Tomorrow's God - Neale Donald Walsch 2011-08-04 The way the human race acts now will shape - or break - all our futures. Neale Donald Walsch's dialogue with God continues, with a look forward to the New Spirituality that we all need to embrace right now - and how exactly we can apply this new way of thought to our lives. Humankind persists in believing that we are simply immune to self-destruction. In fact our behaviour threatens the whole of life as we know it. This challenging new book asks us to change the way we think about our faith and question our very beliefs, and shows us how we can do this within the framework of our everyday lives. This new spirituality will have an impact on the way we think about areas from TV and other mass media, to fashion, health and diet, and parenting and social mores. This book addresses age-old taboos, the mysteries of life, and ingrained ways of behaving, and provides us with the tools we need to redirect ourselves into a new and infinitely better path. Powerful, inspiring and sometimes controversial, this book will help us to think again about all that we believe in, and to change our world for the better through changing our beliefs.

A Higher Purpose - Jim Reger 2012-01 This is a book of thoughts. I've always been intrigued by thoughts. And now, in my mid-sixties, after a few successful careers, watching my kids grow into adults and having celebrated my 40th wedding anniversary, it has become clear to me that my life is definitely a direct reflection of the thoughts that I have held over all those years. I have read about this notion; and while intuitively it made sense to me then, the more I think about it, the more my life is living proof that the emotional intensity and amount of time that I applied to a thought had a direct relationship to what results showed up in my life. My life has been a search for meaning and significance. The thoughts and quotes in this book have provided me with the greatest inspiration for reflection. I hope you take this book home - pick it up, put it down, reflect - and pick it up again and again.

Tomorrow's God - Guidebook - Christina N. Semple 2008-10-01 Neale Donald Walsch, NY Times Best Selling Author, founded a nonprofit education company that publishes workbooks for each of his eleven major books in the Conversations with God series. These are "Applications for Life" new spirituality guidebooks, that are infused with myriad Master teachers' quotes, as well as Mr. Walsch's writings. The end result is an 11-book series that brings universal truths, universal spirituality into every day life. TOMORROW'S GOD - A Guidebook, by Christina Semple, is the fourth in the SNS Press series for adult in-depth study and for leaders and youth ready to experience, share and teach new spirituality principles as offered in Mr. Walsch's books - principles also found in dozens of Masters' works from our past and present philosophies. TOMORROW'S GOD - A Guidebook encompasses Neale Donald Walsch's explanation of many universal laws that answer the question: What if God is more, or other than, how we have been taught? This workbook assists learners to create a life of your dreams from the rich garden of another way of seeing the Divine. It is an illuminating celebration of LIFE, written in hopes of releasing its readers' guilt and fear-and replacing them with hope, love and a thirst for every experience under the sun, physical and spiritual. Multi-sensory discovery exercises guide readers through challenging your beliefs to embracing a deeply personal, yet all-embracing view of God. Tomorrow's God - A Guidebook embraces all religions and cultures to form a new common ground, one on which we challenge our most sacred beliefs and come together for the good -- the Highest Good -- of ALL. "The time to challenge your most sacred beliefs is at hand. If you don't challenge your beliefs soon, your beliefs are going to challenge you." N.D.Walsch, in the text TOMORROW'S GOD. Guidebook is colour-printed for easy use as a teaching tool. Conversations with God for Teens - Neale Donald Walsch 2012-10-01 Suppose you could ask God any question and get an answer. What would it be? Young people all over the world have been asking those questions. So Neale Donald Walsch, author of the internationally best-selling Conversations with God series had another conversation. Conversations with God for Teens is a simple, clear, straight-to-the-point dialogue that answers teens questions about God, money, sex, love, and more. Conversations with God for Teens reads like a real conversation between a church youth group, where teenagers discuss everything they ever wanted to know about life but were too afraid to ask God. Walsch acts as the verbal conduit, showing teenagers how easy it is to converse with the divine. When Claudia, age 16, from Perth, Australia, asks, "Why can't I just have sex with everybody?" What's the big deal?", the answer God offers her is: 'Nothing you do will ever be okay with everybody. 'Everybody' is a large word. The real question is can you have sex and have it be okay with you?' There's no doubt that the casual question-and-answer format will help make God feel welcoming and accessible to teens. Conversations with God for Teens is the perfect gift purchase for parents, grandparents, and anyone else who wants to provide accessible spiritual content for the teen(s) in their lives.

