Thomas Hardys Tess Of The Durbervilles Modern Critical Interpretations

The Classic Works of Thomas Hardy-Thomas Hardy 2014-12-01
Dealing with themes of determinism and inescapable fate, Thomas Hardy's novels are also renowned for depicting the intimate relationship between character and the environment. Unflinchingly honest in portraying characters and their fortunes, Hardy depicts life with all its harsh realities. Tess of the D'Urbervilles received negative reviews when first published in 1891. Originally criticised as being too pessimistic, it is now regarded as a classic. The story of Tess's painful journey from girl to woman and her traumatic relationships with Alec D'Urberville and Angel Clare, is presided over by the unwavering hand of justice. The Major of Casterbridge recounts the life of Michael Henchard as he reaches the pinnacle of power, self esteem and self-satisfaction, only to lose it through folly and bad luck. The emotional rise and fall of Henchard is described with the greatest insight and sensitivity. Far from the Madding Crowd is the first of Hardy's Wessex tales. It relates the story of Bathsheba Everdene and the men who love her. Set against the farming community, tragedy and love unfold alongside the continual struggle of rural life.

The Treatment of Female Characters in Thomas Hardy's Far from
the Madding Crowd, the Return of the Native, the Mayor of Casterbridge and Tess of the D'urbervilles. Bilkis Akhter 2009 The aim of the thesis is to analyse the presentation of women characters in Thomas Hardy's selected novels and to explore to what extent Hardy accepts the Victorian view of women. Is Hardy's approach to women often influenced by Victorian society in which he lives? Does he show sympathy or does he put much blame on women while presenting them in his novels? At that time, the society itself was largely controlled by men and male superiority was not questioned at all. As a result, women suffered injustices at the hands of the men. Women are mothers, wives and lovers. They are exposed to different roles during different stages of their lives. In the course of time while performing their legitimate duties they are sometimes oppressed by men rather than they oppress men. They are more victims than victimizers. They are not prone to sinning, rather they are sinned against. Thomas Hardy in his novels shows women performing their different roles in various manners. Sometimes they are independent and sometimes they have to depend on others for their survival. They frequently become the victims of male domination or patriarchy. The study will also explore the issues of women's oppression in the Victorian society on the basis of the selected novels. In general, female characters in Hardy's novels are always depicted as docile and submissive. Hardy's major female characters, despite their individuality, share the same sentiments and suffer from the same class and gender oppression. It is always their effort to fight back that bring them anguish and tragedy. Some of them though hardened and stoic are still unable to overcome their social and economic deprivations. In Hardy's celebrated novels, Far from the Madding Crowd (1874), The Return of the Native (1878), The Mayor of Casterbridge (1886) and Tess of the d'Urbervilles (1891) women are subjected to all kinds of human indignities by men. They always fail in their attempts to extricate themselves from their social and economic
Thomas Hardy's enigmatic and unforgettable heroines, Bathsheba Everdene, Fanny Robin, Eustacia Vye, Thomasin Yeobright, Susan Henchard, Elizabeth-Jane, Lucetta Templeman and Tess Durbeyfield in their actions, reactions and interactions are embodiments of social wretchedness and inferiority. This thesis analyses the treatment of women in the selected novels in an attempt to explore feminist ideas in his works. The study also explores Hardy's novels from the Islamic perspective on women.

The New Wessex Selection of Thomas Hardy's Poetry-Thomas Hardy 1978

Thomas Hardy has generally been viewed as an intensely private figure, shy of publicity and even of people, self-isolated in his Dorsetshire home, and much more cautious and conservative in his personal outlook than might be expected of the author of Tess of the D'Ubervilles and Jude the Obscure. What the present volume reveals is that Hardy's public utterances, addressed to a wide range of literary, social, and political issues, were far more numerous and various than has previously been imagined. His essays, speeches, and other acknowledged pieces, both formal and informal, are here fully described, edited, and annotated, together with the letters he wrote to newspapers and the many unsigned items, from obituaries to clandestine contributions to literary gossip-columns, that have now been securely or tentatively identified. Also described, although not
necessarily reproduced, are his designs for tombstones and memorials, and some of the more striking instances of his lending his (immensely famous) name to causes and organizations of which he approved and to public letters initiated by others. The edition as a whole is thus a major work of textual scholarship and a rich source of fresh and often surprising information about a little understood aspect of Hardy's life and work.

