Three Faiths One God The Formative Faith And Practice Of Judaism Christianity And Islam

Three Faiths, One God-Jacob Neusner 2002 In systematic descriptions, three of today's leading scholars detail the classical theologies of Judaism, Christianity, and Islam, and the authoritative texts of those theologies. They compare and contrast the three faiths, each of which has a set of doctrines, practices, and beliefs that addresses common issues.

Three Faiths-One God-John Hick 2012-02-01 The interactions of the Jewish, Christian, and Muslim communities over centuries have often been hostile and sometimes violent. This book discusses the essential and critical issues in each tradition's views of God, and of the earth and humanity.

Three Faiths, One God-Gerald Krell 2005-12-01 As seen on Public Television nationwide A Documentary by Gerald Krell and Meyer Odze - Do Jews, Christians and Muslims worship the same God? - Does the Lord's Prayer appear in the Koran? - Do the "five pillars" of Islam have a biblical basis? - Do Muslims believe that Jesus died on the cross? - How are Jewish law and Islamic law similar? - Was Isaac, Ishmael or Jesus God's "beloved son"? - How do Muslims view the Trinity? - How is Ramadan parallel to Yom Kippur and Lent? - Do Muslims pray differently from Jews & Christians? - Has Islam superseded Judaism and Christianity? - What stereotypes does each faith face? This groundbreaking documentary compares similarities and differences in religious beliefs and practices that Islam has with Christianity and Judaism. It also examines how people of goodwill in the Abrahamic faith communities are coming to terms with historical conflicts that impact their lives today, the crisis of the fundamentalist approach to religious pluralism, and tearing down barriers to understanding.

Three Masses-One God: The Historical Relationships of Christianity, Judaism, and Islam 2009-09-18 The amazing four-thousand-year-old story of Abraham from a fresh and intriguing interfaith perspective that joins together the scripture and traditions of five faiths! The author combines scripture/sacred text from the five Abrahamic Faiths - Christianity, Judaism, Islam, the Babi Faith and the Bahai Faith - and combines historical data and archaeological evidence and identifies content that falls within the category of probably and possibly.

Three Religions-One God-Eugene Schwartz 2018-09-18 Three Religions - One God is a historical account of the three Abrahamic Religions - Judaism, Christianity, and Islam - from each of their inceptions up to the middle of the 20th century. Based on the writings of numerous excellent historians, Eugene Schwartz's meticulous research results in a book which places a focus on how each of these religions has impacted their surrounding civilizations. Beginning with Judaism's adoption of the principle of One God and finishing with the Rebirth of Israel, Three Religions - One God is an accessible and comprehensive narrative which tells of the emergence of the three Abrahamic Religions and charts their interlinked paths through history. Topics include: accounts of the Jewish people in the Hebrew Bible; the coming of Jesus Christ and the creation of Christianity; the influence of an illiterate orphan who receives Allah's words in a cave near Mecca; the Crusades; the two World Wars and the horrors of the Holocaust; and much, much more. Presenting their histories rather than the details of their religious beliefs, Three Religions - One God provides a detailed analysis of the emergence and consolidation of the Abrahamic Religions. It presents a thorough portrayal of their respective places and often complex relationships in the world today Visit the Three Religions - One God website: es5575/dpe.wixsite.com/three-religions-one-god

Three Religions - One God, Michael Carpenter 2010-02-01 There are three major religions in the world today: Christianity, Judaism and Islam. Though these three belief systems intertwine throughout history, they are in fact extremely different in both basic structure and ultimately, in deity. Many people have claimed over the years that the God of Judeo-Christianity is in fact the same god of Islam. However, due to key points of differences in their respective religious texts, as well as the nature of God versus Allah in the everyday life of those who practice those religions, it becomes clear that God is in fact a completely separate entity from the Islamic Allah, despite the fact that Allah is the Arabic word for 'God.' In his provocative and inciting work, Three Religions, One God? Author Michael Carpenter inspects the basic tenets of each religion meticulously and shows through textual and well as situational evidence and critical thinking that not only is the God of Christianity and Judaism different from the god of Islam, but that the god of Judeo-Christianity is in fact the one true god, And The deserver of your love and allegiance. From exploring the lives of Muhammad and Jesus to decoding the predictions For The end of the world, Three Religions, One God? offers insightful and challenging debate that will inspire readers to make their own foray into the realm of comparative religion. Michael resides in Missouri and is the proud father of two children. Due to four years of service in the United States Air Force, he is a man who likes knowing how things work and enjoys probing intellectual and spiritual discovery.

