Theories In Intercultural Communication

With the rise of the ASEAN Economic Community and other international initiatives, these questions include the properties and implications of national and cultural identities; and how powerful their identities can be in facilitating change—both in their own lives and in the lives of others.

Intercultural Communication: A Critical Approach

This book introduces students to the fundamental topics, theories, concepts, and themes of intercultural communication. Best-selling author James W. Neuliep presents a clear model for examining communication within a variety of contexts, including cultural, microcultural, environmental, socioeconomic, and perceptual. Each chapter focuses on one context and explores the combination of factors within that context, including setting, situation, and circumstances. The updated Eighth Edition reflects the most recent developments in the field and further incorporates the role of modern technology and its impact on intercultural communication.

Intercultural Communication and Humanizing: Communication: Theory into Practice Guides readers in applying the valuable contributions of recent communication theory to improving everyday communication among the races. Authors Mark P. Orbe and Tina M. Harris offer a practical, foundational approach for dialogue on intercultural communication.

Introducing Intercultural Communication

Books on intercultural communication are rarely written by people who are not from diverse cultural groups. Introducing Intercultural Communication is intended to correct this deficiency. Each chapter contains important and engaging boxed inserts with important and personal stories. The book further covers essential new topics, including international conflict, social networking, and environmental issues. Written to be accessible for international students too, this text situates communication theory in a truly global perspective. Each chapter brings to life the links between theory and practice and between the global and the personal. The book will help students think in a more international way, you will be supported with first-rate learning resources, including: • theory corners with concise, boxed-out summaries • real-world case studies • self-study questions and activities

Handbook of Intercultural Communication

In today's globalized world of international contact, understanding the diversity of cultural and intercultural communication is seen as a pre-requisite for social harmony and organisational success. This handbook takes a "problem-solving" approach to both of these in the context of globalisation. Written by an international team of authors, it provides a comprehensive introduction to the field of intercultural communication.

The Handbook of Critical Intercultural Communication

The Handbook of Critical Intercultural Communication is a valuable and accessible introduction for undergraduates who are new to the area of intercultural communication. Incorporating real-life examples from around the world and drawing on current research, this text argues against cultural stereotypes and instead provides students with a skill-building framework to enhance understanding of the complexities of language and intercultural communication in diverse international settings. Readers will learn to understand and become aware of power relationships, the importance of cultural and political forces on language choice, and the effects of cultures and cultural differences on identity. It will serve as a useful resource for teachers, researchers, students and professionals alike.

Chinese Communication Theory and Research