Tess of the d'Urbervilles-Thomas Hardy 2016-01-01

I On an evening in the latter part of May a middle-aged man was walking homeward from Shaston to the village of Marlott, in the adjoining Vale of Blakemore, or Blackmoor. The pair of legs that carried him were rickety, and there was a bias in his gait which inclined him somewhat to the left of a straight line. He occasionally gave a smart nod, as if in confirmation of some opinion, though he was not thinking of anything in particular. An empty egg-basket was slung upon his arm, the nap of his hat was ruffled, a patch being quite worn away at its brim where his thumb came in taking it off. Presently he was met by an elderly parson astride on a gray mare, who, as he rode, hummed a wandering tune. "Good night t'ee," said the man with the basket. "Good night, Sir John," said the parson. The pedestrian, after another pace or two, halted, and turned round. "Now, sir, begging your pardon; we met last market-day on this road about this time, and I said 'Good night,' and you made reply 'Good night, Sir John,' as now." "I did," said
the parson. "And once before that—near a month ago." "I may have." "Then what might your meaning be in calling me 'Sir John' these different times, when I be plain Jack Durbeyfield, the haggler?" The parson rode a step or two nearer. "It was only my whim," he said; and, after a moment's hesitation: "It was on account of a discovery I made some little time ago, whilst I was hunting up pedigrees for the new county history. I am Parson Tringham, the antiquary, of Stagfoot Lane. Don't you really know, Durbeyfield, that you are the lineal representative of the ancient and knightly family of the d'Urbervilles, who derive their descent from Sir Pagan d'Urberville, that renowned knight who came from Normandy with William the Conqueror, as appears by Battle Abbey Roll?"

苔丝-哈代 2018 本书是19世纪英国小说家托马斯·哈代的代表作,是他的"威塞克斯系列"小说中非常重要的一部.它叙述了一位出身贫苦的农村姑娘自强,坚韧,勇敢追求爱情,却被命运抛入了罪恶的勾栏,最后香消玉殒.哈代在小说的副标题中称苔丝为"一个纯洁的女人",公开地向维多利亚时代虚伪的社会道德和宗教习俗挑战,这是一部站在女性视角生动透露真挚情感的作品.

Tess of the d'Urbervilles - Second Edition-Thomas Hardy 2007-02-12 This classic novel tells the story of how the poor rural couple John and Joan Durbeyfield become convinced that they are descended from the ancient family of d’Urbervilles. They encourage their innocent daughter Tess to cement a connection with the d’Urberville family, including their unprincipled son Alec, with tragic consequences. “A Pure Woman Faithfully Presented,” as Hardy subtitled the novel, represented a direct challenge to conventional Victorian notions of sexuality and femininity. This is a revised, updated, and expanded Broadview edition that highlights a feminist interpretation of the novel in an extensive introduction. The range of historical appendices (including contemporary articles, letters, maps, news stories, and reviews) will greatly enhance a reader’s understanding of the text.

小说的艺术-洛奇 2010
The Return of the Native-Thomas Hardy 1994 One of Thomas Hardy's most powerful works, The Return of the Native centers famously on Egdon Heath, the wild, haunted Wessex moor that D. H. Lawrence called "the real stuff of tragedy." The heath's changing face mirrors the fortunes of the farmers, inn-keepers, sons, mothers, and lovers who populate the novel. The "native" is Clym Yeobright, who comes home from a cosmopolitan life in Paris. He; his cousin Thomasin; her fiancé, Damon Wildeve; and the willful Eustacia Vye are the protagonists in a tale of doomed love, passion, alienation, and melancholy as Hardy brilliantly explores that theme so familiar throughout his fiction: the diabolical role of chance in determining the course of a life. As Alexander Theroux asserts in his Introduction, Hardy was "committed to the deep expression of [nature's] ironic chaos and strange apathy, even hostility, toward man."

Thomas Hardy's Major Novels-Julie Sherrick 1998 Thomas Hardy's Major Novels provides a needed update of contemporary criticism on the important English novelist. Unlike existing bibliographies, this volume specifically addresses the needs of both college teachers and scholars, as well as those teachers without an intense background in the work of Thomas Hardy. The bibliography furnishes a lengthy background into the time period and literary context of each novel. Referenced works are representative of current critical work that exists from a number of different schools of thought and interpretation. The annotated bibliography provides complete, informative, yet concise summaries, as well as evaluations of the value of the source. The bulk of the bibliography is divided into six sections, each focused on secondary sources pertaining to specific Thomas Hardy novels including: Far From the Madding Crowd, The Return of the Native, The Mayor of Casterbridge, The Woodlanders, Tess of the D'Urbervilles, and Jude the Obscure. The sources are grouped into subsections organized around the thrust of the Hardy study, whether it relates to the circumstances of composition, comparative work, discussion relating to the nature of the novel, salient features of the novel, or studies of character analysis.