Another Look-A. J. Abraham 2013-12-06 Another Look: One God and Three Faiths is a unique study of sacred history and monotheism. This book lends a refreshing sense of clarity to the misunderstandings between the three western religions: Judaism, Christianity and Islam. Another Look compares the three faiths, emphasizing their similarities and differences. A. J. Abraham's research is prodigious, reconstructing religious roots with insight and originality. This comprehensive introduction will prove useful for both monotheists and followers of other religions.

Three Religions One God The Formative Faith And Practice Of Judaism Christianity And Islam

A History of God-Karen Armstrong 2004 A study of the deity of the world's three dominant monotheistic religions: Judaism, Christianity, and Islam. In a dynamic interplay between religion and society's ever-changing beliefs, values, and traditions, human beings' ideas about God have been transformed. Ideas about God have been molded to apply to the spiritual needs of the people who worship him in a particular place and time. The author explores and analyzes the development and progression of the various perceptions of God from the days of Abraham to present times—Adapted from book jacket.

The Children of Abraham-F. E. Peters 2018-05-22 F.E. Peters, a scholar without peer in the comparative study of Judaism, Christianity, and Islam, revisits his pioneering work. Peters has rethought and thoroughly rewritten his classic The Children of Abraham for a new generation of readers-at a time when the understanding of these three religious traditions has taken on a new and critical urgency. He began writing about all three faiths in the 1970s, long before it was fashionable to treat Islam in the context of Judaism and Christianity. Peters writes that the modern context is ripe for a reconsideration of the three Abrahamic traditions. In this updated edition, Peters lays out the similarities and differences of the three religious siblings with great clarity and objectivity that is the hallmark of all the author's work. Peters traces the three faiths from the sixth century B.C., when the Jews returned to Palestine from exile in Babylonia, to the time in the Middle Ages when they approached their present form. He points out that all three faith groups, whom the Muslims themselves refer to as "People of the Book," share much common ground. Most notably, each embraces the practice of worshipping a God who intervenes in history on behalf of His people. The book's text is direct and accessible with thorough and nuanced discussions of each of the three religions. Footnotes provide the reader with expert guidance into the highly complex issues that lie between every line of this stunning edition of The Children of Abraham. Complete with a new preface by the author, this Princeton Classics edition presents this landmark study to a new generation of readers.

The Woman Who Named God-Charlotte Gordon 2009-07-28 The saga of Abraham, Sarah, and Hagar is the tale of origin for all three monotheistic faiths. Abraham must choose between two wives who have borne him two sons. One wife and son will share in his wealth and status, while the other two are exiled into the desert. Long a cornerstone of Western anxiety, the story chronicles a very famous and troubled family, and sheds light on the complexities of the biblical narrative.
light on the ongoing conflict between the Judeo-Christian and Islamic worlds. How did this ancient story become one of the least understood and most frequently misinterpreted of our cultural myths? Gordon explores the legendary love triangle to give us a starting perspective on three biblical characters who – with their jealousies, passions, and doubts – actually behave like human beings. The Woman Who Named God is a compelling, smart, and provocative take on one of the Bible’s most intriguing and troubling love stories.

Jerusalem-Karen Armstrong 2011-08-10 Venerated for millennia by three faiths, torn by irreconcilable conflict, conquered, rebuilt, and mourned for again and again, Jerusalem is a sacred city whose very sacredness has engendered terrible tragedy. In this fascinating volume, Karen Armstrong, author of the highly praised A History of God, traces the history of how Jews, Christians, and Muslims have all laid claim to Jerusalem as their holy place, and how three radically different concepts of holiness have shaped and scarred the city for thousands of years. Armstrong unfolds a complex story of spiritual upheaval and political transformation—from King David’s capital to an administrative outpost of the Roman Empire, from the cosmopolitan city sanctified by Christ to the spiritual center conquered and glorified by Muslims, from the gleaming prize of European Crusaders to the bullet-ridden symbol of the present-day Arab-Israeli conflict. Written with grace and clarity, the product of years of meticulous research, Jerusalem combines the pageant of history with the profundity of searching spiritual analysis. Like Karen Armstrong’s A History of God, Jerusalem is a book for the ages. BONUS: This edition contains an excerpt from Karen Armstrong’s Twelve Steps to a Compassionate Life.

