Practical Applications of Time-lapse Seismic Data-David H. Johnston 2013 Time-lapse (4D) seismic technology is a key enabler for improved hydrocarbon recovery and more cost-effective field operations. Practical Applications of Time-lapse Seismic Data (SEG Distinguished Instructor Series No. 16) shows how 4D seismic data are used for reservoir surveillance, how they provide valuable insight on dynamic reservoir properties such as fluid saturation, pressure, and temperature, and how they add value to reservoir management. The material, based on the 2013 SEG Distinguished Instructor Short Course, includes discussions of reservoir-engineering concepts and rock physics critical to the understanding of 4D data, along with topics in 4D seismic acquisition and processing. A primary focus of the book is interpretation and data integration. Case studies are used to demonstrate key concepts and are drawn on to demonstrate the range of interpretation methods currently employed by industry and the diversity of geologic settings and production scenarios in which 4D is making a difference. Time-lapse seismic interpretation is inherently integrative, drawing on geophysical, geologic, and reservoir-engineering data and concepts. As a result, this book should be of interest to individuals from all subsurface disciplines.

EBOOK: The Coach's Survival Guide-Kim Morgan 2019-07-15 Written by award-winning coach Kim Morgan, this book is aimed at new coaches working in a freelance or self-employed role. It is also a valuable resource for anyone involved in coaching, including trainers of coaches. The Coach's Survival Guide is an easy to use, accessible book, grounded in practice and experience and including case studies drawn from real-life practice. It is rooted in the real world, normalizing the insecurities felt by many coaches and acknowledging the realities of building a coaching business, while addressing the everyday issues that can hinder a coach's performance or confidence. Kim covers issues such as: • Dealing with Impostor Syndrome • Establishing credibility • Contracting and boundaries • Coaching dilemmas • Building your coaching business • Self-care for coaches This new book is intended to be a survival guide so that new coaches can access instant support for dilemmas that occur in their coaching practice. "Reading this book was like spending time with a close friend; a source of knowledge, expertise and, perhaps most importantly, comfort for all the challenges that new coaches face." Tom Preston, C.E.O. The Preston Associates "At last, here is a book that really addresses the very real challenges involved in building a coaching business - and provides a blueprint for success!" John Perry, Coach and Principal Teaching Fellow - the University of Southampton, UK "This is a hugely practical and accessible support guide to help you address the challenges you will face in developing your coaching practice, from setting up your practice, generating clients and managing yourself in the coaching relationship."
