Telegraph 'Stories that defy narrative convention' Financial Times 'A must-read' Sunday Times

2012-02-28 Krystyna Chiger True story from the major motion picture "In Darkness," official 2012 Academy Award nominee for Best Foreign Language Film. In 1943, with Lvov's 150,000 Jews having been exiled, killed, or forced into ghettos and facing extermination, a group of Polish Jews daringly sought refuge in the city's sewer system. The last surviving member this

group, Krystyna Chiger, shares one of the most intimate, harrowing and ultimately triumphant tales of survival to emerge from the Holocaust. Originally published as *The Girl in the Green Sweater*, *In Darkness* is Chiger's harrowing first-person account of the fourteen months she spent with her family in the fetid, underground sewers of Lvov. *In Darkness* is also the story of Leopold Socha, the group's unlikely savior. A Polish Catholic and former thief, Socha risked his life to help Chiger's underground family survive, bringing them food, medicine, and supplies. A moving memoir of a desperate escape and life under unimaginable circumstances, *In Darkness* is ultimately a tale of intimate survival, friendship, and redemption.

2021-09-03 Terence Tao This is a graduate text introducing the fundamentals of measure theory and integration theory, which is the foundation of modern real analysis. The text focuses first on the concrete setting of Lebesgue measure and the Lebesgue integral

(which in turn is motivated by the more classical concepts of Jordan measure and the Riemann integral), before moving on to abstract measure and integration theory, including the standard convergence theorems, Fubini's theorem, and the Carathéodory extension theorem. Classical differentiation theorems, such as the Lebesgue and Rademacher differentiation theorems, are also covered, as are connections with probability theory. The material is intended to cover a quarter or semester's worth of material for a first graduate course in real analysis. There is an emphasis in the text on tying together the abstract and the concrete sides of the subject, using the latter to illustrate and motivate the former. The central role of key principles (such as Littlewood's three principles) as providing guiding intuition to the subject is also emphasized. There are a large number of exercises throughout that develop key aspects of the theory, and are thus an integral component of the text. As a supplementary section, a discussion of general problem-solving strategies in analysis is also given. The last three sections discuss optional topics related to the main matter of the book.

2011-11-01 Livia Bitton-Jackson What is death all about? What is life all about? So wonders thirteen-year-old Elli Friedmann as she fights for her life in a Nazi concentration camp. A remarkable memoir, *I Have Lived a Thousand Years* is a story of cruelty and suffering, but at the same time a story of hope, faith, perseverance, and love. It wasn't long ago that Elli led a normal life that included family, friends, school, and thoughts about boys. A life in which Elli could lie and daydream for hours that she was a beautiful and elegant celebrated poet. But these adolescent daydreams quickly darken in March 1944, when the Nazis invade Hungary. First Elli can no longer attend school, have possessions, or talk to her neighbors. Then she and her family are forced to leave their house behind to move into a crowded ghetto, where privacy becomes a luxury of the past and food becomes a scarcity. Her strong will and faith allow Elli to manage and adjust, but what she doesn't know is that this is only the beginning. The worst is yet to come...

2020-02-04 Deborah Hopkinson Sibert Honor author Deborah Hopkinson illuminates the true