Oil and Water-Amir Hussain 2006 Listen to any news broadcast today and the message comes through loud and clear: Islam is a religion of violence and behind every Muslim there lurks a potential terrorist. Islam is a threat to values of the Christian West. They are like oil and water. Clearly, they don’t mix. Oil & Water: Two Faiths One God confronts these popular perceptions head-on. With keen insight and gentle understanding, it explores the differences between Christianity and Islam, as well as the many things these two enduring faith traditions hold in common - including, first and foremost, their belief in and desire to be faithful to the one, true God; their shared roots and scripture (from the Jewish faith); and the spiritual values of peace and social justice. Written for Christians by Muslim world-religions scholar Amir Hussain, the book is divided into two parts. Part 1, provides an overview of the Islamic faith and of the lives of Muslims in North America today. Chapters focus on the place and identity of Muslims in society, as well as the importance and role of Muhammad, the Qur’an, and basic beliefs and practices (The Five Pillars of Islam). Having provided a foundation for understanding, the book moves on, in Part 2, to explore key points for dialogue today, including issues of violence and jihad, the roles of women and men, and the mystical tradition within Islam. The final two chapters look at interfaith dialogue and the practical aspects of being good "neighbours." In all of this, the book invites the reader to a place of reconciliation, to a place where the truth and value of each of these great faith traditions can be recognized and honoured by the other. In the end, the metaphor of oil and water is an interesting one for the reality of conflict and the hope for reconciliation between Islam and Christianity today.

The Faith Club-Banya Iddly 2007-06-05 Traces how three American women of different faiths worked together to understand another one while identifying the connections between Judaism, Christianity, and Islam, during which they openly discussed the issues that divided them. The Three faiths are Judaism, Christianity, and Islam. They are connected by a common ancestor. God is one and the same. God is the creator of the universe. God loves his creation.

The Three Faiths-One God-Amir Hussain 2014-01-24 In this book, Hussain shows that, while Muslims, Christians and Jews all trace their history and spiritual raison d'être to their common tribal ancestor, Abraham. Their religious identities are interrelated and even dependent on each other. Jesus lived as a Jew and Christianity was born in the heart of Judaism. Early Christianity was inherently Jewish, referring to the same scriptures-the Tanach, later called the "Old Testament"-and holding to the same messianic promises. Mohammed, the prophet of Islam, knew both Christianity and Judaism. The Qur'an contains material indebted to the Old Testament and Jewish tradition, as well as stories and teachings from the New Testament; and Mohammed himself met Jews and Christians alike during his lifetime. Furthermore, the three religions share many fundamental ideas and beliefs. They testify to the same memory of Abraham; value the same divine law; urge the same ideal of righteousness; and proclaim the same hope of peace for the earth and salvation for humankind. Despite this shared heritage, the three Abrahamic faiths have sometimes been more closely identified not for what they offer to save the world but for what they bring to destabilise it. It is one of the depressing paradoxes of religious belief that a force for good-it is all too frequently the occasion for conflict instead of peace, generosity and better treatment of one's neighbour. The contributors to this volume start from the premise that there is a price to be paid by the "sons of Abraham": whether Jews, Muslims or Christians. And that is the cost of learning how to be brothers through mutual and attentive engagement. Mature interfaith discussion offers respect for a shared heritage while also recognising points of distinctiveness. This book explores what articulating such regardful difference, as well as commonality, might mean for the future of faith relations. Including provocative reflections by Eliyahu Divash, Irving Greenberg, Hans Küng and others, the book makes a vital contribution to dialogue. In its searching analysis of issues of peace, justice, hope and forgiveness, it will engage all students and scholars of interfaith studies.