Bringers of the Light - Neale Donald Walsch 1995 From the author of Conversations with God, comes a book of wonderful insight on how to achieve the goal of every human being: a meaningful life. The New Revelations - Neale Donald Walsch 2010-09-06 Neale Donald Walsch's profound conversation with God continues with a "New Revelation" - brought to us at a time when we need it most. This life-changing book offers some possible, penetrating answers to the questions of our day, providing the tools to pull ourselves out of despair and towards a new world vision. Addressing the zeitgeist following the tide of events of September 11th, we are shown that the violence, loss, sorrow and terror of our world cannot be eliminated through political or economic action, but only by changing our beliefs. Five fallacies about life, combined with the five fallacies about God, continue to feed a deadly misconception that leads to devastating world events governed by violence and crisis. Through challenging the fallacies of our beliefs we can move forward, building at last a new world of peace and harmony based on our new, true beliefs about God and life.

Home with God - Neale Donald Walsch 2010-10-10 Nothing has frightened or fascinated us more than the experience that we call 'death'. Now, in what very well could be the most profound of all his CONVERSATIONS WITH GOD books, bestselling Mohibius author Neale Donald Walsch asks the questions that we have all wanted to ask, and receives answers we have all been waiting for, in this deeply moving and highly personal dialogue with Deity. HOME WITH GOD is the definitive spiritual work on death and dying, offering new insights, deep wisdom and peace of mind, for the terminally ill, family members of the dying, hospital and medical professionals, members of the clergy, and everyone encountering death. HOME WITH GOD logically completes Neale Donald Walsch dialogue with God, exploring the process by which we end our lives here on earth and begin our so-called Afterlife experience. A book of comfort, hope and surprising revelation, HOME WITH GOD is an astonishing, deeply healing, and reassuring spiritual classic.

How Big Is Your God? - Paul Coutinho 2011-09-29 Do you have a real relationship with God, or do you just have a religion? Do you know God, or do you just know about God? In How Big Is Your God? Paul Coutinho, SJ, challenges us to grow stronger and deeper in our faith and in our relationship with God—a God whose love knows no bounds. To help us on our way, Coutinho introduces us to people in various world religions—from Hindu friends to Buddhist teachers to St. Ignatius of Loyola—who have shared his spiritual life and made possible his deep, personal relationship with God. The Power of Now - Eckhart Tolle 2010-10-06 To make the journey into the Now we will need to leave our analytical mind and its false created self, the ego, behind. From the very first page of Eckhart Tolle's extraordinary book, we move rapidly into a significantly higher altitude where we breathe a lighter air. We become connected to the indestructible essence of our Being, "The eternal, ever present One Life beyond the myriad forms of life that ego, behind. all types of heinous activities including looting and killing people, all the while preaching that this is the part of Puja. Transcending all the set-backs and assaults, Mind ultimately reaches the Celestial City and achieves liberation. Abiding in pure consciousness, he returns to his home town and begins benevolent work for the people.

The Little Soul and the Sun-Neale Donald Walsch 1998-03-01 The Little Soul and the Sun is a simple and powerful story that brings children a very profound truth: there is not absolute good or bad—that underneath all that happens in the world, all that we call "good" and all that we call "bad," is love. Your child will discover a God that she or he can love, because God is love, as are all the Little Souls who are a part of God. And perhaps parents, too, will rediscover who they really are.

