Through a Glass, Darkly-Stefan Bechtel 2017-06-13 "After the American Civil War, while bodies still littered battlefields, the movement known as Spiritualism began to sweep across America as thousands of people, mostly from shock and grief, tried to make contact with the recently departed. The movement captivated Europe as well, especially England in the aftermath of the Great War and Great Influenza Epidemic. Prominent figures such as Charles Dickens, W.B. Yeats, and Queen Victoria were mesmerized. The movement's most famous spokesman was Sir Arthur Conan Doyle. Known to the world as the creator of Sherlock Holmes, Doyle underwent what many people at the time considered an enigmatic transformation, turning his back on the hyper-rational Holmes and plunging into the supernatural. What was it that convinced a brilliant man like Doyle, the creator of the great exemplar of cold, objective thought, that there was a reality beyond the reality? Why did professors, philosophers, statesmen and men of science like the great evolutionist Alfred Russell Wallace, the Novel-Laureate physiologist Charles Richet, and the distinguished chemist Sir William Crookes also become Spiritualists? Using the life of Sir Arthur Conan Doyle as a lens, Bechtel probes
this largely unexplored movement, a movement rife with fraud but also full of genuine evidence that is difficult to dismiss. Expertly written and peppered with engaging anecdotes, Through a Glass, Darkly is a terrifically fun read"--

In a Glass Darkly-Sheridan Le Fanu 2009-06-01 In a Glass Darkly collects together five short stories from gothic horror and mystery writer Sheridan Le Fanu. The book, published in 1872 a year before Le Fanu's death, is named from a passage in Corinthians which speaks of humankind perceiving the world "through a glass darkly." The stories are told from the posthumous writings of an occult detective named Dr Martin Hesselius. In Green Tea a clergyman is being driven mad by an evil demon that takes the ephemeral form of a monkey, but is unseen by others as it burdens the victim's mind with psychological torment. In The Familiar, revised from Le Fanu's The Watcher of 1851, a sea captain is stalked by a dwarf, "The Watcher." Is this strange character from captain's past? In Mr Justice Harbottle a merciless court judge is attacked by vengeful spirits, dreaming he is sentenced to death by a horrific version of himself. The story was revised from 1853’s An Account of Some Strange Disturbances in Aungier Street. In The Room in the Dragon Volant, a notable mystery which includes a premature burial theme, an innocent young Englishman in France tries to rescue a mysterious countess from her unbearable situation. Lastly, Carmilla tells the tale of a lesbian vampire. It was a huge influence on Bram Stoker's writing of Dracula and the basis for the films Vampyr in 1932 and The Vampire Lovers in 1970.

Through a Glass, Darkly-Wilhelmus Antonius Arts 2000 In today's European arts and sciences most of the time we see not only other, but also our own cultural traditions and the different forms of modernity like a dim image in a mirror. The question this book addresses is whether it is possible to get an almost face-to-face intimacy with various forms of cultural tradition and modernity by using our experiences and our powers of imagination, i.e. our expectations, in a more fruitful way.

In a Glass Darkly I. Green Tea, The Familiar & Mr. Justice Harbottle-Le Fanu J.S. In a Glass Darkly-Joseph Sheridan Le Fanu 2016-01-10 PROLOGUE. MARTIN HESSELIUS, THE GERMAN PHYSICIAN. Though carefully educated in medicine and surgery, I have never practised either. The study of each continues, nevertheless, to interest me profoundly. Neither idleness nor caprice caused my secession from the honourable calling which I had just entered. The cause was a very trifling scratch inflicted by a dissecting knife. This trifle cost me the loss of two fingers, amputated promptly, and the more painful loss of my health, for I have never been quite well since, and have seldom been twelve months together in the same place. In my wanderings I became acquainted with Dr. Martin Hesselius, a wanderer like myself, like me a physician, and like me an enthusiast in his profession. Unlike me in this, that his wanderings were voluntary, and he a man, if not of fortune, as we estimate fortune in England, at least in what our forefathers used to term "easy
circumstances." He was an old man when I first saw him; nearly five-and-thirty years my senior. In Dr. Martin Hesselius, I found my master. His knowledge was immense, his grasp of a case was an intuition. He was the very man to inspire a young enthusiast, like me, with awe and delight. My admiration has stood the test of time and survived the separation of death. I am sure it was well-founded. Here and there a case strikes me as of a kind to amuse or horrify a lay reader with an interest quite different from the peculiar one which it may possess for an expert. With slight modifications, chiefly of language, and of course a change of names, I copy the following. The narrator is Dr. Martin Hesselius. I find it among the voluminous notes of cases which he made during a tour in England about sixty-four years ago.

Through a Glass Darkly-Thomas Melville 2005-01-01 Through a Glass Darkly tells the story of Ron
Hennessey, an Iowa farmer who returned from the Korean War to discover that farming no longer held much allure. Hennessey joined a Catholic missionary society and after nine years of study was ordained a priest and sent to Guatemala. The book describes Hennessey's conversion from being an unapologetic patriot from America's heartland to a staunch opponent of Ronald Reagan's policies in Central America - policies that occasionally threatened Hennessey's life. Hennessey's story has a subtext: America's ideals of freedom, democracy, and progress-with-justice have been violated abroad by one U.S. president after another.

In a Glass Darkly, v. 2/3-Joseph Sheridan Le Fanu The curious case which I am about to place before you, is referred to, very pointedly, and more than once, in the extraordinary Essay upon the drugs of the Dark and the Middle Ages, from the pen of Doctor Hesselius. This Essay he entitles "Mortis Imago," and he, therein, discusses the Vinum letiferum, the Beatifica, the Somnus Angelorum, the Hypnus Sagarum, the Aqua Thessaliæ, and about twenty other infusions and distillations, well known to the sages of eight hundred years ago, and two of which are still, he alleges, known to the fraternity of thieves, and, among them, as police-office inquiries sometimes disclose to this day, in practical use.
In a Glass Darkly-Zoë Bennett 2017-01-01 The Bible forms a key part in the development of critical theological thinking and reflection on experience. Equally, to understand how we as individuals read the bible, we need to be critically aware of our own stories and context. Text and life, tradition and experience, are inextricably intertwined. "In a Glass Darkly" offers for the first time a critical dialogue between practical theology and biblical hermeneutics. It considers the role of emotional engagement and critical understanding in biblical interpretation from here and presents being critical as an act which is just as much appreciative as it is suspicious.

Through a Glass Darkly - Lenses on Life with Alcohol Addiction-Claire Heinzelman 2020-04 "Through a glass darkly is a powerful and timely collection of prose and poetry from a unique perspective. This anthology features intensely personal and moving works by a group rarely heard from, older women who grew up with at least one alcoholic parent. Embedded in these beautifully rendered and important pieces are the echoes of wounded, brave and resilient children speaking to us from a past that continues to haunt and shape their adult selves. The black hole of parental addiction is a poignant and lonely place for a child whose longing for love is never fully assuaged. But in these varied and engaging works, we begin to appreciate both the depths of pain and capacity for healing that a child of an alcoholic embodies. In her thoughtful selections, we feel the influence of editor and contributor Claire Heinzelman's Buddhist practice of compassion and looking deeply into the nature of suffering. As a fellow Buddhist and writer, and a mental health professional, I wholeheartedly recommend this anthology to anyone who has been touched by addiction. And for those who have not, this anthology is a perfect place to begin to learn how to listen to the voices of women who will no longer be silent."