God Is Not Great-Christopher Hitchens 2011-11-01 In god is Not Great Hitchens turned his formidable eloquence and rhetorical energy to the most controversial issue in the world: God and religion. The result is a devastating critique of religious faith god Is Not Great is the ultimate case against religion. In a series of acute readings of the major religious texts, Christopher Hitchens demonstrates the ways in which religion is the ultimate case against religion. The Oxford Handbook of the Abrahamic Religions-Moshe Blidstein 2015 This Handbook is the only reference work of its kind providing surveys on a broad range of topics concerning Abrahamic Religions. Each of its essays studies a central topic across the three traditions, allowing for a unique and comprehensive understanding of the interactions and relationships between these religions. Such a volume is essential for students and academics in the field of comparative religion.

God and the Universe of Faiths-John Hick 2015-10-15 Hick addresses many of the major issues posing challenges to contemporary Christian belief, and offers his much-debated proposal for a Copernican revolution in our understanding of Christianity and the wider religious life of humanity.

The Battle for God-Karen Armstrong 2011-08-10 In the late twentieth century, fundamentalism has emerged as one of the most powerful forces at work in the world, contesting the dominance of modern secular values and threatening peace and harmony around the globe. Yet it remains incomprehensible to a large number of people. In The Battle for God, Karen Armstrong brilliantly and sympathetically shows us how and why fundamentalist groups came into existence and what they yearn to accomplish. We see the West in the sixteenth century beginning to create an entirely new kind of civilization, which brought in its wake change in every aspect of life – often painful and violent, even if liberating. Armstrong argues that one of the things that changed most was religion. People could no longer think about or experience the divine in the same way; they had to develop new forms of faith to fit their new circumstances. Armstrong characterizes fundamentalism as one of these new ways of being religious that have emerged in every major faith tradition. Focusing on Protestant fundamentalism in the United States, Jewish fundamentalism in Israel, and Muslim fundamentalism in Egypt and Iran, she examines the ways in which these movements, while not monolithic, have each sprung from a dread of modernity – often in response to assault (sometimes unwitting, sometimes intentional) by the mainstream society. Armstrong sees fundamentalist groups as complex, innovative, and modern –
rather than as throwbacks to the past -- but contends that they have failed in religious terms. Maintaining that fundamentalism often exists in symbiotic relationship with an aggressive modernity, each compelling the other on to greater excess, she suggests compassion as a way to defuse what is now an intensifying conflict. Religions of a Single God-Zeha A. Crook 2009 In some ways, this book fits into the long tradition of textbooks on Judaism, Christianity, and Islam. It seeks to teach the basics both of the study of religion and the study of the religions themselves. For each religion, it presents the trajectories of development over time, the main theological debates and claims, the sacred writings, and the common practices and holy days. Yet, in other ways, this book is like no other introductory textbook on Judaism, Christianity, and Islam. Rather than claim to show the "essence" of Judaism, Christianity, or Islam, this book shows the diversity within Jewish, Christian, and Islamic experience, theological dispute, and practice. Rather than rely solely on the traditional theorists of religion, the "giants," this book updates the approach, relying also on the newest critical thinkers on defining, classifying, and studying religion. Rather than present Latter-Day Saints and Baha'i Religion as among the New Religious Movements, this book treats them as part of the continuing history of religion, growing out of and within Christianity and Islam respectively. Religion, in other words, is not a thing of the past. It's happening right now, all around us.

Three Religions One Temple Mount-Gary Cobb 2007-06 In a unique complement of history, current events, Bible exegesis and numeric phenomena, this book examines the crisis in the world since 9/11 with challenging topics for all people of faith. (Christian)

The God Delusion. 10th Anniversary Edition-Richard Dawkins 2016-05-19 The God Delusion caused a sensation when it was published in 2006. Within weeks it became the most hotly debated topic, with Dawkins himself branded as either saint or sinner for presenting his hard-hitting, impassioned rebuttal of religion of all types. His argument could hardly be more topical. While Europe is becoming increasingly secularized, the rise of religious fundamentalism, whether in the Middle East or Middle America, is dramatically and dangerously dividing opinion around the world. In America, and elsewhere, a vigorous dispute between 'intelligent design' and Darwinian evolution, between Old Testament literalism and modern science and technology, between the rights of religious groups and the abuse of basic human rights such as women's and gay rights. And all from a belief in a God whose existence lacks evidence of any kind. Dawkins attacks God in all his forms. He eviscerates the major arguments for religion and demonstrates the supreme improbability of a supreme being. He shows how religion fuels war, foments bigotry and abuses children. The God Delusion is a brilliantly argued, fascinating polemic that will be required reading for anyone interested in this most emotional and important subject.

