The History of the Byzantine Jews explores the Jewish microcosmos in Byzantium. Under the Romans, Jews enjoyed the privileges of knighthood and nobility. Although these luxuries were significantly diminished under Theodosius II- whose wife, Eudoxia, was a judaizing Empress- and the Codex Justinianus, they remained a powerful entity in Byzantium. In comparison to the irredentist Samaritans and Paulicians, the Jews remained areligiosa (permitted religion) that tolerated and even protected by Imperial and Church authority. Their position in society even enabled the Jews to vie for increased power. The Byzantine Jews tried to play the game of power politics through their affiliation with Yemen's Jewish Himyarites, and ill-fated alliance with the Persian Sassanides, and finally through the colossal power of the Jewish Khazar Empire. In this living history of the Byzantine Jews, Author Elli Kohen attempts to revive the spirit of Moses of Crete, Procopius, Eusebius, Theophanes Continuatus, and medieval chroniclers such as Liutbrand, Villehardouin, and Benjamin of Tudela. Intended as a complementary text to other classics on Byzantine Jews, this new work emphasizes multicultural cooperation in the study of this time period. Some of the events and individuals profiled in The History of the Byzantine Jews...

Man and Horse-Andrew Sinclair 2008 Man and Horse is a magisterial history of the mounted warrior and the relationship with his steed. Andrew Sinclair takes as his inspiration Walter Prescott Webb's seminal work, The Great Plains. The horse until very recently has been the decisive factor in determining military success. Great exponents of the art of equestrian warfare include, Alexander the Great, Hannibal, King Arthur, Saladin, the Knights of the Templar, the Reivers of the Scottish Borders, the Mongols, North American Indians, the Confederate forces during the American Civil War and the Boers. Sinclair also explores the uses of the horse by highwaymen and figures such as Ned Kelly. Andrew Sinclair brilliantly shows that the art of warfare from horseback with its culture of mobility has always been at conflict with the urban domesticated culture. This tension has created much of the great art and culture of humankind. This is a hugely ambitious and exhilarating book that cannot fail to enthral and stimulate.

Two Rooms-Robert Hamburger 1998

Charles Erskine Scott Wood (1852–1944) led an exuberant life that seemed to embrace the entire nation and its times. Wood remembered seeing Abraham Lincoln, he knew Chief Joseph, Clarence Darrow, and Lincoln Steffens, and he survived to the dawn of the atomic era. Among his acquaintances he counted Mark Twain, Emma Goldman, Margaret Sanger, Woodrow Wilson, Langston Hughes, Ezra Pound, and Ansel Adams. He fought in the Indian campaigns of the post–Civil War era; he represented wealthy businessmen as an attorney in Portland, Oregon, during the Gilded Age; he befriended the political and cultural radicals of New York in the early twentieth century; and he became a central figure among the West Coast artists of the 1930s. He was, in short, a man of extraordinarily wide—and often conflicting—impulses and talents. In this captivating, highly readable biography of Wood, Robert Hamburger presents both the life and the times, Wood’s work and the intellectual, political, and cultural crosscurrents of his era. Hamburger ably captures Wood’s many contradictions yet unearths the enduring essence of the man: his rebelliousness, his hatred of social and economic inequalities, his unbounded appetite for life, beauty, and pleasure.
