Tide Sunrise History Russo Japanese 1904 05

The Tide at Sunrise-Denis Warner 2002 The Russo-Japanese War was fought in the waters of the Yellow Sea and the Straits of Tsushima that divide Japan from Korea, and in the mountains of Manchuria, borrowed without permission from China. It was the first war to be fought with modern weapons. The Japanese had fought the Chinese at sea in 1894 and had gained a foothold in Manchuria by taking control of Port Arthur. In 1895, however, Japan was forced to abandon its claims by the Russian fleet's presence in the Straits of Tsushima. Tsar Nicholas had obtained a window to the East for his empire and Japan had been humiliated. Tensions between the two countries would rise inexorably over the next decade. Around the world, no one doubted that little Japan would be no match for the mighty armies of Tsar Nicholas II. Yet Russia was in an advanced state of decay, the government corrupt and its troops inept and demoralized. Japan, meanwhile, was emerging from centuries of feudal isolation and becoming an industrial power, led by zealous nationalist warlords keen to lead the Orient to victory over the oppressive West. From the opening surprise attack on the Russian fleet at Port Arthur in 1904, the Japanese out-fought and out-thought the Russians. This is a definitive account of one of the pivotal conflicts of the twentieth century whose impact was felt around the world.

The Tide at Sunrise-Denis Warner 1974 Opening round. The first Pearl Harbor -- The momentum of decision. Rising sun rising -- Russia, the boiling pot -- Korea, the cockpit -- Carving up China -- The wedding of the moon and the mud turtle -- The end of the manly triumvirate -- And so to war -- The early stage. One hundred victories in one hundred battles -- A place of honor in the naval annals -- Practical joke -- "Little grandfather" arrives ... And fights -- On to the Yalu -- Russia's day -- Nanshan -- The siege begins -- Tre-li-sus and the Motien Pass -- The Yellow Sea -- Elusive victory. The disastrous frontal assault -- Liaoyang -- No final again -- Sha-ho -- On the dogger bank -- The long, long trail -- The fall of Port Arthur -- "The place of peace" -- Sabotage, St. Petersburg, and San-de-ju -- Mukden -- Journey of the damned -- Battle of shadows -- Portsmouth -- The aftermath. Unfinished business.

The tide at sunrise-Denis Ashton Warner 2002

The Tide at Sunrise-Denis Warner 1974

The Last Century of Sea Power-H. P. Willmott 2009-06-09 The transition to modern war at sea began during the period of the Sino-Japanese War (1894-1895) and the Spanish-American War (1898) and was propelled forward rapidly by the advent of the dreadnought and the nearly continuous state of war that culminated in World War I. By 1922, most of the elements that would define sea power in the 20th century were in place. Written by one of our foremost military historians, this volume acknowledges the complex nature of this transformation, focusing on imperialism, the growth of fleets, changes in shipbuilding and armament technology, and doctrines about the deployment and use of force at sea, among other factors. There is careful attention to the many battles fought at sea during this period and their impact on the future of sea power. The narrative is supplemented by a wide range of reference materials, including a detailed census of capital ships built during this period and a remarkable chronology of actions at sea during World War I.

The A to Z of the Russo-Japanese War-Rotem Kowner 2009-08-20 The A to Z of the Russo-Japanese War provides considerable breadth and depth of coverage based on Japanese, Russian, and Western sources. The breadth is accomplished through a wide-ranging introduction, a detailed chronology and an extensive bibliography. The depth comes in the hundreds of entries on military and political leaders, major battles and lesser encounters, tactics and strategy as well as the weaponry and of course the causes and consequences.

Rethinking the Russo-Japanese War, 1904-5- 2007-05-17 Many questions and issues related to the Russo-Japanese War remain unsolved, or call for a reexamination. This volume, the first of two, provides a comprehensive reexamination of the origins of the conflict, the various dimensions of the nineteen-month conflagration, the legacy of the war, and its place in the history of the twentieth century.