Is the Father of the God of Muhammad?-Timothy George 2009-05-26 The days when Western Christians could ignore the influence of Islam are over. Today as never before, the world's second largest religion is shaping our culture, and words such as jihad, imam, Quran, and fatwa have entered our vocabulary. While all Muslims are no more alike than all Christians are alike, there are certain fundamental beliefs that all Muslims hold in common—some of which Christians would agree with, including belief in one true God. But is it the same God? How does the God of Muhammad differ from the God of Christianity? Written in a clear, passionate style that is conciliatory, balanced, and uncompromisingly biblical, this book describes and contrasts the distinctive attributes of Christianity and Islam. Its author, a noted historian and theologian who has studied Islam for many years, writes with an eye on helping Christians better understand how to interact with Muslims. Beginning with an overview of Islam—it is what and how it arose—here are fascinating and relevant insights on the Five Pillars of Islam: the role of religious violence from the Crusades onward; the doctrine of the Trinity and the character of God; Christian and Muslim views of Jesus Christ and salvation; what Christians can learn from Muslims—how Christians can share Christ with their Muslim neighbors . . . and more. God Is Not One: The Origins, Evolution, and Future of Our Religious Traditions-Anuradha low 2013-04-15 In this guide to the world's three monotheistic religions -- and today's deadliest conflicts. At a moment when the world is asking, “Can the religions get along?” one figure stands out as the shared ancestor of Jews, Christians, and Muslims. One man holds the key to our deepest fears and our possible reconciliation. Abraham. Bruce Feiler set out on a personal quest to better understand our common patriarch. Traveling in war zones, climbing through caves and ancient shrines, and sitting down with the world's leading religious minds, Feiler uncovers fascinating, little-known details of the man who defines faith for half the world. Both immediate and timeless, Abraham is a powerful, universal story, a first-ever interfaith parody of the man God chose to be his partner. Thoughtful and inspiring, it offers a rare vision of hope that will redefine what we think about our neighbors, our future, and ourselves.