Happier than Neale Donald Walsch 2011-04-01 A Master's Manual for Spiritual Awakening You are a spiritual master, and you may not know it. This is your manual. It was created for you, by you. This, too, you may not know right now, but soon you will... Neale Donald Walsch not only tells us how we can make it through the week in these tough times, he shows us how we can face each day overflowing with joy and optimism. The good news, he tells us, is that each of us was meant to be happy - happier than god! Walsch's warm and soothing words encourage the reader to look for the hidden resources that are deep inside each of us. He shows how each of us have the power within us to manifest everything we need and want. This is not a book of spiritual theory. It provides a plan that can change lives. Included here is a programme that Walsch calls '17 Steps to being Happier Than God', a plan that combines the best of the conceptual truths of his 10-book Conversations with God series with the clearest description yet of how to turn those concepts into practical tools for altering life for the better - forever. The plan provides the tools we need to rethink and recommit as a people to our common humanity to agree on the most important topic in human history. We could produce spectacular results if we did so, changing life on Earth for the better - forever. And this is not out of our reach. We could bring an end to anger, violence, disagreements between people and nations, financial hardships, poverty, starvation, and the suffering of millions. We could bring peace, prosperity, security, opportunity, and joy to people around the world. In short, all that humanity has ever hoped for or dreamt of and what we were truly meant to experience could be ours. This could happen virtually overnight. And it could be done with the embracing of a single idea. On Union With God-Albertus Magnus 2000-01-09 Albert the Great was born in Swabia, the son of a military nobleman. He was a Dominican priest who taught theology in Cologne and Paris. His most distinguished student was Saint Thomas Aquinas. Albert was called "Doctor universalis" because his breadth of knowledge spanned not only philosophy and theology but all the natural sciences. He was a dedicated student of nature, and although he argued that the physical world can only be known reliably through observation and comparison, Albert distinguished between thurths, which are naturally knowable, and mysteries, which cannot be known without revelation. People can only reach God through Himself - that is, by leaving behind the wanton elements of earthly things and contemplating Him exclusively. The image and reality of God's incarnation in Jesus gives human beings the opportunity to attain a more perfect knowledge God through contemplation. Albert refers to the teaching of St. Peter, "Cast all your anxiety on him, because he cares for you."

Communion with God-Neale Donald Walsch 2002-10-01 Neale Donald Walsch has changed the way the world thinks about God. His books have been translated into twenty-five languages, and his Conversations With God series, book1, book 2, and book 3, have all been New York Times bestsellers-book 1 for over two years. In the Conversations books, Walsch shared with his readers the beginning of a sacred relationship, as he began an exchange with God on everything from love and faith, to life and death, and good and evil. And then, as Walsch recounted in Friendship with God, something else extraordinary began to happen. His relationship with God began to strengthen and deepen, just as our own relationships do, into a friendship. Now in Communion with God, his most richly intimate book yet, Walsch discovers how to elevate that friendship to a state of communion. In this blueprint for seekers, he reveals The Ten Illusions of Man-the misconceptions we hold about ourselves and our world and our God. He describes with striking clarity how we might heal the great divide that has arisen from these illusions. And as he explores the true meaning of bringing God into our everyday lives, of having the courage of our convictions, Walsch shows us that we can only break free from our illusions when we act always from a place of deep fellowship with all that is holy—a place of communion with God.

What God Said-Neale Donald Walsch 2013-10-10 Inspired by his nine-book Conversations with God series, many people have asked Neale Donald Walsch to find a way to deliver the most essential pieces of God’s message in a more succinct way. The result is a concise text detailing and expanding just what we need to know about life and how to live it. Bringing his many conversations over the years into sharper focus than ever before, Walsch encourages readers to cast aside religious and cultural trappings, and to build on, broaden, and enrich our Ancient Story. But to move forward on this ever-expanding and encompassing spiritual voyage means not only understanding what Walsch considers the most important insights of his Conversations with God, but also applying them in the most practical of ways. And so Walsch has included solid suggestions on how to apply each of the 25 Core Messages in daily life. Should humanity begin carrying these messages forward, starting today, we can change the world.