The Course of Russian History, 5th Edition-Melvin C. Wren 2009-01-08 Now in its fifth edition, this definitive history of the Russian land and people builds on its success as a fascinating survey of two thousand years of struggle to harness vast resources and talents into a powerful and cohesive nation. From its beginning as a savage and exotic land, Russia underwent a complex evolution of political, social, and religious forces—the barbarism of its internal conflicts in seeming contradiction with its goals to advance in the realms of technology, art, education, and high culture. From the conflicts of the fantastically wealthy ruling class to the poor and oppressed masses emerged the Communist party and the enigmatic figures whose charismatic manipulation of political power reflected the myriad rulers before them. Finally, as the modern world watched, this great entity collapsed in a devastatingly brief time, millennia of precarious conflict proving too much for the tenuous coalescence of twentieth-century politics. Written in an engaging and accessible style, this text presents students with a comprehensive look at the momentous events and legendary figures which helped shape Russia's turbulent history.

The Impact of the Russo-Japanese War-Rotem Kowner 2006-11-23 The Russo-Japanese War was the major conflict of the earliest decade of the twentieth century. The struggle for mastery in northeast Asia, specifically for control of Korea, was watched at the time very closely by observers from many other countries keen to draw lessons about the conduct of war in the modern industrial age. The defeat of a traditional European power by a non-white, non-western nation became a model for imitation and admiration among people under, or threatened with, colonial rule. Examining the wide impact of the war and exploring the effect on the political balance in northeast Asia, this book focuses on the reactions in Europe, the United States, East Asia and the wider colonial world, considering the impact on different sections of society, on political and cultural ideas and ideologies, and on various national independence movements.

Great Sieges in World History: From Ancient Times to the 21st Century- Spencer C. Tucker 2021-02-28

This impressive collection of 100 of the most decisive and important sieges spans human history and covers conflicts in Africa, Asia, Europe, and the Americas. This engaging reference work provides readers with detailed coverage on the sieges that have had the biggest impact on world history. In addition to providing basic factual information, this encyclopedia delves into the historical context and significance of each siege. Readers will be able to identify relationships between entries and observe both the gradual evolution of siege warfare over time, and compare and contrast siege characteristics within and among different historical time periods. The encyclopedia's expansive scope will broaden readers' understanding of military history.

The book begins with a preface and an introductory essay that offers a detailed overview of siege warfare throughout history. This is followed by 100 chronological entries on the most significant sieges, beginning with the Siege of Troy (1194-1184 BCE) and ending with the Siege of Mosul (October 17, 2016-July 9, 2017). Each siege entry has a Further Reading section that directs readers to additional information about the siege.

Numerous illustrations and maps accompany the text. Provides an invaluable overview of siege warfare throughout human history Offers a chronological format that allows readers to quickly locate individual sieges and place them within the larger context of history Explains how the introduction of new tactics and new weaponry impacted siege warfare throughout history Offers a curated selection of images and maps that provide additional context to the entries and make the book more visually appealing Includes a dozen sidebars that showcase fascinating stories related to sieges

The Chinese Hsinhai Revolution-Eiko Woodhouse 2004-08-02

The Chinese Hsinhai Revolution explores and explains for the first time the important role of G. E. Morrison in great power diplomacy in China from the end of the Russo-Japanese War to the overthrow of the Qing Dynasty. The work is based on a wide range of multinational scholarly sources and in order to develop the context in which Morrison carried out his personal
diplomacy and to delineate the many-sided story into which Morrison has to be placed, Woodhouse has in addition to mining the very rich Morrison collection, drawn upon British, Japanese and American personal and official materials.

Asymmetric Conflicts-T. V. Paul 1994-03-10

The key argument of deterrence theory is that the military superiority of a relatively strong power, coupled with a credible retaliatory threat, will prevent attack. This text's challenge of the assumption has wide implications for the study of war, deterrence, diplomacy and strategy.

The Origins of the Russo-Japanese War-Ian Nish 2014-09-25

The Russo-Japanese war of 1904-5 has been seen as the turning point of the development of the modern world. Written by a specialist in Japanese diplomacy, this book has been described by the Times Higher Education Supplement as 'dramatic history at its very best'.