Thomas Hardy: 'Tess of the d'Urbervilles'-Cedric Watts 2007-01-01

The co-ordinating theme of this study is that Hardy designed Tess of the d'Urbervilles to be controversial, and it has surpassed his design. An initial biographical chapter relates Tess to Hardy's career: the novel caused scandal but brought him wealth. Next, the work's process of composition is discussed, and differences between the censored serial and the book versions are explained. An analysis of the plot gives particular attention to its ironic strategies, and a further section deals with problematic aspects of characterisation, including the views of the narrator. Various themes and contexts are explored, notably Hardy's attitudes to religion, evolution, politics and sexuality. There follows a discussion of selected literary aspects: naturalism and realism, leitmotifs and thematic patterns, optical effects and defamiliarisation, and the use of specialised vocabularies. Hardy's descriptive powers when rendering the rural world receive particular analysis. A critical survey then summarises critical approaches to this novel between Hardy's day and the present.
Thomas Hardy's Shorter Fiction-Sophie Gilmartin 2007-12-15 This critical study of Hardy's short stories provides a thorough account of the ruling preoccupations and recurrent writing strategies of his entire corpus as well as providing detailed readings of several individual texts. It relates the formal choices imposed on Hardy as contributor to Blackwood's Magazine and other periodicals to the methods he employed to encode in fiction his troubled attitude towards the social politics of the West Country, where most of the stories are set. No previous criticism has shown how the powerful challenges to the reader mounted in Hardy's later stories reveal the complexity of his motivations during a period when he was moving progressively in the direction of exchanging fiction for poetry. * Unique in providing a comprehensive criticism of Hardy's entire output of short stories. * Full, detailed, close readings of a number of key stories make this useful as a potential teaching resource. * Draws on the work of social historians to make clear the background of social and political unrest in Dorset that is partly uncovered and partly hidden in Hardy's portrayals of his fictional Wessex. * Offers fascinating insights into Hardy's near-obsession in his mature phase with the marriage contract, and with its legal binding of erratic men and women.

Jude the Obscure-Thomas Hardy 2016-01-01 Part First AT MARYGREEN "Yea, many there be that have run out of their wits for women, and become servants for their sakes. Many also have perished, have erred, and sinned, for women... O ye men, how can it be but women should be strong, seeing they do thus?"—Esdras. I The schoolmaster was leaving the village, and everybody seemed sorry. The miller at Cresscombe lent him the small white tilted cart and horse to carry his goods to the city of his destination, about twenty miles off, such a vehicle proving of
quite sufficient size for the departing teacher's effects. For the schoolhouse had been partly furnished by the managers, and the only cumbersome article possessed by the master, in addition to the packing-case of books, was a cottage piano that he had bought at an auction during the year in which he thought of learning instrumental music. But the enthusiasm having waned he had never acquired any skill in playing, and the purchased article had been a perpetual trouble to him ever since in moving house. The rector had gone away for the day, being a man who disliked the sight of changes. He did not mean to return till the evening, when the new school-teacher would have arrived and settled in, and everything would be smooth again. The blacksmith, the farm bailiff, and the schoolmaster himself were standing in perplexed attitudes in the parlour before the instrument. The master had remarked that even if he got it into the cart he should not know what to do with it on his arrival at Christminster, the city he was bound for, since he was only going into temporary lodgings just at first.

Life's Little Ironies-Thomas Hardy 2015-12-28 CHAPTER I To the eyes of a man viewing it from behind, the nut-brown hair was a wonder and a mystery. Under the black beaver hat, surmounted by its tuft of black feathers, the long locks, braided and twisted and coiled like the rushes of a basket, composed a rare, if somewhat barbaric, example of ingenious art. One could understand such weavings and coilings being wrought to last intact for a year, or even a calendar month; but that they should be all demolished regularly at bedtime, after a single day of permanence, seemed a reckless waste of successful fabrication. And she had done it all herself, poor thing. She had no maid, and it was almost the only accomplishment she could boast of. Hence the unstinted pains. She was a young invalid lady—not so very much of an invalid—sitting in a wheeled chair, which had been pulled up in the front part of a green enclosure, close to a bandstand, where a concert was going on, during a warm June
afternoon. It had place in one of the minor parks or private gardens that are to be found in the suburbs of London, and was the effort of a local association to raise money for some charity. There are worlds within worlds in the great city, and though nobody outside the immediate district had ever heard of the charity, or the band, or the garden, the enclosure was filled with an interested audience sufficiently informed on all these.
