The Day is a Cold Grey Stone - Allan Safarik 2010

Allan Safarik is a poet who is driven by the love of language as much as by the external world. By discovery and singing he brings us a world we identify with and rejoice in. Always peculiar, always imaginative, these poems echo the language and concerns of poets like Newlove and Birney. Here is the world of the imagination and the world of the rugged and beautiful West Coast landscape. The Day is a Cold Grey Stone brings together new and selected poems set in and inspired by the West Coast. Safarik, has published two remarkable books of poetry from the prairies, Where Light Falls from the Sun and Yellowgrass. With The Day is a Cold Grey Stone Safarik's poetic journey has come full circle. Very few Canadian poets have written with such confidence and strength on two distinct regions of our country. He is one of very few who lay
poetic claim to both the West Coast and the prairies. The Day is a Cold Grey Stone is a work where the geography of the imagination is as vibrant as the one before the author's eyes and the one beneath his feet.

Handbook of Research on Writing-Charles Bazerman 2009-03-04 The Handbook of Research on Writing
Writing ventures to sum up inquiry over the last few decades on what we know about writing and the many ways we know it: How do people write? How do they learn to write and develop as writers? Under what conditions and for what purposes do people write? What resources and technologies do we use to write? How did our current forms and practices of writing emerge within social history? What impacts has writing had on society and the individual? What does it mean to be and to learn to be an active participant in contemporary systems of meaning? This cornerstone volume advances the field by aggregating the broad-ranging, interdisciplinary, multidimensional strands of writing research and bringing them together into a common intellectual space. Endeavoring to synthesize what has been learned about writing in all nations in recent decades, it reflects a wide scope of international research activity, with attention to writing at all levels of schooling and in all life situations. Chapter authors, all eminent researchers, come from disciplines as diverse as anthropology, archeology, typogaphy, communication studies, linguistics, journalism, sociology, rhetoric, composition, law, medicine, education, history, and literacy studies. The Handbook’s 37 chapters are organized in five sections: *The History of Writing; *Writing in Society; *Writing in Schooling; *Writing and the Individual; *Writing as Text This volume, in summing up what is known about writing, deepens our experience and appreciation of writing—in ways that will make teachers better at teaching writing and all of its readers better as individual writers. It will be interesting and useful to scholars and researchers of writing, to anyone who teaches writing in any context at any level, and to all those who are just curious about writing.

The ESL Writer's Handbook, 2nd Ed.-Janine Carlock 2017-12-20 The ESL Writer’s Handbook is a reference work for ESL students who are taking college-level courses. Because its purpose is to provide help with the broad variety of writing questions students may have when working on school
assignments, the text focuses on English for Academic Purposes. Unlike other handbooks on the market, this book’s sole purpose is to address the issues of second language learners. The spiral-bound Handbook complements a student writer’s dictionary, thesaurus, and grammar reference book. It would be suitable as a text for an advanced ESL writing course when used together with the companion Workbook (978-0-472-03726-1). The new edition features significant revisions to Sections 3 and 4; in particular, both APA and MLA style guides have been updated and new sample papers for each are included. The new edition includes new and revised exercises and many new samples of student writing. Like its predecessor, the 2nd Edition has these special features: The topic selection is based on ESL writers’ needs as observed by the authors over many years. The coverage of topics is more complete than the limited amount usually provided for ESL writers in first language or L1 handbooks. The explanatory language is appropriate for ESL students, in contrast to the more complex and idiomatic language of other English handbooks. Many of the examples of paragraphs, essays, research papers, and exercise sentences were written by ESL students to help users realize that they too can become effective writers.

Writers' Handbook 2021-J. Paul Dyson 2021-04-12 The 2021 edition of firstwriter.com’s bestselling directory for writers returns in a new, larger format, with more than twice as many listings of
literary agents, literary agencies, book publishers, and magazines. It now contains over 3,000 listings, including revised and updated listings from the 2020 edition, and over 2,000 brand new entries. A variety of new tables help you navigate the listings in different ways, including a new Table of Authors, which lists over 3,000 authors and tells you who represents them, or who publishes them, or both. The number of genres in the index has exploded from under 100 in the last edition to over 500 in this one. So, for example, while there was only one option for “Romance” in the previous edition, you can now narrow this down to Historical Romance, Fantasy Romance, Supernatural / Paranormal Romance, Contemporary Romance, Diverse Romance, Erotic Romance, Feminist Romance, Christian Romance, or even Amish Romance. The new edition includes: • 128 pages of literary agent and literary agency listings – that’s more than the Writer’s Market (75 pages) and the Writers’ & Artists’ Yearbook (39 pages) combined! • 82 pages of book publisher listings, compared to 91 pages in the Writers’ & Artists’ Yearbook – but with a page size more than 70% larger this is like getting an extra 50 pages. • 64 pages of magazine listings compared to 63 pages in the Writers’ & Artists’ Yearbook. All in a book that is 30% cheaper than the Writer’s Market ($29.99 RRP), and 50% cheaper than the Writers’ & Artists’ Yearbook (£25.00 RRP). International markets become more accessible than ever, with listings that cover both the main publishing centres of New York and London, as well as markets in other English speaking countries. hundreds of pages. By including only what’s important to writers – contact details for literary agents, publishers, and magazines – this directory is able to provide more listings than its competitors, at a substantially lower price. The book also allows you to create a subscription to the firstwriter.com website for free until 2022. Writers' Handbook 2014-J. Paul Dyson 2013-08-16 This indispensable guide for writers provides details of hundreds of literary agents, book publishers, and magazines; including contact details, types of material accepted, and how to approach them. Subject indexes for each area provide easy
access to the markets you need, with specific lists for everything from romance publishers, to poetry magazines, to literary agents interested in thrillers. It also provides unparalleled access to international markets. The internet has made the publishing industry more global than ever, with markets increasingly accepting submissions by email (some no longer accept postal submissions at all). Other directories have failed to respond to this, continuing to focus on one single country, but this directory provides you with that all-important access to overseas opportunities that are now just an email away. And by focusing exclusively on what’s important to writers - contact details for literary agents, publishers, and magazines - this directory is able to provide more listings at a lower price. There are no adverts, no advertorials, and no unnecessary articles or obscure listings padding out hundreds of pages. Two established alternative directories both run to over 800 pages, yet one has only 204 pages of publisher, agent, and magazine listings, and the other has only 10 pages devoted to literary agent listings. This book does better on both counts, and yet remains substantially cheaper than either alternative. The book also allows you to create a subscription to the firstwriter.com website for free until 2015. This means you can get free access to the firstwriter.com website, where you can find even more listings, and also benefit from other features such as advanced searches, daily email updates, feedback from users about the markets featured, saved searches, competitions listings, searchable personal notes, and more.

The Academic Writer's Toolkit—Arthur Asa Berger 2016-07-01 Berger’s slim, user-friendly volume on academic writing is a gift to linguistically-stressed academics. Author of 60 published books, the author speaks to junior scholars and graduate students about the process and products of academic writing. He differentiates between business writing skills for memos, proposals, and reports, and the scholarly writing that occurs in journals and books. He has suggestions for getting the “turgid” out of turgid academic prose and offers suggestions on how to best structure various forms of documents for effective communication. Written in Berger’s friendly, personal style, he shows by
example that academics can write good, readable prose in a variety of genres.
