Ramasamy 2006 Experiments in Plant Hybridisation—Gregor Mendel 2008-11-01 Experiments which in previous years were made with ornamental plants have already afforded evidence that the hybrids, as a rule, are not exactly intermediate between the parental species. With some of the more striking characters, those, for instance, which relate to the form and size of the leaves, the pubescence of the several parts, etc., the intermediate, indeed, is nearly
always to be seen; in other cases, however, one of the two parental characters is so preponderant that it is difficult, or quite impossible, to detect the other in the hybrid. from 4. The Forms of the Hybrid One of the most influential and important scientific works ever written, the 1865 paper Experiments in Plant Hybridisation was all but ignored in its day, and its author, Austrian priest and scientist GREGOR JOHANN MENDEL (1822-1884), died before seeing the dramatic long-term impact of his work, which was rediscovered at the turn of the 20th century and is now considered foundational to modern genetics. A simple, eloquent description of his 1856-1863 study of the inheritance of traits in pea plantsMendel analyzed 29,000 of themthis is essential reading for biology students and readers of science history. Cosimo presents this compact edition from the 1909 translation by British geneticist WILLIAM BATESON (1861-1926).

Irradiation for Food Safety and Quality-Paisan Loaharanu 2020-08-26 Food irradiation is increasingly used worldwide as a proven and effective method of food preservation, as well as for improvement of food safety and quality. The International Conference on Ensuring the Safety and Quality of Food through Radiation Processing convened for the presentation of new irradiation technology, and to assess the role of irradiation in ensuring the safety and nutritional adequacy of food of plant and animal origin. This new book presents the complete texts of all twenty reports from the conference. Examined are applications of the technology in produce, animal products, and prepared foods, the economics of various irradiation technologies, international regulations, the marketing of irradiated products to consumers and retail outlets, and irradiation's implications for the global trade in food and agricultural commodities. Also included is new information on the scientific, regulatory, and consumer acceptance status of food irradiation and the role this technology will play in the 21st century. The new information in this book will be useful to all those involved in the processing, preservation, and distribution of food, as well as food industry managers and regulatory personnel. To receive your copy promptly, please order now. Information on ordering follows the complete table of contents. Conference Sponsors and Speakers This conference was sponsored by three U.N. Agencies: IAEA (International Atomic Energy Agency), FAO (Food and Agriculture Organization), and the WHO (World Health Organization). All authors are leading experts in aspects of food irradiation. From the Editor's Foreword "Significant developments on the acceptance and application of food irradiation as a method to ensure food safety and quality and to facilitate food trade have occurred in recent years. Regulations on food irradiation in many countries either have been or are being harmonized based on the Codex General Standard for Irradiated Foods and relevant recommendations of the International Consultative Group on Food Irradiation (ICGFI). The number of irradiation facilities for treating food is increasing and many more are under construction or being planned. The consumers are getting accurate information and are beginning to appreciate the benefit of irradiated foods.... The potential of irradiation as a method to ensure the hygienic quality of food, especially those of animal origin, as a quarantine treatment of fresh horticultural commodities, and as a substitute for fumigants, is being realized... The Conference reaffirmed the view that the safety and nutritional adequacy of irradiated food produced under conditions of Good Manufacturing
Practice is no longer in question, regardless of the absorbed dose."

India's Struggle for Independence-Bipin Chandra 2016-08-09 India’s struggle for Independence by Bipin Chandra is your go to book for an in-depth and detailed overview on Indian independence movement. Indian freedom struggle is one of the most important parts of its history. A lot has been written and said about it, but there still remains a gap. Rarely do we get to hear accounts of the independence from the entire country and not just one region at one place. This book fits in perfectly in this gap and also provides a narration on the impact this movement had on the people. Bipin Chandra’s book is a well-documented history of India's freedom struggle against the British rule. It is one of the most accurate books which have been painstakingly written after thorough research based on legal and valid verbal and written sources. It maps the first war of independence that started with Mangal Pandey’s mutiny and witnessed the gallant effort of Sri Rani Laxmi Bai. Many of the pages of this book are dedicated to Mahatma Gandhi’s non-cooperation and the civil disobedience movements. It contains detailed description of Subhash Chandra Bose’s weapon heavy tactics and his charisma. This book includes all the independence movements and fights, irrespective of their size and impact, covering India in its entirety. Although these movements varied in means and ideas, but they shared a common goal of independence. This book contains oral and written narratives from different parts of the country, making this book historically rich and diverse. The book captures the evolution of Indian independence struggle in full detail and leaves no chapter of this story untouched. This book is a good read for the students of Indian modern history and especially for students who are preparing for UPSC examination and have taken History as their subject.

Kari the Elephant-Dhan Gopal Mukerji 2021-06-29 Kari the Elephant (1922) is a children’s book by Dhan Gopal Mukerji. Published the year Mukerji moved from San Francisco to New York City, Kari the Elephant is the debut children’s book from the first Indian writer to gain a popular audience in the United States. Although less popular than his novel Gay Neck: The Story of a Pigeon (1927), which won the 1928 Newbery Medal, Kari the Elephant is a beautiful tale of kinship between the human and animal worlds set in the lush forests of the author’s native India. “Kari, the elephant, was five months old when he was given to me to take care of. I was nine years old and I could reach his back if I stood on tiptoe. He seemed to remain that high for nearly two years. Perhaps we grew together; that is probably why I never found out just how tall he was.” Raised side by side, Kari and his handler grow inseparable through their travels in the Indian countryside. As their adventures bring them to cities, jungles, and distant lands, boy and elephant overcome danger and learn the true meaning of friendship. Although he never returned to his native country, Mukerji left an inspiring legacy through his literary achievement and unwavering commitment to Indian independence. With a beautifully designed cover and professionally typeset manuscript, this edition of Dhan Gopal Mukerji's Kari the Elephant is a classic of Indian American literature reimagined for modern readers.

The Model Millionaire-Oscar Wilde 2021-02-26 "Romance is the privilege of the rich, not the profession of the unemployed." Hughie, a charming young man with no money, wants to marry a girl named Laura. But Laura's father is concerned with Hughie's lack of wealth and tells him he can only have his daughter if he comes up with 10,000 pounds. Defeated, Hughie visits his artist friend, who in painting a portrait of a beggar. Meeting the beggar outside, Hughie gives him some money. What he doesn’t know is that the man isn’t a beggar at all but a wealthy baron, and Hughie’s generosity might just be the thing to change his life. The Model Millionaire is a charming and funny little story, similar in setting to The Picture of Dorian Gray, but far more optimistic. A delightful read. Oscar Wilde (1854-1900) was an Irish playwright, novelist, essayist, and poet, famous for 'The Picture of Dorian Gray' and 'The Importance of Being Earnest' to name a couple. He was believed to be a homosexual and met a lot of resistance in his life on that account. He died in Paris at the age of 46.