stories of Jewish children who fled Nazi Germany, risking everything to escape to safety on the Kindertransport. An NCTE Orbis Pictus recommended book and a Sydney Taylor Book Award Notable Title. Scholastic Focus is the premier home of thoroughly researched, beautifully written, and thoughtfully designed works of narrative nonfiction aimed at middle-grade and young adult readers. These books help readers learn about the world in which they live and develop their critical thinking skills so that they may become dynamic citizens who are able to analyze and understand our past, participate in essential discussions about our present, and work to grow and build our future. Ruth David was growing up in a small village in Germany when Adolf Hitler rose to power in the 1930s. Under the Nazi Party, Jewish families like Ruth's experienced rising anti-Semitic restrictions and attacks. Just going to school became dangerous. By November 1938, anti-Semitism erupted into Kristallnacht, the Night of Broken Glass, and unleashed a wave of violence and forced arrests. Days later, desperate volunteers sprang into action to organize the Kindertransport, a rescue effort to bring Jewish children to England. Young people like Ruth David had to say good-bye to their families, unsure if they'd ever be reunited. Miles from home, the Kindertransport refugees entered unrecognizable lives, where food, clothes -- and, for many of them, language and religion -- were startlingly new. Meanwhile, the onset of war and the Holocaust visited unimaginable horrors on loved ones left behind. Somehow, these rescued children had to learn to look forward, to hope. Through the moving and often heart-wrenching personal accounts of Kindertransport survivors, critically acclaimed and award-winning author Deborah Hopkinson paints the timely and devastating story of how the rise of Hitler and the Nazis tore apart the lives of so many families and what they were forced to give up in order to save these children.

2009-10-13 Richard L. Rubenstein Theologian Richard L. Rubenstein writes of the Holocaust, why it happened, why it happened when it did, and why it may happen again and again. "Few books possess the power to leave the reader with the feeling of awareness that we call a sense of revelation. *The Cunning of History* seems to me to be one of these . . . Rubenstein

is forcing us to reinterpret the meaning of Auschwitz—especially, though not exclusively, from the standpoint of its existence as part of a continuum of slavery that has been engrafted for centuries onto the very body of Western civilization. Therefore, in the process of destroying the myth and the preconception, he is making us see that that encampment of death and suffering may have been more horrible than we had ever imagined. It was slavery in its ultimate embodiment. He is making us understand that the etiology of Auschwitz—to some, a diabolical, perhaps freakish excrescence, which vanished from the face of the earth with the destruction of the crematoria in 1945—is actually embedded deeply in a cultural tradition that stretches back to the Middle Passage from the coast of Africa, and beyond, to the enforced servitude in ancient Greece and Rome. Rubenstein is saying that we ignore this linkage, and the existence of the sleeping virus in the bloodstream of civilization, at risk of our future." — William Styron, from the Introduction.

1981 Jane Yolen Sharing an unspoken and forbidden love, Sarah and Abel, two young members of a Shaker community, begin to question their way of life and that of "The World."

2008-11-16 Luis Alberto Urrea The author of "Across the Wire" offers brilliant investigative reporting of what went wrong when, in May 2001, a group of 26 men attempted to cross the Mexican border into the desert of southern Arizona. Only 12 men came back out. "Superb . . . Nothing less than a saga on the scale of the Exodus and an ordeal as heartbreaking as the Passion . . . 2017-11-07 Molly Booth I wanted sophomore year to be different, but this was a little much. Emma Allen couldn't be more excited to start tenth grade. Not only is she the assistant stage manager for the drama club's production of Hamlet, but her crush, Brandon, is directing, and she's rocking a new haircut that's sure to get his attention. But soon after school starts, everything goes haywire. Emma's suddenly promoted to stage manager, her best friend, Lulu, stops talking to her, and Josh-the sweet soccer player who's been cast as the lead-turns out to be a disaster. It's up to Emma to fix it all,

but she has no clue where to start. One night after rehearsal, Emma stays behind to think through her life's latest crises and distractedly falls through the stage's trapdoor . . . landing in the basement of the Globe Theatre. It's London, 1601, and with her awesome new pixie cut, everyone thinks Emma's a boy-even Will Shakespeare himself. Dropped into the middle of the original production of Hamlet, Emma gamely plays her role as backstage assistant, jumping at the chance to experience theatre history and rub shoulders with legends. But the Globe's Hamlet has its own problems, and once Emma starts traveling back and forth through time, things get really confusing. In which reality does she belong? And can she save two epically tragic productions of Hamlet before time runs out? In this sweet, surprising novel full of laugh-out-loud hijinks, debut novelist Molly Booth will have readers on the edge of their seats, ready to stand and applaud when the curtain falls.