The Varieties of Religious Experience-William James 1982-12-16 Selected by the Modern Library as one of the 100 best nonfiction books of all time "The Varieties of Religious Experience is certainly the most notable of all books in the field of the psychology of religion and probably destined to be the most influential [one] written on religion in the twentieth century," said Walter Houston Clark in Psychology Today. The book was an immediate bestseller upon its publication in June 1902. Reflecting the pluralistic views of psychologist-turned-philosopher William James, it posits that individual religious experiences, rather than the tenets of organized religions, form the backbone of religious life. James's discussion of conversion, repentance, mysticism, and hope of reward and fears of punishment in the hereafter—as well as his observations on the religious experiences of such diverse thinkers as Voltaire, Whitman, Emerson, Luther, Tolstoy, and others—all support his thesis. "James's characteristic humor, his ability to put down the pretentious and to be unpretentious, and his willingness to take some risks in his choices of anecdotal data or provocative theories are all apparent in the book," noted Professor Martin E. Marty. "A reader will come away with more reasons to raise new questions than to feel that old ones have been resolved."

The Storm Before the Calm Donald Walsch 2020-05-06 Something happened in early 2011 that hasn't happened in decades, perhaps-centuries-and we didn't even notice it. That is, we didn't see it for what it was. Massive unrest from Tunisia to Egypt to Libya rocked the Arab world and threw the globe into political crisis. Within days, an earthquake-tsunami-nuclear calamity of terrifying proportions shocked Japan and sent the world reeling once again, even as the globe's financial markets shuddered to sustain themselves while states and nations tottered on the brink of bankruptcy-where bringing God into our everyday lives, of having the courage of our convictions, Walsch shows us that we can only break free from our illusions when we act always from a place of deep fellowship with all that is holy—a place of communion with God.

Surrender to Love—David G. Benner 2015-10-24 In this expanded edition of a spiritual formation classic, David G. Benner explores the twin themes of love and surrender as the heart of Christian spirituality. God doesn't want his people to respond to him out of fear or obligation, but invites us to enter into an authentic relationship of intimacy and devotion—by surrendering to love.

The Ambassador of God-Olumide Sanya MR 2014-02-01 The Ambassador of God provides exhaustive and in-depth answers to very difficult questions about our cosmic origin and the planet earth. Almost everything to do with the Sun, Moon, Stars, Water, Mars, Jupiter, Aliens... and most importantly - God About the book and author

God is real. And for the first time, experimental and observable science reveals his existence. Throughout history, many have argued the existence of God, yet discussions of the Divine have been limited to the realm of philosophy and religion. But what if nature could reveal its creator? And what if science could provide compelling evidences that we have never seen before? What if the identity of the creator behind the origin of our universe can be known for certain? What if... This is what The Ambassador of God, a ground breaking look at our cosmic origin, has provided. In this probing book, difficult questions are answered. As renowned scientists and thinkers challenge the biblical narratives for our cosmic origin, The Ambassador of God uncovers the mysteries that have been hidden from human eyes. Using compelling evidences from astronomy to investigate the underpinnings of the Bible, The Ambassador of God provides a 'cosmic objective certainty' for the existence of a universal Creator. Additionally, it unveils a web of exhaustive insights that eliminates ambiguities in our understanding. How is it possible that God is one and three distinct persons, but not three gods? Why is the earth and the human body mostly water? Who created the sun, moon and stars, and what is their purpose? With this book, the times to start on your journey is NOW! How do we make peace with the grand designer behind it all? Readers seeking answers to these questions (and other similar questions) will find them here. They will not find dogma. Instead, they will embark on a journey-an experimental voyage through the lens of science that reveals the mind of God. In a “show” rather than “tell” fashion and a template that’s more coherent than any prevailing secular science view, we shall find who God is! Who is the Author? Olumide Sanya is a contemporary poet and writer. Beside poetry and writing, Lumi, as he is affectionately known, helps others to achieve their dreams as a life coach. Usually drawn to books between the ages of 4 - 9, Lumi neither enjoyed reading nor read books but spent his childhood years looking for abandoned tomes that he turned into a formidabile collection. Despite being a non-reader, he realised the dream of becoming a writer in his tender years and for more than 12 years, he abandoned this dream... Until one day, God paid him a visit. But it didn’t start there, it began with falling in love and writing poems about love and heartbreaks but that’s another story for another year. "God has a sense of humor!" And in the end, what is the story you have been, when you start studying what God has planned for your future? It is simple: in the future, what is most important to recognize is what God can do with a 'nobody' like me." The Ambassador of God, he notes, is not just about answers to large existential questions "It is also a road map that offers optimism and guidance in today's confused and increasingly complex modern world." You don't have to be a physics professor or a philosopher to understand Sanya's work. The Ambassador of God aims to open discussion and understanding at the broadest possible level. It is written for everyday people.

