Tomb Raider-Saturnx12 2021-05-14 Welcome to the unofficial guide to "Tomb Raider: Legend". This guide consists of a detailed walkthrough of the singleplayer campaign of the game. You should know that "Tomb Raider: Legend" isn't a long game, although the levels are quite challenging and will take even up to an hour to finish. There are seven main missions. An eighth level is a rather simple boss fight, so I've decided to not add it up to the rest. Those of you who have been playing previous "Tomb Raider" games should be familiar with some of the features of the new game. The controls are very similar, although there are some cool new moves. All of these actions have been explained in the walkthrough section of this guide. You should also take notice at the helpful hints. They will appear on your screen from time to time.