God of Love-Mirabai Starr 2013-02-05 God of Love is Mystics: a passionate and personal exploration of the interconnected wisdom of the three Abrahamic faiths. She shares an overview of essential teachings, stories of saints and spiritual masters, prophetic calls for peace and justice, and for the first time in print, deeply engaging narratives from her own spiritual experiences. She guides readers to recognize the teachings and practices that unify rather then divide the three religions, and sheds light on the perspectives in which, which celebrates the Divine in all paths. It is Mirabai’s hope that this book will serve as a reminder that a dedication to loving-kindness is the highest expression of faith for all three religions. EARLY REVIEWS FOR God of Love “Mirabai Starr takes us out dancing with the One. God of Love is a confluence of the currents of Judaism, Islam and Christianity all emptying into the great ocean of Love.” —Ram Dass, Author Be Here Now “In a time of division between people, this book — which is a masterful blend of research, storytelling, poetry, and memoir — is like a sacred magnet, pulling on the spiritual heart of all seekers.” —Elizabeth Lesser, Co-founder, Omega Institute; Author, Broken Open: How Difficult Times Can Help Us Grow "Mirabai Starr writes of the divine from a luminous gene inherited by only a few. We hear The True Song in each word she attributes to the holy. It is more than just her song; it is the Melody of the Spheres translated by an astute musician. We are always touched by the genuine in her call to the reader to love and love well, to see with the sacred eye of beauty.” -Ondrea & Stephen Levine, Authors Embracing the Beloved "Mirabai's book has brought me great consolation." -Daniel Berrigan, S. J. activist-priest; Author, No Gods but One "This book brilliantly reminds us that in the heart of the Abrahamic traditions there burns a singular divine flame." -Rev. Robert V. Thompson, Author A Voluptuous God "A wonderful and 'perfect' book. Highly recommended." -Rabbi David A. Cooper, Author God Is a Verb "[God of Love] will expand your vision and inspire your search; I recommend it with great joy." -Andrew Harvey, Author The Hope: A Guide to Sacred Activism "At home in the three great Abrahamic traditions, Mirabai Starr takes us on a deeply personal journey 'Toward the One,' exploring aspects of the 'God of Love' as seen through the eyes of Jewish, Christian and Muslim mystics. This is a book which will delight the seeker of sacred connections between these traditions and those who look forward to a day when Jerusalem, the city shared by all these faiths, will be a house of prayer for all people." -Reb Netanel Miles-Yepez, Co-Author A Heart Affire: Stories and Teachings of the Early Hasidic Masters Three World Religions-2002-02-19 Individual books for each unit build important social studies concepts through on-level text and strong visual images. The Abrahamic Religions: A Very Short Introduction—Charles L. Cohen 2020-01-08 In the book of Genesis, God bestows a new name upon Abram—Abraham, a father of many nations. With this name and his Covenant, Abraham would become the patriarch of three of the world’s major religions: Judaism, Christianity, and Islam. Connected by their mutual—if differentiated—veneration of the One God proclaimed by Abraham, these traditions share much beyond their origins in the ancient Israel of the Old Testament. This Very Short Introduction explores the intertwined histories of these monotheistic religions, from the emergence of Christianity and Islam to the violence of the Crusades and the cultural exchanges of al-Andalus. Each religion continues to be shaped by this history but has also reacted to the forces of modernity and politics. Movements such as the Reformation and that led by seventh-century Kharjites have emerged, intended to reform or restore traditional religious practice but quite different in their goals and effects. Relationships with states, among them Israel and Saudi Arabia, have also figured importantly in their development. The Abrahamic Religions: A Very Short Introduction brings these traditions together into a common narrative, lending much needed context to the story of Abraham and his descendants. ABOUT THE SERIES: The Very Short Introductions series from Oxford University Press contains hundreds of titles in almost every subject area. These pocket-sized books are the perfect way to get ahead in a new subject quickly. Our expert authors combine facts, analysis, perspective, new ideas, and enthusiasm to make interesting and challenging topics highly readable.

Islam and Comparative Religious Studies—William A. Graham 2017-05-15 William A Graham, a leading international scholar in the field of Islamic Studies, gathers together his selected writings under three sections: 1. History and Interpretation of Islamic Religion; 2. The Qur’an as Scripture, and 3. Scripture in the History of Religion. Each section opens with a new introduction by Graham, and a bibliography of his works is included. Graham’s work in Islamic studies focuses largely on the analysis and interpretation of the religious dimensions of ritual action, scriptural piety, textual authority/revelation, tradition, and major concepts, such as grace and transcendence. His work in the comparative history of religion has focused in particular on the ‘problem’ of scripture as a cross-cultural religious phenomenon that is more complex than simply ‘sacred text’. This invaluable resource will be of primary interest to students of the Islamic tradition, especially as regards Qur’anic piety, Muslim ‘ritual’ practice, and fundamental structures of Islamic thought, and to students of the comparative history of religion, especially as regards the phenomenon of ‘scripture’ and its analogs.

Many Religions, One Covenant—Joseph Cardinal Ratzinger 2015-12-02 In Many Religions, One Covenant, Cardinal Joseph Ratzinger spans the deep divides in modern Catholic scholarship to present a compelling biblical theology, modern in its concerns yet classical in its breadth. It is his classical mastery, his ressourcement, that enables the Cardinal to build a bridge. Cardinal Ratzinger seeks to deepen our understanding of the Bible’s most fundamental principle. The covenant defines religion for Christians and Jews. We cannot discern God’s design or his will if we do not meditate upon his covenant. The covenant, then, is the principle that unites the New Testament with the Old, the Scriptures with Tradition, and each of the various branches of theology with all the others. The covenant does more than bridge the gaps between these elements; it fills in the gaps, so that biblical scholarship, dogmatic theology, and magisterial authority all stand on common ground—solid ground.