The Spiritual Child-Dr. Lisa Miller 2015-05-05 In The Spiritual Child, psychologist Lisa Miller presents the next big idea in psychology: the science and the power of spirituality. She explains the clear, scientific link between spirituality and health and shows that children who have a positive, active relationship to spirituality: * are 40% less likely to use and abuse substances * are 60% less likely to be depressed as teenagers * are 80% less likely to have dangerous or unprotected sex * have significantly more positive markers for thriving including an increased sense of meaning and purpose, and high levels of academic success. Combining cutting-edge research with broad anecdotal evidence from her work as a clinical psychologist to illustrate just how invaluable spirituality is to a child’s mental and physical health, Miller translates these findings into practical advice for parents, giving them concrete ways to develop and encourage their children’s—and as well as their own—well-being. In this provocative, conversation-starting book, Dr. Miller presents us with a pioneering new way to think about parenting our modern youth.

Friendship with God-Neale Donald Walsch 2010-10-17 Conversations with God took its readers on an inspirational journey, teaching them how to conduct a dialogue with God and reach a better understanding of themselves, others and the world we all inhabit. In Neale Donald Walsch’s latest book, they will travel further on this journey towards a greater relationship, and ultimately, friendship, with God.

Conversations with God for Teens-Neale Donald Walsch 2002 Examines the concerns shared by many of today’s young people while addressing conversations with God for Teens: Understanding the concerns shared by many of today’s young people while addressing their needs.

Science and Spirituality -Jesuis Laplume 2017-03-10 You have been taught, by most of society, that Science has proven that there can be no God. That is nonsense - this is just a belief, even a Dogma of Science, but it is not possible to use Science to discuss the presence of a God. That sort of thing was assumed out when Traditional Science was born almost four centuries ago, and for good reason. There was way too much to do in the study of mass and Energy - besides no one knew how to measure a thought, an emotion, a belief, etc., way back then. Although we now know how to measure brain changes when we experience such things, we still do not know how to actually measure any of these 'pure information' processes as such. If you are going to do something well, you must first establish a sound foundation. Listing all of your explicit (openly stated) assumptions and also

Although we now know how to measure brain changes when we experience such things, we still do not know how to actually measure any of these 'pure information' processes as such. If you are going to do something well, you must first establish a sound foundation. Listing all of your explicit (openly stated) assumptions and also
provides an unequal opportunity for believers and nonbelievers alike to hear a powerful, rational case for the Christian faith. This scintillating collection confirms C.S. Lewis’s reputation as one of the leading writers and thinkers of our age.

The Essential Path—Neale Donald Walsch 2019-06-11 "At a time when we so need hope, Neale shows us where to find it." Marianne Williamson This book is the ultimate spiritual guide for any spiritual seeker. Is it possible that there is something we don’t fully understand about ourselves, about life, and about God? We think we know what we are doing but do we really? Neale encourages us to challenge our assumptions, most importantly our assumptions on separation. If we believe that everything is separate from everything else then how can we move forward to a place of connection where all parts are united? We cannot continue to see the spiritual as separate from the physical, we are at a crossroads and we need to make a decision, a choice between evolution and devolution. Is our fundamental nature physical or spiritual? Are we separate entities or are we unified entities individually expressing a singular essence? Neale concludes by asserting that our true nature is a combination of the two, physical and spiritual. He explains how this shift in thinking could offer a chance for humanity as a whole to change. The book concludes by offering a list of 16 ways that we can all live by in order that we become an awakened species experiencing our true nature at its highest level.

