The Scarlet Letter by Nathaniel Hawthorne

The Scarlet Letter - a novel by Nathaniel Hawthorne - is set in Puritan Boston, Massachusetts. The story begins during the summer of 1642, near Boston, Massachusetts, in a Puritan village. A young woman, Hester Prynne, has been led from the town prison with her infant daughter in arms. Her gown is "scarlet," and the scarlet letter "A" has been branded upon her bosom. It is the initial of her lover, Arthur Dimmesdale, with whom she has committed adultery. Hester is thus branded as an adulteress, and she is shunned by the other inhabitants of the town. Her sentence is to wear the "scarlet letter" in order to be a reminder of her sin to all who see it.

The scarlet letter "A" serves as a symbol of the act of adultery that Hester committed, and it is a mark of shame for all to see. The Scarlet Letter was published as a novel in the spring of 1850 by Ticknor & Fields, beginning Hawthorne's most lucrative period as a writer. When he delivered the final proofs to Ticknor & Fields in February 1850, he described it as his best work to date. Over the next few years, the book was hermetically sealed and kept out of print by the author himself. In fact, the book was an instant best-seller throughout the United States and was banned in many states because of its sensitive subject matter. It was not until 1861, after the death of its author, that this first mass-produced book in America was reprinted. It is now in mid-nineteenth-century, bookbinders of home-grown literature typically hand-made their books and sold them in small quantities. The first mechanized printing of The Scarlet Letter, 2,500 volumes, sold out within months, and was widely read and discussed to an extent not much experienced in the young country up until that time.

The novel explores themes of legalism, sin, guilt, and free will. Most literary critics praised the book but religious leaders took issue with the novel's subject matter. Orestes Brownson complained that Hawthorne did not understand Christianity, confession, and remorse. A review in The Church Review and Ecclesiastical Register concluded the author "perpetuates bad morals." On the other hand, 20th-century writer D. H. Lawrence said that there could not be a more perfect work of the American imagination than The Scarlet Letter. He states that the novel is "beautiful, admirable; it is in the highest degree that merit which I have spoken of as the mark of Hawthorne's best things - an indefinable purity and lightness of conception... One can often return to it; it supports familiarity and has the inexpressible charm and mystery of great works of art." "Hawthorne" is a book of literary criticism by Henry James published in 1879. The book was an insightful study of James' great predecessor, Nathaniel Hawthorne. James gave extended consideration to each of Hawthorne's novels and a selection of his short stories. He also reviewed Hawthorne's life and some of his books. The book became somewhat controversial for a famous scene in which James enumerated the items of novelistic interest he thought were absent from American life.