The Russo-Japanese War in Global Perspective-David Wolff 2006-12-28

Like Volume one, Volume two of The Russo-Japanese War in Global Perspective examines the Russo-Japanese War in its military, diplomatic, social, political, and cultural context. In this volume East Asian contributors focus on the Russo-Japanese War to the overthrow of the Qing Dynasty. The work is based on a wide range of multinational scholarly sources and in order to develop the context in which Morrison carried out his personal
diplomacy and to delineate the many-sided story into which Morrison has to be placed, Woodhouse has in addition to mining the very rich Morrison collection, drawn upon British, Japanese and American personal and official materials.

Recentring Asia-Jacob Edmond 2011-07-27

Recentring Asia forces the reader to rethink the centre not as a single site towards which all is oriented, but as a zone of encounter, exchange and contestation.

First Strike-Matthew J. Flynn 2008-07-09

Preemptive warfare is the practice of attempting to avoid an enemy’s seemingly imminent attack by taking military action against them first. It is undertaken in self-defense. Preemptive war is often confused with preventive war, which is an attack launched to defeat a potential opponent and is an act of aggression. Preemptive war is thought to be justified and honorable, while preventive war violates international law. In the real world, the distinction between the two is highly contested. In First Strike, Matthew J. Flynn examines case studies of preemptive war throughout history, from Napoleonic

France to the American Civil War, and from Hitler’s Germany to the recent U.S. invasion of Iraq. Flynn takes an analytical look at the international use of military and political preemption throughout the last two hundred years of western history, to show how George W. Bush’s recent use of this dubious “honorable” way of making war is really just the latest of a long line of previously failed attempts. Balanced and historically

grounded, First Strike provides a comprehensive history of one of the most controversial military strategies in the history of international foreign policy.

The Russian Baltic Fleet in the Time of War and Revolution, 1914-1918-Stephen C Ellis 2020-04-30

The translation of these memoirs brings an important and authoritative historical source to those interested in Russian or naval history who are unable to access them in the original Russian. Their author, Rear Admiral S N Timirov, was well placed to make observations on the character of many of the significant commanding officers and also many of the developments of the Baltic Fleet from the beginning of the war in 1914 up to exit from it in 1918. He trained with many of the key figures and shared battle experience with them in the Russo-Japanese

War of 1904-05 and the siege of Port Arthur; and he spent a year in Japan as a prisoner of war with a number of them. In his subsequent career in the Navy he had roles which brought him into contact with new recruits as well as with many serving officers, and as the Executive Officer on the imperial yacht Shandart for some years, he came into contact with senior members of the navy establishment and of the government, including the imperial household. His memoirs also exhibit an unusual degree of self-awareness. Written in Shanghai in 1922, these memoirs remained unknown to scholars for several decades. Since their publication in New

York in 1961, in the absence of access to authoritative archives, many historians in the West used them as a source for the study of the role of the Navy in the Russian revolution, particularly as it unfolded in the north.

They have also been used as a source in numerous studies of the naval war in the Baltic, and following the fall of the Soviet Union they were re-published in Russia and are regarded there as an authoritative source on the history both of the revolution and of the Russian Navy in the First World War. This First English Language edition, complemented by extensive notes and commentary on issues which may not be familiar to many, will fascinate scholars and naval officers alike.

The Japanese Empire-S. M. Paine 2017-03-06

An accessible, analytical survey of the rise and fall of Imperial Japan in the context of its grand strategy to transform itself into a great power.

Russia and Eastern Europe, 1789-1895-Raymond Pearson 1989
Great Britain, Canada, and the United States * Maps of China and Asia, depicting provinces and major cities, major battles and campaigns, and disputed borders * Photographs of military leaders, soldiers, weapon systems, and battle grounds * Selected multicultural bibliography of research materials from the field of military history, both in English and in Chinese * A helpful appendix of Chinese dynasties