Acts of Faith—Eboo Patel 2020-09-15 With a new afterword Acts of Faith is a remarkable account of growing up Muslim in America and coming to believe in religious pluralism, from one of the most prominent faith leaders in the United States. Eboo Patel’s story is a hopeful and moving testament to the power and passion of young people—and of the world-changing potential of an interfaith youth movement.

Jesus—A. N. Wilson 2003 This title reappraises our readings of the Gospels, reinterpreting the story of Jesus’s birth, his life as a carpenter and the dramatic events surrounding his arrest and trial. It rescues Jesus from the tangles of Christian history, to present a portrait of the man behind the myth.

One God Many Names—K V Sundaravadanan 2021-02-14 Riots! Armed conflicts!! All in the name of religion! Are all religions different from one another? The world stands violently divided on the basis of religion. The book lists the strikingly similar core concepts in Hinduism, Christianity, and Islam, which are substantiated in their scriptures and revealed in their verses (the Bhagavad Gita, the Upanishads, and the Vedas, the Holy Bible and the Holy Quran). Readers can appreciate the uniqueness of these religions as one of the many paths leading to the One Truth.

Neighboring Faiths—David Nirenberg 2014-10-20 Christianity, Judaism, and Islam are usually treated as autonomous religions, but in fact across the long course of their histories the three religions have developed in interaction with one another. In Neighboring Faiths, David Nirenberg examines how Muslims, Christians, and Jews lived with and thought about each other during the Middle Ages and what the medieval past can tell us about how they do so today. There have been countless scripture-based studies of the three “religions of the book,” but Nirenberg goes beyond those to pay close attention to how the three religious neighbors loved, tolerated, massacred, and expelled each other—all in the name of God—in periods and places both long ago and far away. Nirenberg argues that the three religions need to be studied in terms of how each affected the development of the others over time, their proximity of religious and philosophical thought as well as their overlapping geographies, and how the three “neighbors” define—and continue to define—themselves and their place in terms of one another. From dangerous attractions leading to interfaith marriage; to interreligious conflicts leading to segregation, violence, and sometimes extermination; to strategies for bridging the interfaith gap through language, vocabulary, and poetry, Nirenberg aims to understand the intertwined past of the three faiths as a way for their heirs to produce the future—together.

Christianity, Judaism, and Islam are usually treated as autonomous religions, but in fact across the long course of their histories the three religions have developed in interaction with one another. In Neighboring Faiths, David Nirenberg examines how Muslims, Christians, and Jews lived with and thought about each other during the Middle Ages and what the medieval past can tell us about how they do so today. There have been countless scripture-based studies of the three “religions of the book,” but Nirenberg goes beyond those to pay close attention to how the three religious neighbors loved, tolerated, massacred, and expelled each other—all in the name of God—in periods and places both long ago and far away. Nirenberg argues that the three religions need to be studied in terms of how each affected the development of the others over time, their proximity of religious and philosophical thought as well as their overlapping geographies, and how the three “neighbors” define—and continue to define—themselves and their place in terms of one another. From dangerous attractions leading to interfaith marriage; to interreligious conflicts leading to segregation, violence, and sometimes extermination; to strategies for bridging the interfaith gap through language, vocabulary, and poetry, Nirenberg aims to understand the intertwined past of the three faiths as a way for their heirs to produce the future—together.

From Jesus to Christ—Paula Fredriksen 2008-10-01 "Magisterial. . . A learned, brilliant and enjoyable study."—Géza Vermès, Times Literary Supplement In this exciting book, Paula Fredriksen explains the variety of New Testament images of Jesus by exploring the ways that the new Christian communities interpreted his mission and message in light of the delay of the Kingdom he had preached. This edition includes an introduction reviews the most recent scholarship on Jesus and its implications for both history and theology. "Brilliant and lucidly written, full of original and fascinating insights."—Reginald H. Fuller, Journal of the American Academy of Religion "This is a first-rate work of a first-rate historian."—James D. Tabor, Journal of Religion "Fredriksen confronts her documents—principally the writings of the New Testament—as an archaeologist would an especially rich complex site. With great care she distinguishes the literary images from historical fact. As she does so, she explains the images of Jesus in terms of the strategies and purposes of the writers Paul, Matthew, Mark, Luke, and John."—Thomas D’Evelyn, Christian Science Monitor