The Spirituality of Wine—Gisela H. Kreglinger 2016 Wine serves an important role both in Scripture and in the Christian church, but its significance has received relatively little theological attention in modern times. This book fills that gap. Viewing wine as a gift of God’s created bounty and as a special symbol used pervasively throughout Scripture, Kreglinger canvases the history of wine in the church, particularly its use in the Lord’s Supper, discusses the fascinating literature of both the health benefits of wine and the dangers of alcohol abuse. Offering a vibrant perspective on this subject, the book also explores the wine itself—sensory and philosophical. This lavishly illustrated volume is the ideal text for theological and congregational study. It is an essential resource for the student of theology and Christian history.

Desiring God—John Piper 1996 Insightful and heart-warming, this classic book is written for those who seek to know God better. It unfolds life-impacting, biblical truths and it has been called a "soul-stirring celebration of the pleasures of knowing God.”

Concerning the Spiritual in Art—Wassily Kandinsky 2012-04-20 Pioneering work by the great modernist painter, considered by many to be the father of abstract art and a leader in the movement to free art from traditional bonds. 12 illustrations.

The Call—Os Guinness 2018-07-03 Why am I here? What is God’s call in my life? How do I fit God’s call with my own individuality? How should God’s calling affect my career, my plans for the future, and my concepts of success? First published in 1997 by distinguished author and speaker Os Guinness, The Call remains a treasured source of wisdom for those who ask these questions. According to Guinness, “No idea short of God’s call can ground and fulfill the true human desire for purpose and fulfillment.” In this newly updated and expanded anniversary edition, Guinness explores the truth that God has a specific calling for each one of us and guides a new generation of readers through the journey of hearing and heeding that call. A book that will change and challenge readers, The Call is a powerful, inspirational, and practical handbook to help you hear and respond to God’s call.

Paths to God—Ram Dass 2007-12-18 For centuries, readers have turned to the Bhagavad Gita for inspiration and guidance as they chart their own spiritual paths. As profound and powerful as this classic text has been for generations of seekers, integrating its lessons into the ordinary patterns of our lives can ultimately seem beyond our reach. Now, in a fascinating series of reflections, anecdotes, stories, and exercises, Ram Dass gives us a unique and accessible road map for experiencing divinity in everyday life. In the engaging, conversational style that has made his teachings so popular for decades, Ram Dass traces our journey of consciousness as it is reflected in one of Hinduism’s most sacred texts. The Gita teaches a system of yogas, or “paths for coming to union with God.” In Paths to God, Ram Dass brings the heart of that system to light for a Western audience and translates the Gita’s principles into the manual for living the yoga of contemporary life. While being a guide to the wisdom of the Bhagavad Gita, Paths to God is also a template for expanding our definition of ourselves and allowing us to appreciate a new level of meaning in our lives.

The Hiding Place—Corrie Ten Boom 2012-07-19 The #1 testimony book that every Christian needs to read. Despite the danger and threat of discovery, the ten Boom family courageously offered shelter to persecuted Jews during the Nazi occupation of Holland. Then a trap brought about the family’s arrest. Could God’s love shine through, even in Ravensbruck?

Conversations with God—Neale Donald Walsch 2010 Suppose you could ask God the most puzzling questions about existence questions about love and life, death and good and evil. Suppose God provided clear, understandable answers. It happened to Neale Donald Walsch. It can happen to you. You are about to have a conversation... Walsch was experiencing a low point in his life when he decided to write a letter to God, venting his frustrations. What he did not expect was a response. As he finished his letter, he moved to continue writing and out came these extraordinary answers to his questions. They will amaze you with complex paradoxes that make perfect sense, profound logic, and astounding truths. Here are answers that bring together as one the deeper meaning of all beliefs and traditions. Here are the answers that will change you, your life, and the way you view other beings. For those with an open mind, a limitless curiosity, and a sincere desire to seek the truth, this book is stunning.

