Thunder From Down Under Calendar

Down Under Advent Calendar of Chrissy Stories-Kathy Campbell 2013-08-23 The book is a collection of stories and ideas that have an Australian flavour. It is a teacher’s inspirational idea used to hold the attention of the children in the month up to Christmas. Like the advent calendars filled with lollies, this book has a daily December treat for the child opening each date. It also serves to provide some cultural practices and language that is Aussi in nature. It is also hoped that children will learn more by writing to the author at the little black dog’s e-mail address. I believe that by engaging children more teachers can provide greater opportunity for individual growth. I see our job as catalyst to move children on to independent thinking.

The Vamp for Me: Part Two: A Box Set-Bailey Bradford 2019-09-10 The Vamp for Me: Part Two Don't
Drink the Holy Water Being left for dead sure has a way of changing a man. All West wanted was one night of fun. He'd taken on the responsibility of raising his younger siblings after their parents died, had done so out of love, but he was a young man and he just wanted a chance to live like one for a few hours. It almost cost him his life. It certainly meant his life was changed forever, and along with his life, the lives of his siblings. They were all exposed to a secret world they'd never known existed. Vampires. Human children living alongside vampires...seemed unusual. Claude, the coven leader who saved West and his brothers and sisters, doesn't have accommodations for kids. He finds one coven in the country that does, and sets about making a home there for West and his family. Before he sends West away, West meets an intriguing man, Axel, whom he encounters again months later. The attraction between them is strong, but there is more to consider than just how sexy Axel is. Nothing in life is easy, whether you're a vampire or a human. The Trouble with Mirrors A little sass and a perfect ass can land a vamp in a sticky situation... Paolo has watched his friends and coven leader find mates, their other halves. He's ready to find someone just for him, though that means getting out and actually going somewhere. When his coven leader, Claude, asks him to help out with a bit of a spy mission, Paolo agrees. He puts on his sexiest—and skimpiest—club outfit and dives right in. But the mission brings him head to head with his coven's worst enemies, the Dark Slayers. And when he finds himself attracted to one who's about to be initiated against his will, Paolo can't resist helping the man out...and having some really hot sex while he's at it. Then the Dark Slayers find them... That's One Cross Vamp Death, taxes and vampires—the three certainties in Erin's life. Erin Meyers knows all about the existence of vampires. He's the guy who helped his twin brother Andrew find true love with the kilt-wearing Radney. Erin's used sex as a way to run from his emotions for a long time. It's become a habit that he's finally caught on to, and he's growing tired of it. In fact, he's growing tired too easily in general. A doctor's visit leaves him fearing for his life. When he encounters a friendly vamp he knows out at the club, Erin breaks his no-vamps rule and takes Jude home with him. Together, they burn up the sheets, and Erin finds himself willing to spend more than one night with Jude. Soon, a relationship blooms, but the bad news Erin gets might put an end to any dreams he had for the future.

First Magnitude-James B. Kaler 2013 OC First MagnitudeOCO is an entry-level book for readers with brightly lit skies. Its purpose is to show them that all is not lost, that they can still enjoy personal astronomy and have an appreciation of the heavens no matter where they live. It concentrates on the Sun, Moon, the five bright planets, and on the 23 brightest stars, which are visible from just about anywhere. The book concludes with bright ephemeral phenomena: meteors, comets, and exploding stars. The concept is a platform for introducing the reader to the wonders of the nighttime and daytime skies and serves as an introduction to general astronomy."
God in Chains-Vs Anderson 2008-10 A faded, yellowing piece of paper holding the power to hurt or heal; CJ stared at it; thinking he would never see that note again. God in Chains is a compelling story of two families spanning the distance between truth, reality and the lies that move between three generations. The journeys of the characters in this book twist and turn until the reader comes to the final sentence. Life and death stand side by side, like forks in the road. One road leads in a new direction while the other road appears worn from travel and the scenery seldom changes. There are always choices and these characters are like pioneers that have to leave baggage along the way enabling them to reach their destination. At times, it seems impossible for some of them to make a choice of what to take and what to leave behind. The book concludes with life moving forward. But even then, the past reaches out from the shadows of the grave with one last jolt.