Spiritual Intelligence—Kris Vallotton 2020-10-20 Two quotients analyze our minds and emotions: I.Q. and E.Q. But Kris Vallotton believes we are ignoring a deeper dimension—spiritual intelligence. Because believers have the mind of Christ through the Holy Spirit, we have the capacity for brilliance. God invites us to embark on a journey of discovery as he reveals mysteries and helps us bring our perspective in line with his transforming our understanding and endowing us with spiritual intelligence. In this eye-opening new release, pastor and bestselling author Kris Vallotton says that God invites us to think like him. He answers questions such as - What are the five dimensions of spiritual intelligence? - How can I build new neural pathways to supernatural thinking? - How do I recognize my sphere of influence and the borders of my divine assignment? - And much more! As you listen to the Holy Spirit and realize what it means to have the mind of Christ, you have the capacity for life-transforming spiritual intelligence unavailable in any other way.

In the Name of Jesus—Henri J. M. Nouwen 1999 Above and Beyond—Delma Pryce 2015 Aastik-Anubhav Sharma 2015-09-30 It started with the protagonist’s failure to find correct option to define himself as religious or spiritual or spiritual but not religious while making an account on a networking site. He thought he was an artist first. It took him a pilgrimage to Badrinathji where a story unfolds to relieve him of his dilemma. All the mundane things on this journey and life of strangers he meets, arouse a chain of complex thoughts which he connects to his studies of subject like science, philosophy or theology. A cluster and constellation of thoughts make him understand who he is and what he is capable of. His juvenile mind and divine destiny, spiritual gift of God, work upon him every moment on this pilgrimage to sculpt an Aastik out of him and then a momentous encounter of Aastik with a young Maths teacher leaves him introduced to her God, whom he takes back to his home. So it’s a story of Aastik, someone who is not a deist or an atheist but one who makes this life a pilgrimage where his God lives with him, besides him, crowned as the first member of his family.

The Gift of Being Yourself—David G. Benner 2015-10-24 Much is said in Christian circles about knowing God. But there cannot be deep knowledge of God without deep knowledge of one’s self. This profound exploration of Christian identity, psychologist and spiritual director David G. Benner illuminates the spirituality of self-discovery. He exposes the false selves that we hide behind and calls us to discover the true self that emerges from our uniqueness in Christ. Genuine self-understanding revitalizes our spiritual life and leads to the fulfillment of our God-given destiny and vocation. - from back of the book.

Religion, Religious Ethics and Nursing—Marsha D. Fowler, PhD, MDiv, MS, 2011-11-14 "This is a book that challenges you to step back and broaden your thinking about religion in general and nursing in particular. Nurses at all levels will appreciate the applications to nursing practice, theory, and research. The book offers a landmark book that will change and enlighten the discourse on religion and spirituality in nursing. The authors address the awkward silence on religion in nursing theory and education and with insightful scholarship move beyond the current level of knowledge and limited discourse on religion in nursing theory, education and practice. This book is path-breaking in that it gives many new ways to think about the relationships between ethics, health, caregiving, moral imagination, religion, spirituality and practice." From the Foreword by Patricia Benner, PhD, RN, FAAN Professor Emerita of Nursing Department of Social and Behavioral Sciences and Nursing University of California, San Francisco The past 25 years have witnessed an escalating discussion on the role of
spirituality within health care. This scholarly volume is rooted in the belief that not only is religion integral to nursing care, but the religious beliefs of both nurse and patient can significantly influence care and its outcome. It offers an in-depth analysis of the ways in which religion influences the discipline of nursing, its practitioners, and treatment outcomes. Through the contributions of an international cadre of nurse scholars representing the world's major religious traditions, the book explores how theories, history and theologies shape the discipline, bioethical decision making, and the perspective of the nurse or patient who embraces a particular religion. It examines the commonalities between the values and thinking of nursing and religion and identifies basic domains in which additional research is necessary. The authors believe that ultimately, scholarly dialogue on the relationship between religion and nursing will foster and enhance nursing practice that is ethical and respectful of personal values. Key Features: Offers in-depth analysis of how religion influences the discipline of nursing, its practitioners, and treatment outcomes Uses critical theories to explore the intersections of religion, ethics, culture, health, gender, power, and health policy Includes an overview of all major world religions Focuses on the implications of religion for nursing practice rather than nursing interventions Designed for graduate and upper-level undergraduate students, nurse academicians and clinicians
